1. A power of appointment, exercisable by the settlor by will or other written instrument effective only upon the settlor's death, other than a power to appoint to the settlor's estate or the creditors of the settlor's estate;

2. The settlor's qualified interest in the trust;

3. The settlor's right to receive income or principal pursuant to an ascertainable standard;

E. A beneficiary who has the right to withdraw his entire beneficial interest in a trust shall be treated as its settlor to the extent of such withdrawal right, when such right to withdraw has lapsed, been released, or otherwise expired, without regard to the limitations otherwise imposed by subsection B of § 64.2-747.

B. When, in the absence of any such evidence, (a) the death of the reported owner occurred at least one year prior to filing the claim and (b) the amount claimed is $25,000 or less, exclusive of any interest owed pursuant to subsection C of § 55.1-2533, the administrator may allow the claimant to submit an affidavit stating the claimant's entitlement to payment in the absence of sufficient documentation, and the administrator may approve the claim in his discretion, returning or paying all or the appropriate share of the deceased owner's property to the claimant. The administrator may pay or deliver all of the deceased owner's property to a claimant who submits the prescribed affidavit evidencing his agreement to receive and distribute the property to the other rightful heirs or beneficiaries and acknowledging his assumption of liability to those beneficiaries or heirs for failure to do so.

C. The administrator shall deny any subsequent claim to the same property. Any person subsequently claiming an equal or superior right to the deceased owner's property whose claim is denied by the administrator for this reason may seek redress from the claimant to whom payment was made.

The administrator shall also post such document on the Department of the Treasury's website.

Approved March 18, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-325 and 38.2-4319 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 38.2-3418.22 as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of

Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. PANS does not require a known trigger, although it is believed to be triggered by one or more pathogens.

"Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections" or "PANDAS" means a subset of PANS that has five distinct criteria for diagnosis, including (i) abrupt "overnight" OCD or dramatic, disabling tics; (ii) a relapsing-remitting, episodic symptom course; (iii) young age at onset; (iv) presence of neurologic abnormalities; and (v) temporal association between symptom onset and Group A streptococcal infection. The five criteria of PANDAS are usually accompanied by similar comorbid symptoms as found in PANS.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the

Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

§ 38.2-3418.22. Coverage for pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset neuropsychiatric syndrome.

A. As used in this section:

"Pediatric acute-onset neuropsychiatric syndrome" or "PANS" means a clinically defined disorder characterized by the sudden onset of obsessive-compulsive symptoms (OCD) or eating restrictions, concomitant with acute behavioral deterioration in at least two designated domains. Comorbid PANS symptoms may include anxiety, sensory amplification or motor abnormalities, behavioral regression, deterioration in school performance, mood disorder, urinary symptoms, or sleep disturbances. PANS does not require a known trigger, although it is believed to be triggered by one or more pathogens.

"Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections" or "PANDAS" means a subset of PANS that has five distinct criteria for diagnosis, including (i) abrupt "overnight" OCD or dramatic, disabling tics; (ii) a relapsing-remitting, episodic symptom course; (iii) young age at onset; (iv) presence of neurologic abnormalities; and (v) temporal association between symptom onset and Group A streptococcal infection. The five criteria of PANDAS are usually accompanied by similar comorbid symptoms as found in PANS.

B. Notwithstanding the provisions of § 38.2-3419 or subdivision A 1 of § 38.2-6506, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide

coverage for the prophylaxis, diagnosis, and treatment of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset neuropsychiatric syndrome. Such coverage shall include coverage for treatment using antimicrobials, medication, and behavioral therapies to manage neuropsychiatric symptoms, immunomodulating medicines, plasma exchange, and intravenous immunoglobulin therapy.

C. No insurer, corporation, or organization providing coverage pursuant to this section shall (i) deny or delay the coverage required by this section because the enrollee previously received treatment, including the same or similar treatment, for these conditions or because the enrollee was diagnosed with or received treatment for his condition under a different diagnostic name, including autoimmune encephalopathy; (ii) limit coverage of immunomodulating therapies for the treatment of pediatric acute-onset neuropsychiatric syndrome and pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections in a manner that is inconsistent with the treatment guidelines developed by a consortium convened for the purposes of researching, identifying, and publishing best practice standards for diagnosis and treatment of such syndrome or disorders that are accessible for medical professionals and are based on evidence of positive patient outcomes; (iii) require a trial of therapies that treat only neuropsychiatric symptoms before authorizing coverage of immunomodulating therapies for the treatment of pediatric acute-onset neuropsychiatric syndrome and pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections; or (iv) deny coverage for out-of-state treatment if the service is not available within the Commonwealth.

D. Nothing in this section shall prevent an insurer, corporation, or organization from requesting treatment notes and the anticipated duration of treatment and outcomes.

E. Nothing shall preclude the undertaking of usual and customary procedures, including prior authorization, to determine the appropriateness of, and medical necessity for, treatment of PANDAS and PANS under this section, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan.

F. The coverage provided under this section shall not be more restrictive than or separate from coverage provided for any other illness, condition, or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

G. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2026, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

H. This section shall not apply to short-term travel, accident-only, or limited or specified disease policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under federal governmental plans.

C. The residential property disclosure statement shall be delivered in accordance with § 55.1-709.

D. The Real Estate Board shall make available on its website a flood risk information form. Such form shall be substantially as follows:

Flood Risk Information Form

The purpose of this information form is to provide property owners and potential property owners with information regarding flood risk. This information form does not determine whether a property owner will be required to purchase a flood insurance policy. That determination is made by the lender providing a loan for the property at the lender's discretion.

Mortgage lenders are mandated under the Flood Disaster Protection Act of 1973 and the National Flood Insurance Reform Act of 1994 to require the purchase of flood insurance by property owners who acquire loans from federally regulated, supervised, or insured financial institutions for the acquisition or improvement of land, facilities, or structures located within or to be located within a Special Flood Hazard Area. A Special Flood Hazard Area (SFHA) is a high-risk area defined as any land that would be inundated by a flood, also known as a base flood, having a one percent chance of occurring in a given year. The lender reviews the current National Flood Insurance Program (NFIP) maps for the community in which the property is located to determine its location relative to the published SFHA and completes the Standard Flood Hazard Determination Form (SFHDF), created by the Federal Emergency Management Agency (FEMA). If the lender determines that the structure is indeed located within a SFHA and the community is participating in the NFIP, the borrower is then notified that flood insurance will be required as a condition of receiving the loan. A similar review and notification are completed whenever a loan is sold on the secondary loan market or when the lender completes a routine review of its mortgage portfolio.

Properties that are not located in a SFHA can still flood. Flood damage is not generally covered by a standard home insurance policy. It is prudent to consider purchasing flood insurance even when flood insurance is not required by a lender. Properties not located in a SFHA may be eligible for a low-cost preferred risk flood insurance policy. Property owners and buyers are encouraged to consult with their insurance agent about flood insurance.

What is a flood? A flood is a general and temporary condition of partial or complete inundation of two or more acres of normally dry land area or of two or more properties, at least one of which is the policyholder's property, from (i) overflow of inland or tidal waters, (ii) unusual and rapid accumulation or runoff of surface waters from any source, (iii) mudflow, or (iv) collapse or subsidence of land along the shore of a lake or similar body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels that result in a flood.

FEMA is required to update Flood Maps every five years. Flood zones for this property may change due to periodic map updates. To determine what flood zone or zones a property is located in a buyer can visit the website for FEMA's National Flood Insurance Program or the Virginia Department of Conservation and Recreation's Flood Risk Information System website.

2. That the Department of Aviation (the Department) shall establish and provide to the Real Estate Board by July 31, 2025, a website address that allows purchasers to access public use airport aircraft noise zone maps that shall (i) meet Federal Aviation Administration airport noise modeling criteria, where applicable, and (ii) show day–night average sound levels. Such maps may be provided to the Department by either a public use airport operator or a locality that has adopted one or more noise overlay zones as an amendment to its zoning map pursuant to § 15.2-2295 of the Code of Virginia.

3. That the Real Estate Board shall provide on the residential property disclosure statement required by the provisions of this act the Department of Aviation's website address where any public use airport aircraft noise zone maps, if made available by localities or public use airports, shall be accessible to the public.

The administrator shall deny any subsequent claim to the same property. Any person subsequently claiming an equal or superior right to the deceased owner's property whose claim is denied by the administrator for this reason may seek redress from the claimant to whom payment was made.

C. The residential property disclosure statement shall be delivered in accordance with § 55.1-709.

D. The Real Estate Board shall make available on its website a flood risk information form. Such form shall be substantially as follows:

Flood Risk Information Form

The purpose of this information form is to provide property owners and potential property owners with information regarding flood risk. This information form does not determine whether a property owner will be required to purchase a flood insurance policy. That determination is made by the lender providing a loan for the property at the lender's discretion.

Mortgage lenders are mandated under the Flood Disaster Protection Act of 1973 and the National Flood Insurance Reform Act of 1994 to require the purchase of flood insurance by property owners who acquire loans from federally regulated, supervised, or insured financial institutions for the acquisition or improvement of land, facilities, or structures located within or to be located within a Special Flood Hazard Area. A Special Flood Hazard Area (SFHA) is a high-risk area defined as any land that would be inundated by a flood, also known as a base flood, having a one percent chance of occurring in a given year. The lender reviews the current National Flood Insurance Program (NFIP) maps for the community in which the property is located to determine its location relative to the published SFHA and completes the Standard Flood Hazard Determination Form (SFHDF), created by the Federal Emergency Management Agency (FEMA). If the lender determines that the structure is indeed located within a SFHA and the community is participating in the NFIP, the borrower is then notified that flood insurance will be required as a condition of receiving the loan. A similar review and notification are completed whenever a loan is sold on the secondary loan market or when the lender completes a routine review of its mortgage portfolio.

Properties that are not located in a SFHA can still flood. Flood damage is not generally covered by a standard home insurance policy. It is prudent to consider purchasing flood insurance even when flood insurance is not required by a lender. Properties not located in a SFHA may be eligible for a low-cost preferred risk flood insurance policy. Property owners and buyers are encouraged to consult with their insurance agent about flood insurance.

What is a flood? A flood is a general and temporary condition of partial or complete inundation of two or more acres of normally dry land area or of two or more properties, at least one of which is the policyholder's property, from (i) overflow of inland or tidal waters, (ii) unusual and rapid accumulation or runoff of surface waters from any source, (iii) mudflow, or (iv) collapse or subsidence of land along the shore of a lake or similar body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels that result in a flood.

FEMA is required to update Flood Maps every five years. Flood zones for this property may change due to periodic map updates. To determine what flood zone or zones a property is located in a buyer can visit the website for FEMA's National Flood Insurance Program or the Virginia Department of Conservation and Recreation's Flood Risk Information System website.

2. That the Department of Aviation (the Department) shall establish and provide to the Real Estate Board by July 31, 2025, a website address that allows purchasers to access public use airport aircraft noise zone maps that shall (i) meet Federal Aviation Administration airport noise modeling criteria, where applicable, and (ii) show day–night average sound levels. Such maps may be provided to the Department by either a public use airport operator or a locality that has adopted one or more noise overlay zones as an amendment to its zoning map pursuant to § 15.2-2295 of the Code of Virginia.

3. That the Real Estate Board shall provide on the residential property disclosure statement required by the provisions of this act the Department of Aviation's website address where any public use airport aircraft noise zone maps, if made available by localities or public use airports, shall be accessible to the public.

If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 16.1-253.4 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of family abuse or evidence sufficient to establish probable cause that family abuse has recently occurred shall constitute good cause. Evidence that the petitioner has been subjected to family abuse within a reasonable time and evidence of immediate and present danger of family abuse may be established by a showing that (i) the allegedly abusing person is incarcerated and is to be released from incarceration within 30 days following the petition or has been released from incarceration within 30 days prior to the petition, (ii) the crime for which the allegedly abusing person was convicted and incarcerated involved family abuse against the petitioner, and (iii) the allegedly abusing person has made threatening contact with the petitioner while he was incarcerated, exhibiting a renewed threat to the petitioner of family abuse.

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons.

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner.

8. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

9. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner.

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264 and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, or if personally served was incarcerated and not transported to the hearing, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served forthwith on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

D. In the event that the allegedly abused person is a minor and an emergency protective order was issued pursuant to § 16.1-253.4 for the protection of such minor and the respondent is a parent, guardian, or person standing in loco parentis, the attorney for the Commonwealth or a law-enforcement officer may file a petition on behalf of such minor as his next friend before such emergency protective order expires or within 24 hours of the expiration of such emergency protective order.

E. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person, including prohibiting the respondent from being in the physical presence of the allegedly abused person or family or household members of the allegedly abused person, as the judge or magistrate deems necessary to protect the safety of such persons;

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

When the judge or magistrate considers the issuance of an emergency protective order pursuant to clause (i), he shall presume that there is probable danger of further acts of family abuse against a family or household member by the respondent unless the presumption is rebutted by the allegedly abused person.

C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the juvenile and domestic relations district court is in session. When issuing an emergency protective order under this section, the judge or magistrate shall provide the protected person or the law-enforcement officer seeking the emergency protective order with the form for use in filing petitions pursuant to § 16.1-253.1 and written information regarding protective orders that shall include the telephone numbers of domestic violence agencies and legal referral sources on a form prepared by the Supreme Court. If these forms are provided to a law-enforcement officer, the officer may provide these forms to the protected person when giving the emergency protective order to the protected person. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order issued hereunder. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 16.1-253.1 or 16.1-279.1, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate on a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the allegedly abused person.

E. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court or magistrate. A copy of an emergency protective order issued pursuant to this section containing any such identifying information shall be

forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. One copy of the order shall be given to the allegedly abused person when it is issued, and one copy shall be filed with the written report required by subsection D of § 19.2-81.3. The judge or magistrate who issues an oral order pursuant to an electronic request by a law-enforcement officer shall verify the written order to determine whether the officer who reduced it to writing accurately transcribed the contents of the oral order. The original copy shall be filed with the clerk of the juvenile and domestic relations district court within five business days of the issuance of the order. Upon request, the clerk shall provide the allegedly abused person with information regarding the date and time of service.

F. The availability of an emergency protective order shall not be affected by the fact that the family or household member left the premises to avoid the danger of family abuse by the respondent.

G. The issuance of an emergency protective order shall not be considered evidence of any wrongdoing by the respondent.

H. As used in this section, "law-enforcement officer" means (i) any full-time or part-time employee of a police department or sheriff's office which is part of or administered by the Commonwealth or any political subdivision thereof and who is responsible for the prevention and detection of crime and the enforcement of the penal, traffic, or highway laws of the Commonwealth; (ii) any member of an auxiliary police force established pursuant to § 15.2-1731; and (iii) any special conservator of the peace who meets the certification requirements for a law-enforcement officer as set forth in § 15.2-1706. Part-time employees are compensated officers who are not full-time employees as defined by the employing police department or sheriff's office.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. As used in this section:

"Copy" includes a facsimile copy.

"Physical presence" includes (i) intentionally maintaining direct visual contact with the petitioner or (ii) unreasonably being within 100 feet from the petitioner's residence or place of employment.

K. No fee shall be charged for filing or serving any petition or order pursuant to this section.

L. Except as provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

M. Upon issuance of an emergency protective order, the clerk of court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner;

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate; however, no such grant of possession or use shall affect title to the vehicle;

7. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;

8. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate;

9. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500; and

10. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such temporary child support order shall terminate upon the determination of support pursuant to § 20-108.1 or upon the termination of such protective order, whichever occurs first.

B. 1. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. A written motion requesting a hearing to extend the protective order shall be served as soon as possible on the respondent.

If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

2. Upon the filing of a written motion requesting a hearing to extend the protective order, the court may issue an ex parte preliminary protective order pursuant to § 16.1-253.1 until the extension hearing. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte preliminary protective order until such new date. The extended ex parte preliminary protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte preliminary protective order shall remain in effect until the extension hearing.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the

primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorney fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

H. As used in this section:

"Copy" includes a facsimile copy.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

K. Upon issuance of a protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

L. An appeal of a final protective order issued by a circuit court pursuant to this section shall be given expedited review by the Court of Appeals.

M. The respondent shall be required to notify the court in writing within seven days of any change of residence while the protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. A violation of this subsection shall be punishable by contempt.

§ 19.2-152.8. Emergency protective orders authorized.

A. Any judge of a circuit court, general district court, juvenile and domestic relations district court or magistrate may issue a written or oral ex parte emergency protective order pursuant to this section in order to protect the health or safety of any person.

B. When a law-enforcement officer or an alleged victim asserts under oath to a judge or magistrate that such person is being or has been subjected to an act of violence, force, or threat and on that assertion or other evidence the judge or magistrate finds that (i) there is probable danger of a further such act being committed by the respondent against the alleged victim or (ii) a petition or warrant for the arrest of the respondent has been issued for any criminal offense resulting from the commission of an act of violence, force, or threat, the judge or magistrate shall issue an ex parte emergency protective order imposing one or more of the following conditions on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses resulting in injury to person or property;

2. Prohibiting such contacts by the respondent with the alleged victim or the alleged victim's family or household members, including prohibiting the respondent from being in the physical presence of the alleged victim or the alleged victim's family or household members, as the judge or magistrate deems necessary to protect the safety of such persons;

3. Such other conditions as the judge or magistrate deems necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses resulting in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the court which issued the order is in session. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 19.2-152.9 or 19.2-152.10, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate, on a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the alleged victim of such crime.

E. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court or magistrate. A copy of an emergency protective order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent. Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the Virginia Criminal Information Network and make due return to the court. One copy of the order shall be given to the alleged victim of such crime. The judge or magistrate who issues an oral order pursuant to an electronic request by a law-enforcement officer shall verify the written order to determine whether the officer who reduced it to writing accurately transcribed the contents of the oral order. The original copy shall be filed with the clerk of the appropriate district court within five business days of the issuance of the order. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court. Upon request, the clerk shall provide the alleged victim of such crime with information regarding the date and time of service.

F. The issuance of an emergency protective order shall not be considered evidence of any wrongdoing by the respondent.

G. As used in this section, a "law-enforcement officer" means any (i) person who is a full-time or part-time employee of a police department or sheriff's office which is part of or administered by the Commonwealth or any political subdivision thereof and who is responsible for the prevention and detection of crime and the enforcement of the penal, traffic or highway laws of the Commonwealth and (ii) member of an auxiliary police force established pursuant to § 15.2-1731. Part-time employees are compensated officers who are not full-time employees as defined by the employing police department or sheriff's office.

H. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

L. Upon issuance of an emergency protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

§ 19.2-152.9. Preliminary protective orders.

A. Upon the filing of a petition alleging that (i) the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat, or (ii) a petition or warrant has been issued for the arrest of the alleged perpetrator for any criminal offense resulting from the commission of an act of violence, force, or threat, or the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10 without alleging that the petitioner is or has been, within a reasonable period of time, subject to an act of violence, force, or threat, or that a petition or warrant has been issued for the arrest of the alleged perpetrator for any criminal offense resulting from the commission of an act of violence, force, or threat, the court may issue a preliminary protective order against the alleged perpetrator in order to protect the health and safety of the petitioner or any family or household member of the petitioner. The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer or upon the filing of a written motion requesting a hearing to extend a protective order pursuant to § 19.2-152.10. If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 19.2-152.8 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;

2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons;

3. Such other conditions as the court deems necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and

4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal

Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the hearing has been continued pursuant to this subsection or the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, where the respondent shows good cause, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

G. As used in this section, "copy" includes a facsimile copy.

H. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

I. The respondent may be required to notify the court in writing within seven days of any change of residence while the preliminary protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. Any failure of a respondent to make such required notification shall be punishable by contempt.

§ 19.2-152.10. Protective order.

A. The court may issue a protective order pursuant to this chapter to protect the health and safety of the petitioner and family or household members of a petitioner upon (i) the issuance of a petition or warrant for, or a conviction of, any criminal offense resulting from the commission of an act of violence, force, or threat or (ii) a hearing held pursuant to subsection D of § 19.2-152.9. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Any other relief necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and

4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

In addition, if the respondent is a juvenile, the court may, upon its own motion or upon the motion of the attorney or guardian ad litem representing the respondent, enter an order requiring the local board of social services to provide services to the child and family.

B. 1. Except as provided in subsection C, the protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. A written motion requesting a hearing to extend the protective order shall be served as soon as possible on the respondent.

The court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

2. Upon the filing of a written motion requesting a hearing to extend the protective order, the court may issue an ex parte protective order pursuant to § 19.2-152.9 until the extension hearing. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte protective order until such new date. The extended ex parte protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte protective order shall remain in effect until the extension hearing.

C. Upon conviction for an act of violence as defined in § 19.2-297.1 and upon the request of the victim or of the attorney for the Commonwealth on behalf of the victim, the court may issue a protective order to the victim pursuant to this chapter to protect the health and safety of the victim. The protective order may be issued for any reasonable period of time, including up to the lifetime of the defendant, that the court deems necessary to protect the health and safety of the victim. The protective order shall expire at 11:59 p.m. on the last day specified in the protective order, if any. Upon a conviction for violation of a protective order issued pursuant to this subsection, the court that issued the original protective order may extend the protective order as the court deems necessary to protect the health and safety of the victim. The extension of the protective order shall expire at 11:59 p.m. on the last day specified, if any. Nothing herein shall limit the number of extensions that may be issued.

D. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order and containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

G. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by

the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

H. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to modify or dissolve a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

A. There is hereby established in the state treasury a special permanent, nonreverting fund, to be known as the "Virginia Housing Trust Fund." The Fund shall be established on the books of the Comptroller and consist of sums appropriated to the Fund by the General Assembly, all receipts by the Fund from loans made by it to housing sponsors and persons and families of low and moderate income, all income from the investment of moneys held in the Fund, and any other sums designated for deposit to the Fund from any source, public or private. Be it enacted by the General Assembly of Virginia:

1. That § 16.1-228 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-228. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Abused or neglected child" means any child:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. No child whose parent or other person responsible for his care allows the child to engage in independent activities without adult supervision shall for that reason alone be considered to be an abused or neglected child, provided that (a) such independent activities are appropriate based on the child's age, maturity, and physical and mental abilities and (b) such lack of supervision does not constitute conduct that is so grossly negligent as to endanger the health or safety of the child. Such independent activities include traveling to or from school or nearby locations by bicycle or on foot, playing outdoors, or remaining at home for a reasonable period of time. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care, or an intimate partner of such parent or person, commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a Tier III offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the federal Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

2. Maintaining at least 340 new jobs in fiscal years 2041 through 2045, to be paid in accordance with the terms of the memorandum of understanding.

F. A qualified company applying for a grant installment under this section shall provide an annual report and evidence satisfactory to the Secretary of (i) the aggregate number of new full-time jobs created and maintained as of the last day of the fiscal year, the payroll paid by the qualified company during the fiscal year, and the average annual wage of the new full-time jobs in the fiscal year and (ii) the aggregate amount of capital investment made during the fiscal year, including the extent to which such capital investment was or was not subject to Virginia sales and use tax pursuant to Chapter 6 (§ 58.1-600 et seq.) of Title 58.1. The report and evidence shall be filed with the Secretary in person, by mail, or as otherwise agreed upon in the memorandum of understanding and by no later than October 1 each year following the end of the prior fiscal year upon which such report and such evidence are based.

G. Within 30 days of receiving the report and satisfactory evidence pursuant to subsection F, the Secretary shall certify to the Comptroller and the qualified company the amount of grants to which such qualified company is entitled for payment. Payment of such grants shall be made by check issued by the State Treasurer on warrant of the Comptroller by the end of the calendar year during which the annual report and satisfactory evidence are submitted. The Comptroller shall not draw any warrant to issue checks for grants without a specific appropriation for the same.

H. As a condition of receipt of grants under this section, a qualified company shall make available to the Secretary for inspection, upon request, all documents that are relevant or applicable to determining whether the qualified company has met the requirements for receipt of a grant pursuant to this section and subject to the memorandum of understanding. Any such documents appropriately identified by a qualified company shall be considered confidential and proprietary and shall not be subject to disclosure pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

2. That Chapter 22.13 (§ 59.1-284.32) of Title 59.1 of the Code of Virginia is repealed.

CHAPTER 35

An Act to authorize the issuance of bonds, in an amount up to $206,085,243 plus financing costs, pursuant to Article X, Section 9 (c) of the Constitution of Virginia, for paying costs of acquiring, constructing, and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth; to authorize the Treasury Board, by and with the consent of the Governor, to fix the details of such bonds, to provide for the sale of such bonds, and to issue notes to borrow money in anticipation of the issuance of the bonds; to provide for the pledge of the net revenues of such capital projects and the full faith, credit and taxing power of the Commonwealth for the payment of such bonds; to provide that the interest income on such bonds and notes shall be exempt from all taxation by the Commonwealth and any political subdivision thereof; emergency.

[H 2359]

Approved March 18, 2025

Whereas, Article X, Section 9 (c), Constitution of Virginia, provides that the General Assembly may authorize the creation of debt secured by a pledge of net revenues derived from rates, fees or other charges and the full faith and credit of the Commonwealth of Virginia, provided that such debt is created for specific revenue-producing capital projects, including their enlargement or improvement, at, among others, institutions of higher learning of the Commonwealth; and

Whereas, in accordance with Article X, Section 9 (c), Constitution of Virginia, the Governor has certified in writing, filed with the Auditor of Public Accounts, his opinion that the anticipated net revenues of each of the capital projects identified below to be pledged to the payment of the principal of and the interest on that portion of such debt issued for each such project will be sufficient to meet such payments as the same become due and to provide such reserves as may be required by law and that each of the capital projects complies with the requirements of Article X, Section 9 (c), Constitution of Virginia; now therefore,

Be it enacted by the General Assembly of Virginia:

1. *§ 1. Title. This act shall be known and may be cited as the "Commonwealth of Virginia Higher Educational Institutions Bond Act of 2025."*

§ 2. Authorization of bonds and BANs. The Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (c), Constitution of Virginia, at one time or from time to time, bonds of the Commonwealth, to be designated "Commonwealth of Virginia Higher Educational Institutions Bonds, Series ....." in an aggregate principal amount not exceeding $206,085,243, plus amounts needed to fund issuance costs, reserve funds, construction period interest, and other financing expenses. The Treasury Board is further hereby authorized, by and with the consent of the Governor, to borrow money in anticipation of the issuance of bonds by the issuance of bond

anticipation notes (BANs), including BANs issued as commercial paper. The proceeds of such bonds and BANs, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, with any other available funds, for paying all or a portion of the costs of acquiring, constructing, renovating, enlarging, improving, and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth as follows:

Institution	*Project Title*	*Project Code*	*Amount*
James Madison University	*Construct Student Housing*	*18771*	*$86,085,243*
The College of William & Mary in Virginia	*Construct West Woods Phase 2*	*18766*	*$120,000,000*
Total			*$206,085,243*

§ 3. Application of proceeds. The proceeds, including any premium, of bonds and BANs (except the proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs) shall be deposited in a special capital outlay fund in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer for paying costs of the acquisition, construction, renovation, enlargement, improvement, and equipping of the authorized capital projects, including financing costs. The proceeds of (a) bonds the issuance of which has been anticipated by BANs, (b) refunding bonds, and (c) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. Details, sale of bonds and BANs. Bonds and BANs shall be dated, and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor. Bonds and BANs shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 30 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series .....".

§ 5. Execution of bonds and BANs. Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses. All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues. Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts. A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

[H 2387]

Approved March 18, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-229 and 8.01-244 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-229. Suspension or tolling of statute of limitations; effect of disabilities; effect of death; injunction; prevention of service by defendant; dismissal, nonsuit or abatement; devise for payment of debts; new promises; debts proved in creditors' suits.

A. Disabilities which toll the statute of limitations. -- Except as otherwise specifically provided in §§ 8.01-237, 8.01-241, 8.01-242, 8.01-243, 8.01-243.1 and other provisions of this Code,

1. If a person entitled to bring any action is at the time the cause of action accrues an infant, except if such infant has been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1, or incapacitated, such person may bring it within the prescribed limitation period after such disability is removed; or

2. After a cause of action accrues,

a. If an infant becomes entitled to bring such action, the time during which he is within the age of minority shall not be counted as any part of the period within which the action must be brought except as to any such period during which the infant has been judicially declared emancipated; or

b. If a person entitled to bring such action becomes incapacitated, the time during which he is incapacitated shall not be computed as any part of the period within which the action must be brought, except where a conservator, guardian or committee is appointed for such person in which case an action may be commenced by such conservator, committee or guardian before the expiration of the applicable period of limitation or within one year after his qualification as such, whichever occurs later.

For the purposes of subdivisions 1 and 2, a person shall be deemed incapacitated if he is so adjudged by a court of competent jurisdiction, or if it shall otherwise appear to the court or jury determining the issue that such person is or was incapacitated within the prescribed limitation period.

3. If a convict is or becomes entitled to bring an action against his committee, the time during which he is incarcerated shall not be counted as any part of the period within which the action must be brought.

B. Effect of death of a party. -- The death of a person entitled to bring an action or of a person against whom an action may be brought shall toll the statute of limitations as follows:

1. Death of person entitled to bring a personal action. -- If a person entitled to bring a personal action dies with no such action pending before the expiration of the limitation period for commencement thereof, then an action may be commenced by the decedent's personal representative before the expiration of the limitation period including the limitation period as provided by subdivision E 3 or within one year after his qualification as personal representative, whichever occurs later.

2. Death of person against whom personal action may be brought.

a. If a person against whom a personal action may be brought dies before the commencement of such action and before the expiration of the limitation period for commencement thereof then a claim may be filed against the decedent's estate or an action may be commenced against the decedent's personal representative before the expiration of the applicable limitation period or within one year after the qualification of such personal representative, whichever occurs later.

b. If a person against whom a personal action may be brought dies before suit papers naming such person as defendant have been filed with the court, then such suit papers may be amended to substitute the decedent's personal representative as party defendant before the expiration of the applicable limitation period or within two years after the date such suit papers were filed with the court, whichever occurs later, and such suit papers shall be taken as properly filed.

3. Effect of death on actions for recovery of realty, or a proceeding for enforcement of certain liens relating to realty. -- Upon the death of any person in whose favor or against whom an action for recovery of realty, or a proceeding for enforcement of certain liens relating to realty, may be brought, such right of action shall accrue to or against his successors in interest as provided in Article 2 (§ 8.01-236 et seq.).

4. Accrual of a personal cause of action against the estate of any person subsequent to such person's death. -- If a personal cause of action against a decedent accrues subsequent to his death, an action may be brought against the decedent's personal representative or a claim thereon may be filed against the estate of such decedent before the expiration of the applicable limitation period or within two years after the qualification of the decedent's personal representative, whichever occurs later.

5. Accrual of a personal cause of action in favor of decedent. -- If a person dies before a personal cause of action which survives would have accrued to him, if he had continued to live, then an action may be commenced by such decedent's personal representative before the expiration of the applicable limitation period or within one year after the qualification of such personal representative, whichever occurs later.

6. Delayed qualification of personal representative. -- If there is an interval of more than two years between the death of any person in whose favor or against whom a cause of action has accrued or shall subsequently accrue and the qualification of such person's personal representative, such personal representative shall, for the purposes of this chapter, be deemed to have qualified on the last day of such two-year period.

C. Suspension during injunctions. -- When the commencement of any action is stayed by injunction, the time of the continuance of the injunction shall not be computed as any part of the period within which the action must be brought.

D. Obstruction of filing by defendant. -- When the filing of an action is obstructed by a defendant's (i) filing a petition in bankruptcy or filing a petition for an extension or arrangement under the United States Bankruptcy Act or (ii) using any other direct or indirect means to obstruct the filing of an action, then the time that such obstruction has continued shall not be counted as any part of the period within which the action must be brought.

E. Dismissal, abatement, or nonsuit.

1. Except as provided in subdivision 3, if any action is commenced within the prescribed limitation period and for any cause abates or is dismissed without determining the merits, the time such action is pending shall not be computed as part of the period within which such action may be brought, and another action may be brought within the remaining period.

2. If a judgment or decree is rendered for the plaintiff in any action commenced within the prescribed limitation period and such judgment or decree is arrested or reversed upon a ground which does not preclude a new action for the same cause, or if there is occasion to bring a new action by reason of the loss or destruction of any of the papers or records in a former action which was commenced within the prescribed limitation period, then a new action may be brought within one year after such arrest or reversal or such loss or destruction, but not after.

3. If a plaintiff suffers a voluntary nonsuit as prescribed in § 8.01-380, the statute of limitations with respect to such action shall be tolled by the commencement of the nonsuited action, regardless of whether the statute of limitations is statutory or contractual, and the plaintiff may recommence his action within six months from the date of the order entered by the court, or within the original period of limitation, or within the limitation period as provided by subdivision B 1, whichever period is longer. This tolling provision shall apply irrespective of whether the action is originally filed in a federal or a state court and recommenced in any other court, and shall apply to all actions irrespective of whether they arise under common law or statute.

F. Effect of devise for payment of debts. -- No provision in the will of any testator devising his real estate, or any part thereof, subject to the payment of his debts or charging the same therewith, or containing any other provision for the payment of debts, shall prevent this chapter from operating against such debts, unless it plainly appears to be the testator's intent that it shall not so operate.

G. Effect of new promise in writing.

1. If any person against whom a right of action has accrued on any contract, other than a judgment or recognizance, promises, by writing signed by him or his agent, payment of money on such contract, the person to whom the right has accrued may maintain an action for the money so promised, within such number of years after such promise as it might be maintained if such promise were the original cause of action. An acknowledgment in writing, from which a promise of payment may be implied, shall be deemed to be such promise within the meaning of this subsection.

2. The plaintiff may sue on the new promise described in subdivision 1 or on the original cause of action, except that when the new promise is of such a nature as to merge the original cause of action then the action shall be only on the new promise.

H. Suspension of limitations in creditors' suits. -- When an action is commenced as a general creditors' action, or as a general lien creditors' action, or as an action to enforce a mechanics' lien, the running of the statute of limitations shall be suspended as to debts provable in such action from the commencement of the action, provided they are brought in before the commissioner in chancery under the first reference for an account of debts; but as to claims not so brought in the statute shall continue to run, without interruption by reason either of the commencement of the action or of the order for an account, until a later order for an account, under which they do come in, or they are asserted by petition or independent action.

In actions not instituted originally either as general creditors' actions, or as general lien creditors' actions, but which become such by subsequent proceedings, the statute of limitations shall be suspended by an order of reference for an account of debts or of liens only as to those creditors who come in and prove their claims under the order. As to creditors who come in afterwards by petition or under an order of recommittal, or a later order of reference for an account, the statute shall continue to run without interruption by reason of previous orders until filing of the petition, or until the date of the reference under which they prove their claims, as the case may be.

I. When an action is commenced within a period of 30 days prior to the expiration of the limitation period for commencement thereof and the defending party or parties desire to institute an action as third-party plaintiff against one or more persons not party to the original action, the running of the period of limitation against such action shall be suspended as to such new party for a period of 60 days from the expiration of the applicable limitation period.

J. If any award of compensation by the Workers' Compensation Commission pursuant to Chapter 5 (§ 65.2-500 et seq.) of Title 65.2 is subsequently found void ab initio, other than an award voided for fraudulent procurement of the award by the claimant, the statute of limitations applicable to any civil action upon the same claim or cause of action in a court of this Commonwealth shall be tolled for that period of time during which compensation payments were made.

K. Suspension of limitations during criminal proceedings. -- In any personal action for damages *or action for death by wrongful act pursuant to § 8.01-50*, if a criminal prosecution arising out of the same facts is commenced, the time such prosecution is pending shall not be computed as part of the period within which such a civil action may be brought. For purposes of this subsection, the time during which a prosecution is pending shall be calculated from the date of the issuance of a warrant, summons, or capias, the return or filing of an indictment or information, or the defendant's first appearance in any court as an accused in such a prosecution, whichever date occurs first, until the date of the final judgment or order in the trial court, the date of the final disposition of any direct appeal ~~in state court~~, or the date on which the time for noting an appeal has expired, whichever date occurs last. Thereafter, the civil action may be brought within the remaining period of the statute or within one year, whichever is longer.

If a criminal prosecution is commenced and a grand jury indictment is returned or a grand jury indictment is waived after the period within which a civil action arising out of the same set of facts may be brought, a civil action may be brought within one year of the date of the final judgment or order in the trial court, the date of the final disposition of any direct appeal ~~in state court~~, or the date on which the time for noting an appeal has expired, whichever date occurs last, but no more than 10 years after the date of the crime or two years after the cause of action shall have accrued ~~under § 8.01-249~~, whichever date occurs last.

§ 8.01-244. Actions for wrongful death; limitation.

A. Notwithstanding the provisions of *subsection B of* § 8.01-229 ~~B~~, if a person entitled to bring an action for personal injury dies as a result of such injury with no such action pending before the expiration of the limitations period set forth in § 8.01-243, then an action under § 8.01-50 may be commenced within the time limits specified in subsection B ~~of this section~~ *or as provided in subsection K of § 8.01-229*.

B. Every action under § 8.01-50 shall be brought by the personal representative of the decedent within two years after the death of the injured person. If any such action is brought within such period of two years after such person's death and for any cause abates or is dismissed without determining the merits of such action, the time such action is pending shall not be counted as any part of such period of two years and another action may be brought within the remaining period of such two years as if such former action had not been instituted. However, if a plaintiff suffers a voluntary nonsuit pursuant to § 8.01-380, the nonsuit shall not be deemed an abatement nor a dismissal pursuant to this subsection, and the provisions of subdivision E 3 of § 8.01-229 shall apply to such a nonsuited action.

2. That the provisions of this act shall apply only to causes of action accruing on or after July 1, 2025.

CHAPTER 38

[H 2406]

Approved March 18, 2025

Be it enacted by the General Assembly of Virginia:

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. This information shall further be disaggregated by year and shall feature all projects receiving GO Virginia grants.

§ 36-142. Creation and management of Fund.

A. There is hereby established in the state treasury a special permanent, nonreverting fund, to be known as the "Virginia Housing Trust Fund." The Fund shall be established on the books of the Comptroller and consist of sums appropriated to the Fund by the General Assembly, all receipts by the Fund from loans made by it to housing sponsors and persons and families of low and moderate income, all income from the investment of moneys held in the Fund, and any other sums designated for deposit to the Fund from any source, public or private. In order to carry out the administration and management of the Fund, the Department is granted the power to contract with or employ officers, employees, agents, advisers and consultants, including, without limitation, attorneys, financial advisers, public accountants, engineers and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation without the approval of any other agency or instrumentality. The Department may disburse from the Fund its reasonable costs and expenses incurred in the administration and management of the Fund, including reasonable fees and costs of the HDA.

D. For the purposes of this section, eligible organizations include (i) localities, (ii) local government housing authorities, (iii) regional and statewide housing assistance organizations that provide assistance to low and moderate income or low income citizens of Virginia, and (iv) limited liability companies expressly created for the purpose of owning and operating affordable housing.

E. options. The ~~plan~~ *report* shall be provided to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations no later than November 1 of each year.

§ 36-150. Reports.

A. On or before December 1 of each year, the Department shall report to the Secretary of Commerce and Trade, the Governor, and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations and on such other matters regarding the Fund as the Department may deem appropriate, including the status of the former Housing Partnership Fund, or other items as may be requested by any of the foregoing persons to whom such report is to be submitted.

B. The Department shall report to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations and the Director of the Department of Planning and Budget by December 1 of each year on the state's homeless programs, including the number of (i) emergency shelter beds, (ii) transitional housing units, (iii) single room occupancy dwellings, (iv) homeless intervention programs, (v) homeless prevention programs, and (vi) homeless individuals supported by the permanent housing state funding on a locality and statewide basis and the accomplishments achieved by the additional state funding provided to the program. The report shall also include the number of Virginians served by these programs, the costs of the programs, and the financial and in-kind support provided by localities and nonprofit groups to these programs. § 5. Execution of bonds and BANs. Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although, at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses. All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues. Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts. A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs. The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs. The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance. Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability. The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

2. That an emergency exists and this act is in force from its passage.

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-3410.2 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3410.2. Compounding; pharmacists' authority to compound under certain conditions; labeling and record maintenance requirements.

A. A pharmacist may engage in compounding of drug products when the dispensing of such compounded products is (i) pursuant to valid prescriptions for specific patients and (ii) consistent with the provisions of § 54.1-3303 relating to the issuance of prescriptions and the dispensing of drugs.

Pharmacists shall label all compounded drug products that are dispensed pursuant to a prescription in accordance with this chapter and the Board's regulations, and shall include on the labeling an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding.

B. A pharmacist may also engage in compounding of drug products in anticipation of receipt of prescriptions based on a routine, regularly observed prescribing pattern.

Pharmacists shall label all products compounded prior to dispensing with (i) the name and strength of the compounded medication or a list of the active ingredients and strengths; (ii) the pharmacy's assigned control number that corresponds with the compounding record; (iii) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; and (iv) the quantity.

C. In accordance with the conditions set forth in subsections A and B, pharmacists shall not distribute compounded drug products for subsequent distribution or sale to other persons or to commercial entities, including distribution to pharmacies or other entities under common ownership or control with the facility in which such compounding takes place*, except for distribution within health systems under common ownership when the compounded drug products are administered only to patients within the hospital or health system*; however, a pharmacist may distribute to a veterinarian in accordance with federal law.

Compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed by a pharmacy to a veterinarian for further distribution or sale to his own patients shall be limited to drugs necessary to treat an emergent condition when timely access to a compounding pharmacy is not available as determined by the prescribing veterinarian.

A pharmacist may, however, deliver compounded products dispensed pursuant to valid prescriptions to alternate delivery locations pursuant to § 54.1-3420.2.

A pharmacist may provide a reasonable amount of compounded products to practitioners of medicine, osteopathy, podiatry, or dentistry to administer to their patients, either personally or under their direct and immediate supervision, if there is a critical need to treat an emergency condition, or as allowed by federal law or regulations. A pharmacist may also provide compounded products to practitioners of veterinary medicine for office-based administration to their patients.

Pharmacists who provide compounded products for office-based administration for treatment of an emergency condition or as allowed by federal law or regulations shall label all compounded products distributed to practitioners other

than veterinarians for administration to their patients with (i) the statement "For Administering in Prescriber Practice Location Only"; (ii) the name and strength of the compounded medication or list of the active ingredients and strengths; (iii) the facility's control number; (iv) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (v) the name and address of the pharmacy; and (vi) the quantity.

Pharmacists shall label all compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed to a veterinarian for either further distribution or sale to his own patient or administration to his own patient with (a) the name and strength of the compounded medication or list of the active ingredients and strengths; (b) the facility's control number; (c) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (d) the name and address of the pharmacy; and (e) the quantity.

D. Pharmacists shall personally perform or personally supervise the compounding process, which shall include a final check for accuracy and conformity to the formula of the product being prepared, correct ingredients and calculations, accurate and precise measurements, appropriate conditions and procedures, and appearance of the final product.

E. Pharmacists shall ensure compliance with USP-NF standards for both sterile and non-sterile compounding.

F. Pharmacists may use bulk drug substances in compounding when such bulk drug substances:

1. Comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph, if such monograph exists, and the United States Pharmacopoeia chapter on pharmacy compounding; or are drug substances that are components of drugs approved by the FDA for use in the United States; or are otherwise approved by the FDA; or are manufactured by an establishment that is registered by the FDA; and

2. Are distributed by a licensed wholesale distributor or registered nonresident wholesale distributor, or are distributed by a supplier otherwise approved by the Board and the FDA to distribute bulk drug substances if the pharmacist can establish purity and safety by reasonable means, such as lot analysis, manufacturer reputation, or reliability of the source.

G. Pharmacists may compound using ingredients that are not considered drug products in accordance with the USP-NF standards and guidance on pharmacy compounding.

H. Pharmacists shall not engage in the following:

1. The compounding for human use of a drug product that has been withdrawn or removed from the market by the FDA because such drug product or a component of such drug product has been found to be unsafe. However, this prohibition shall be limited to the scope of the FDA withdrawal;

2. The regular compounding or the compounding of inordinate amounts of any drug products that are essentially copies of commercially available drug products. However, this prohibition shall not include (i) the compounding of any commercially available product when there is a change in the product ordered by the prescriber for an individual patient, (ii) the compounding of a commercially manufactured drug only during times when the product is not available from the manufacturer or supplier, (iii) the compounding of a commercially manufactured drug whose manufacturer has notified the FDA that the drug is unavailable due to a current drug shortage, (iv) the compounding of a commercially manufactured drug when the prescriber has indicated in the oral or written prescription for an individual patient that there is an emergent need for a drug that is not readily available within the time medically necessary, or (v) the mixing of two or more commercially available products regardless of whether the end product is a commercially available product; or

3. The compounding of inordinate amounts of any preparation in cases in which there is no observed historical pattern of prescriptions and dispensing to support an expectation of receiving a valid prescription for the preparation. The compounding of an inordinate amount of a preparation in such cases shall constitute manufacturing of drugs.

I. Pharmacists shall maintain records of all compounded drug products as part of the prescription, formula record, formula book, or other log or record. Records may be maintained electronically, manually, in a combination of both, or by any other readily retrievable method.

1. In addition to other requirements for prescription records, records for products compounded pursuant to a prescription order for a single patient where only manufacturers' finished products are used as components shall include the name and quantity of all components, the date of compounding and dispensing, the prescription number or other identifier of the prescription order, the total quantity of finished product, the signature or initials of the pharmacist or pharmacy technician performing the compounding, and the signature or initials of the pharmacist responsible for supervising the pharmacy technician and verifying the accuracy and integrity of compounded products.

2. In addition to the requirements of subdivision I 1, records for products compounded in bulk or batch in advance of dispensing or when bulk drug substances are used shall include: the generic name and the name of the manufacturer of each component or the brand name of each component; the manufacturer's lot number and expiration date for each component or when the original manufacturer's lot number and expiration date are unknown, the source of acquisition of the component; the assigned lot number if subdivided, the unit or package size and the number of units or packages prepared; and the beyond-use date. The criteria for establishing the beyond-use date shall be available for inspection by the Board.

3. A complete compounding formula listing all procedures, necessary equipment, necessary environmental considerations, and other factors in detail shall be maintained where such instructions are necessary to replicate a compounded product or where the compounding is difficult or complex and must be done by a certain process in order to ensure the integrity of the finished product.

4. A formal written quality assurance plan shall be maintained that describes specific monitoring and evaluation of compounding activities in accordance with USP-NF standards. Records shall be maintained showing compliance with

monitoring and evaluation requirements of the plan to include training and initial and periodic competence assessment of personnel involved in compounding, monitoring of environmental controls and equipment calibration, and any end-product testing, if applicable.

J. Practitioners who may lawfully compound drugs for administering or dispensing to their own patients pursuant to §§ 54.1-3301, 54.1-3304, and 54.1-3304.1 shall comply with all provisions of this section and the relevant Board regulations.

K. Every pharmacist-in-charge or owner of a permitted pharmacy or a registered nonresident pharmacy engaging in sterile compounding shall notify the Board of its intention to dispense or otherwise deliver a sterile compounded drug product into the Commonwealth. Upon renewal of its permit or registration, a pharmacy or nonresident pharmacy shall notify the Board of its intention to continue dispensing or otherwise delivering sterile compounded drug products into the Commonwealth. Failure to provide notification to the Board shall constitute a violation of Chapter 33 (§ 54.1-3300 et seq.) or Chapter 34 (§ 54.1-3400 et seq.). The Board shall maintain this information in a manner that will allow the production of a list identifying all such sterile compounding pharmacies.

Whenever a particular time is referred to in this Charter, the applicable time is Eastern Standard Time or Daylight Saving Time, whichever is in current use and effect in the City on the applicable date. Whenever a particular date is referred to, the applicable date is based upon the Gregorian calendar in a year calculated Anno Domini (A.D.);

B. Severability. If any portion, section, or provision of this Charter is declared unconstitutional, illegal, or otherwise invalid by final order of any court of competent jurisdiction, then to the maximum extent allowed by law, such order shall not be interpreted as invalidating any other portion, section, or provision hereof, and every part of the Charter not expressly affected by such order shall be continued in full and remain in full force and effect.

C. Continuation of existing officers, laws, and contracts. Any City officer, including, but not limited to, the member of any City board or commission created by ordinance, who is elected or appointed for a specified term beginning prior to the effective date of this Charter and whose term has not yet expired upon such effective date shall continue to hold such office until the original term expires. Chapter 2. The Council.

§ 2-1. Council composition and membership.

A. Composition. The governing body of the City is the Council, which consists of nine (9) members, who are elected by the qualified voters of the City, at large, to a four (4) year term. Any candidate seeking to be elected to the Council shall be nominated as provided by law.

B. Elections. Each general Council election shall be conducted in accordance with the laws of the Commonwealth. On the first Tuesday after the first Monday in November 2022, there shall be elected by the qualified voters of the City four (4) Council members whose terms shall begin January 1, 2023, and expire January 1, 2027. On the first Tuesday after the first Monday in November 2024, there shall be elected by the qualified voters of the City five (5) Council members whose terms shall begin January 1, 2025, and expire January 1, 2029. Each succeeding two (2) years after 2024, on the first Tuesday after the first Monday in November, there shall be elected four (4) or five (5) Council members, as the case may be, to serve for terms of four (4) years beginning and expiring on January 1, to fill the vacancies caused by the expiration of the previous terms of office. If, subsequent to the adoption of this Charter, the laws of the Commonwealth allow local governing bodies to hold elections in May, then in the next general election that occurs at least one (1) year subsequent to such allowance, Council elections shall instead be conducted in May rather than November and terms shall expire July 1 rather than January 1.

C. Continuing body. The Council is a continuing body and no measure pending before it shall expire or be discontinued due to the expiration of a term of office or a change in Council membership.

D. Ineligibility for other office. No Council member shall, while holding such office and for one (1) year thereafter, be eligible for employment or appointment to any paid office of the City government, provided that the Council is expressly authorized to appoint one (1) of its members to serve as a Commissioner of the Danville Redevelopment and Housing Authority.

§ 2-2. Council vacancies.

A. Filling by appointment. If a vacancy in the Council shall occur in the same year as the expiration of the term, then the vacancy shall be filled for the unexpired term through appointment by the Council. In such case, the Council shall, within forty-five (45) days of the occurrence of the vacancy, appoint an interim replacement to serve until the expiration of the term. No person shall be appointed to fill a vacancy unless such person is a qualified voter of the City and receives the votes of at least a majority of the remaining Council members. If a majority of the remaining Council members are unable to fill the vacancy within forty-five (45) days of the occurrence of the vacancy, such vacancy shall be filled by appointment by a majority of the judges of the Circuit Court, until a special election to fill the vacancy is conducted in accordance with law.

B. Filling by special election. If a vacancy in the Council occurs in a year other than that in which the term expires, then the vacancy shall be filled by special election. In such case, the Council shall, within fifteen (15) days of the occurrence of the vacancy, petition the Circuit Court to issue a writ of election to fill the vacancy. Any special election required by this Section shall be conducted on the date of the earliest general election following the occurrence of the vacancy, unless the occurrence is within ninety (90) days of the earliest general election, in which case the special election shall occur in the following general election. The Council may fill a vacancy with an interim appointment until such time as the vacancy is otherwise filled by special election.

§ 2-3. Council organization.

A. Inaugural meeting. An inaugural meeting of the Council shall take place in the Council chamber in the Municipal Building at twelve o'clock noon (12:00 P.M.) on the first business day of January of each odd-numbered year. The meeting shall be called to order by the City Clerk, or if absent or unable, the City Attorney, who shall administer the oath of office to the newly elected members of the Council. If, subsequent to the adoption of this Charter, the laws of the Commonwealth allow local governing bodies to hold elections in May, then after the first general election that occurs in May, the inaugural meeting of the Council shall instead be conducted in July of each even-numbered year rather than January of each odd-numbered year.

B. Selection of officers. The first item of business at the inaugural meeting shall be the selection of a Mayor and Vice Mayor, and the Council shall not adjourn until a Mayor and Vice Mayor are selected. The Council shall select, by majority vote of all its members a Mayor and a Vice Mayor from among its members for the ensuing two (2) years.

C. Mayor. The Mayor shall act as president of the Council, shall preside at meetings of the Council, and shall perform such other duties consistent with this office as may be required by the Council. The Mayor shall be entitled to vote and speak the same as any other member, but shall possess no veto power. The Mayor shall be recognized as the head of the City government for all official functions and ceremonial purposes, and for purposes of military law, and may use the title of Mayor in any case in which the execution of legal documents, or other necessity arising from law, may so require, provided that this authority shall not be construed as vesting any administrative function or other power of an executive officer under law.

D. Vice Mayor. The Vice Mayor shall, in the absence or inability of the Mayor, perform the duties of Mayor, and if a vacancy shall occur in the office of Mayor, shall become Mayor for the unexpired portion of the term. In the absence or inability of both the Mayor and Vice Mayor from any meeting, the Council shall select an acting Mayor from amongst its members. If a vacancy shall occur in the office of Vice Mayor, the Council shall select, by majority vote of all its members, a Vice Mayor from among its members for the remaining term.

§ 2-4. Council meetings.

A. Quorum. A quorum, consisting of a majority of the whole Council, is required to conduct official business; however, a smaller number of Council members may adjourn meetings if a quorum is not present.

B. Rules of procedure. The Council has the power to adopt its own rules of procedure, subject to the provisions of this Charter. Such rules shall establish the time and location of regular Council meetings, provided that at least one (1) is held in each month. Such rules shall authorize special meetings at the request of the Mayor or any two (2) Council members and shall establish the method of giving notice thereof, consistent with law, and no item of business may be considered at such meeting unless included in the notice or the whole Council is present. No vote taken at a previous meeting shall be rescinded or reconsidered at any special meeting, unless there are at least as many members present at such special meeting as were present when such previous vote was taken.

C. Misconduct. The Council may punish any member for misconduct and may compel the attendance of any member in such manner and under such penalty as may be required by law.

§ 2-5. Legislative powers.

A. Vesting of legislative powers. The Council is hereby vested with full power and authority to exercise each and every legislative power vested in the City, except as otherwise provided in this Charter or by law. The Council may make and enforce any ordinance, rule, and policy it deems necessary or expedient to carry into effect any of its powers and may establish such penalty for the violation thereof, consistent with law.

B. Introduction of laws. Any Council member or committee may introduce an ordinance or resolution at any Council meeting, consistent with any notice required by law.

C. Adoption of laws. No ordinance, resolution, motion, or vote shall be adopted by the Council except at a meeting open to the public and, unless it shall have received the affirmative votes of at least a majority of those members present and voting, excepting any motion to adjourn, recess, or any other similar motion of a purely procedural nature. Any ordinance or resolution may be voted on and passed at the meeting in which it is introduced, except as otherwise provided by law, and shall become effective upon adoption unless otherwise provided by the Council. No ordinance that imposes any tax or appropriates any money exceeding $1,000 shall be adopted, unless it shall have been introduced at a Council meeting at least ten (10) days prior to its final adoption.

D. When ordinance required. Every legislative act of the Council establishing or modifying the compensation of any City officer or employee, making any appropriation, authorizing the borrowing of money, levying a tax, establishing any rule or policy enforceable by a fine or penalty, or placing any burden upon or limiting the use of private property shall be by ordinance.

E. When full majority required. No ordinance that imposes any tax, authorizes the borrowing of any money, or appropriates any amount of money exceeding $500 shall be adopted by the Council, unless it shall have received the affirmative votes of a majority of the whole Council.

F. Authentication. Each ordinance or resolution, upon its final passage, shall be authenticated by the signatures of the Mayor and the City Clerk and permanently recorded with the City Clerk.

The proposed budget shall present such other information as may be required by law or requested by the Council. An initial proposed budget shall be presented to Council at least ninety (90) days prior to the end of the fiscal year, and after receiving input from the Council, a final proposed budget shall be ready for introduction and adoption at a Council meeting at least sixty (60) days prior to the end of the fiscal year.

C. Consideration of proposed budget. A summary of the proposed budget shall be published consistent with law, along with notice of a public hearing for such proposal. After the public hearing, the Council may insert any new item of expenditure or may increase, decrease, or strike out any item of expenditure, provided that no item of expenditure for debt service or that is otherwise required to be included by law may be reduced or stricken out.

D. Adoption of final budget. Prior to the end of each fiscal year, the Council shall adopt an appropriation ordinance based upon the proposed budget and shall levy any tax and fee as is necessary to pay for each appropriation made and any amount required by law to service the City debt. The total amount of City spending shall not exceed the estimated amount of City revenue, except in accordance with this Charter.

CHAPTER 52

An Act to amend and reenact § 15.2-2204 of the Code of Virginia, relating to planning and zoning; public notice.

[H 1996]

Approved March 18, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2204 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall identify the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published twice in some newspaper published or having general circulation in the locality, with the first notice appearing no more than 28 days before and the second notice appearing no less than ~~seven~~ *five* days before the date of the meeting referenced in the notice; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of

hearing at which persons affected may appear and present their views. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. For more than 100 parcels of land, the advertisement may instead include a description of the boundaries of the area subject to the changes and a link to a map of the subject area. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

[H 2065]

§ 38.2-401. Fire Programs Fund.

A. 1. There is hereby established in the state treasury a special nonreverting fund to be known as the Fire Programs Fund, hereinafter referred to as "the Fund." The Fund shall be administered by the Department of Fire Programs under policies and definitions established by the Virginia Fire Services Board. All moneys collected pursuant to the assessment made by the Commission pursuant to subdivision 2 of this subsection shall be paid into the state treasury and credited to the Fund. The Fund shall also consist of any moneys appropriated thereto by the General Assembly and any grants or other moneys received by the Virginia Fire Services Board or Department of Fire Programs for the purposes set forth in this section. Any moneys deposited to or remaining in such Fund during or at the end of each fiscal year or biennium, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Interest earned on all moneys in the Fund and interest earned on moneys held by the Commission pursuant to subdivision 2 of this subsection prior to the deposit of such moneys into the Fund, including interest earned on such moneys during any period when the Commission is reconciling payments from insurers, shall remain in or be deposited into the Fund, as the case may be, and be credited to it. Such interest shall be set aside for fire service purposes in accordance with policies developed by the Virginia Fire Services Board. Notwithstanding any other provision of law to the contrary, policies established by the Virginia Fire Services Board for the administration of the Fund, and any grants provided from the Fund, that are not inconsistent with the purposes set out in this section shall be binding upon any locality that accepts such funds or related grants. The Commission shall be reimbursed from the Fund for all expenses necessary for the administration of this section. The balance of moneys in the Fund shall be allocated periodically as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Director of the Department of Fire Programs (Director) or his designee.

2. The Commission shall annually assess against all licensed insurance companies doing business in the Commonwealth by writing any type of insurance as defined in §§ 38.2-110, 38.2-111, 38.2-126, 38.2-130 and 38.2-131 and those combination policies as defined in § 38.2-1921 that contain insurance as defined in §§ 38.2-110, 38.2-111 and 38.2-126, an assessment in the amount of one percent of the total direct gross premium income for such insurance. Such assessment shall be apportioned, assessed and paid as prescribed by § 38.2-403. In any year in which a company has no

direct gross premium income or in which its direct gross premium income is insufficient to produce at the rate of assessment prescribed by law an amount equal to or in excess of $100, there shall be so apportioned and assessed against such company a contribution of $100.

B. After reserving funds for the Fire Services Grant Program and Dry Fire Hydrant Grant Program pursuant to subsection D, 75 percent of the remaining moneys available for allocation from the Fund shall be allocated to the several counties, cities, and towns of the Commonwealth providing fire service operations to be used for the improvement of volunteer and career fire services in each of the receiving localities. Funds allocated to the counties, cities, and towns pursuant to this subsection shall not be used directly or indirectly to supplant or replace any other funds appropriated by the counties, cities, and towns for fire service operations. Such funds shall be used solely for the purposes of (i) training volunteer or career firefighting personnel in each of the receiving localities; (ii) funding fire prevention and public safety education programs; (iii) constructing, improving, and expanding regional or local fire service training facilities; (iv) purchasing emergency medical care and equipment for fire personnel; (v) payment of personnel costs related to fire and medical training for fire personnel; (vi) purchasing personal protective equipment, vehicles, equipment, and supplies for use in the receiving locality specifically for fire service purposes; or (vii) providing training and education and purchasing products, including personal protective equipment, diesel exhaust removal systems, decontamination equipment, and commercial extractors, that are designed to reduce the incidence of cancer among firefighters. Notwithstanding any other provision of the Code, when localities use such funds to construct, improve, or expand fire service training facilities, fire-related training provided at such training facilities shall be by instructors certified or approved according to policies developed by the Virginia Fire Services Board. Distribution of this 75 percent of the Fund shall be made on the basis of population as provided for in §§ 4.1-116 and 4.1-117; however, no county or city eligible for such funds shall receive less than $10,000, nor eligible town less than $4,000. The Virginia Fire Services Board shall be authorized to exceed allocations of $10,000 for eligible counties and cities and $4,000 for eligible towns, respectively. Allocations to counties, cities, and towns receiving such allocations shall be fair and equitable as set forth in Board policy. Any increases or decreases in such allocations shall be uniform for all localities. In order to remain eligible for such funds, each receiving locality shall report annually to the Department on the use of the funds allocated to it for the previous year ~~and~~, shall provide a completed Fire Programs Fund Disbursement Agreement form*, and shall report, in accordance with the requirements set by the Virginia Fire Services Board, all emergency incidents through the National Emergency Response Information System (NERIS) while sharing such emergency incident data with the Department of Fire Programs in its capacity as state manager of NERIS.* Each receiving locality shall be responsible for certifying the proper use of the funds. If, at the end of any annual reporting period, a satisfactory report and a completed agreement form have not been submitted by a receiving locality, any funds due to that locality for the next year shall not be retained. Such funds shall be added to the 75 percent of the Fund allocated to the counties, cities, and towns of the Commonwealth for improvement of fire services in localities.

Any locality that has a real estate tax abatement program in accordance with this section may, by ordinance, provide that:

1. The owners of property therein shall at such time or times as the governing body may prescribe submit a plan to demolish or renovate any building that has been declared a "derelict building." For purposes of this section, "derelict building" ~~shall mean~~ *means* a residential or nonresidential building or structure, whether or not construction has been completed, that might endanger the public's health, safety, or welfare and for a continuous period in excess of six months, it has been (i) vacant, (ii) boarded up in accordance with the building code, and (iii) not lawfully connected to electric service from a utility service provider or not lawfully connected to any required water or sewer service from a utility service provider.

If a building qualifies as a derelict building pursuant to the ordinance, the locality shall notify the owner of the derelict building that the owner is required to submit to the locality a plan, within 90 days, to demolish or renovate the building to address the items that endanger the public's health, safety, or welfare as listed in a written notification provided by the locality. Such plan may be on a form developed by the locality and shall include a proposed time within which the plan will be commenced and completed. The plan may include one or more adjacent properties of the owner, whether or not all of such properties may have been declared derelict buildings. The plan shall be subject to approval by the locality. The locality shall deliver the written notice to the address listed on the real estate tax assessment records of the locality. Written notice sent by first-class mail, with the locality obtaining a U.S. Postal Service Certificate of Mailing shall constitute delivery pursuant to this section.

4. The owner of a building may apply to the locality and request that such building be declared a derelict building for purposes of this section.

5. The locality, upon receipt of the plan to demolish or renovate the building, at the owner's request, shall meet with the owner submitting the plan and provide information to the owner on the land use and permitting requirements for demolition or renovation.

6. If the property owner's plan is to demolish the derelict building, the building permit application of such owner shall be expedited. The real estate tax on an amount equal to the costs of demolition or an amount equal to the increase in the fair market value of the renovations shall be abated for a period of not less than 15 years, and is transferable with the property. The abatement of taxes for demolition shall not apply if the structure demolished is a registered Virginia landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic district. If, subsequent to the adoption of this Charter, the laws of the Commonwealth allow local governing bodies to hold elections in May, then after the first general election that occurs in May, the inaugural meeting of the Council shall instead be conducted in July of each even-numbered year rather than January of each odd-numbered year.

In the absence or inability of both the Mayor and Vice Mayor from any meeting, the Council shall select an acting Mayor from amongst its members. 4. Any health maintenance organization that (i) contracts with one multispecialty group of physicians who are employed by and are shareholders of the multispecialty group, which multispecialty group of physicians may also contract with health care providers in the community; (ii) provides and arranges for the provision of physician services by such multispecialty group physicians or by such contracted health care providers in the community; and (iii) receives and processes at least 85 percent of prescription drug prior authorization requests in a manner that is interoperable with e-prescribing systems, electronic health records, and health information exchange platforms.

§ 38.2-3407.15:8. Carrier contracts; required provisions regarding prior authorization for health care services.

A. As used in this section:

"Carrier" has the same meaning as provided in subsection A of § 38.2-3407.15.

"Expedited" means, in relation to a health care service or a prior authorization request for a health care service, that the delay of such service could seriously jeopardize the enrollee's life, health, or ability to regain maximum function.

"Health care services" has the same meaning as provided in § 38.2-3407.15, except that as used in this section, "health care services" does not include drugs that are subject to the requirements of § 38.2-3407.15:2.

"Prior authorization" means the approval process used by a carrier before certain health care services may be provided.

"Provider" has the same meaning as provided in § 38.2-3407.10.

"Provider contract" has the same meaning as provided in subsection A of § 38.2-3407.15.

"Standard" means, in relation to a health care service or a prior authorization request for a health care service, that such health care service or prior authorization request is not expedited.

"Supplementation" means a request communicated by the carrier to the provider or his designee for additional information, limited to items specifically requested on the applicable prior authorization request, necessary to approve or deny such request.

B. Any provider contract between a carrier and a participating health care provider or its contracting agent shall contain specific provisions that:

1. Require that the carrier communicate electronically or telephonically to the provider or his designee within 72 hours, including weekend hours, of submission of an expedited prior authorization request to the carrier that the request is approved, denied, or requires supplementation;

2. Require that the carrier communicate electronically or telephonically to the provider or his designee within seven calendar days of submission of a standard prior authorization request to the carrier that the request is approved, denied, or requires supplementation;

3.Where supplementation is required, require the carrier to specify to the provider or his designee the supplementation necessary for the carrier to make a final determination that the request is approved or denied, and following properly completed supplementation from the provider or his designee, require the carrier to approve or deny the request within the timeframes specified in subdivisions 1 and 2;

4. Require that if a prior authorization request is approved for health care services and such health care services have been scheduled or provided to the enrollee consistent with the authorization, the carrier shall not revoke, limit, condition, modify, or restrict that authorization unless (i) the provider requests a change, (ii) there is evidence that the authorization was obtained based on fraud or misrepresentation, or (iii) a final action by a federal regulatory agency or the manufacturer removes an approved health care service from the market, limits its use in a manner impacting the prior authorization, or communicates a patient safety issue that would impact the prior authorization. Nothing in this section shall require a carrier to authorize any health care service if the enrollee is no longer enrolled in the health plan; and

5. Require that if the prior authorization request is denied, the carrier shall communicate electronically or telephonically to the provider or his designee within the timeframes established by subdivision 1 or 2, as applicable, the reasons for the denial.

A carrier must notify providers at least 30 calendar days in advance of the effective date of any changes to the list of prior authorization requirements and update the publicly accessible list of services and codes for which prior authorization is required by the effective date of any new requirement. All of the carrier's prior authorization procedures and all prior authorization request forms accepted by the carrier shall also be made available and updated by the carrier on the publicly accessible website or other electronic application by the effective date of any new requirements. The carrier shall also indicate the effective date of the prior authorization requirements for each service on the list, including those services where prior authorization is performed by an entity under contract with the carrier, provided, however, that if the prior authorization was already required prior to January 1, 2027, the carrier may indicate an effective date of January 1, 2027.

D. A carrier shall not deny a claim for failure to obtain prior authorization if the prior authorization requirements for the date of service were not posted on the publicly accessible website or other electronic application in accordance with subsection C.

E. Nothing in this section shall prohibit a carrier from removing prior authorization requirements without the 30-day notice period to providers in the event of a pandemic, a natural disaster, or any other emergency situations.

F. Each carrier shall make available by posting on its website no later than March 31 of each year the prior authorization data for prior authorizations covered by this section for the previous calendar year at the health plan level for all metrics required for compliance with federal law and the regulations of the Centers for Medicare and Medicaid Services, including those promulgated under 42 C.F.R. §§ 422.122(c), 438.210(f), 440.230(e)(3), and 457.732(c).

G. Notwithstanding any law to the contrary, no provision of this section shall apply to any health maintenance organization that (i) contracts with a multispecialty group of physicians who are employed by and are shareholders of such multispecialty group, which multispecialty group may also contract with health care providers in the community, and (ii) provides and arranges for the provision of physician services by the physician members of such multispecialty group or by such contracted health care providers.

H. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

I. Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and regulations as it may deem necessary to implement this section.

2. That the provisions of the first enactment this act shall become effective on January 1, 2027.

3. That the State Corporation Commission's Bureau of Insurance shall establish, in coordination with the Secretary of Health and Human Resources, a work group to (i) monitor anticipated federal developments related to the implementation of requirements to make publicly available information pertaining to prior authorization for health care services consistent with the provisions of § 38.2-3407.15:8 of the Code of Virginia, as created by this act; (ii) assess industry progress and readiness to implement such requirements; and (iii) evaluate policies supporting the effective and efficient adoption of such requirements. The work group shall include relevant stakeholders, including representatives from the Virginia Association of Health Plans, the Virginia Hospital and Healthcare Association, the Medical Society of Virginia, and other parties with an interest in the implementation of transparency requirements for information pertaining to prior authorization for health care services. CHAPTER 69

An Act to amend and reenact § 38.2-401 of the Code of Virginia, relating to Fire Programs Fund; aid to localities; requirement for emergency incidents reporting.

[S 1282]

Approved March 18, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-401 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-401. Fire Programs Fund.

A. 1. There is hereby established in the state treasury a special nonreverting fund to be known as the Fire Programs Fund, hereinafter referred to as "the Fund." The Fund shall be administered by the Department of Fire Programs under policies and definitions established by the Virginia Fire Services Board. All moneys collected pursuant to the assessment made by the Commission pursuant to subdivision 2 of this subsection shall be paid into the state treasury and credited to the Fund. The Fund shall also consist of any moneys appropriated thereto by the General Assembly and any grants or other moneys received by the Virginia Fire Services Board or Department of Fire Programs for the purposes set forth in this section. Any moneys deposited to or remaining in such Fund during or at the end of each fiscal year or biennium, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Interest earned on all moneys in the Fund and interest earned on moneys held by the Commission pursuant to subdivision 2 of this subsection prior to the deposit of such moneys into the Fund, including interest earned on such moneys during any period when the Commission is reconciling payments from insurers, shall remain in or be deposited into the Fund, as the case may be, and be credited to it. Such interest shall be set aside for fire service purposes in accordance with policies developed by the Virginia Fire Services Board. Notwithstanding any other provision of law to the contrary, policies established by the Virginia Fire Services Board for the administration of the Fund, and any grants provided from the Fund, that are not inconsistent with the purposes set out in this section shall be binding upon any locality that accepts such funds or related grants. The Commission shall be reimbursed from the Fund for all expenses necessary for the administration of this section. The balance of moneys in the Fund shall be allocated periodically as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Director of the Department of Fire Programs (Director) or his designee.

2. The Commission shall annually assess against all licensed insurance companies doing business in the Commonwealth by writing any type of insurance as defined in §§ 38.2-110, 38.2-111, 38.2-126, 38.2-130 and 38.2-131 and those combination policies as defined in § 38.2-1921 that contain insurance as defined in §§ 38.2-110, 38.2-111 and 38.2-126, an assessment in the amount of one percent of the total direct gross premium income for such insurance. Such assessment shall be apportioned, assessed and paid as prescribed by § 38.2-403. In any year in which a company has no direct gross premium income or in which its direct gross premium income is insufficient to produce at the rate of assessment prescribed by law an amount equal to or in excess of $100, there shall be so apportioned and assessed against such company a contribution of $100.

B. After reserving funds for the Fire Services Grant Program and Dry Fire Hydrant Grant Program pursuant to subsection D, 75 percent of the remaining moneys available for allocation from the Fund shall be allocated to the several counties, cities, and towns of the Commonwealth providing fire service operations to be used for the improvement of volunteer and career fire services in each of the receiving localities. Funds allocated to the counties, cities, and towns pursuant to this subsection shall not be used directly or indirectly to supplant or replace any other funds appropriated by the counties, cities, and towns for fire service operations. Such funds shall be used solely for the purposes of (i) training volunteer or career firefighting personnel in each of the receiving localities; (ii) funding fire prevention and public safety education programs; (iii) constructing, improving, and expanding regional or local fire service training facilities;

(iv) purchasing emergency medical care and equipment for fire personnel; (v) payment of personnel costs related to fire and medical training for fire personnel; (vi) purchasing personal protective equipment, vehicles, equipment, and supplies for use in the receiving locality specifically for fire service purposes; or (vii) providing training and education and purchasing products, including personal protective equipment, diesel exhaust removal systems, decontamination equipment, and commercial extractors, that are designed to reduce the incidence of cancer among firefighters. Notwithstanding any other provision of the Code, when localities use such funds to construct, improve, or expand fire service training facilities, fire-related training provided at such training facilities shall be by instructors certified or approved according to policies developed by the Virginia Fire Services Board. Distribution of this 75 percent of the Fund shall be made on the basis of population as provided for in §§ 4.1-116 and 4.1-117; however, no county or city eligible for such funds shall receive less than $10,000, nor eligible town less than $4,000. The Virginia Fire Services Board shall be authorized to exceed allocations of $10,000 for eligible counties and cities and $4,000 for eligible towns, respectively. Allocations to counties, cities, and towns receiving such allocations shall be fair and equitable as set forth in Board policy. Any increases or decreases in such allocations shall be uniform for all localities. In order to remain eligible for such funds, each receiving locality shall report annually to the Department on the use of the funds allocated to it for the previous year ~~and~~, shall provide a completed Fire Programs Fund Disbursement Agreement form*, and shall report, in accordance with the requirements set by the Virginia Fire Services Board, all emergency incidents through the National Emergency Response Information System (NERIS) while sharing such emergency incident data with the Department of Fire Programs in its capacity as state manager of NERIS.* Each receiving locality shall be responsible for certifying the proper use of the funds. If, at the end of any annual reporting period, a satisfactory report and a completed agreement form have not been submitted by a receiving locality, any funds due to that locality for the next year shall not be retained. Such funds shall be added to the 75 percent of the Fund allocated to the counties, cities, and towns of the Commonwealth for improvement of fire services in localities.

C. The remainder of the moneys available for allocation from the Fund shall be used for (i) the purposes of carrying out the powers and duties assigned to the Department of Fire Programs under Chapter 2 (§ 9.1-200) of Title 9.1, which shall include providing funded training and administrative support services for nonfunded training to localities and (ii) the payment of the compensation and costs of expenses of the members of the *Virginia* Fire Services Board in performing their official duties; however, the Fund shall not be used for salaries or operating expenses associated with the Office of the State Fire Marshal.

D. The Fire Services Grant Program is hereby established and will be used as grants to provide regional fire services training facilities, to finance the Virginia Fire Incident Reporting System and to build or repair live fire training structures as determined by the Virginia Fire Services Board. Beginning January 1, 1996, $1 million from the assessments made pursuant to this section shall be distributed each year for the Fire Services Grant Program to be used as herein provided, and $100,000 shall be distributed annually for continuing the statewide Dry Fire Hydrant Grant Program. Moneys allocated pursuant to this subsection shall be used for the purposes stated in this subsection, and for no other purpose. All grants provided from these programs shall be administered by the Department according to the policies established by the Virginia Fire Services Board.

E. Moneys in the Fund shall not be diverted or expended for any purpose not authorized by this section.

F. The Director shall establish written standards for determining the extent to which clients outside the Commonwealth shall be financially responsible for the cost of fire and emergency services training provided by the Department of Fire Programs. Revenues generated by such training shall be retained in the Fire Programs Fund and may be used solely for providing additional funded direct training to members of Virginia's fire and emergency services.

2. That the provisions of this act shall become effective on July 1, 2026.

CHAPTER 70

An Act to repeal the second enactment of Chapter 145 of the Acts of Assembly of 2022, relating to license to teach dentistry; foreign dental program graduates; repeal sunset.

Be it enacted by the General Assembly of Virginia:

1. That the second enactment of Chapter 145 of the Acts of Assembly of 2022 is repealed.

CHAPTER 71

An Act to amend and reenact § 54.1-3410.2 of the Code of Virginia, relating to compounding drugs; exceptions for distribution within hospital or health system.

[S 1366]

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-3410.2 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3410.2. Compounding; pharmacists' authority to compound under certain conditions; labeling and record maintenance requirements.

A. A pharmacist may engage in compounding of drug products when the dispensing of such compounded products is (i) pursuant to valid prescriptions for specific patients and (ii) consistent with the provisions of § 54.1-3303 relating to the issuance of prescriptions and the dispensing of drugs.

Pharmacists shall label all compounded drug products that are dispensed pursuant to a prescription in accordance with this chapter and the Board's regulations, and shall include on the labeling an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding.

B. A pharmacist may also engage in compounding of drug products in anticipation of receipt of prescriptions based on a routine, regularly observed prescribing pattern.

Pharmacists shall label all products compounded prior to dispensing with (i) the name and strength of the compounded medication or a list of the active ingredients and strengths; (ii) the pharmacy's assigned control number that corresponds with the compounding record; (iii) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; and (iv) the quantity.

C. In accordance with the conditions set forth in subsections A and B, pharmacists shall not distribute compounded drug products for subsequent distribution or sale to other persons or to commercial entities, including distribution to pharmacies or other entities under common ownership or control with the facility in which such compounding takes place, *except for distribution within health systems under common ownership when the compounded drug products are administered only to patients within the hospital or health system*; however, a pharmacist may distribute to a veterinarian in accordance with federal law.

Compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed by a pharmacy to a veterinarian for further distribution or sale to his own patients shall be limited to drugs necessary to treat an emergent condition when timely access to a compounding pharmacy is not available as determined by the prescribing veterinarian.

A pharmacist may, however, deliver compounded products dispensed pursuant to valid prescriptions to alternate delivery locations pursuant to § 54.1-3420.2.

A pharmacist may provide a reasonable amount of compounded products to practitioners of medicine, osteopathy, podiatry, or dentistry to administer to their patients, either personally or under their direct and immediate supervision, if there is a critical need to treat an emergency condition, or as allowed by federal law or regulations. A pharmacist may also provide compounded products to practitioners of veterinary medicine for office-based administration to their patients.

Pharmacists who provide compounded products for office-based administration for treatment of an emergency condition or as allowed by federal law or regulations shall label all compounded products distributed to practitioners other than veterinarians for administration to their patients with (i) the statement "For Administering in Prescriber Practice Location Only"; (ii) the name and strength of the compounded medication or list of the active ingredients and strengths; (iii) the facility's control number; (iv) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (v) the name and address of the pharmacy; and (vi) the quantity.

Pharmacists shall label all compounded products for companion animals, as defined in regulations promulgated by the Board of Veterinary Medicine, and distributed to a veterinarian for either further distribution or sale to his own patient or administration to his own patient with (a) the name and strength of the compounded medication or list of the active ingredients and strengths; (b) the facility's control number; (c) an appropriate beyond-use date as determined by the pharmacist in compliance with USP-NF standards for pharmacy compounding; (d) the name and address of the pharmacy; and (e) the quantity.

D. Pharmacists shall personally perform or personally supervise the compounding process, which shall include a final check for accuracy and conformity to the formula of the product being prepared, correct ingredients and calculations, accurate and precise measurements, appropriate conditions and procedures, and appearance of the final product.

E. Pharmacists shall ensure compliance with USP-NF standards for both sterile and non-sterile compounding.

F. Pharmacists may use bulk drug substances in compounding when such bulk drug substances:

1. Comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph, if such monograph exists, and the United States Pharmacopoeia chapter on pharmacy compounding; or are drug substances that are components of drugs approved by the FDA for use in the United States; or are otherwise approved by the FDA; or are manufactured by an establishment that is registered by the FDA; and

2. Are distributed by a licensed wholesale distributor or registered nonresident wholesale distributor, or are distributed by a supplier otherwise approved by the Board and the FDA to distribute bulk drug substances if the pharmacist can establish purity and safety by reasonable means, such as lot analysis, manufacturer reputation, or reliability of the source.

G. Pharmacists may compound using ingredients that are not considered drug products in accordance with the USP-NF standards and guidance on pharmacy compounding.

H. Pharmacists shall not engage in the following:

1. The compounding for human use of a drug product that has been withdrawn or removed from the market by the FDA because such drug product or a component of such drug product has been found to be unsafe. However, this prohibition shall be limited to the scope of the FDA withdrawal;

2. The regular compounding or the compounding of inordinate amounts of any drug products that are essentially copies of commercially available drug products. However, this prohibition shall not include (i) the compounding of any commercially available product when there is a change in the product ordered by the prescriber for an individual patient, (ii) the compounding of a commercially manufactured drug only during times when the product is not available from the manufacturer or supplier, (iii) the compounding of a commercially manufactured drug whose manufacturer has notified the FDA that the drug is unavailable due to a current drug shortage, (iv) the compounding of a commercially manufactured drug when the prescriber has indicated in the oral or written prescription for an individual patient that there is an emergent need for a drug that is not readily available within the time medically necessary, or (v) the mixing of two or more commercially available products regardless of whether the end product is a commercially available product; or

3. The compounding of inordinate amounts of any preparation in cases in which there is no observed historical pattern of prescriptions and dispensing to support an expectation of receiving a valid prescription for the preparation. The compounding of an inordinate amount of a preparation in such cases shall constitute manufacturing of drugs.

I. Pharmacists shall maintain records of all compounded drug products as part of the prescription, formula record, formula book, or other log or record. Records may be maintained electronically, manually, in a combination of both, or by any other readily retrievable method.

1. In addition to other requirements for prescription records, records for products compounded pursuant to a prescription order for a single patient where only manufacturers' finished products are used as components shall include the name and quantity of all components, the date of compounding and dispensing, the prescription number or other identifier of the prescription order, the total quantity of finished product, the signature or initials of the pharmacist or pharmacy technician performing the compounding, and the signature or initials of the pharmacist responsible for supervising the pharmacy technician and verifying the accuracy and integrity of compounded products.

2. In addition to the requirements of subdivision I 1, records for products compounded in bulk or batch in advance of dispensing or when bulk drug substances are used shall include: the generic name and the name of the manufacturer of each component or the brand name of each component; the manufacturer's lot number and expiration date for each component or when the original manufacturer's lot number and expiration date are unknown, the source of acquisition of the component; the assigned lot number if subdivided, the unit or package size and the number of units or packages prepared; and the beyond-use date. The criteria for establishing the beyond-use date shall be available for inspection by the Board.

3. A complete compounding formula listing all procedures, necessary equipment, necessary environmental considerations, and other factors in detail shall be maintained where such instructions are necessary to replicate a compounded product or where the compounding is difficult or complex and must be done by a certain process in order to ensure the integrity of the finished product.

4. A formal written quality assurance plan shall be maintained that describes specific monitoring and evaluation of compounding activities in accordance with USP-NF standards. Records shall be maintained showing compliance with monitoring and evaluation requirements of the plan to include training and initial and periodic competence assessment of personnel involved in compounding, monitoring of environmental controls and equipment calibration, and any end-product testing, if applicable.

J. Practitioners who may lawfully compound drugs for administering or dispensing to their own patients pursuant to §§ 54.1-3301, 54.1-3304, and 54.1-3304.1 shall comply with all provisions of this section and the relevant Board regulations.

K. Every pharmacist-in-charge or owner of a permitted pharmacy or a registered nonresident pharmacy engaging in sterile compounding shall notify the Board of its intention to dispense or otherwise deliver a sterile compounded drug product into the Commonwealth. Upon renewal of its permit or registration, a pharmacy or nonresident pharmacy shall notify the Board of its intention to continue dispensing or otherwise delivering sterile compounded drug products into the Commonwealth. Failure to provide notification to the Board shall constitute a violation of Chapter 33 (§ 54.1-3300 et seq.) or Chapter 34 (§ 54.1-3400 et seq.). The Board shall maintain this information in a manner that will allow the production of a list identifying all such sterile compounding pharmacies.

These funds shall be paid annually to the Social Butterflies Foundation and used to support its operation and programs in Virginia. In the event counsel is appointed to defend an indigent charged with any other felony, such counsel shall receive compensation as provided in this paragraph for defending such a felony, regardless of whether the charge is reduced or amended to a misdemeanor or lesser felony prior to final disposition of the case in either the district court or circuit court.

Counsel appointed to represent an indigent accused in a criminal case, who are not public defenders, may request an additional waiver exceeding the amounts provided for in this section. The request for any additional amount shall be submitted to the presiding judge, in writing, with a detailed accounting of the time spent and the justification for the additional amount. The presiding judge shall determine, subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, whether the request for an additional amount is justified in whole or in part, by considering the effort expended and the time reasonably necessary for the particular representation, and, if so, shall forward the request as approved to the chief judge of the circuit court or district court for approval. If the presiding judge determines that the request for an additional amount is not justified in whole or in part, such presiding judge shall provide to the requesting attorney, in writing, the reasons for such determination and shall, if such request has been approved in part, include a copy of such writing when forwarding the request as approved to the chief judge of the circuit court or district court for approval. If the chief judge of the circuit court or district court, upon review of the request as approved, determines, subject to the guidelines issued by the Executive Secretary of the Supreme Court of Virginia, that any part of the request for an additional amount is not justified, such chief judge shall provide to the requesting attorney and to the presiding judge, in writing, the reason for such determination.

If at any time the funds appropriated to pay for waivers under this section become insufficient, the Executive Secretary of the Supreme Court of Virginia shall so certify to the courts and no further waivers shall be approved.

The circuit or district court shall direct the payment of such reasonable expenses incurred by such court-appointed counsel as it deems appropriate under the circumstances of the case. Counsel appointed by the court to represent an indigent charged with repeated violations of the same section of the Code of Virginia, with each of such violations arising out of the same incident, occurrence, or transaction, shall be compensated in an amount not to exceed the fee prescribed for the defense of a single charge, if such offenses are tried as part of the same judicial proceeding. The trial judge shall consider any guidelines established by the Supreme Court but shall have the sole discretion to fix the amount of compensation to be paid counsel appointed by the court to defend a felony charge that is punishable as a Class 1 felony.

The circuit or district court shall direct that the foregoing payments shall be paid out by the Commonwealth, if the defendant is charged with a violation of a statute, or by the county, city, or town, if the defendant is charged with a violation of a county, city, or town ordinance, to the attorney so appointed to defend such person as compensation for such defense.

Counsel representing a defendant charged with a Class 1 felony may submit to the court, on a monthly basis, a statement of all costs incurred and fees charged by him in the case during that month. Whenever the total charges as are deemed reasonable by the court for which payment has not previously been made or requested exceed $1,000, the court may direct that payment be made as otherwise provided in this section.

When such directive is entered upon the order book of the court, the Commonwealth, county, city, or town, as the case may be, shall provide for the payment out of its treasury of the sum of money so specified. If the defendant is convicted, the amount allowed by the court to the attorney appointed to defend him shall be taxed against the defendant as a part of the costs of prosecution and, if collected, the same shall be paid to the Commonwealth, or the county, city, or town, as the case may be. In the event that counsel for the defendant requests a waiver of the limitations on compensation, the court shall assess against the defendant an amount equal to the pre-waiver compensation limit specified in this section for each charge for which the defendant was convicted. An abstract of such costs shall be docketed in the judgment docket and execution lien book maintained by such court. Notwithstanding any provision to the contrary, no person found indigent pursuant to § 19.2-159 *who is represented by either a public defender or court-appointed counsel* shall have fees assessed against him ~~for any amount paid~~ for his legal representation pursuant to this ~~article~~ *chapter* in an amount greater than the amount such defendant would have owed if the assessment took place on or before June 30, 2024.

Any statement submitted by an attorney for payments due him for indigent representation or for representation of a child pursuant to § 16.1-266 shall, after the submission of the statement, be forwarded forthwith by the clerk to the Commonwealth, county, city, or town, as the case may be, responsible for payment. Notwithstanding any provision to the contrary, if the court has determined such child's parents or other persons responsible for his care to be indigent pursuant to § 19.2-159 *and such child was represented by either a public defender or court-appointed counsel*, no fee shall be taxed by the clerk against any such child in an amount greater than the amount the clerk would have taxed against such child if the assessment took place on or before June 30, 2024.

For the purposes of this section, the defense of a case may be considered conducted through to its conclusion and an appointed counsel entitled to compensation for his services in the event an indigent accused fails to appear in court subject to a capias for his arrest or a show cause summons for his failure to appear and remains a fugitive from justice for one year following the issuance of the capias or the summons to show cause, and appointed counsel has appeared at a hearing on behalf of the accused.

Effective July 1, 2007, the Executive Secretary of the Supreme Court of Virginia shall track and report the number and category of offenses charged involving adult and juvenile offenders in cases in which court-appointed counsel is assigned. The Executive Secretary shall also track and report the amounts paid by waiver above the initial cap to court-appointed counsel. The Executive Secretary shall provide these reports to the Governor, members of the House Committee on Appropriations, and members of the Senate Committee on Finance and Appropriations on a quarterly basis.

The Commissioner may require a school to use certificate forms provided by the Department to show completion of a course. The Commissioner may limit the number of certificate forms provided to a driver training school based upon criteria established by the Department, including the number of licensed instructors, the number of vehicles used by the school, and the types of courses taught by the school. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses, including the parent/student driver education component of the driver education curriculum as established in § 22.1-205. The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component of the driver education curriculum pursuant to § 22.1-205. Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public schools and emphasizes

(a) parental responsibilities regarding juvenile driver behavior, (b) juvenile driving restrictions pursuant to this Code, (c) the dangers of driving while intoxicated and underage consumption of alcohol, and (d) the dangers of distracted driving.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer behind-the-wheel examinations unless authorized pursuant to § 46.2-326.1. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

In addition to programs authorized pursuant to this chapter, the Commissioner may authorize driver training schools to administer programs pursuant to § 46.2-324.1 and subsection B of § 46.2-325.

The Commissioner may accept, in lieu of requirements established by the Department of Education for instructor qualification, (1) 20 years' service with the Virginia Department of State Police by a law-enforcement officer who retired or resigned while in good standing from such Department or ~~(2)(i)~~ *(2) (i)* 20 years' service as a traffic enforcement officer with patrol experience with any local police department by a law-enforcement officer who has been certified by the Virginia Department of Criminal Justice Services pursuant to § 15.2-1706, (ii) who retired or resigned while in good standing from such department, and (iii) who has been certified to teach driver training by the Virginia Department of Criminal Justice Services.

§ 46.2-1703. Authority to promulgate regulations.

The Commissioner may promulgate regulations necessary to (i) enforce the provisions of this chapter, (ii) provide adequate training for students, (iii) protect student and public safety, and (iv) carry out the other provisions of this chapter. These regulations ~~shall~~ *may* include ~~but need not be limited to~~ curriculum requirements, contractual arrangements with students, obligations to students, facilities and equipment, qualifications and other requirements for instructors, *driver training* school ~~ownership~~ *owner or manager* requirements, surety bond requirements, and financial stability of schools.

§ 46.2-1704. Action on applications; hearing on denial.

The Commissioner shall act on any application for a license under this chapter within ~~thirty~~ *30* days after receipt by either granting or denying the application. *The Commissioner shall deny an application when it does not satisfy the requirements of this chapter and any regulations promulgated pursuant to § 46.2-1703, or when the applicant has committed an act prohibited pursuant to subsection A of § 46.2-1707. The Commissioner may deny an application when the applicant was previously granted a license pursuant to § 46.2-1701 and such license was revoked or suspended.* Any applicant denied a license shall, on his written request made within ~~thirty~~ *30* days *of the denial*, be given a hearing at a time and place determined by the Commissioner or his designee. All hearings under this section shall be public and shall be held promptly. The applicant may be represented by counsel. Any applicant denied a license may not apply again for a license for ~~thirty~~ *60* days from the date of denial of the application. *The Commissioner or his designee may, for good cause shown, grant an applicant whose license has expired one or more 30-day extensions.*

§ 46.2-1705. Suspension, revocation, cancellation, or refusal to renew license; limitations on operations; imposition of monetary penalties.

A. Except as otherwise provided in this section, *(i)* no license issued under this chapter shall be suspended, revoked, or cancelled or renewal thereof denied~~,~~*; (ii)* no limitation on operations shall be imposed pursuant to subsection F ~~of this section,~~ and *(iii)* no monetary penalty shall be imposed pursuant to § 46.2-1706, unless the licensee has been furnished a written copy of the complaint against him ~~and~~ *with* the grounds upon which the action is taken and has been offered an opportunity for an administrative hearing to show cause why such action should not be taken.

B. The order suspending, revoking, cancelling, or denying renewal of a license, imposing a limitation on operation, or imposing a monetary penalty, except as otherwise provided in subsection E ~~of this section~~, shall not become effective until the licensee has had 30 days after notice of the opportunity for a hearing to make a written request for such a hearing. If no hearing has been requested within such 30-day period, the order shall become effective and no hearing shall thereafter be held. A timely request for a hearing shall automatically stay operation of the order until after the hearing.

C. Notice of an order suspending, revoking, cancelling or denying renewal of a license, imposing a limitation on operation, or imposing a monetary penalty and advising the licensee of the opportunity for a hearing shall be mailed to the licensee by registered mail to the school address as shown on the licensee's most recent application for license and shall be considered served when mailed.

D. ~~No~~ *A* licensee whose license has been revoked ~~or cancelled or~~ *may reapply for a license after a period to be determined by the Commissioner, not to exceed five years, considering (i) the number and severity of current violations, (ii) the number and severity of past violations, (iii) any past revocations or suspensions, (iv) highway safety concerns, and (v) public safety concerns. No licensee* who has been denied renewal shall apply for a new license within 180 days of such action.

E. Notwithstanding the provisions of subsection B ~~of this section~~, an order suspending, revoking, cancelling, or denying renewal of an instructor license shall be effective immediately if the order is based upon a finding by the Commissioner (i) that the instructor's driving record is such that he is not presently qualified to act as an instructor or (ii) that he is otherwise a danger to the safety of his students or the public. Such finding by the Commissioner shall be based on records of driver's license suspension or revocation, upon records of conviction of serious motor vehicle related offenses punishable as a misdemeanor or felony including driving under the influence or reckless driving, and upon such other criteria as the Commissioner may establish by regulation.

Notice of the order of suspension, revocation, cancellation, or denial shall be in writing and mailed in accordance with subsection C. Upon receipt of a request for a hearing appealing the suspension, revocation, cancellation, or denial, the licensee shall be afforded the opportunity for a hearing as soon as practicable, but in no case later than 30 days from receipt of the hearing request. The order shall remain in effect pending the outcome of the hearing.

F. If the Commissioner makes a finding that the conduct of a licensee is in violation of this chapter or regulations adopted pursuant to this chapter, he may suspend, revoke, cancel, or refuse to renew the license of such licensee or may order the licensee, in accordance with subsections A, B, and C ~~of this section~~, to limit the types of driver education training provided, restrict the use of the licensee's training vehicles, or both. Whenever the Commissioner takes action limiting operations under this subsection, the Commissioner shall require the licensee to post conspicuous notice of the Commissioner's action under this subsection at the same location as the licensee's license was issued under this chapter, as soon as the Commissioner's order becomes effective. Orders of the Commissioner limiting operations and requiring posting of notices shall remain in effect until (i) the time period for the limitations or restriction has expired and the Commissioner makes a finding that the violations causing the imposition of such limitations or restrictions have been remedied by the licensee or (ii) the Commissioner's order is lifted as the result of an appeal under § 46.2-1704 or by a court of competent jurisdiction.

No investigation of a licensee, driver training school owner, or employee of a driver training school shall terminate or abate upon the surrender of a license required pursuant to § 46.2-1701, nor shall any such surrender impair the Commissioner's ability to impose any sanction or remedy authorized pursuant to this chapter.

G. If the Commissioner makes a finding, after conducting a preliminary investigation, that the conduct of a licensee (i) is in violation of this chapter or regulations adopted pursuant to this chapter and (ii) such violation constitutes a danger to public safety, the Commissioner may issue an order suspending the licensee's license to operate a driver training school. Notice of the suspension shall be in writing and mailed in accordance with subsection C ~~of this section~~. Upon receipt of a request for a hearing appealing the suspension, the licensee shall be afforded the opportunity for a hearing as soon as practicable, but in no case later than 30 days from receipt of the hearing request. The suspension shall remain in effect pending the outcome of the hearing.

H. The Commissioner may suspend, revoke, or refuse to renew any license issued pursuant to this chapter for any conduct prohibited pursuant to § 46.2-1707.

Such proceedings shall be brought in the name of the Commonwealth in the circuit court of the city or county in which the unlawful act occurred or in which the defendant resides.

§ 58.1-2405. Basis of tax.

A. In the case of the sale or use of a motor vehicle upon which the pricing information is required by federal law to be posted, the Commissioner may collect the tax upon the basis of the total sale price shown on such document; however, if the

Commissioner is satisfied that the purchaser has paid less than such price, by such evidence as the Commissioner may require, he may assess and collect the tax upon the basis of the sale price so found by him. In no case shall such lesser price include credits for trade-in or any other transaction of such nature.

B. In using a recognized pricing guide, the Commissioner shall use the trade-in value specified in such guide, with no additions for optional equipment or subtractions for mileage, so long as uniformly applied for all types of motor vehicles. In no case shall any credit be allowed for trade-in, prior rental, or any other transaction of like nature.

Under the Uniform Real Property Transfer on Death Act, an instrument is effective to revoke a recorded transfer on death deed, or any part of it, only if the instrument:

1. Is one of the following:

a. A transfer on death deed that revokes the transfer on death deed or part of the transfer on death deed expressly;

b. A transfer on death deed that names a designated beneficiary that is inconsistent with the designated beneficiary in a prior transfer on death deed;

d. An inter vivos deed that ~~expressly revokes the transfer on death deed or part of the transfer on death deed~~ *conveys real property to another so the transferor is no longer the owner at the time of the transferor's death.*

2. Is acknowledged by the transferor after the acknowledgment of the transfer on death deed being revoked and recorded before the transferor's death in the land records of the clerk's office of the circuit court where the deed is recorded.

After this transfer on death deed is recorded, it can be revoked only by an effective revocatory instrument recorded prior to the death of the transferor and may not be revoked by a revocatory act taken against or on the original or a copy of the recorded transfer on death deed.

The execution and recordation of this transfer on death deed does not limit the effect of an inter vivos transfer of the property.

Upon submission to the court, for which appointed representation is provided, of a detailed accounting of the time expended for that representation, made within 30 days of the completion of all proceedings in that court, counsel appointed to represent an indigent accused in a criminal case shall be compensated for his services on an hourly basis at a rate set by the Supreme Court of Virginia in a total amount not to exceed the amounts specified in this section, or other such amount as may be provided by law. Such amounts shall be allowed in any case wherein counsel conducts the defense of a single charge against the indigent accused through to its conclusion or a charge of violation of probation at any hearing conducted under § 19.2-306; thereafter, compensation for additional charges against the same accused also conducted by the same counsel shall be allowed on the basis of additional time expended as to such additional charges:

limitation, the court in its discretion and subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia may waive the limitation of fees provided under clause (i) or (ii) up to an additional $120 when the effort expended, the time reasonably necessary for the particular representation, the novelty and difficulty of the issues, or other circumstances warrant such a waiver;

2. 3. For a juvenile charge in a district court, (i) a sum not to exceed $680 or (ii) for a charge of violation of probation for any offense, a sum not to exceed $180, provided that, notwithstanding the foregoing limitation, the court in its discretion and subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia may waive the limitation of fees provided under clause (i) or (ii) up to (a) an additional $120 or (b) an additional $650 for an offense that would be a felony if committed by an adult that may be punishable by confinement in the state correctional facility for a period of more than 20 years or a charge of violation of probation for such offense when the effort expended, the time reasonably necessary for the particular representation, the novelty and difficulty of the issues, or other circumstances warrant such a waiver;

4. In a circuit court (i) to defend a Class 1 felony charge, compensation for each appointed attorney in an amount deemed reasonable by the court; (ii) to defend a felony charge that may be punishable by confinement in the state correctional facility for a period of more than 20 years or any felony violation of § 18.2-35, 18.2-36, 18.2-36.1, 18.2-41, 18.2-51, 18.2-67.3, 18.2-79, 18.2-80, 18.2-370, 18.2-370.1, or 18.2-371.1, a sum not to exceed $1,692, provided that, notwithstanding the foregoing limitation, the court in its discretion and subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia may waive the limitation of fees up to an additional $850 when the effort expended, the time reasonably necessary for the particular representation, the novelty and difficulty of the issues, or other circumstances warrant such a waiver; (iii) to defend any other felony charge, except those described in clause (i) or (ii), a sum not to exceed $834, provided that, notwithstanding the foregoing limitation, the court in its discretion and subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia may waive the limitation of fees up to an additional $155 when the effort expended, the time reasonably necessary for the particular representation, the novelty and difficulty of the issues, or other circumstances warrant such a waiver; (iv) for a charge of violation of probation for any felony offense, except Class 1 felonies, a sum not to exceed $445, provided that, notwithstanding the foregoing limitation, the court in its discretion and subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia may waive the limitation of fees up to (a) an additional $850 for a charge of violation of probation for any felony described in clause (ii) or (b) an additional $155 for a charge of violation of probation of any other felony when the effort expended, the time reasonably necessary for the particular representation, the novelty and difficulty of the issues, or other circumstances warrant such a waiver; (v) to defend a misdemeanor violation of § 18.2-266, 18.2-266.1, 18.2-270, or 46.2-341.24, a sum not to exceed $448 and to defend any other misdemeanor charge punishable by confinement in jail, a sum not to exceed $330; (vi) for a charge of violation of probation for any misdemeanor offense, a sum not to exceed $180; (vii) for a juvenile adjudication appealed from a district court, a sum not to exceed $680; or (viii) for a charge of violation of probation for any juvenile adjudication appealed from a district court, a sum not to exceed $180. In the event any case is required to be retried due to a mistrial for any cause or reversed on appeal, the court may allow an additional fee for each case in an amount not to exceed the amounts allowable in the initial trial. In the event counsel is appointed to defend an indigent charged with a felony that is punishable as a Class 1 felony, each attorney appointed shall continue to receive compensation as provided in this paragraph for defending such a felony, regardless of whether the charge is reduced or amended to a lesser felony, prior to final disposition of the case. In the event counsel is appointed to defend an indigent charged with any other felony, such counsel shall receive compensation as provided in this paragraph for defending such a felony, regardless of whether the charge is reduced or amended to a misdemeanor or lesser felony prior to final disposition of the case in either the district court or circuit court.

Counsel appointed to represent an indigent accused in a criminal case, who are not public defenders, may request an additional waiver exceeding the amounts provided for in this section. The request for any additional amount shall be submitted to the presiding judge, in writing, with a detailed accounting of the time spent and the justification for the additional amount. The presiding judge shall determine, subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, whether the request for an additional amount is justified in whole or in part, by considering the effort expended and the time reasonably necessary for the particular representation, and, if so, shall forward the request as approved to the chief judge of the circuit court or district court for approval. If the presiding judge determines that the request for an additional amount is not justified in whole or in part, such presiding judge shall provide to the requesting attorney, in writing, the reasons for such determination and shall, if such request has been approved in part, include a copy of such writing when forwarding the request as approved to the chief judge of the circuit court or district court for approval. If the chief judge of the circuit court or district court, upon review of the request as approved, determines, subject to the guidelines issued by the Executive Secretary of the Supreme Court of Virginia, that any part of the request for an additional amount is not justified, such chief judge shall provide to the requesting attorney and to the presiding judge, in writing, the reason for such determination.

If at any time the funds appropriated to pay for waivers under this section become insufficient, the Executive Secretary of the Supreme Court of Virginia shall so certify to the courts and no further waivers shall be approved.

The circuit or district court shall direct the payment of such reasonable expenses incurred by such court-appointed counsel as it deems appropriate under the circumstances of the case. Counsel appointed by the court to represent an indigent charged with repeated violations of the same section of the Code of Virginia, with each of such violations arising out of the same incident, occurrence, or transaction, shall be compensated in an amount not to exceed the fee prescribed for the defense of a single charge, if such offenses are tried as part of the same judicial proceeding. The trial judge shall consider any guidelines established by the Supreme Court but shall have the sole discretion to fix the amount of compensation to be paid counsel appointed by the court to defend a felony charge that is punishable as a Class 1 felony.

The circuit or district court shall direct that the foregoing payments shall be paid out by the Commonwealth, if the defendant is charged with a violation of a statute, or by the county, city, or town, if the defendant is charged with a violation of a county, city, or town ordinance, to the attorney so appointed to defend such person as compensation for such defense.

Counsel representing a defendant charged with a Class 1 felony may submit to the court, on a monthly basis, a statement of all costs incurred and fees charged by him in the case during that month. Whenever the total charges as are deemed reasonable by the court for which payment has not previously been made or requested exceed $1,000, the court may direct that payment be made as otherwise provided in this section.

When such directive is entered upon the order book of the court, the Commonwealth, county, city, or town, as the case may be, shall provide for the payment out of its treasury of the sum of money so specified. If the defendant is convicted, the amount allowed by the court to the attorney appointed to defend him shall be taxed against the defendant as a part of the costs of prosecution and, if collected, the same shall be paid to the Commonwealth, or the county, city, or town, as the case may be. In the event that counsel for the defendant requests a waiver of the limitations on compensation, the court shall assess against the defendant an amount equal to the pre-waiver compensation limit specified in this section for each charge for which the defendant was convicted. An abstract of such costs shall be docketed in the judgment docket and execution lien book maintained by such court. Notwithstanding any provision to the contrary, no person found indigent pursuant to § 19.2-159 *who is represented by either a public defender or court-appointed counsel* shall have fees assessed against him ~~for any amount paid~~ for his legal representation pursuant to this ~~article~~ *chapter* in an amount greater than the amount such defendant would have owed if the assessment took place on or before June 30, 2024.

Any statement submitted by an attorney for payments due him for indigent representation or for representation of a child pursuant to § 16.1-266 shall, after the submission of the statement, be forwarded forthwith by the clerk to the Commonwealth, county, city, or town, as the case may be, responsible for payment. [H 2503]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 1-600 through 1-603, 1-605, 1-606, 1-608, and 45.2-542 of the Code of Virginia are amended and reenacted as follows:

§ 1-600. Virginia coordinate systems designated.

The systems of plane coordinates that have been established by the National Ocean Service/National Geodetic Survey or its successors for defining and stating the positions or locations of points on the surface of the earth within the Commonwealth are to be known and designated as the "Virginia Coordinate System of 1927*,*" ~~and~~ the "Virginia Coordinate System of 1983*," and the "Virginia Coordinate System of 2022*."

§ 1-601. North and South Zones.

For the purpose of the use of the Virginia Coordinate System of 1927 ~~and~~, the Virginia Coordinate System of 1983, *and the Virginia Coordinate System of 2022,* the Commonwealth is divided into a "North Zone" and a "South Zone."

The area now included in the following counties and cities shall constitute the North Zone: Arlington, Augusta, Bath, Caroline, Clarke, Culpeper, Fairfax, Fauquier, Frederick, Greene, Highland, King George, Loudoun, Madison, Orange, Page, Prince William, Rappahannock, Rockingham, Shenandoah, Spotsylvania, Stafford, Warren, and Westmoreland Counties and the Cities of Alexandria, Fairfax, Falls Church, Fredericksburg, Harrisonburg, Manassas, Manassas Park, Staunton, Waynesboro, and Winchester.

The area now included in the following counties and cities shall constitute the South Zone: Accomack, Albemarle, Alleghany, Amelia, Amherst, Appomattox, Bedford, Bland, Botetourt, Brunswick, Buchanan, Buckingham, Campbell, Carroll, Charles City, Charlotte, Chesterfield, Craig, Cumberland, Dickenson, Dinwiddie, Essex, Floyd, Fluvanna, Franklin, Giles, Gloucester, Goochland, Grayson, Greensville, Halifax, Hanover, Henrico, Henry, Isle of Wight, James City, King and Queen, King William, Lancaster, Lee, Louisa, Lunenburg, Mathews, Mecklenburg, Middlesex, Montgomery, Nelson,

New Kent, Northampton, Northumberland, Nottoway, Patrick, Pittsylvania, Powhatan, Prince Edward, Prince George, Pulaski, Richmond, Roanoke, Rockbridge, Russell, Scott, Smyth, Southampton, Surry, Sussex, Tazewell, Washington, Wise, Wythe, and York Counties and the Cities of Bristol, Buena Vista, Charlottesville, Chesapeake, Colonial Heights, Covington, Danville, Emporia, Franklin, Galax, Hampton, Hopewell, Lexington, Lynchburg, Martinsville, Newport News, Norfolk, Norton, Petersburg, Poquoson, Portsmouth, Radford, Richmond, Roanoke, Salem, Suffolk, Virginia Beach, and Williamsburg.

§ 1-602. Designation of systems in land description.

A. As established for use in the North Zone, the Virginia Coordinate System of 1927 ~~or~~, the Virginia Coordinate System of 1983*, or the Virginia Coordinate System of 2022* shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, North Zone," ~~or~~ "Virginia Coordinate System of 1983, North Zone*," or "Virginia Coordinate System of 2022, North Zone*."

B. As established for use in the South Zone, the Virginia Coordinate System of 1927 ~~or~~, the Virginia Coordinate System of 1983*, or the Virginia Coordinate System of 2022* shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, South Zone," ~~or~~ "Virginia Coordinate System of 1983, South Zone*," or "Virginia Coordinate System of 2022, South Zone*."

§ 1-603. Plane coordinates used in systems.

The plane coordinates of a point on the earth's surface, to be used in expressing the position or location of such point in the appropriate zone of these systems, shall be expressed in ~~U.S. survey~~ *international* feet and decimals of a foot. One of these distances, to be known as the "x-coordinate," shall give the position in an east-and-west direction; the other, to be known as the "y-coordinate," shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to the coordinate values for the monumented points of the North American Horizontal Geodetic Control Network as published by the National Ocean Service/National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in this chapter. Any such station may be used for establishing a survey connection to either Virginia coordinate system.

When converting coordinates in the Virginia Coordinate System of 1983 *or the Virginia Coordinate System of 2022* from meters and decimals of a meter to feet and decimals of a foot, the ~~U.S. survey~~ *International* foot conversion factor (one foot equals ~~1200/3937~~ *0.3048* meters) shall be used. ~~This requirement does not preclude the continued use of the International foot conversion factor (one foot equals 0.3048 meters) in those counties and cities where this factor was in use prior to July 1, 1992.~~ The plat or plan shall contain a statement of the conversion factor used and the coordinate values of a minimum of two project points in feet.

§ 1-605. Definition of systems by National Ocean Service/National Geodetic Survey; adopted.

A. For purposes of more precisely defining the Virginia Coordinate System of 1927, the following definition by the National Ocean Service/National Geodetic Survey is adopted:

The Board of Housing and Community Development is hereby empowered to adopt and promulgate a Statewide Fire Prevention Code which shall be cooperatively developed with the Fire Services Board pursuant to procedures agreed to by the two Boards. The Fire Prevention Code shall prescribe regulations to be complied with for the protection of life and property from the hazards of fire or explosion and for the handling, storage, sale, and use of fireworks, explosives, or blasting agents, and shall provide for the administration and enforcement of such regulations. The Fire Prevention Code shall require manufacturers of fireworks or explosives, as defined in the Code, to register and report information concerning their manufacturing facilities and methods of operation within the Commonwealth in accordance with regulations adopted by the Board. In addition to conducting criminal background checks pursuant to § 27-97.2, the Board shall also establish regulations for obtaining permits for the manufacturing, storage, handling, use, or sales of fireworks or explosives. In the

enforcement of such regulations, the enforcing agency may issue annual permits for such activities to any state regulated public utility. Such permits shall not apply to the storage, handling, or use of explosives or blasting agents pursuant to the provisions of Title 45.2.

The Fire Prevention Code shall prohibit any person, firm, or corporation from transporting, manufacturing, storing, selling, offering for sale, exposing for sale, or buying, using, igniting, or exploding any fireworks except for those persons, firms, or corporations that manufacture, store, market and distribute fireworks for the sole purpose of fireworks displays permitted by an enforcement agency or by any locality.

The Fire Prevention Code shall supersede fire prevention regulations heretofore adopted by local governments or other political subdivisions. Local governments are hereby empowered to adopt fire prevention regulations that are more restrictive or more extensive in scope than the Fire Prevention Code provided such regulations do not affect the manner of construction, or materials to be used in the erection, alteration, repair, or use of a building or structure, including the voluntary installation of smoke alarms and regulation and inspections thereof in commercial buildings where such smoke alarms are not required under the provisions of the Code. The Fire Prevention Code shall prohibit any person not certified by the State Fire Marshal's Office as a fireworks operator or pyrotechnician to design, set up, or conduct or supervise the design, setup, or conducting of any fireworks display, either inside a building or structure or outdoors and shall require that at least one person holding a valid certification is present at the site where the fireworks display is being conducted. In formulating the Fire Prevention Code, the Board shall have due regard for generally accepted standards as recommended by nationally recognized organizations including, but not limited to, standards of the International Code Council, the National Fire Protection Association, and recognized organizations issuing standards for the protection of the public from the hazards of explosives and blasting agents. Such standards shall be based on the companion document to the model building code referenced by the Uniform Statewide Building Code.

The drills shall be conducted by building staff personnel or the owner of the building in accordance with a plan approved by the appropriate fire official and shall not affect other current occupants. The Board may modify, amend, or repeal any Code provisions as the public interest requires. Any such Code changes shall be developed in cooperation with the Fire Services Board pursuant to procedures agreed to by the two Boards.

The Fire Prevention Code shall prohibit the offering or sale to the public of unsafe lighters or counterfeit lighters regardless of whether such offering or sale is conducted on a retail basis or wholesale basis; however, the Fire Prevention Code shall not prohibit (i) the interstate transportation of counterfeit lighters or unsafe lighters through the Commonwealth or (ii) the storage of counterfeit lighters or unsafe lighters in any distribution center or warehouse located in the Commonwealth, if such distribution center or warehouse is closed to the public and does not distribute or sell such lighters to the public.

CHAPTER 100

An Act to amend and reenact §§ 15.2-2259 and 15.2-2260 of the Code of Virginia, relating to subdivision ordinance; local approvals.

[H 2660]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 15.2-2259 and 15.2-2260 of the Code of Virginia are amended and reenacted:

§ 15.2-2259. Local planning commission to act on proposed plat.

A. 1. Except as otherwise provided in subdivisions 2 and 3, the local planning commission or other agent shall act on any proposed plat within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The Commission or agent shall thoroughly review the plat and shall make a good faith effort to identify all deficiencies, if any, with the initial submission. However, if approval of

a feature or features of the plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat to the appropriate state agency or agencies for review within ~~10~~ ~~business~~ *five business* days of receipt of such plat. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be ~~contained~~ *provided to the applicant* either in a separate document or on the plat itself~~. The reasons for disapproval~~ *and* shall *(i)* identify *all* deficiencies in the plat that ~~cause~~ *caused* the disapproval by ~~reference to~~ *referencing* specific duly adopted ordinances, regulations, or policies and ~~shall~~ *(ii)* identify *all* modifications or corrections as will permit approval of the plat. The local planning commission or other agent shall act on any proposed plat that it has previously disapproved within 45 days after the plat has been ~~modified, corrected and~~ resubmitted for approval.

2. The approval of plats, site plans, and plans of development solely involving parcels of commercial or residential real estate by a local planning commission or other agent shall be governed by subdivision 3 and subsections B, C, and D. For the purposes of this section, the term "commercial" means all real property used for commercial or industrial uses, and the term "residential" means all real property used for single-family or multifamily use.

3. The local planning commission or other agent shall act on any proposed plat, site plan or plan of development within ~~60~~ *40* days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The local planning commission or other agent shall not delay the official submission of any proposed plat, site plan, or plan of development by requiring presubmission conferences, meetings, or reviews. The Commission or agent shall thoroughly review the plat or plan and shall in good faith identify, to the greatest extent practicable, all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat or plan by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat or plan to the appropriate state agency or agencies for review within ~~10~~ ~~business~~ *five business* days of receipt of such plat or plan. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be ~~contained~~ *provided to the applicant* either in a separate document or on the plat or plan itself~~. The reasons for disapproval~~ *and* shall *(i)* identify *all* deficiencies in the plat or plan that caused the disapproval by ~~reference to~~ *referencing* specific duly adopted ordinances, regulations, or policies and ~~shall~~ *(ii)* identify, to the greatest extent practicable, modifications or corrections that will permit approval of the plat or plan.

In the review of a resubmitted proposed plat, site plan or plan of development that has been previously disapproved, the local planning commission or other agent shall consider only deficiencies ~~it had~~ identified in its review of the initial submission of the plat or plan that have not been corrected in such resubmission and any deficiencies that arise as a result of the corrections made to address deficiencies identified in the initial submission. In the review of the resubmission of a plat or plan, the local planning commission or other agent shall *(i)* identify all deficiencies with the proposed plat or plan that caused the disapproval by ~~reference to~~ *referencing* specific duly adopted ordinances, regulations, or policies and ~~shall~~ *(ii)* identify *all* modifications or corrections that will permit approval of the plat or plan. Upon the second resubmission of such disapproved plat or plan, the local planning commission or other agent's review shall be limited solely to the previously identified deficiencies that caused its disapproval.

All deficiencies identified during a third or subsequent resubmission of any plat, site plan, or plan of development shall be provided concurrently to the applicant and the director of planning or the equivalent official having supervisory authority over the agent. Within 14 days of receipt, such director or equivalent official shall either:

1. Approve the plat, site plan, or plan of development as submitted;

2. Permit the applicant to address any deficiencies deemed minor by the director or equivalent official, and resubmit the plat, site plan, or plan of development for administrative approval. The director or equivalent official shall complete the administrative approval within seven days of receipt of the resubmission; or

3. Disapprove the resubmission, and identify all deficiencies that caused the disapproval by referencing specific duly adopted ordinances, regulations, or policies and identify all modifications or corrections that will permit approval of the plat, site plan, or plan of development.

The local planning commission or other agent shall act on any proposed plat, site plan or plan of development that it has previously disapproved within ~~45~~ *30* days after the plat or plan has been modified, corrected and resubmitted for approval. The failure of a local planning commission or other agent to approve or disapprove a resubmitted plat or plan within the time periods required by this section shall cause the plat or plan to be deemed approved. *Notwithstanding any other provision of this section, the locality's designated agent, with the concurrence of all applicable local reviewing agencies, may administratively approve any resubmitted site plan or subdivision plat that the designated agent deems to be in compliance with local ordinances and state law.*

Notwithstanding the approval or deemed approval of any proposed plat, site plan or plan of development, any deficiency in any proposed plat or plan, that if left uncorrected, would violate local, state or federal law, regulations, mandatory Department of Transportation engineering and safety requirements, and other mandatory engineering and safety requirements, shall not be considered, treated or deemed as having been approved by the local planning commission or other agent. Should any resubmission include a material revision of infrastructure or physical improvements from the earlier submission or if a material revision in the resubmission creates a new required review by the Virginia Department of Transportation or by a state agency or public authority authorized by state law, then the local planning commission or other

agent's review shall not be limited to only the previously identified deficiencies identified in the prior submittals and may consider deficiencies initially appearing in the resubmission because of such material revision.

B. Any state agency or public authority authorized by state law making a review of a plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within ~~45~~ *30* days of receipt of the plat upon first submission and within ~~45~~ *30* days for any proposed plat that has previously been disapproved, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A, with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies and other agencies, the local agent shall act upon a plat within ~~35~~ *20* days.

C. If the commission or other agent fails to approve or disapprove the plat within ~~60 days after it has been officially submitted for approval, or within 45 days after it has been officially resubmitted after a previous disapproval or within 35 days of receipt of any agency response pursuant to subsection B~~ *the timeframes prescribed in this section*, the subdivider, after ~~10 days'~~ *10 days'* written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located, to decide whether the plat should or should not be approved. The court shall give the petition priority on the civil docket, hear the matter expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and make and enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

D. If a commission or other agent disapproves a plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

§ 15.2-2260. Localities may provide for submission of preliminary subdivision plats; how long valid.

A. Nothing in this article shall be deemed to prohibit the local governing body from providing in its ordinance for the mandatory submission of preliminary subdivision plats for tentative approval for plats involving more than 50 lots, provided that any such ordinance provides for the submission of a preliminary subdivision plat for tentative approval at the option of the landowner for plats involving 50 or fewer lots. The local planning commission, or an agent designated by the commission or by the governing body to review preliminary subdivision plats shall complete action on the preliminary subdivision plats within ~~60~~ *45* days of submission. However, if approval of a feature or features of the preliminary subdivision plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the preliminary subdivision plat to the appropriate state agency or agencies for review within ~~10 business~~ *five business* days of receipt of such preliminary subdivision plat.

B. Any state agency or public authority authorized by state law making a review of a preliminary subdivision plat forwarded to it under this section, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within ~~45~~ *30* days of receipt of the preliminary subdivision plat upon first submission and within ~~45~~ *30* days for any proposed plat that has previously been disapproved, provided, however, that the time period set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. § 54.1-2353. Protection of the interests of associations; appointment of receiver for common interest community manager.

A. A common interest community manager owes a fiduciary duty to the associations to which it provides management services with respect to the manager's handling the funds or the records of each association. All funds deposited with the common interest community manager shall be handled in a fiduciary capacity and shall be kept in a separate fiduciary trust account or accounts in an FDIC-insured financial institution separate from the assets of the common interest community manager. The funds shall be the property of the association and shall be segregated for each depository in the records of the common interest community manager in a manner that permits the funds to be identified on an association basis. *The common interest community manager shall transfer and release all funds and close bank accounts maintained on behalf of an association within a reasonable time after termination of the contract for management services without additional cost to the association.*

B. All records having administrative or fiscal value to the association that a common interest community manager holds, maintains, compiles, or generates on behalf of a common interest community are the property of the association. The court may issue such order without notice to the common interest community manager if the petition, supported by affidavit of the petitioner and such other evidence as the court may require, shows reasonable cause to believe that such action is required to prevent immediate loss of property of one or more of the associations to which the subject common interest community manager provides management services. The court may also temporarily enjoin further activity by the common interest community manager and take such further action as shall be necessary to conserve, protect, and disburse the funds involved, including the appointment of a receiver. The papers filed with the court pursuant to this subsection shall be placed under seal.

~~C.~~ *D.* If the Board has reasonable cause to believe that a common interest community manager is unable to properly discharge its fiduciary responsibilities to an association to which it provides management services, the Board may file a petition with the circuit court of the county or city wherein the subject common interest community manager maintains an office or is doing business. The petition may seek the following relief: (i) an injunction prohibiting the withdrawal of any bank deposits or the disposition of any other assets belonging to or subject to the control of the subject common interest community manager and (ii) the appointment of a receiver for all or part of the funds or property of the subject common interest community manager. The subject common interest community manager shall be given notice of the time and place of the hearing on the petition and an opportunity to offer evidence. The court, in its discretion, may require a receiver appointed pursuant to this section to post bond, with or without surety. The papers filed with the court under this subsection shall be placed under seal until such time as the court grants an injunction or appoints a receiver. The court may issue an injunction, appoint a receiver, or provide such other relief as the court may consider proper if, after a hearing, the court finds that such relief is necessary or appropriate to prevent loss of property of one or more of the associations to which the subject common interest community manager provides management services.

~~D.~~ *E.* In any proceeding under subsection ~~C~~ *D*, any person or entity known to the Board to be indebted to or having in his possession property, real or personal, belonging to or subject to the control of the subject common interest community manager's business and which property the Board reasonably believes may become part of the receivership assets shall be served with a copy of the petition and notice of the time and place of the hearing.

~~E.~~ *F.* The court shall describe the powers and duties of the receiver in its appointing order, which may be amended from time to time. The receiver shall, unless otherwise ordered by the court in the appointing order, (i) prepare and file with the Board a list of all associations managed by the subject common interest community manager; (ii) notify in writing all of the associations to which the subject common interest community manager provides management services of the appointment and take whatever action the receiver deems appropriate to protect the interests of the associations until such time as the associations have had an opportunity to obtain a successor common interest community manager; (iii) facilitate the transfer of records and information to such successor common interest community manager; (iv) identify and take control of all bank accounts, including without limitation trust and operating accounts, over which the subject common interest community manager had signatory authority in connection with its management business; (v) prepare and submit an accounting of receipts and disbursements and account balances of all funds under the receiver's control for submission to the court within four months of the appointment and annually thereafter until the receivership is terminated by the court; (vi) attempt to collect any accounts receivable related to the subject common interest community manager's business; (vii) identify and attempt to recover any assets wrongfully diverted from the subject common interest community manager's business, or assets acquired with funds wrongfully diverted from the subject common interest community manager's business; (viii) terminate the subject common interest community manager's business; (ix) reduce to cash all of the assets of the subject common interest community manager; (x) determine the nature and amount of all claims of creditors of the subject common interest community manager, including associations to which the subject common interest community manager provided management services; and (xi) prepare and file with the court a report of such assets and claims proposing a plan for the distribution of funds in the receivership to such creditors in accordance with the provisions of subsection ~~F~~ *G*.

~~F.~~ *G.* Upon the court's approval of the receiver's report referenced in subsection ~~E~~ *F*, at a hearing after such notice as the court may require to creditors, the receiver shall distribute the assets of the common interest community manager and funds in the receivership first to clients whose funds were or ought to have been held in a fiduciary capacity by the subject common interest community manager, then to the receiver for fees, costs, and expenses awarded pursuant to subsection ~~G~~ *H*, and thereafter to the creditors of the subject common interest community manager, and then to the subject common interest community manager or its successors in interest.

~~G.~~ *H.* A receiver appointed pursuant to this section shall be entitled, upon proper application to the court in which the appointment was made, to recover an award of reasonable fees, costs, and expenses. If there are not sufficient nonfiduciary funds to pay the award, then the shortfall shall be paid by the Common Interest Community Management Recovery Fund as a cost of administering the Fund pursuant to § 54.1-2354.5, to the extent that the said Fund has funds available. The Fund shall have a claim against the subject common interest community manager for the amount paid.

~~H.~~ *I.* The court may determine whether any assets under the receiver's control should be returned to the subject common interest community manager.

~~I.~~ *J.* If the Board shall find that any common interest community manager is insolvent, that its merger into another common interest community manager is desirable for the protection of the associations to which such common interest community manager provides management services, and that an emergency exists, and, if the board of directors of such insolvent common interest community manager shall approve a plan of merger of such common interest community manager into another common interest community manager, compliance with the requirements of § 13.1-718 shall be dispensed with as to such insolvent common interest community manager and the approval by the Board of such plan of merger shall be the equivalent of approval by the holders of more than two-thirds of the outstanding shares of such insolvent common interest community manager for all purposes of Article 12 (§ 13.1-715.1 et seq.) of Chapter 9 of Title 13.1. If the Board finds that a common interest community manager is insolvent, that the acquisition of its assets by another common interest community manager is in the best interests of the associations to which such common interest community manager provides management services, and that an emergency exists, it may, with the consent of the boards of directors of both common interest community managers as to the terms and conditions of such transfer, including the assumption of all or certain liabilities, enter an order transferring some or all of the assets of such insolvent common interest community manager to such other common interest community manager, and no compliance with the provisions of §§ 13.1-723 and 13.1-724 shall be required, nor shall §§ 13.1-730 through 13.1-741 be applicable to such transfer. In the case either of such a merger or of such a sale of assets, the Board shall provide that prompt notice of its finding of insolvency and of the merger or sale of assets be sent to the stockholders of record of the insolvent common interest community manager for the purpose of providing such shareholders an opportunity to challenge the finding that the common interest community manager is insolvent. The relevant books and records of such insolvent common interest community manager shall remain intact and be made available to such shareholders for a period of 30 days after such notice is sent. The Board's finding of insolvency shall become final if a hearing before the Board is not requested by any such shareholder within such 30-day period. If, after such hearing, the Board finds that such common interest community manager was solvent, it shall rescind its order entered pursuant to this subsection and the merger or transfer of assets shall be rescinded. But if, after such hearing, the Board finds that such common interest community manager was insolvent, its order shall be final.

~~J.~~ *K.* The provisions of this article are declared to be remedial. The purpose of this article is to protect the interests of associations adversely affected by common interest community managers who have breached their fiduciary duty. The provisions of this article shall be liberally administered in order to protect those interests and thereby the public's interest in the quality of management services provided by Virginia common interest community managers.

§ 54.1-2354.5. Common Interest Community Management Recovery Fund.

A. There is hereby created the Common Interest Community Management Recovery Fund, referred to in this section as "the Fund," to be used in the discretion of the Board to protect the interests of associations.

B. Each common interest community manager, at the time of initial application for licensure, and each association filing its first annual report after the effective date shall be assessed $25, which shall be specifically assigned to the Fund. Initial payments may be incorporated in any application fee payment or annual filing fee and transferred to the Fund by the Director within 30 days.

All assessments, except initial assessments, for the Fund shall be deposited within three business days after their receipt by the Director, in one or more federally insured banks, savings and loan associations, or savings banks located in the Commonwealth. Funds deposited in banks, savings institutions, or savings banks in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency shall be secured under the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings and loan associations, or savings banks located in the Commonwealth shall not be considered investment of such funds for purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 64.2-1502.

Interest earned on the deposits constituting the Fund shall be used for administering the Fund. The remainder of this interest, at the discretion of the Board, may be transferred to the Common Interest Community Management Information Fund, established pursuant to § 54.1-2354.2, or accrue to the Fund.

C. On and after July 1, 2011, the minimum balance of the Fund shall be $150,000. Whenever the Director determines that the principal balance of the Fund is or will be less than such minimum principal balance, the Director shall immediately inform the Board. At the same time, the Director may recommend that the Board transfer a fixed amount from the Common Interest Community Management Information Fund to the Fund to bring the principal balance of the Fund to the amount required by this subsection. Such transfer shall be considered by the Board within 30 days of the notification of the Director.

D. If any such transfer of funds is insufficient to bring the principal balance of the Fund to the minimum amount required by this section, or if a transfer to the Fund has not occurred, the Board shall assess each association and each common interest community manager, within 30 days of notification by the Director, a sum sufficient to bring the principal balance of the Fund to the required minimum amount. The amount of such assessment shall be allocated among the associations and common interest community managers in proportion to each payor's most recently paid annual assessment, or if an association or common interest community manager has not paid an annual assessment previously, in proportion to the average annual assessment most recently paid by associations or common interest community managers, respectively.

The Board may order an assessment at any time in addition to any required assessment. Assessments made pursuant to this subsection may be issued by the Board (i) after a determination made by it or (ii) at the time of license renewal.

Notice to common interest community managers and the governing boards of associations of these assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail addressed to the Director within 45 days after the mailing of such notice.

E. If any common interest community manager fails to remit the required payment within 45 days of the mailing, the Director shall notify the common interest community manager by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within 30 days after mailing the second notice, the license shall be automatically suspended. The license shall be restored only upon the actual receipt by the Director of the delinquent assessment.

F. If any association fails to remit the required payment within 45 days of the mailing, the Director shall notify the association by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within 30 days after mailing the second notice, it shall be deemed a knowing and willful violation of this section by the governing board of the association.

G. At the close of each fiscal year, whenever the balance of the Fund exceeds $5 million, the amount in excess of $5 million shall be transferred to the Virginia Housing Trust Fund established pursuant to Chapter 9 (§ 36-141 et seq.) of Title 36. Except for payments of costs as set forth in this article and transfers pursuant to this subsection, there shall be no transfers out of the Fund, including transfers to the general fund, regardless of the balance of the Fund.

H. A claimant may seek recovery from the Fund subject to the following conditions:

1. A claimant may file a verified claim in writing to the Director for a recovery from the Fund.

2. Upon proper application to the Director, in those cases in which there are not sufficient funds to pay an award of reasonable fees, costs, and expenses to the receiver or to restore all funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager, the Director shall report to the Board the amount of any shortfall to the extent that there are not sufficient funds (i) to pay any award of fees, costs, and expenses pursuant to subsection ~~G~~ *H* of § 54.1-2353 by the court appointing the receiver; or (ii) to restore all funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager, as certified by the court appointing the receiver.

3. If the Board finds there has been compliance with the required conditions, the Board shall issue a directive ordering payment of the amount of such shortfall to the claimant from the Fund, provided that in no event shall such payment exceed the balance in the Fund. When the Fund balance is not sufficient to pay the aggregate amount of such shortfall, the Board shall direct that payment be applied first in satisfaction of any award of reasonable fees, costs, and expenses to the receiver and second to restore the funds that were or ought to have been held in a fiduciary capacity by the subject common interest community manager. If the Board has reason to believe that there may be additional claims against the Fund, the Board may withhold any payment from the Fund for a period of not more than one year. After such one-year period, if the aggregate of claims received exceeds the Fund balance, the Fund balance shall be prorated by the Board among the claimants and paid in the above payment order from the Fund in proportion to the amounts of claims remaining unpaid.

4. The Director shall, subject to the limitations set forth in this subsection, pay to the claimant from the Fund such amount as shall be directed by the Board upon the execution and delivery to the Director by such claimant of an assignment to the Board of the claimant's rights on its behalf and on behalf of the associations receiving distributions from the Fund against the common interest community manager to the extent that such rights were satisfied from the Fund.

5. The claimant shall be notified in writing of the findings of the Board. The Board's findings shall be considered a case decision as defined in § 2.2-4001, and judicial review of these findings shall be in accordance with § 2.2-4025 of the Administrative Process Act (§ 2.2-4000 et seq.).

6. Notwithstanding any other provision of law, the Board shall have the right to appeal a decision of any court that is contrary to any distribution recommended or authorized by it.

7. Upon payment by the Director to a claimant from the Fund as provided in this subsection, the Board shall immediately revoke the license of the common interest community manager whose actions resulted in payment from the Fund. The common interest community manager whose license was so revoked shall not be eligible to apply for a license as a common interest community manager until he has repaid in full the amount paid from the Fund on his account, plus interest at the judgment rate of interest from the date of payment from the Fund.

8. Nothing contained in this subsection shall limit the authority of the Board to take disciplinary action against any common interest community manager for any violation of statute or regulation, nor shall the repayment in full by a common interest community manager of the amount paid from the Fund on such common interest community manager's account nullify or modify the effect of any disciplinary proceeding against such common interest community manager for any such violation.

§ 55.1-1837. Termination and duration of certain management contracts.

A management contract that contains an automatic renewal provision may be terminated by the association or the common interest community manager at any time without cause *and without penalty* upon not less than 60 days' written notice.

§ 55.1-1940.1. Termination and duration of certain management contracts.

A management contract that contains an automatic renewal provision may be terminated by the unit owners' association or the common interest community manager at any time without cause *and without penalty* upon not less than 60 days' written notice.

[S 1173]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 1-600 through 1-603, 1-605, 1-606, 1-608, and 45.2-542 of the Code of Virginia are amended and reenacted as follows:

§ 1-600. Virginia coordinate systems designated.

The systems of plane coordinates that have been established by the National Ocean Service/National Geodetic Survey or its successors for defining and stating the positions or locations of points on the surface of the earth within the Commonwealth are to be known and designated as the "Virginia Coordinate System of 1927," ~~and~~ the "Virginia Coordinate System of 1983*," and the "Virginia Coordinate System of 2022*."

§ 1-601. North and South Zones.

For the purpose of the use of the Virginia Coordinate System of 1927 ~~and~~, the Virginia Coordinate System of 1983, *and the Virginia Coordinate System of 2022,* the Commonwealth is divided into a "North Zone" and a "South Zone."

The area now included in the following counties and cities shall constitute the North Zone: Arlington, Augusta, Bath, Caroline, Clarke, Culpeper, Fairfax, Fauquier, Frederick, Greene, Highland, King George, Loudoun, Madison, Orange, Page, Prince William, Rappahannock, Rockingham, Shenandoah, Spotsylvania, Stafford, Warren, and Westmoreland Counties and the Cities of Alexandria, Fairfax, Falls Church, Fredericksburg, Harrisonburg, Manassas, Manassas Park, Staunton, Waynesboro, and Winchester.

The area now included in the following counties and cities shall constitute the South Zone: Accomack, Albemarle, Alleghany, Amelia, Amherst, Appomattox, Bedford, Bland, Botetourt, Brunswick, Buchanan, Buckingham, Campbell, Carroll, Charles City, Charlotte, Chesterfield, Craig, Cumberland, Dickenson, Dinwiddie, Essex, Floyd, Fluvanna, Franklin, Giles, Gloucester, Goochland, Grayson, Greensville, Halifax, Hanover, Henrico, Henry, Isle of Wight, James City, King and Queen, King William, Lancaster, Lee, Louisa, Lunenburg, Mathews, Mecklenburg, Middlesex, Montgomery, Nelson, New Kent, Northampton, Northumberland, Nottoway, Patrick, Pittsylvania, Powhatan, Prince Edward, Prince George, Pulaski, Richmond, Roanoke, Rockbridge, Russell, Scott, Smyth, Southampton, Surry, Sussex, Tazewell, Washington, Wise, Wythe, and York Counties and the Cities of Bristol, Buena Vista, Charlottesville, Chesapeake, Colonial Heights, Covington, Danville, Emporia, Franklin, Galax, Hampton, Hopewell, Lexington, Lynchburg, Martinsville, Newport News, Norfolk, Norton, Petersburg, Poquoson, Portsmouth, Radford, Richmond, Roanoke, Salem, Suffolk, Virginia Beach, and Williamsburg.

§ 1-602. Designation of systems in land description.

A. As established for use in the North Zone, the Virginia Coordinate System of 1927 ~~or~~, the Virginia Coordinate System of 1983*, or the Virginia Coordinate System of 2022* shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, North Zone," ~~or~~ "Virginia Coordinate System of 1983, North Zone*," or "Virginia Coordinate System of 2022, North Zone*."

B. As established for use in the South Zone, the Virginia Coordinate System of 1927 ~~or~~, the Virginia Coordinate System of 1983*, or the Virginia Coordinate System of 2022* shall be named, and in any land description in which it is used, it shall be designated the "Virginia Coordinate System of 1927, South Zone," ~~or~~ "Virginia Coordinate System of 1983, South Zone*," or "Virginia Coordinate System of 2022, South Zone*."

§ 1-603. Plane coordinates used in systems.

The plane coordinates of a point on the earth's surface, to be used in expressing the position or location of such point in the appropriate zone of these systems, shall be expressed in ~~U.S. survey~~ *international* feet and decimals of a foot. One of these distances, to be known as the "x-coordinate," shall give the position in an east-and-west direction; the other, to be known as the "y-coordinate," shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to the coordinate values for the monumented points of the North American Horizontal Geodetic Control Network as published by the National Ocean Service/National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in this chapter. Any such station may be used for establishing a survey connection to either Virginia coordinate system.

When converting coordinates in the Virginia Coordinate System of 1983 *or the Virginia Coordinate System of 2022* from meters and decimals of a meter to feet and decimals of a foot, the ~~U.S. survey~~ *International* foot conversion factor (one foot equals ~~1200/3937~~ *0.3048* meters) shall be used. ~~This requirement does not preclude the continued use of the International foot conversion factor (one foot equals 0.3048 meters) in those counties and cities where this factor was in use prior to July 1, 1992.~~ The plat or plan shall contain a statement of the conversion factor used and the coordinate values of a minimum of two project points in feet.

§ 1-605. Definition of systems by National Ocean Service/National Geodetic Survey; adopted.

A. For purposes of more precisely defining the Virginia Coordinate System of 1927, the following definition by the National Ocean Service/National Geodetic Survey is adopted:

§ 1-606. Position of systems.

The position of the Virginia coordinate systems shall be as marked on the ground by triangulation or traverse stations established in conformity with the standards of accuracy and specifications for first-order and second-order geodetic surveying as prepared and published by the Federal Geodetic Control Subcommittee of the Federal Geographic Data Committee of the U.S. Department of Commerce. The geodetic position of stations defining the position of the Virginia Coordinate System of 1927 shall have been rigidly adjusted on the North American Datum of 1927, and the plane coordinates shall have been computed on the Virginia Coordinate System of 1927. The geodetic position of stations defining the position of the Virginia Coordinate System of 1983 shall have been rigidly adjusted on the North American Datum of 1983, and the plane coordinates shall have been computed on the Virginia Coordinate System of 1983. *The geodetic position of stations defining the position of the Virginia Coordinate System of 2022 shall have been rigidly adjusted on the North American Terrestrial Reference Frame of 2022, and the plane coordinates shall have been computed on the Virginia Coordinate System of 2022.* Any such station may be used for establishing a survey connection with the Virginia coordinate systems.

§ 1-608. Limitation on use of name of systems.

The use of the terms "Virginia Coordinate System of 1927," ~~or~~ "Virginia Coordinate System of 1983*," or " Virginia Coordinate System of 2022*" on any map, report of survey, or other document shall be limited to coordinates based on the Virginia coordinate systems as defined in this chapter.

The operator shall also submit to the Chief revisions that show directional changes whenever mine projections deviate more than 600 feet from the approved mine map. Only maps in an electronic format shall be accepted unless otherwise approved by the Chief. If there are no changes in the information required to be submitted pursuant to this section at the time an updated map is due, the operator may submit a notice that there are no changes to the map in lieu of submitting an updated map to the Department.

B. Underground coal mine maps shall show:

CHAPTER 22.23.

LITHIUM-ION BATTERY SEPARATOR MANUFACTURING GRANT FUND.

§ 59.1-284.44. Lithium-Ion Battery Separator Manufacturing Grant Fund.

A. As used in this chapter, unless the context requires a different meaning:

"Capital investment" means an expenditure by or on behalf of a qualified company on or after July 1, 2024, on or for real property, taxable tangible personal property, or both, at a facility in an eligible locality that is properly chargeable to a capital account or would be so chargeable with a proper election under Virginia law. Such term shall include (i) the purchase or lease of furniture, fixtures, business personal property, machinery, and tools, including under an operating lease, and (ii) expected building construction and up-fit by or on behalf of a qualified company.

"Eligible locality" means Pittsylvania County.

"Facility" means the building, group of buildings, or corporate campus, including any related machinery and tools, furniture, fixtures, and business personal property, that is located at or near a qualified company's operations in an eligible locality and is owned, leased, licensed, occupied, or otherwise operated by a qualified company.

"Fund" means the Lithium-Ion Battery Separator Manufacturing Grant Fund.

"Grants" means the grant payments from the Fund that are awarded to a qualified company in an aggregate amount not to exceed $60,597,000. The proceeds of any grants may be used by the qualified company for costs of construction and development of the facility, or any other lawful purpose.

"Memorandum of understanding" means a performance agreement or related document to be entered into by a qualified company, the Commonwealth, and VEDP that sets forth the requirements for capital investment and the creation of new full-time jobs by a qualified company to be eligible for grants from the Fund.

"New full-time job" means a job position for an employee of a qualified company (i) that is principally located at a facility; (ii) for which the average annual wage is at least $45,896, subject to an escalation factor for each year as set forth in the memorandum of understanding; (iii) for which the qualified company provides standard fringe benefits; and (iv) that requires a minimum of either (a) 35 hours of an employee's time per week for the entire normal year of the qualified company's operations, which "normal year" shall consist of at least 48 weeks, or (b) 1,680 hours per year. Seasonal or temporary positions and positions with construction contractors, vendors, suppliers, and similar multiplier or spin-off jobs shall not qualify as new full-time jobs. The Commonwealth may assess compliance with the new full-time job requirements for a qualified company by reference to the new payroll generated by a qualified company if provided for in the memorandum of understanding.

"Qualified company" means a company, including its affiliates, that engages in the manufacture of lithium-ion battery separators and that on and after July 1, 2024, but before July 1, 2045, is expected to (i) make a capital investment of at least $1.3506 billion and (ii) create and maintain at least 2,015 new full-time jobs.

For purposes of this subdivision, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing facility prior to exceeding the 10-swing-bed per day limit.

E. The Department shall regularly review the types of medical care facilities subject to the provisions of this article and projects for which a certificate is required and provide to the Governor and the General Assembly, at least once every five years, a recommendation related to the continued appropriateness of requiring such types of medical care facilities to be subject to the provisions of this article and such types of projects to be subject to the requirement of a certificate. In developing such recommendations, the Department shall consider, for each type of medical care facility and project, the following criteria:

1. The current and projected future availability of the specific type of medical care facility or project;

2. The current and projected future demand for the specific type of medical care facility or project;

3. The current and projected future rate of utilization of the specific type of medical care facility or project;

4. The current and projected future capacity of existing medical care facilities or projects of that specific type;

5. The anticipated impact of changes in population and demographics, reimbursement structures and rates, and technology on demand for and availability, utilization, and capacity of existing medical care facilities or projects of that specific type;

6. Existing quality, utilization, and other controls applicable to the specific type of medical care facility or project; and

7. Any risk to the health or well-being of the public resulting from inclusion of the specific type of medical care facility or project on such list.

§ 32.1-122.07. Authority of Commissioner for certain health planning activities; rural health plan; designation as a rural hospital.

A. The Commissioner, with the approval of the Board, is authorized to make application for federal funding and to receive and expend such funds in accordance with state and federal regulations.

B. The Commissioner shall administer ~~section~~ *§* 1122 of the ~~United States~~ Social Security Act if the Commonwealth has made an agreement with the ~~United States~~ *U.S.* Secretary of Health and Human Services pursuant to such section.

C. In compliance with the provisions of the Balanced Budget Act of 1997, P.L. 105-33, and any amendments to such provisions, the Commissioner shall submit to the appropriate regional administrator of the Centers for Medicare ~~&~~ *and* Medicaid Services (CMS) an application to establish a Medicare Rural Hospital Flexibility Program in Virginia.

D. The Commissioner shall develop and the Board of Health shall approve a rural health care plan for the Commonwealth to be included with the application to establish a Medicare Rural Hospital Flexibility Program. In cooperation and consultation with the Virginia Hospital and ~~Health Care~~ *Healthcare* Association, the Medical Society of Virginia, representatives of rural hospitals, and experts within the Department of Health on rural health programs, the plan shall be developed and revised as necessary or as required by the provisions of the Balanced Budget Act of 1997, P.L. 105-33, and any amendments to such provisions. In the development of the plan, the Commissioner may also seek the assistance of the regional health planning agencies. The plan shall verify that the Commonwealth is in the process of designating facilities located in Virginia as critical access hospitals, shall note that the Commonwealth wishes to certify

facilities as "necessary providers" of health care in rural areas, and shall describe the process, methodology, and eligibility criteria to be used for such designations or certifications. Virginia's rural health care plan shall reflect local needs and resources and shall, at minimum, include, but need not be limited to, a mechanism for creating one or more rural health networks, ways to encourage rural health service regionalization, and initiatives to improve access to health services, including hospital services, for rural Virginians.

E. Notwithstanding any provisions of this chapter or the Board's regulations to the contrary, the Commissioner shall, in the rural health care plan, (i) use as minimum standards for critical access hospitals, the certification regulations for critical access hospitals promulgated by the Centers for Medicare ~~&~~ *and* Medicaid Services (CMS) pursuant to Title XVIII of the Social Security Act, as amended~~,~~, and (ii) authorize critical access hospitals to utilize *per day* a maximum of ~~ten~~ *10* beds among their inpatient hospital beds as swing beds for the furnishing of services of the type ~~which~~ *that*, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator. Such hospital shall include, within its plan of care, assurances for the overall well-being of patients occupying such beds. *For purposes of this subsection, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing facility prior to exceeding the 10-swing-bed per day limit.*

F. Nothing herein or set forth in Virginia's rural health care plan shall prohibit any hospital designated as a critical access hospital from leasing the unused portion of its facilities to other health care organizations or reorganizing its corporate structure to facilitate the continuation of the nursing home beds that were licensed to such hospital prior to the designation as a critical access hospital. The health care services delivered by such other health care organizations shall not be construed as part of the critical access hospital's services or license to operate.

G. Any medical care facility licensed as a hospital shall be considered a rural hospital on and after September 30, 2004, pursuant to 42 U.S.C. § 1395ww(d)(8)(E)(ii)(II), if (i) the hospital is located in an area defined as rural by federal statute or regulation; (ii) the Board of Health defines, in regulation, the area in which the hospital is located as a rural health area or the hospital as a rural hospital; or (iii) the hospital was designated, prior to October 1, 2004, as a Medicare-dependent small rural health hospital, as defined in 42 U.S.C. § 1395ww(d)(5)(G)(iv).

§ 32.1-132. Alterations or additions to hospitals and nursing homes; when new license required; use of inpatient hospital beds for furnishing skilled care services.

A. Any person who desires to make any substantial alteration or addition to or any material change in any hospital or nursing home shall, before making such change, alteration, or addition, submit the proposal therefor to the Commissioner for his approval. The Commissioner shall review the proposal to determine compliance with applicable statutes and regulations of the Board and as soon thereafter as reasonably practicable notify the person that the proposal is or is not approved.

B. If any such alteration, addition, or change has the effect of changing the bed capacity or classification of the hospital or nursing home, the licensee shall obtain a new license for the remainder of the license year before beginning operation of additional beds or in the new classification.

C. Notwithstanding any provision of state law to the contrary, any hospital, after sending such written notice as may be required by the Commissioner, may utilize, for a period not to exceed ~~thirty~~ *30* days for any one patient, a maximum of ~~ten~~ *10* percent of its inpatient hospital beds as swing beds for the furnishing of services of the type ~~which~~ *that*, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator. *If the hospital is certified as a critical access hospital by the Centers for Medicare and Medicaid Services pursuant to Title XVIII of the Social Security Act (42 U.S.C. § 1395 et seq.), the hospital may utilize up to 10 beds per day among its inpatient hospital beds as swing beds for the furnishing of services of the type that, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator.* Such hospital shall amend its plan of care and implement its plan as amended to ensure the overall well-being of patients occupying such beds. *For purposes of this subsection, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing*

facility prior to exceeding the 10-swing-bed per day limit. Only those hospitals ~~which~~ *that* qualify under § 1883 of Title XVIII and § 1913 of Title XIX of the Social Security Act and are certified as skilled nursing facilities may be reimbursed for such services for Medicare and Medicaid patients.

2. That the State Commissioner of Health shall collect data annually from critical access hospitals that elect to use fiscal year averaging as permitted by the first enactment of this act and make it publicly available.

3. That the provisions of this bill shall expire on July 1, 2028.

CHAPTER 115

An Act to amend and reenact §§ 32.1-274 and 54.1-2810 of the Code of Virginia, relating to funeral directors; requirement to report certain statistics removed.

[H 1571]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-274 and 54.1-2810 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-274. Persons in charge of institutions and funeral directors, etc., to keep records; lists sent to State Registrar.

A. Every person in charge of an institution shall keep a record of personal data concerning each person admitted or confined to such institution. This record shall include such information as required for the certificates of birth, death, and reports of spontaneous fetal death and induced termination of pregnancy required by this chapter. The record shall be made at the time of admission from information provided by the person being admitted or confined, but when it cannot be so obtained, the information shall be obtained from relatives or other persons acquainted with the facts. The name and address of the person providing the information shall be a part of the record.

B. When a dead human body is released or disposed of by an institution, the person in charge of the institution shall keep a record showing the name of the deceased, date of death, the name and address of the person to whom the body is released and the date of removal from the institution, or, if final disposal is by the institution, the date, place, and manner of disposition.

C. A funeral director, embalmer, or other person who removes from the place of death or transports or is in charge of final disposition of a dead body or fetus, in addition to filing any certificate, report or form required by this chapter, shall keep a record which shall identify the body, and such information pertaining to his receipt, removal, and delivery of such body as may be prescribed in regulations adopted by the Board.

D. Not later than the tenth day of the month following the month of occurrence, the administrator of each institution shall cause to be sent to the State Registrar a list showing thereon all births, deaths, and fetal deaths occurring in such institution during the preceding month. Such lists shall be on forms provided by the State Registrar.

E. ~~Not later than the tenth day of the month following the month of occurrence, each funeral director shall send to the State Registrar a list showing thereon all caskets furnished, bodies prepared for disposition and transportation and funerals performed where no casket was furnished by the funeral director during the preceding month. Such lists shall be on forms provided by the State Registrar.~~

~~F.~~ Records maintained under this section shall be retained for a period of not less than ten years and shall be made available for inspection by the State Registrar or his representative upon demand.

§ 54.1-2810. Licensure of funeral establishments.

No person shall conduct, maintain, manage or operate a funeral establishment unless a license for each such establishment has been issued by the Board. No license to operate a funeral establishment shall be issued by the Board unless each such funeral establishment has in charge, full time, a person licensed for the practice of funeral service or a licensed funeral director. Applications for funeral establishment licenses shall be made on forms furnished by the Board and filed by the owner or the registered agent of the corporation with the Board.

Each funeral establishment license shall expire annually at a time prescribed by Board regulation. A license may be renewed within 30 days of its expiration. Upon expiration of the license, the Board shall notify each licensee of the provisions of this section. Renewal of a license after the expiration of the 30-day period shall be in the discretion of the Board.

Violations of any provisions of this chapter or any Board regulations by any person, or an officer, agent or employee with the knowledge or consent of any person operating a funeral establishment shall be considered sufficient cause for suspension or revocation of the funeral establishment license.

An operator of a funeral establishment shall not allow any person licensed for the practice of funeral service to operate out of his funeral establishment unless the licensee is the operator or an employee of the operator of a licensed funeral establishment.

If the manager of the funeral service establishment is unable, for any reason, to exercise adequate supervision, direction, management, and control of the funeral establishment, the owner shall designate any funeral service licensee to serve as a temporary manager and notify the Board in writing within 14 days. If such inability of the manager exceeds 90 days or is expected to exceed 90 days, a new manager shall be designated and registered with the Board. At the

conclusion of the 90-day period for designation of a new manager, a funeral service establishment which has failed to designate a new manager shall not operate as a funeral service establishment.

When licensing funeral establishments, the Board may grant a hardship waiver from the requirement for a full-time manager licensed for the practice of funeral service or licensed as a funeral director, allowing the operation of two funeral establishments having in charge one full-time person licensed for the practice of funeral service or one licensed funeral director who divides his time between the two funeral establishments. Prior to granting a hardship waiver, the Board shall find that (i) the two establishments have been in operation for at least three years; (ii) the combined average number of funeral calls at the two establishments~~, as submitted in monthly reports to the Division of Vital Records and Health Statistics of the Virginia Department of Health,~~ over the previous three years is no more than 135 per year; and (iii) the distance between the two establishments is 50 miles or less.

Prior to granting a renewal of a license granted under a hardship waiver, the Board shall determine whether the requirements for license renewal under such waiver continue to exist.

CHAPTER 116

An Act to amend and reenact § 58.1-3713 of the Code of Virginia, relating to license taxes; local gas road improvement and Virginia Coalfield Economic Development Authority tax; sunset.

[H 1579]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3713 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3713. Local gas road improvement and Virginia Coalfield Economic Development Authority tax.

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement Fund and used for the purposes set forth herein; however, one-fourth of such revenue may be used to fund the construction of new water or sewer systems and lines and the repair or enhancement of existing water or sewer systems and lines in areas with natural water supplies that are insufficient from the standpoint of quality or quantity, or the construction of natural gas service lines as authorized by § 15.2-2109.3, and (ii) one-fourth of the revenue shall be paid to the Virginia Coalfield Economic Development Fund. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, a county or city may provide for an additional one-fourth allocation for the construction of new systems or lines for water, sewer, or natural gas as authorized by § 15.2-2109.3, or the repair or enhancement of existing water, sewer, or natural gas systems or lines in areas with natural water supplies or existing natural gas services that are insufficient from the standpoint of quality or quantity; however, if this option is initiated by a county or city, it must satisfy the requirements set forth in § 58.1-3713.01. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, such funds may be used to construct flood mitigation measures that would reduce or prevent flooding of any infrastructure listed in this subsection if the construction, repair, or enhancement of such infrastructure is otherwise permissible under this section.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

Such committee shall develop on or before July 1 of each year a plan for improvement of roads during the following fiscal year. Such plan shall have the approval of three members of the committee and shall be submitted to the governing body of the county or city for approval. The governing body may approve or disapprove such plan, but may make no changes without the approval of three members of the committee.

C. No tax shall be imposed under this section on or after January 1, ~~2026~~ *2028*.

CHAPTER 117

An Act to amend and reenact § 54.1-3300.1 of the Code of Virginia, relating to pharmacists; collaborative agreements; drug therapy.

[H 1582]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-3300.1 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3300.1. Participation in collaborative agreements; regulations to be promulgated by the Boards of Medicine and Pharmacy.

A. A pharmacist and his designated alternate pharmacists involved directly in patient care may participate with (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided that such collaborative agreement is signed by each physician participating in the collaborative agreement; (iii) any licensed physician assistant working in accordance with the provisions of § 54.1-2951.1; or (iv) any licensed advanced practice registered nurse working in accordance with the provisions of § 54.1-2957, involved directly in patient care in collaborative agreements which authorize cooperative procedures related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes for patients who meet the criteria set forth in the collaborative agreement. However, no person licensed to practice medicine, osteopathy, or podiatry, or licensed as an advanced practice registered nurse or physician assistant, shall be required to participate in a collaborative agreement with a pharmacist and his designated alternate pharmacists, regardless of whether a professional business entity on behalf of which the person is authorized to act enters into a collaborative agreement with a pharmacist and his designated alternate pharmacists.

B. A patient who meets the criteria for inclusion in the category of patients whose care is subject to a collaborative agreement and who chooses to not participate in a collaborative procedure shall notify the prescriber of his refusal to participate in such collaborative procedure. A prescriber may elect to have a patient not participate in a collaborative procedure by contacting the pharmacist or his designated alternative pharmacists or by documenting the same on the patient's prescription.

C. Collaborative agreements may include ~~the implementation~~ *prescribing*, modification, continuation, or discontinuation of drug therapy pursuant to written or electronic protocols, provided implementation of drug therapy occurs following diagnosis by the ~~prescriber~~ *licensed physician, podiatrist, advanced practice registered nurse, registered nurse, or physician assistant*; the ordering of laboratory tests; or other patient care management measures related to monitoring or improving the outcomes of drug or device therapy. No such collaborative agreement shall exceed the scope of practice of the respective parties. Any pharmacist who deviates from or practices in a manner inconsistent with the terms of a collaborative agreement shall be in violation of § 54.1-2902; such violation shall constitute grounds for disciplinary action pursuant to §§ 54.1-2400 and 54.1-3316.

D. Collaborative agreements may only be used for conditions which have protocols that are clinically accepted as the standard of care, or are approved by the Boards of Medicine and Pharmacy. The Boards of Medicine and Pharmacy shall jointly develop and promulgate regulations to implement the provisions of this section and to facilitate the development and implementation of safe and effective collaborative agreements between the appropriate practitioners and pharmacists. The regulations shall include guidelines concerning the use of protocols, and a procedure to allow for the approval or disapproval of specific protocols by the Boards of Medicine and Pharmacy if review is requested by a practitioner or pharmacist.

E. ~~Nothing in this section shall be construed to supersede~~ *Notwithstanding* the provisions of ~~§~~ *§§* 54.1-3303 *and 54.1-3408, a pharmacist may prescribe, modify, continue, or discontinue Schedule II through VI controlled substances in accordance with this section.*

F. Prior to a pharmacist prescribing, modifying, continuing, or discontinuing a Schedule II through V controlled substance in accordance with this section, the pharmacist shall submit proof of the signed collaborative practice agreement to the Board and obtain authorization from the Board for such activity.

1. That § 20-124.6 of the Code of Virginia is amended and reenacted as follows:

§ 20-124.6. Access to minor's records.

A. Notwithstanding any other provision of law, neither parent, regardless of whether such parent has custody, shall be denied access to the academic or health records or records of a child day center or family day home of that parent's minor child*, including any such records that are stored or accessible from a secure website,* unless otherwise ordered by the court for good cause shown or pursuant to subsection B.

B. In the case of health records, access may also be denied if the minor's treating physician, clinical psychologist, clinical social worker, or licensed professional counselor has made a part of the minor's record a written statement that, in the exercise of his professional judgment, the furnishing to or review by the requesting parent of such health records would be reasonably likely to cause substantial harm to the minor or another person. If a health care entity denies a parental request for access to, or copies of, a minor's health record, the health care entity denying the request shall comply with the provisions of subsection F of § 32.1-127.1:03. The minor or his parent, either or both, shall have the right to have the denial reviewed as specified in subsection F of § 32.1-127.1:03 to determine whether to make the minor's health record available to the requesting parent.

C. For the purposes of this section, the terms "health record" or the plural thereof and "health care entity" mean the same as those terms are defined in subsection B of § 32.1-127.1:03~~. However, when a defendant who has multiple charges arising from the same incident and who has been assessed a fixed fee for one of those charges is later convicted of another charge that arises from that same incident and that has a higher fixed fee, he shall be assessed the difference between the fixed fee earlier assessed and the higher fixed fee.

A defendant with charges which arise from separate incidents shall be taxed a fee for each incident even if the charges from the multiple incidents are disposed of in a single appearance or trial in absence.

In addition to the fixed fees assessed pursuant to this section, in the appropriate cases, the clerk shall also assess any costs otherwise specifically provided by statute.

6. Virginia Sexual and Domestic Violence Victim Fund (.039216).

§ 46.2-300. Driving without license prohibited; penalties.

No person, except those expressly exempted in §§ 46.2-303 through 46.2-308, shall drive any motor vehicle on any highway in the Commonwealth until such person has applied for a driver's license, as provided in this article, satisfactorily passed the examination required by § 46.2-325, and obtained a driver's license, nor unless the license is valid.

A violation of this section is a Class 2 misdemeanor. A second or subsequent violation of this section is a Class 1 misdemeanor.

Upon conviction under this section, the court may suspend the person's privilege to drive for a period not to exceed 90 days.

The court may, in its discretion, dismiss the summons or warrant, where proof of compliance with this section is provided to the court on or before the court date, unless such person was operating a commercial motor vehicle as defined in § 46.2-341.4.

§ 46.2-301. Driving while license, permit, or privilege to drive suspended or revoked.

A. In addition to any other penalty provided by this section, any motor vehicle administratively impounded or immobilized under the provisions of § 46.2-301.1 may, in the discretion of the court, be impounded or immobilized for an additional period of up to 90 days upon conviction of an offender for driving while his driver's license, learner's permit, or privilege to drive a motor vehicle has been (i) suspended or revoked for a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-272, or 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction or (ii) administratively suspended under the provisions of § 46.2-391.2. However, if, at the time of the violation, the offender was driving a motor vehicle owned by another person, the court shall have no jurisdiction over such motor vehicle but may order the impoundment or immobilization of a motor vehicle owned solely by the offender at the time of arrest. All costs of impoundment or immobilization, including removal or storage expenses, shall be paid by the offender prior to the release of his motor vehicle.

B. Except as provided in § 46.2-304, no resident or nonresident (i) whose driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked or (ii) who has been directed not to drive by any court or by the Commissioner, or (iii) who has been forbidden, as prescribed by operation of any statute of the Commonwealth or a substantially similar ordinance of any county, city or town, to operate a motor vehicle in the Commonwealth shall thereafter drive any motor vehicle or any self-propelled machinery or equipment on any highway in the Commonwealth until the period of such suspension or revocation has terminated or the privilege has been reinstated or a restricted license is issued pursuant to subsection E. For the purposes of this section, the phrase "motor vehicle or any self-propelled machinery or equipment" shall not include mopeds.

C. A violation of subsection B is a Class 1 misdemeanor.

D. Upon a violation of subsection B, the court shall suspend the person's license or privilege to drive a motor vehicle for the same period for which it had been previously suspended or revoked. In the event the person violated subsection B by driving during a period of suspension or revocation which was not for a definite period of time, the court shall suspend the person's license, permit or privilege to drive for an additional period not to exceed 90 days, to commence upon the expiration of the previous suspension or revocation or to commence immediately if the previous suspension or revocation has expired. However, no such suspension shall extend beyond 10 years from the conviction date for such violation of subsection B, unless required by Article 6.1 (§ 46.2-341.1 et seq.).

E. Any person who is otherwise eligible for a restricted license may petition each court that suspended his license pursuant to subsection D for authorization for a restricted license, provided that the period of time for which the license was suspended by the court pursuant to subsection D, if measured from the date of conviction, has expired, even though the suspension itself has not expired. A court may, for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license shall be issued unless each court that issued a suspension of the person's license pursuant to subsection D authorizes the Department to issue a restricted license. Any restricted license issued pursuant to this subsection shall be in effect until the expiration of any and all suspensions issued pursuant to subsection D, except that it shall automatically terminate upon the expiration, cancellation, suspension, or revocation of the person's license or privilege to drive for any other cause. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall forward to the Commissioner a copy of its authorization entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle.

F. Any person who operates a motor vehicle or any self-propelled machinery or equipment in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1 is not guilty of a violation of this section but is guilty of a violation of § 18.2-272.

G. The court may, in its discretion and where there have been no prior violations or convictions of this section within the past 10 years, dismiss the summons or warrant, where proof of compliance with this section is provided to the court on or before the court date, unless such person (i) possesses a commercial driver's license or commercial learner's permit, as those terms are defined in § 46.2-341.4, or (ii) was operating a commercial motor vehicle as defined in § 46.2-341.4. Where there has been a prior violation or violations, the court, in its discretion, may dismiss or amend the summons or warrant, where proof of substantial compliance has been provided to the court.

CHAPTER 122

An Act to amend and reenact § 54.1-2105 of the Code of Virginia, relating to Real Estate Board; regulations related to fees charged to a licensee.

[H 1653]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2105 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2105. General powers of Real Estate Board; regulations; educational and experience requirements for licensure.

A. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and may promulgate necessary regulations.

B. The Board shall adopt regulations establishing minimum educational requirements as conditions for licensure. Board regulations relating to initial licensure shall include the following requirements:

1. Every applicant for an initial license as a real estate salesperson shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. Completed a course in the principles of real estate that carried an academic credit of at least four semester hours, but not less than 60 hours of classroom, correspondence, or other distance learning instruction, offered by an accredited institution of higher education, high school offering adult distributive education courses, or other school or educational institution offering an equivalent course.

2. Every applicant for an initial license as a real estate broker shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. Completed not less than 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses offered by an accredited institution of higher education or other school or educational institution offering equivalent courses.

3. Every applicant for a license by reciprocity as a real estate salesperson or real estate broker shall have:

a. Completed a course in the principles of real estate that is comparable in content and duration and scope to that required in subdivision 1 or 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses that are comparable in content and duration and scope to that required in subdivision 2; and

b. If currently licensed by another state as a real estate salesperson or broker, passed Virginia's examination.

C. The Board may waive any requirement under the regulations relating to education or experience when the broker or salesperson is found to have education or experience equivalent to that required. No regulation imposing educational requirements for initial licensure beyond those specified by law shall apply to any person who was licensed prior to July 1, 1975, and who has been continuously licensed since that time, except that licensure as a salesperson prior to such time shall not exempt a salesperson who seeks to be licensed as a broker from the educational requirements established for brokers.

D. The Board shall establish criteria to ensure that prelicensure and broker licensure courses meet the standards of quality deemed by the Board to be necessary to protect the public interests. For correspondence and other distance learning instruction offered by an approved provider, such criteria may include appropriate testing procedures. The Board may establish procedures to ensure the quality of the courses.

Noncollegiate institutions shall not be authorized to grant collegiate semester hours for academic credit.

The specific content of the real estate courses shall be in real estate brokerage, real estate finance, real estate appraisal, real estate law, and such related subjects as are approved by the Board.

E. The Board may establish criteria delineating the permitted activities of unlicensed individuals employed by, or affiliated as an independent contractor with, real estate licensees or under the supervision of a real estate broker.

F. The Board may take a disciplinary case against a licensee under advisement, defer a finding in such case, and dismiss such action upon terms and conditions set by the Board.

G. Notwithstanding any other provision of law, the Board shall not charge a fee to a licensee for the transfer of such licensee between offices within a licensed real estate firm, including from such firm's primary place of business to one of its branch offices, or from a branch office to another branch office under the same primary place of business.

CHAPTER 123

An Act to amend the Code of Virginia by adding a section numbered 15.2-958.7, relating to local Foundation and Soil Management Fund.

[H 1659]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-958.7 as follows:

§ 15.2-958.7. Local Foundation and Soil Management Fund; grant moneys.

Any locality may by ordinance create a local Foundation and Soil Management Fund consisting of appropriated local moneys for the purpose of granting funds to an owner of private property or a common interest community, as that term is defined in § 54.1-2345, for foundation management and soil settlement repairs on previously developed lands. Grants from such fund shall be used only for (i) the construction, improvement, or repair of a foundation; (ii) soil settlement and compaction control; (iii) foundation failure and soil compaction mitigation and protection measures that are a part of a locality's comprehensive plan to address foundation failure and soil compaction mitigation and protection; or (iv) joint foundation repair and soil compaction mitigation projects. Grants made pursuant to clause (iii) shall, where practicable, prioritize projects that include nature-based practices.

CHAPTER 124

An Act to amend and reenact § 38.2-4809 of the Code of Virginia, relating to surplus lines broker taxes; certain insurance policies.

[H 1682]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-4809 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-4809. Licensees to pay license taxes on insurers.

A. 1. Every licensed surplus lines broker or any person required to be licensed as a surplus lines broker shall be subject to the annual taxes, license taxes, penalties, and other provisions of Article 1 (§ 58.1-2500 et seq.) of Chapter 25 of Title 58.1 on each policy of insurance procured by him during the preceding calendar year with an eligible nonadmitted insurer. For policies effective on or after July 1, 2011, such payments shall be made based on the direct gross premium income derived from policies for insureds whose home state is the Commonwealth.

2. Every surplus lines broker or any person required to be licensed as a surplus lines broker subject to the provisions of this chapter shall, on or before March 1 of 2012 and 2013 report under oath to the Commission, and on or before March 1 of each year thereafter, report under oath to the Department of Taxation, upon the prescribed form, the direct gross premium income derived from policies for insureds whose home state is the Commonwealth during the preceding year ending December 31.

3. Every surplus lines broker or any person required to be licensed as a surplus lines broker failing to file the report required by this section shall be fined $50 for each day's failure to file the report.

4. Upon the failure of any such surplus lines broker or any person required to be licensed as a surplus lines broker to pay the premium license tax within the time required by this section, there shall be added to such tax a penalty of 10 percent of the amount of the tax and interest at a rate equal to the rate of interest established pursuant to § 58.1-15 for the period between the due date and the date of full payment. The Commission or Department of Taxation shall notify the surplus lines broker of all additional amounts owed, and the surplus lines broker shall pay such amounts within 30 days of the date of the notice.

5. Upon good cause shown, the Department of Taxation may accept late payment of the premium license tax exclusive of penalties; however, interest shall be paid on such tax as prescribed in this subsection.

6. If any person overestimates and overpays the annual taxes, the Department of Taxation shall refund the amount of the overpayment to the person. The overpayment shall be refunded out of the state treasury.

B. 1. Each licensed surplus lines broker or any person required to be licensed as a surplus lines broker whose annual premium license tax liability can reasonably be expected to exceed $1,500 shall file a quarterly tax report with the Department of Taxation. Such report shall be in a form prescribed by the Department of Taxation. This report shall be filed no later than 30 calendar days after the end of each calendar quarter. Notwithstanding any provision to the contrary, each such person shall pay the premium license tax owed for the direct gross premiums adjusted for additional and returned premiums shown by each quarterly tax report when such report is filed with the Department of Taxation.

2. No surplus lines broker or any person required to be licensed as a surplus lines broker shall be subject to any penalty or interest pursuant to Title 58.1 as a result of the failure to timely file a quarterly tax report or make the related quarterly payment when the report is filed pursuant to subdivision 1.

C. In addition to other penalties provided by law, any licensed surplus lines broker or any person required to be licensed as a surplus lines broker who willfully fails or refuses to pay the full amount of the tax or assessment required by this chapter, either by himself or through his agents or employees, or who makes a false or fraudulent return with intent to evade the tax or assessment hereby levied, or who makes a false or fraudulent claim for refund shall be guilty of a Class 1 misdemeanor.

D. If any licensed surplus lines broker or any person required to be licensed as a surplus lines broker charges and collects from the insured the taxes and assessments required by this section and § 38.2-4809.1, such person shall be a fiduciary to this Commonwealth for any taxes and assessments owed to this Commonwealth under this chapter.

E. Notwithstanding the provisions of this section and effective for calendar year 2025 and each calendar year thereafter, any surplus lines broker or any person required to be licensed as a surplus lines broker shall not be subject to the

annual taxes, license taxes, penalties, and other provisions of Article 1 (§ 58.1-2500 et seq.) of Chapter 25 of Title 58.1 on any policy of insurance procured by such broker during the preceding calendar year on behalf of a commuter rail system jointly operated by the Northern Virginia Transportation Commission established pursuant to § 33.2-1904 and the Potomac and Rappahannock Transportation District established pursuant to the Transportation District Act (§ 33.2-1900 et seq.).

CHAPTER 125

An Act to amend and reenact § 25.1-204 of the Code of Virginia, relating to eminent domain; documents provided to landowner.

[H 1690]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 25.1-204 of the Code of Virginia is amended and reenacted as follows:

§ 25.1-204. Effort to purchase required; prerequisite to effort to purchase or filing certificate.

A. A condemnor shall not institute proceedings to condemn property until a bona fide but ineffectual effort to purchase from the owner the property sought to be condemned has been made. However, such effort shall not be required if the consent cannot be obtained because one or more of the owners (i) is a person under a disability or is otherwise unable to convey legal title to such property, (ii) is unknown, or (iii) cannot with reasonable diligence be found within this Commonwealth.

B. Such bona fide effort shall include delivery of, or attempt to deliver, a written offer to acquire accompanied by a written statement to the owner that explains the factual basis for the condemnor's offer. The written statement shall include a description of the public use for which it is necessary to acquire the owner's property and shall contain a certification that the acquisition has been reviewed by the condemnor for purposes of complying with § 1-219.1. The written offer shall be made upon the state agency's letterhead and shall be signed by an authorized employee of such state agency.

C. If the condemnor obtains an appraisal of the property pursuant to the provisions of § 25.1-417, such written statement shall include a complete copy of the appraisal of the property upon which such offer is based. If the condemnor obtains more than one appraisal, such written statement shall include a copy of all appraisals obtained prior to making an offer to acquire or initiating negotiations for the real property.

D. Notwithstanding any provision of law to the contrary, a condemnor, prior to making an offer to acquire a fee simple interest in property by purchase or filing a certificate of take or certificate of deposit pursuant to Chapter 3 (§ 25.1-300 et seq.) or § 33.2-1019, shall (i) conduct or cause to be conducted an examination of title to the property in order to ascertain the identity of each owner of such property and to determine the nature and extent of such owner's interests in the property, which examination of title shall be for at least 60 years *and shall be documented in a report showing all matters that affect the current ownership, existing liens, encumbrances, and other matters affecting title as of the date of the title report*; (ii) provide to such owner or owners a copy of the *title* report ~~showing the examination of title~~; and (iii) provide to such owner or owners a copy of all recorded instruments ~~within the 60-year title history of such property, including all deeds of trust, releases, liens, deeds, or other instruments~~ identified in the *title* report.

E. A state agency's acquisition of real property in connection with any programs or projects pursuant to this title or Title 33.2 shall be conducted in accordance with the following provisions:

1. Before making an offer to acquire or initiating any related negotiations for real property, the state agency shall establish an amount which it believes to be just compensation therefor and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the state agency's approved appraisal of the fair market value of such property, if such an appraisal is required, or the current assessed value of such property for real estate tax purposes, unless the property has physically changed in a material and substantial way since the current assessment date such that the real estate tax assessment no longer represents a fair valuation of the property, when the entire parcel for which the assessment is made is to be acquired, whichever is greater. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, shall be disregarded in determining the compensation for the property. The state agency concerned shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation, and, if an appraisal is required or obtained, such written statement and summary shall include a complete copy of all appraisals of the real property to be acquired that the state agency obtained prior to making an offer to acquire or initiating negotiations for the real property. The state agency shall provide its written statement of the amount it established as just compensation on its letterhead, which shall be signed by an authorized employee of such state agency. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

2. No owner shall be required to surrender possession of real property before the state agency pays the agreed purchase price, or deposits with the state court in accordance with applicable law, for the benefit of the owner, (i) an amount not less than the state agency's approved appraisal of the fair market value of such property, if such an appraisal is required, or the current assessed value of such property for real estate tax purposes, unless the property has physically changed in a material

and substantial way since the current assessment date such that the real estate tax assessment no longer represents a fair valuation of the property, when the entire parcel for which the assessment is made is to be acquired, whichever is greater, or (ii) the amount of the award of compensation in the condemnation proceeding for such property.

F. Nothing in this section shall make evidence of tax assessments admissible as proof of value in an eminent domain proceeding.

CHAPTER 126

An Act to amend and reenact §§ 4.1-215 and 4.1-216 of the Code of Virginia, relating to alcoholic beverage control; tied house exceptions.

[H 1703]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 4.1-215 and 4.1-216 of the Code of Virginia are amended and reenacted as follows:

§ 4.1-215. Limitation on manufacturers, bottlers, and wholesalers; exemptions.

A. 1. Unless exempted pursuant to subsection B, no retail license for the sale of alcoholic beverages shall be granted to any (i) manufacturer, bottler, or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not; (ii) officer or director of any such manufacturer, bottler, or wholesaler; (iii) partnership or corporation, where any partner or stockholder is an officer or director of any such manufacturer, bottler, or wholesaler; (iv) corporation which is a subsidiary of a corporation which owns or has interest in another subsidiary corporation which is a manufacturer, bottler, or wholesaler of alcoholic beverages; or (v) manufacturer, bottler, or wholesaler of alcoholic beverages who has a financial interest in a corporation which has a retail license as a result of a holding company, which owns or has an interest in such manufacturer, bottler, or wholesaler of alcoholic beverages. Nor shall such licenses be granted in any instances where such manufacturer, bottler, or wholesaler and such retailer are under common control, by stock ownership or otherwise.

2. Notwithstanding any other provision of this subtitle, a manufacturer of wine or malt beverages, or two or more of such manufacturers together, whether licensed in the Commonwealth or not, may obtain a banquet license as provided in § 4.1-206.3 upon application to the Board, provided that the event for which a banquet license is obtained is (i) at a place approved by the Board and (ii) conducted for the purposes of featuring and educating the consuming public about wine or malt beverage products. Such manufacturer shall be limited to eight banquet licenses, whether or not jointly obtained, for such events per year without regard to the number of wineries or breweries owned or operated by such manufacturer or by any parent, subsidiary, or company under common control with such manufacturer. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event.

3. Notwithstanding any other provision of this subtitle, a manufacturer of distilled spirits, whether licensed in the Commonwealth or not, may obtain a banquet license for a special event as provided in subdivision D 1 b of § 4.1-206.3 upon application to the Board, provided that such event is (i) at a place approved by the Board and (ii) conducted for the purposes of featuring and educating the consuming public about the manufacturer's spirits products. Such manufacturer shall be limited to no more than eight banquet licenses for such special events per year. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event. Such banquet license shall authorize the manufacturer to sell or give samples of spirits to any person to whom alcoholic beverages may be lawfully sold in designated areas at the special event, provided that (a) no single sample shall exceed one-half ounce per spirits product offered, unless served as a mixed beverage, in which case a single sample may contain up to one and one-half ounces of spirits, and (b) no more than three ounces of spirits may be offered to any patron per day. Nothing in this paragraph shall prohibit such manufacturer from serving such samples as part of a mixed beverage.

B. This section shall not apply to:

1. Corporations operating dining cars, buffet cars, club cars, or boats;

2. Brewery, distillery, or winery licensees engaging in conduct authorized by subdivision A 5 of § 4.1-201;

3. Farm winery licensees engaging in conduct authorized by subdivision 6 of § 4.1-206.1;

4. Manufacturers, bottlers, or wholesalers of alcoholic beverages who do not ~~(i)~~ sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to persons holding a retail license or banquet license as described in subsection A ~~and (ii) require, by agreement or otherwise, such person to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, or wholesalers~~;

5. Wineries, farm wineries, or breweries engaging in conduct authorized by subsection F of § 4.1-206.3 or § 4.1-209.1 or 4.1-212.1; or

6. One out-of-state winery, not under common control or ownership with any other winery, that is under common ownership or control with one restaurant licensed to sell wine at retail in Virginia, so long as any wine produced by that winery is purchased from a Virginia wholesale wine licensee by the restaurant before it is offered for sale to consumers.

C. The General Assembly finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages caused by overly aggressive marketing techniques. The exceptions established by this section to the general prohibition against tied

interests shall be limited to their express terms so as not to undermine the general prohibition and shall therefore be construed accordingly.

§ 4.1-216. Further limitations on manufacturers, bottlers, importers, brokers or wholesalers; ownership interests prohibited; exceptions; prohibited trade practices.

A. As used in this section:

"Broker" means any person, other than a manufacturer or a licensed beer or wine importer, who regularly engages in the business of bringing together sellers and purchasers of alcoholic beverages for resale and arranges for or consummates such transactions with persons in the Commonwealth to whom such alcoholic beverages may lawfully be sold and shipped into the Commonwealth pursuant to the provisions of this subtitle.

"Manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages" includes any officers or directors of any such manufacturer, bottler, importer, broker or wholesaler.

B. Except as provided in this subtitle, no manufacturer, importer, bottler, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall acquire or hold any financial interest, direct or indirect, (i) in the business for which any retail license is issued or (ii) in the premises where the business of a retail licensee is conducted.

1. Subdivision B (ii) shall not apply so long as such manufacturer, bottler, importer, broker or wholesaler does not sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to such retail licensee ~~and such retailer is not required by agreement or otherwise to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, importers, brokers or wholesalers~~.

2. Service as a member of the board of directors of a corporation licensed as a retailer, the shares of stock of which are sold to the general public on any national or local stock exchange, shall not be deemed to be a financial interest, direct or indirect, in the business or the premises of the retail licensee.

3. A brewery, winery or subsidiary or affiliate thereof, hereinafter collectively referred to as a financing corporation, may participate in financing the business of a wholesale licensee in the Commonwealth by providing debt or equity capital or both but only if done in accordance with the provisions of this subsection.

a. In order to assist a proposed new owner of an existing wholesale licensee, a financing corporation may provide debt or equity capital, or both, if prior approval of the Board has been obtained pursuant to subdivision 3 b of subsection B. A financing corporation which proposes to provide equity capital shall cause the proposed new owner to form a Virginia limited partnership in which the new owner is the general partner and the financing corporation is a limited partner. If the general partner defaults on any financial obligation to the limited partner, which default has been specifically defined in the partnership agreement, or, if the new owner defaults on its obligation to pay principal and interest when due to the financing corporation as specifically defined in the loan documents, then, and only then, shall such financing corporation be allowed to take title to the business of the wholesale licensee. Notwithstanding any other law to the contrary and provided written notice has been given to the Board within two business days after taking title, the wholesale licensee may be managed and operated by such financing corporation pursuant to the existing wholesale license for a period of time not to exceed 180 days as if the license had been issued in the name of the financing corporation. On or before the expiration of such 180-day period, the financing corporation shall cause ownership of the wholesale licensee's business to be transferred to a new owner. Otherwise, on the 181st day, the license shall be deemed terminated. The financing corporation may not participate in financing the transfer of ownership to the new owner or to any other subsequent owner for a period of twenty years following the effective date of the original financing transaction; except where a transfer takes place before the expiration of the eighth full year following the effective date of the original financing transaction in which case the financing corporation may finance such transfer as long as the new owner is required to return such debt or equity capital within the originally prescribed eight-year period. The financing corporation may exercise its right to take title to, manage and operate the business of, the wholesale licensee only once during such eight-year period.

b. In any case in which a financing corporation proposes to provide debt or equity capital in order to assist in a change of ownership of an existing wholesale licensee, the parties to the transaction shall first submit an application for a wholesale license in the name of the proposed new owner to the Board.

The Board shall be provided with all documents that pertain to the transaction at the time of the license application and shall ensure that the application complies with all requirements of law pertaining to the issuance of wholesale licenses except that if the financing corporation proposes to provide equity capital and thereby take a limited partnership interest in the applicant entity, the financing corporation shall not be required to comply with any Virginia residency requirement applicable to the issuance of wholesale licenses. In addition to the foregoing, the applicant entity shall certify to the Board and provide supporting documentation that the following requirements are met prior to issuance of the wholesale license: (i) the terms and conditions of any debt financing which the financing corporation proposes to provide are substantially the same as those available in the financial markets to other wholesale licensees who will be in competition with the applicant, (ii) the terms of any proposed equity financing transaction are such that future profits of the applicant's business shall be distributed annually to the financing corporation in direct proportion to its percentage of ownership interest received in return for its investment of equity capital, (iii) if the financing corporation proposes to provide equity capital, it shall hold an ownership interest in the applicant entity through a limited partnership interest and no other arrangement and (iv) the applicant entity shall be contractually obligated to return such debt or equity capital to the financing corporation not later than the end of the eighth full year following the effective date of the transaction thereby terminating any ownership interest or right thereto of the financing corporation.

Once the Board has issued a wholesale license pursuant to an application filed in accordance with this subdivision 3 b, any subsequent change in the partnership agreement or the financing documents shall be subject to the prior approval of the Board. In accordance with the previous paragraph, the Board may require the licensee to resubmit certifications and documentation.

c. If a financing corporation wishes to provide debt financing, including inventory financing, but not equity financing, to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee, it may do so without regard to the provisions of subdivisions 3 a and 3 b of subsection B under the following circumstances and subject to the following conditions: (i) in order to secure such debt financing, a wholesale licensee or a proposed new owner thereof may grant a security interest in any of its assets, including inventory, other than the wholesale license itself or corporate stock of the wholesale licensee; in the event of default, the financing corporation may take title to any assets pledged to secure such debt but may not take title to the business of the wholesale licensee and may not manage or operate such business; (ii) debt capital may be supplied by such financing corporation to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee so long as debt capital is provided on terms and conditions which are substantially the same as those available in the financial markets to other wholesale licensees in competition with the wholesale licensee which is being so financed; and (iii) the licensee or proposed new owner shall certify to the Board and provide supporting documentation that the requirements of (i) and (ii) of this subdivision 3 c have been met.

Nothing in this section shall eliminate, affect or in any way modify the requirements of law pertaining to issuance and retention of a wholesale license as they may apply to existing wholesale licensees or new owners thereof which have received debt financing prior to the enactment of this subdivision 3 c.

4. Except for holders of retail licenses issued pursuant to subdivision A 5 of § 4.1-201, brewery licensees may sell beer to retail licensees for resale only under the following conditions: If such brewery or an affiliate or subsidiary thereof has taken title to the business of a wholesale licensee pursuant to the provisions of subdivision 3 a of subsection B, direct sale to retail licensees may be made during the 180-day period of operation allowed under that subdivision. Moreover, the holder of a brewery license may make sales of alcoholic beverages directly to retail licensees for a period not to exceed thirty days in the event that such retail licensees are normally serviced by a wholesale licensee representing that brewery which has been forced to suspend wholesale operations as a result of a natural disaster or other act of God or which has been terminated by the brewery for fraud, loss of license or assignment of assets for the benefit of creditors not in the ordinary course of business.

5. Notwithstanding any provision of this section, including but not limited to those provisions whereby certain ownership or lease arrangements may be permissible, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages shall make an agreement, or attempt to make an agreement, with a retail licensee pursuant to which any products sold by a competitor are excluded in whole or in part from the premises on which the retail licensee's business is conducted.

6. Nothing in this section shall prohibit a winery, brewery, or distillery licensee from paying a royalty to a historical preservation entity pursuant to a bona fide intellectual property agreement that (i) authorizes the winery, brewery, or distillery licensee to manufacture wine, beer, or spirits based on authentic historical recipes and identified with brand names owned and trademarked by the historical preservation entity; (ii) provides for royalties to be paid based solely on the volume of wine, beer, or spirits manufactured using such recipes and trademarks, rather than on the sales revenues generated from such wine, beer, or spirits; and (iii) has been approved by the Board.

For purposes of this subdivision, "historical preservation entity" means an entity (a) that is exempt from income taxation under § 501(c)(3) of the Internal Revenue Code; (b) whose declared purposes include the preservation, restoration, and protection of a historic community in the Commonwealth that is the site of at least 50 historically significant houses, shops, and public buildings dating to the eighteenth century; and (c) that owns not more than 12 retail establishments in the Commonwealth for which retail licenses have been issued by the Board.

C. Subject to such exceptions as may be provided by statute or Board regulations, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall sell, rent, lend, buy for or give to any retail licensee, or to the owner of the premises in which the business of any retail licensee is conducted, any (i) money, equipment, furniture, fixtures, property, services or anything of value with which the business of such retail licensee is or may be conducted, or for any other purpose; (ii) advertising materials; and (iii) business entertainment, provided that no transaction permitted under this section or by Board regulation shall be used to require the retail licensee to partially or totally exclude from sale at its establishment alcoholic beverages of other manufacturers or wholesalers.

The provisions of this subsection shall apply to manufacturers, bottlers, importers, brokers and wholesalers selling alcoholic beverages to any governmental instrumentality or employee thereof selling alcoholic beverages at retail within the exterior limits of the Commonwealth, including all territory within these limits owned by or ceded to the United States of America.

The provisions of this subsection shall not apply to any commercial lifestyle center licensee.

§ 54.1-1119. Assessments by Director; assignment to Fund; minimum balance; notice; penalties; costs of administration.

A. Each initial ~~regulant~~ *contractor applicant*, at the time of application, shall be assessed ~~twenty-five dollars~~ *$25*, which shall be specifically assigned to the Fund. Initial payments may be incorporated in any application fee payment and transferred to the Fund by the Director within ~~thirty~~ *30* days.

All assessments, except initial assessments, for the Fund shall be deposited within three ~~work days~~ *workdays* after their receipt by the Director, in one or more federally insured banks, savings and loan associations*,* or savings banks located in the Commonwealth. Funds deposited in banks, savings institutions*,* or savings banks, to the extent in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency, shall be secured under the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings and loan associations*,* or savings banks located in the Commonwealth shall not be considered investment of such funds for purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 64.2-1502.

B. The minimum balance of the Fund shall be $400,000. Whenever the Director determines that the balance of the Fund is or will be less than this minimum balance, the Director shall immediately inform the Board, which shall assess each regulant at the time of his license renewal a sum sufficient to bring the balance of the Fund to an amount of not less than $400,000, when combined with similar assessments of other regulants. No regulant shall be assessed a total amount of more than ~~fifty dollars~~ *$50* during any biennium.

Notice to regulants of these assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail addressed to the Director within ~~forty-five~~ *45* days after the mailing of the notice to regulants.

C. If any regulant fails to remit the required assessment mailed in accordance with subsection B within ~~forty-five~~ *45* days of such mailing, the Director shall notify such regulant by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within ~~thirty~~ *30* days after mailing the second notice, the license of the regulant shall be automatically suspended and shall be restored only upon the actual receipt by the Director of the delinquent assessment.

Interest earned on the deposits constituting the Fund shall be used for administering the Fund. The remainder of this interest may be used for the purposes of providing educational programs about the Uniform Statewide Building Code (§ 36-97 et seq.), for providing education on subjects of benefit to licensees or members of the public relating to contracting, or shall accrue to the Fund.

§ 54.1-1123. Limitations upon recovery from Fund; certain actions not a bar to recovery.

A. The maximum claim of one claimant against the Fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving contracting is limited to ~~$20,000~~ *$30,000*, including any amount paid from a contractor's surety bond under § 54.1-1120.1, regardless of the amount of the unpaid judgment of the claimant.

B. The aggregate of claims against the Fund based upon unpaid judgments arising out of the improper or dishonest conduct of any one regulant involving contracting, is limited by the Board to ~~$40,000~~ *$100,000* during any biennium. If a claim has been made against the Fund, and the Board has reason to believe there may be additional claims against the Fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the Fund involving such regulant for a period of not more than one year from the date on which the claimant is awarded in a court of competent jurisdiction in the Commonwealth the final judgment on which his claim against the Fund is based. After this one-year period, if the aggregate of claims against the regulant exceeds ~~$40,000~~ *$100,000*, during a biennium, ~~$40,000~~ *$100,000* shall be prorated by the Board among the claimants and paid from the Fund, less the amount of any applicable contractor's bond, in proportion to the amounts of their judgments against the regulant remaining unpaid. Claims shall be prorated only after any applicable contractor's bond has been exhausted.

C. Excluded from the amount of any unpaid judgment upon which a claim against the Fund is based shall be any sums representing interest, or punitive damages, or any amounts that do not constitute actual monetary loss to the claimants. Such claim against the Fund may include court costs and attorney fees.

D. If, at any time, the amount of the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this Act, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board.

E. Failure of a claimant to comply with the provisions of subdivisions B 1 and 2 and subsection C of § 54.1-1120 and the provisions of § 54.1-1124 shall not be a bar to recovery under this Act if the claimant is otherwise entitled to such recovery.

F. The Board shall have the authority to deny any claim which otherwise appears to meet the requirements of the Act if it finds by clear and convincing evidence that the claimant has presented false information or engaged in collusion to circumvent any of the requirements of the Act.

CHAPTER 128

An Act to amend the Code of Virginia by adding in Article 3 of Chapter 5 of Title 18.2 a section numbered 18.2-110.1, relating to mail theft; penalty.

[H 1715]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 3 of Chapter 5 of Title 18.2 a section numbered 18.2-110.1 as follows:

§ 18.2-110.1. Mail theft; penalty.

A. As used in this section:

"Delivery service" means the same as that term is defined in § 18.2-246.6. "Delivery service" does not include the United States Postal Service.

"Mail" means any letter, postal card, parcel, package, bag, or other material, along with its contents, that (i) has postage affixed by the postal customer or a postal service, (ii) has been accepted for delivery by a postal service, (iii) the

postal customer leaves for collection by a postal service, or (iv) a postal service delivers to the postal customer, which has not been retrieved from the mail receptacle.

"Mail receptacle" means a mailbox, post office box, rural box, letter box, lock drawer, or any place or area intended or used by postal customers or a postal service for the collection, deposit, or delivery of mail.

"Postal service" means the United States Postal Service or a delivery service.

B. Any person who (i) knowingly, willfully, and with the intent to deprive, injure, damage, or defraud another (a) takes, destroys, hides, or embezzles mail or (b) obtains any mail by fraud or deception; (ii) buys, receives, conceals, or possesses (a) mail and knows or reasonably should know that the mail was unlawfully taken or obtained; (b) any key he knows or reasonably should know is suited to any lock adopted by the United States Postal Service that provides access to any mail receptacle located in a cluster mailbox unit or other mailbox panel used for the purpose of centralized mail in any neighborhood, including any condominium or apartment complex; or (c) a counterfeit device or key designed to provide access to any lock described in clause (b); or (iii) knowingly, willfully, and with the intent to steal any mail inside damages, opens, removes, injures, vandalizes, or destroys any mail receptacle is guilty of a Class 6 felony.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 129

An Act to amend and reenact § 54.1-2105 of the Code of Virginia, relating to Real Estate Board; regulations related to fees charged to a licensee.

[S 785]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2105 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2105. General powers of Real Estate Board; regulations; educational and experience requirements for licensure.

A. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and may promulgate necessary regulations.

B. The Board shall adopt regulations establishing minimum educational requirements as conditions for licensure. Board regulations relating to initial licensure shall include the following requirements:

1. Every applicant for an initial license as a real estate salesperson shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. Completed a course in the principles of real estate that carried an academic credit of at least four semester hours, but not less than 60 hours of classroom, correspondence, or other distance learning instruction, offered by an accredited institution of higher education, high school offering adult distributive education courses, or other school or educational institution offering an equivalent course.

2. Every applicant for an initial license as a real estate broker shall have:

a. At a minimum, a high school diploma or its equivalent; and

b. Completed not less than 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses offered by an accredited institution of higher education or other school or educational institution offering equivalent courses.

3. Every applicant for a license by reciprocity as a real estate salesperson or real estate broker shall have:

a. Completed a course in the principles of real estate that is comparable in content and duration and scope to that required in subdivision 1 or 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses that are comparable in content and duration and scope to that required in subdivision 2; and

b. If currently licensed by another state as a real estate salesperson or broker, passed Virginia's examination.

C. The Board may waive any requirement under the regulations relating to education or experience when the broker or salesperson is found to have education or experience equivalent to that required. No regulation imposing educational requirements for initial licensure beyond those specified by law shall apply to any person who was licensed prior to July 1, 1975, and who has been continuously licensed since that time, except that licensure as a salesperson prior to such time shall not exempt a salesperson who seeks to be licensed as a broker from the educational requirements established for brokers.

D. The Board shall establish criteria to ensure that prelicensure and broker licensure courses meet the standards of quality deemed by the Board to be necessary to protect the public interests. For correspondence and other distance learning instruction offered by an approved provider, such criteria may include appropriate testing procedures. The Board may establish procedures to ensure the quality of the courses.

Noncollegiate institutions shall not be authorized to grant collegiate semester hours for academic credit.

The specific content of the real estate courses shall be in real estate brokerage, real estate finance, real estate appraisal, real estate law, and such related subjects as are approved by the Board.

E. The Board may establish criteria delineating the permitted activities of unlicensed individuals employed by, or affiliated as an independent contractor with, real estate licensees or under the supervision of a real estate broker.

F. The Board may take a disciplinary case against a licensee under advisement, defer a finding in such case, and dismiss such action upon terms and conditions set by the Board.

G. Notwithstanding any other provision of law, the Board shall not charge a fee to a licensee for the transfer of such licensee between offices within a licensed real estate firm, including from such firm's primary place of business to one of its branch offices, or from a branch office to another branch office under the same primary place of business.

CHAPTER 130

An Act to amend and reenact §§ 4.1-215 and 4.1-216 of the Code of Virginia, relating to alcoholic beverage control; tied house exceptions.

[S 834]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 4.1-215 and 4.1-216 of the Code of Virginia are amended and reenacted as follows:

§ 4.1-215. Limitation on manufacturers, bottlers, and wholesalers; exemptions.

A. 1. Unless exempted pursuant to subsection B, no retail license for the sale of alcoholic beverages shall be granted to any (i) manufacturer, bottler, or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not; (ii) officer or director of any such manufacturer, bottler, or wholesaler; (iii) partnership or corporation, where any partner or stockholder is an officer or director of any such manufacturer, bottler, or wholesaler; (iv) corporation which is a subsidiary of a corporation which owns or has interest in another subsidiary corporation which is a manufacturer, bottler, or wholesaler of alcoholic beverages; or (v) manufacturer, bottler, or wholesaler of alcoholic beverages who has a financial interest in a corporation which has a retail license as a result of a holding company, which owns or has an interest in such manufacturer, bottler, or wholesaler of alcoholic beverages. Nor shall such licenses be granted in any instances where such manufacturer, bottler, or wholesaler and such retailer are under common control, by stock ownership or otherwise.

2. Notwithstanding any other provision of this subtitle, a manufacturer of wine or malt beverages, or two or more of such manufacturers together, whether licensed in the Commonwealth or not, may obtain a banquet license as provided in § 4.1-206.3 upon application to the Board, provided that the event for which a banquet license is obtained is (i) at a place approved by the Board and (ii) conducted for the purposes of featuring and educating the consuming public about wine or malt beverage products. Such manufacturer shall be limited to eight banquet licenses, whether or not jointly obtained, for such events per year without regard to the number of wineries or breweries owned or operated by such manufacturer or by any parent, subsidiary, or company under common control with such manufacturer. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event.

3. Notwithstanding any other provision of this subtitle, a manufacturer of distilled spirits, whether licensed in the Commonwealth or not, may obtain a banquet license for a special event as provided in subdivision D 1 b of § 4.1-206.3 upon application to the Board, provided that such event is (i) at a place approved by the Board and (ii) conducted for the purposes of featuring and educating the consuming public about the manufacturer's spirits products. Such manufacturer shall be limited to no more than eight banquet licenses for such special events per year. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event. Such banquet license shall authorize the manufacturer to sell or give samples of spirits to any person to whom alcoholic beverages may be lawfully sold in designated areas at the special event, provided that (a) no single sample shall exceed one-half ounce per spirits product offered, unless served as a mixed beverage, in which case a single sample may contain up to one and one-half ounces of spirits, and (b) no more than three ounces of spirits may be offered to any patron per day. Nothing in this paragraph shall prohibit such manufacturer from serving such samples as part of a mixed beverage.

B. This section shall not apply to:

1. Corporations operating dining cars, buffet cars, club cars, or boats;

2. Brewery, distillery, or winery licensees engaging in conduct authorized by subdivision A 5 of § 4.1-201;

3. Farm winery licensees engaging in conduct authorized by subdivision 6 of § 4.1-206.1;

4. Manufacturers, bottlers, or wholesalers of alcoholic beverages who do not ~~(i)~~ sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to persons holding a retail license or banquet license as described in subsection A ~~and (ii) require, by agreement or otherwise, such person to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, or wholesalers~~;

5. Wineries, farm wineries, or breweries engaging in conduct authorized by subsection F of § 4.1-206.3 or § 4.1-209.1 or 4.1-212.1; or

6. One out-of-state winery, not under common control or ownership with any other winery, that is under common ownership or control with one restaurant licensed to sell wine at retail in Virginia, so long as any wine produced by that winery is purchased from a Virginia wholesale wine licensee by the restaurant before it is offered for sale to consumers.

C. The General Assembly finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages caused by overly aggressive marketing techniques. The exceptions established by this section to the general prohibition against tied interests shall be limited to their express terms so as not to undermine the general prohibition and shall therefore be construed accordingly.

§ 4.1-216. Further limitations on manufacturers, bottlers, importers, brokers or wholesalers; ownership interests prohibited; exceptions; prohibited trade practices.

A. As used in this section:

"Broker" means any person, other than a manufacturer or a licensed beer or wine importer, who regularly engages in the business of bringing together sellers and purchasers of alcoholic beverages for resale and arranges for or consummates such transactions with persons in the Commonwealth to whom such alcoholic beverages may lawfully be sold and shipped into the Commonwealth pursuant to the provisions of this subtitle.

"Manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages" includes any officers or directors of any such manufacturer, bottler, importer, broker or wholesaler.

B. Except as provided in this subtitle, no manufacturer, importer, bottler, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall acquire or hold any financial interest, direct or indirect, (i) in the business for which any retail license is issued or (ii) in the premises where the business of a retail licensee is conducted.

1. Subdivision B (ii) shall not apply so long as such manufacturer, bottler, importer, broker or wholesaler does not sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to such retail licensee ~~and such retailer is not required by agreement or otherwise to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, importers, brokers or wholesalers~~.

2. Service as a member of the board of directors of a corporation licensed as a retailer, the shares of stock of which are sold to the general public on any national or local stock exchange, shall not be deemed to be a financial interest, direct or indirect, in the business or the premises of the retail licensee.

3. A brewery, winery or subsidiary or affiliate thereof, hereinafter collectively referred to as a financing corporation, may participate in financing the business of a wholesale licensee in the Commonwealth by providing debt or equity capital or both but only if done in accordance with the provisions of this subsection.

a. In order to assist a proposed new owner of an existing wholesale licensee, a financing corporation may provide debt or equity capital, or both, if prior approval of the Board has been obtained pursuant to subdivision 3 b of subsection B. A financing corporation which proposes to provide equity capital shall cause the proposed new owner to form a Virginia limited partnership in which the new owner is the general partner and the financing corporation is a limited partner. If the general partner defaults on any financial obligation to the limited partner, which default has been specifically defined in the partnership agreement, or, if the new owner defaults on its obligation to pay principal and interest when due to the financing corporation as specifically defined in the loan documents, then, and only then, shall such financing corporation be allowed to take title to the business of the wholesale licensee. Notwithstanding any other law to the contrary and provided written notice has been given to the Board within two business days after taking title, the wholesale licensee may be managed and operated by such financing corporation pursuant to the existing wholesale license for a period of time not to exceed 180 days as if the license had been issued in the name of the financing corporation. On or before the expiration of such 180-day period, the financing corporation shall cause ownership of the wholesale licensee's business to be transferred to a new owner. Otherwise, on the 181st day, the license shall be deemed terminated. The financing corporation may not participate in financing the transfer of ownership to the new owner or to any other subsequent owner for a period of twenty years following the effective date of the original financing transaction; except where a transfer takes place before the expiration of the eighth full year following the effective date of the original financing transaction in which case the financing corporation may finance such transfer as long as the new owner is required to return such debt or equity capital within the originally prescribed eight-year period. The financing corporation may exercise its right to take title to, manage and operate the business of, the wholesale licensee only once during such eight-year period.

b. In any case in which a financing corporation proposes to provide debt or equity capital in order to assist in a change of ownership of an existing wholesale licensee, the parties to the transaction shall first submit an application for a wholesale license in the name of the proposed new owner to the Board.

The Board shall be provided with all documents that pertain to the transaction at the time of the license application and shall ensure that the application complies with all requirements of law pertaining to the issuance of wholesale licenses except that if the financing corporation proposes to provide equity capital and thereby take a limited partnership interest in the applicant entity, the financing corporation shall not be required to comply with any Virginia residency requirement applicable to the issuance of wholesale licenses. In addition to the foregoing, the applicant entity shall certify to the Board and provide supporting documentation that the following requirements are met prior to issuance of the wholesale license: (i) the terms and conditions of any debt financing which the financing corporation proposes to provide are substantially the same as those available in the financial markets to other wholesale licensees who will be in competition with the applicant,

(ii) the terms of any proposed equity financing transaction are such that future profits of the applicant's business shall be distributed annually to the financing corporation in direct proportion to its percentage of ownership interest received in return for its investment of equity capital, (iii) if the financing corporation proposes to provide equity capital, it shall hold an ownership interest in the applicant entity through a limited partnership interest and no other arrangement and (iv) the applicant entity shall be contractually obligated to return such debt or equity capital to the financing corporation not later than the end of the eighth full year following the effective date of the transaction thereby terminating any ownership interest or right thereto of the financing corporation.

Once the Board has issued a wholesale license pursuant to an application filed in accordance with this subdivision 3 b, any subsequent change in the partnership agreement or the financing documents shall be subject to the prior approval of the Board. In accordance with the previous paragraph, the Board may require the licensee to resubmit certifications and documentation.

c. If a financing corporation wishes to provide debt financing, including inventory financing, but not equity financing, to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee, it may do so without regard to the provisions of subdivisions 3 a and 3 b of subsection B under the following circumstances and subject to the following conditions: (i) in order to secure such debt financing, a wholesale licensee or a proposed new owner thereof may grant a security interest in any of its assets, including inventory, other than the wholesale license itself or corporate stock of the wholesale licensee; in the event of default, the financing corporation may take title to any assets pledged to secure such debt but may not take title to the business of the wholesale licensee and may not manage or operate such business; (ii) debt capital may be supplied by such financing corporation to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee so long as debt capital is provided on terms and conditions which are substantially the same as those available in the financial markets to other wholesale licensees in competition with the wholesale licensee which is being so financed; and (iii) the licensee or proposed new owner shall certify to the Board and provide supporting documentation that the requirements of (i) and (ii) of this subdivision 3 c have been met.

Nothing in this section shall eliminate, affect or in any way modify the requirements of law pertaining to issuance and retention of a wholesale license as they may apply to existing wholesale licensees or new owners thereof which have received debt financing prior to the enactment of this subdivision 3 c.

4. Except for holders of retail licenses issued pursuant to subdivision A 5 of § 4.1-201, brewery licensees may sell beer to retail licensees for resale only under the following conditions: If such brewery or an affiliate or subsidiary thereof has taken title to the business of a wholesale licensee pursuant to the provisions of subdivision 3 a of subsection B, direct sale to retail licensees may be made during the 180-day period of operation allowed under that subdivision. Moreover, the holder of a brewery license may make sales of alcoholic beverages directly to retail licensees for a period not to exceed thirty days in the event that such retail licensees are normally serviced by a wholesale licensee representing that brewery which has been forced to suspend wholesale operations as a result of a natural disaster or other act of God or which has been terminated by the brewery for fraud, loss of license or assignment of assets for the benefit of creditors not in the ordinary course of business.

5. Notwithstanding any provision of this section, including but not limited to those provisions whereby certain ownership or lease arrangements may be permissible, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages shall make an agreement, or attempt to make an agreement, with a retail licensee pursuant to which any products sold by a competitor are excluded in whole or in part from the premises on which the retail licensee's business is conducted.

6. Nothing in this section shall prohibit a winery, brewery, or distillery licensee from paying a royalty to a historical preservation entity pursuant to a bona fide intellectual property agreement that (i) authorizes the winery, brewery, or distillery licensee to manufacture wine, beer, or spirits based on authentic historical recipes and identified with brand names owned and trademarked by the historical preservation entity; (ii) provides for royalties to be paid based solely on the volume of wine, beer, or spirits manufactured using such recipes and trademarks, rather than on the sales revenues generated from such wine, beer, or spirits; and (iii) has been approved by the Board.

For purposes of this subdivision, "historical preservation entity" means an entity (a) that is exempt from income taxation under § 501(c)(3) of the Internal Revenue Code; (b) whose declared purposes include the preservation, restoration, and protection of a historic community in the Commonwealth that is the site of at least 50 historically significant houses, shops, and public buildings dating to the eighteenth century; and (c) that owns not more than 12 retail establishments in the Commonwealth for which retail licenses have been issued by the Board.

C. The provisions of this subsection shall apply to manufacturers, bottlers, importers, brokers and wholesalers selling alcoholic beverages to any governmental instrumentality or employee thereof selling alcoholic beverages at retail within the exterior limits of the Commonwealth, including all territory within these limits owned by or ceded to the United States of America.

The provisions of this subsection shall not apply to any commercial lifestyle center licensee.

[S 846]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 20-124.6 of the Code of Virginia is amended and reenacted as follows:

§ 20-124.6. Access to minor's records.

A. Notwithstanding any other provision of law, neither parent, regardless of whether such parent has custody, shall be denied access to the academic or health records or records of a child day center or family day home of that parent's minor child*, including any such records that are stored or accessible from a secure website,* unless otherwise ordered by the court for good cause shown or pursuant to subsection B.

B. In the case of health records, access may also be denied if the minor's treating physician, clinical psychologist, clinical social worker, or licensed professional counselor has made a part of the minor's record a written statement that, in the exercise of his professional judgment, the furnishing to or review by the requesting parent of such health records would be reasonably likely to cause substantial harm to the minor or another person. If a health care entity denies a parental request for access to, or copies of, a minor's health record, the health care entity denying the request shall comply with the provisions of subsection F of § 32.1-127.1:03. The minor or his parent, either or both, shall have the right to have the denial reviewed as specified in subsection F of § 32.1-127.1:03 to determine whether to make the minor's health record available to the requesting parent.

C. For the purposes of this section, the terms "health record" or the plural thereof and "health care entity" mean the same as those terms are defined in subsection B of § 32.1-127.1:03~~. The~~ *and the* terms "child day center" and "family day home" mean the same as those terms are defined in § 63.2-100.

CHAPTER 132

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of

$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

A. Each initial ~~regulant~~ *contractor applicant*, at the time of application, shall be assessed ~~twenty-five dollars~~ *$25*, which shall be specifically assigned to the Fund. Initial payments may be incorporated in any application fee payment and transferred to the Fund by the Director within ~~thirty~~ *30* days.

All assessments, except initial assessments, for the Fund shall be deposited within three ~~work days~~ *workdays* after their receipt by the Director, in one or more federally insured banks, savings and loan associations*,* or savings banks located in the Commonwealth. Funds deposited in banks, savings institutions*,* or savings banks, to the extent in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency, shall be secured under the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings and loan associations*,* or savings banks located in the Commonwealth shall not be considered investment of such funds for

purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 64.2-1502.

B. The minimum balance of the Fund shall be $400,000. Whenever the Director determines that the balance of the Fund is or will be less than this minimum balance, the Director shall immediately inform the Board, which shall assess each regulant at the time of his license renewal a sum sufficient to bring the balance of the Fund to an amount of not less than $400,000, when combined with similar assessments of other regulants. No regulant shall be assessed a total amount of more than ~~fifty dollars~~ *$50* during any biennium.

Notice to regulants of these assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail addressed to the Director within ~~forty-five~~ *45* days after the mailing of the notice to regulants.

C. If any regulant fails to remit the required assessment mailed in accordance with subsection B within ~~forty-five~~ *45* days of such mailing, the Director shall notify such regulant by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within ~~thirty~~ *30* days after mailing the second notice, the license of the regulant shall be automatically suspended and shall be restored only upon the actual receipt by the Director of the delinquent assessment.

Interest earned on the deposits constituting the Fund shall be used for administering the Fund. The remainder of this interest may be used for the purposes of providing educational programs about the Uniform Statewide Building Code (§ 36-97 et seq.), for providing education on subjects of benefit to licensees or members of the public relating to contracting, or shall accrue to the Fund.

§ 54.1-1123. Limitations upon recovery from Fund; certain actions not a bar to recovery.

A. The maximum claim of one claimant against the Fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving contracting is limited to ~~$20,000~~ *$30,000*, including any amount paid from a contractor's surety bond under § 54.1-1120.1, regardless of the amount of the unpaid judgment of the claimant.

B. The aggregate of claims against the Fund based upon unpaid judgments arising out of the improper or dishonest conduct of any one regulant involving contracting, is limited by the Board to ~~$40,000~~ *$100,000* during any biennium. If a claim has been made against the Fund, and the Board has reason to believe there may be additional claims against the Fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the Fund involving such regulant for a period of not more than one year from the date on which the claimant is awarded in a court of competent jurisdiction in the Commonwealth the final judgment on which his claim against the Fund is based. After this one-year period, if the aggregate of claims against the regulant exceeds ~~$40,000~~ *$100,000*, during a biennium, ~~$40,000~~ *$100,000* shall be prorated by the Board among the claimants and paid from the Fund, less the amount of any applicable contractor's bond, in proportion to the amounts of their judgments against the regulant remaining unpaid. Claims shall be prorated only after any applicable contractor's bond has been exhausted.

C. Excluded from the amount of any unpaid judgment upon which a claim against the Fund is based shall be any sums representing interest, or punitive damages, or any amounts that do not constitute actual monetary loss to the claimants. Such claim against the Fund may include court costs and attorney fees.

D. If, at any time, the amount of the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this Act, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board.

E. Failure of a claimant to comply with the provisions of subdivisions B 1 and 2 and subsection C of § 54.1-1120 and the provisions of § 54.1-1124 shall not be a bar to recovery under this Act if the claimant is otherwise entitled to such recovery.

F. The Board shall have the authority to deny any claim which otherwise appears to meet the requirements of the Act if it finds by clear and convincing evidence that the claimant has presented false information or engaged in collusion to circumvent any of the requirements of the Act.

B. Any contract provision entered in violation of this section shall be void and unenforceable.

C. The provisions of this section shall not be construed to prohibit an insured from:

1. Authorizing or directing payment to, or paying, a person for reasonable services, materials, or any other item that is covered or may be covered under an insurance policy; or

2. Assigning rights to seek damages related to a personal injury or tort case arising from a settlement, verdict, or resulting judgment against the insured that is in excess of the insured's liability insurance coverage, subject to defenses available by law.

D. Notwithstanding the provisions of § 38.2-2123, the provisions of this section shall apply to (i) mutual assessment property and casualty insurers and (ii) mutual insurers and associations organized under the laws of the Commonwealth conducting business only in the Commonwealth and issuing only policies providing for perpetual insurance.

8. Any capital expenditure of $15 million or more, not defined as reviewable in subdivisions 1 through 7, by or on behalf of a medical care facility described in subsection A other than a general hospital. The amounts specified in this subdivision shall be revised annually to reflect inflation using appropriate measures incorporating construction costs and medical inflation. Nothing in this subdivision shall be construed to modify or eliminate the reviewability of any project described in subdivisions 1 through 7 when undertaken by or on behalf of a general hospital; and

9. Conversion in an existing medical care facility described in subsection A of psychiatric inpatient beds approved pursuant to a Request for Applications (RFA) to nonpsychiatric inpatient beds.

C. Notwithstanding the provisions of subsection A, any nursing home affiliated with a facility that, on January 1, 1982, and thereafter, (i) is operated as a nonprofit institution, (ii) is licensed jointly by the Department as a nursing home and by the Department of Social Services as an assisted living facility, and (iii) restricts admissions such that (a) admissions to the facility are only allowed pursuant to the terms of a "life care contract" guaranteeing that the full complement of services offered by the facility is available to the resident as and when needed, (b) admissions to the assisted living facility unit of the facility are restricted to individuals defined as ambulatory by the Department of Social Services, and (c) admissions to the nursing home unit of the facility are restricted to those individuals who are residents of the assisted living facility unit of the facility shall not be subject to the requirements of this article.

D. Notwithstanding the provisions of subsection B, a certificate of public need shall not be required for the following actions undertaken by or on behalf of a medical care facility described in subsection A:

1. Relocation of up to 10 beds or 10 percent of the beds, whichever is less, (i) from one existing medical care facility described in subsection A to another existing medical care facility described in subsection A at the same site in any two-year period or (ii) in any three-year period, from one existing medical care facility described in subsection A licensed as a nursing home to any other existing medical care facility described in subsection A licensed as a nursing home that is owned or controlled by the same person and located either within the same planning district or within another planning district out of which, during or prior to that three-year period, at least 10 times that number of beds have been authorized by statute to be relocated from one or more medical care facilities described in subsection A located in that other planning district, and at least half of those beds have not been replaced; ~~or~~

2. Use of up to 10 percent of beds as nursing home beds by a medical care facility described in subsection A ~~licensed as a hospital, as provided in § 32.1-132~~*; or*

3. Use of up to 10 beds per day among its inpatient hospital beds as swing beds for the furnishing of services of the type that, if furnished by a nursing home or certified nursing facility, would constitute skilled care services by a medical care facility described in subdivision A 1 that is certified as a critical access hospital by the Centers for Medicare and Medicaid Services pursuant to Title XVIII of the Social Security Act (42 U.S.C. § 1395 et seq.). For purposes of this subdivision, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing facility prior to exceeding the 10-swing-bed per day limit.

E. The Department shall regularly review the types of medical care facilities subject to the provisions of this article and projects for which a certificate is required and provide to the Governor and the General Assembly, at least once every five years, a recommendation related to the continued appropriateness of requiring such types of medical care facilities to be subject to the provisions of this article and such types of projects to be subject to the requirement of a certificate. In developing such recommendations, the Department shall consider, for each type of medical care facility and project, the following criteria:

1. The current and projected future availability of the specific type of medical care facility or project;

2. The current and projected future demand for the specific type of medical care facility or project;

3. The current and projected future rate of utilization of the specific type of medical care facility or project;

4. The current and projected future capacity of existing medical care facilities or projects of that specific type;

5. The anticipated impact of changes in population and demographics, reimbursement structures and rates, and technology on demand for and availability, utilization, and capacity of existing medical care facilities or projects of that specific type;

6. Existing quality, utilization, and other controls applicable to the specific type of medical care facility or project; and

7. Any risk to the health or well-being of the public resulting from inclusion of the specific type of medical care facility or project on such list.

§ 32.1-122.07. Authority of Commissioner for certain health planning activities; rural health plan; designation as a rural hospital.

A. The Commissioner, with the approval of the Board, is authorized to make application for federal funding and to receive and expend such funds in accordance with state and federal regulations.

B. The Commissioner shall administer ~~section~~ *§* 1122 of the ~~United States~~ Social Security Act if the Commonwealth has made an agreement with the ~~United States~~ *U.S.* Secretary of Health and Human Services pursuant to such section.

C. In compliance with the provisions of the Balanced Budget Act of 1997, P.L. 105-33, and any amendments to such provisions, the Commissioner shall submit to the appropriate regional administrator of the Centers for Medicare ~~&~~ *and* Medicaid Services (CMS) an application to establish a Medicare Rural Hospital Flexibility Program in Virginia.

D. The Commissioner shall develop and the Board of Health shall approve a rural health care plan for the Commonwealth to be included with the application to establish a Medicare Rural Hospital Flexibility Program. In cooperation and consultation with the Virginia Hospital and ~~Health Care~~ *Healthcare* Association, the Medical Society of Virginia, representatives of rural hospitals, and experts within the Department of Health on rural health programs, the plan shall be developed and revised as necessary or as required by the provisions of the Balanced Budget Act of 1997, P.L. 105-33, and any amendments to such provisions. In the development of the plan, the Commissioner may also seek the assistance of the regional health planning agencies. The plan shall verify that the Commonwealth is in the process of designating facilities located in Virginia as critical access hospitals, shall note that the Commonwealth wishes to certify facilities as "necessary providers" of health care in rural areas, and shall describe the process, methodology, and eligibility criteria to be used for such designations or certifications. Virginia's rural health care plan shall reflect local needs and resources and shall, at minimum, include, but need not be limited to, a mechanism for creating one or more rural health networks, ways to encourage rural health service regionalization, and initiatives to improve access to health services, including hospital services, for rural Virginians.

E. Notwithstanding any provisions of this chapter or the Board's regulations to the contrary, the Commissioner shall, in the rural health care plan, (i) use as minimum standards for critical access hospitals, the certification regulations for critical access hospitals promulgated by the Centers for Medicare ~~&~~ *and* Medicaid Services (CMS) pursuant to Title XVIII of the Social Security Act, as amended~~:~~*,* and (ii) authorize critical access hospitals to utilize *per day* a maximum of ~~ten~~ *10* beds among their inpatient hospital beds as swing beds for the furnishing of services of the type ~~which~~ *that*, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator. Such hospital shall include, within its plan of care, assurances for the overall well-being of patients occupying such beds. *For purposes of this subsection, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing facility prior to exceeding the 10-swing-bed per day limit.*

F. Nothing herein or set forth in Virginia's rural health care plan shall prohibit any hospital designated as a critical access hospital from leasing the unused portion of its facilities to other health care organizations or reorganizing its corporate structure to facilitate the continuation of the nursing home beds that were licensed to such hospital prior to the designation as a critical access hospital. The health care services delivered by such other health care organizations shall not be construed as part of the critical access hospital's services or license to operate.

G. Any medical care facility licensed as a hospital shall be considered a rural hospital on and after September 30, 2004, pursuant to 42 U.S.C. § 1395ww(d)(8)(E)(ii)(II), if (i) the hospital is located in an area defined as rural by federal statute or regulation; (ii) the Board of Health defines, in regulation, the area in which the hospital is located as a rural health area or the hospital as a rural hospital; or (iii) the hospital was designated, prior to October 1, 2004, as a Medicare-dependent small rural health hospital, as defined in 42 U.S.C. § 1395ww(d)(5)(G)(iv).

§ 32.1-132. Alterations or additions to hospitals and nursing homes; when new license required; use of inpatient hospital beds for furnishing skilled care services.

A. Any person who desires to make any substantial alteration or addition to or any material change in any hospital or nursing home shall, before making such change, alteration*,* or addition, submit the proposal therefor to the Commissioner for his approval. The Commissioner shall review the proposal to determine compliance with applicable statutes and regulations of the Board and as soon thereafter as reasonably practicable notify the person that the proposal is or is not approved.

B. If any such alteration, addition*,* or change has the effect of changing the bed capacity or classification of the hospital or nursing home, the licensee shall obtain a new license for the remainder of the license year before beginning operation of additional beds or in the new classification.

C. Notwithstanding any provision of state law to the contrary, any hospital, after sending such written notice as may be required by the Commissioner, may utilize, for a period not to exceed ~~thirty~~ *30* days for any one patient, a maximum of ~~ten~~ *10* percent of its inpatient hospital beds as swing beds for the furnishing of services of the type ~~which~~ *that*, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator. *If the hospital is certified as a critical access hospital by the Centers for Medicare and Medicaid Services pursuant to Title XVIII of the Social Security Act*

(42 U.S.C. § 1395 et seq.), the hospital may utilize up to 10 beds per day among its inpatient hospital beds as swing beds for the furnishing of services of the type that, if furnished by a nursing home or certified nursing facility, would constitute skilled care services without complying with nursing home licensure requirements or retaining the services of a licensed nursing home administrator. Such hospital shall amend its plan of care and implement its plan as amended to ensure the overall well-being of patients occupying such beds. *For purposes of this subsection, a critical access hospital may calculate the 10-swing-bed per day limitation as an average over the fiscal year of the hospital. In the event the calculation exceeds an average of 10 swing beds in any fiscal year, the critical access hospital shall have the following fiscal year to reduce the fiscal year average to 10 swing beds or below. Any critical access hospital that fails to reduce the fiscal year average to 10 swing beds or below during the second fiscal year shall no longer be able to calculate the 10-swing-bed limitation by averaging on a fiscal year basis and shall calculate the limitation on a daily basis until such time as it has met the 10-swing-bed per day limit for two consecutive fiscal years, at which time averaging may resume. However, no critical access hospital shall have more than 15 swing beds per day for more than five consecutive days. A critical access hospital shall make a good faith effort and so document the efforts made to place each additional patient in a certified nursing facility prior to exceeding the 10-swing-bed per day limit.* Only those hospitals ~~which~~ *that* qualify under § 1883 of Title XVIII and § 1913 of Title XIX of the Social Security Act and are certified as skilled nursing facilities may be reimbursed for such services for Medicare and Medicaid patients.

2. That the State Commissioner of Health shall collect data annually from critical access hospitals that elect to use fiscal year averaging as permitted by the first enactment of this act and make it publicly available.

3. That the provisions of this bill shall expire on July 1, 2028.

CHAPTER 136

An Act to amend and reenact § 38.2-4809 of the Code of Virginia, relating to surplus lines broker taxes; certain insurance policies.

[S 1269]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-4809 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-4809. Licensees to pay license taxes on insurers.

A. 1. Every licensed surplus lines broker or any person required to be licensed as a surplus lines broker shall be subject to the annual taxes, license taxes, penalties, and other provisions of Article 1 (§ 58.1-2500 et seq.) of Chapter 25 of Title 58.1 on each policy of insurance procured by him during the preceding calendar year with an eligible nonadmitted insurer. For policies effective on or after July 1, 2011, such payments shall be made based on the direct gross premium income derived from policies for insureds whose home state is the Commonwealth.

2. Every surplus lines broker or any person required to be licensed as a surplus lines broker subject to the provisions of this chapter shall, on or before March 1 of 2012 and 2013 report under oath to the Commission, and on or before March 1 of each year thereafter, report under oath to the Department of Taxation, upon the prescribed form, the direct gross premium income derived from policies for insureds whose home state is the Commonwealth during the preceding year ending December 31.

3. Every surplus lines broker or any person required to be licensed as a surplus lines broker failing to file the report required by this section shall be fined $50 for each day's failure to file the report.

4. Upon the failure of any such surplus lines broker or any person required to be licensed as a surplus lines broker to pay the premium license tax within the time required by this section, there shall be added to such tax a penalty of 10 percent of the amount of the tax and interest at a rate equal to the rate of interest established pursuant to § 58.1-15 for the period between the due date and the date of full payment. The Commission or Department of Taxation shall notify the surplus lines broker of all additional amounts owed, and the surplus lines broker shall pay such amounts within 30 days of the date of the notice.

5. Upon good cause shown, the Department of Taxation may accept late payment of the premium license tax exclusive of penalties; however, interest shall be paid on such tax as prescribed in this subsection.

6. If any person overestimates and overpays the annual taxes, the Department of Taxation shall refund the amount of the overpayment to the person. The overpayment shall be refunded out of the state treasury.

B. 1. Each licensed surplus lines broker or any person required to be licensed as a surplus lines broker whose annual premium license tax liability can reasonably be expected to exceed $1,500 shall file a quarterly tax report with the Department of Taxation. Such report shall be in a form prescribed by the Department of Taxation. This report shall be filed no later than 30 calendar days after the end of each calendar quarter. Notwithstanding any provision to the contrary, each such person shall pay the premium license tax owed for the direct gross premiums adjusted for additional and returned premiums shown by each quarterly tax report when such report is filed with the Department of Taxation.

2. No surplus lines broker or any person required to be licensed as a surplus lines broker shall be subject to any penalty or interest pursuant to Title 58.1 as a result of the failure to timely file a quarterly tax report or make the related quarterly payment when the report is filed pursuant to subdivision 1.

C. In addition to other penalties provided by law, any licensed surplus lines broker or any person required to be licensed as a surplus lines broker who willfully fails or refuses to pay the full amount of the tax or assessment required by this chapter, either by himself or through his agents or employees, or who makes a false or fraudulent return with intent to evade the tax or assessment hereby levied, or who makes a false or fraudulent claim for refund shall be guilty of a Class 1 misdemeanor.

D. If any licensed surplus lines broker or any person required to be licensed as a surplus lines broker charges and collects from the insured the taxes and assessments required by this section and § 38.2-4809.1, such person shall be a fiduciary to this Commonwealth for any taxes and assessments owed to this Commonwealth under this chapter.

E. Notwithstanding the provisions of this section and effective for calendar year 2025 and each calendar year thereafter, any surplus lines broker or any person required to be licensed as a surplus lines broker shall not be subject to the annual taxes, license taxes, penalties, and other provisions of Article 1 (§ 58.1-2500 et seq.) of Chapter 25 of Title 58.1 on any policy of insurance procured by such broker during the preceding calendar year on behalf of a commuter rail system jointly operated by the Northern Virginia Transportation Commission established pursuant to § 33.2-1904 and the Potomac and Rappahannock Transportation District established pursuant to the Transportation District Act (§ 33.2-1900 et seq.).

CHAPTER 138

An Act to amend and reenact § 16.1-277.02 of the Code of Virginia, relating to petitions for relief of care and custody of a child; investigation by local department of social services; Office of the Children's Ombudsman work group; report.

[H 1733]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-277.02 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-277.02. Petition for relief of care and custody.

A. Requests for petitions for relief of the care and custody of a child shall be referred initially to the local department of social services for investigation and the provision of services, if appropriate, in accordance with the provisions of § 63.2-319 or Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. *The local department of social services shall, as part of its investigation, (i) refer the parent to the local family assessment and planning team and (ii) create a written report regarding the history of the child and family. A referral to the local family assessment and planning team in accordance with clause (i) shall not interfere with or delay any proceeding or hearing related to the petition unless the court determines that any recommendations made by or information gathered from the family assessment and planning team is necessary for the court to make a final disposition in the matter.* Upon the filing of a petition for relief of a child's care and custody pursuant to subdivision A 4 of § 16.1-241, the court shall appoint a guardian ad litem to represent the child in accordance with the provisions of § 16.1-266, and shall schedule the matter for a hearing on the petition. Such hearing on the petition may include partial or final disposition of the matter. The court shall provide notice of the hearing and a copy of the petition to the following, each of whom shall be a party entitled to participate in the proceeding:

1. The child, if he is 12 years of age or older;

2. The guardian ad litem for the child;

3. The child's parents, custodian or other person standing in loco parentis to the child. No such notification shall be required, however, if the judge certifies on the record that the identity of the parent is not reasonably ascertainable. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. The hearing on the petition shall be held pursuant to this section although a parent fails to appear and is not represented by counsel, provided personal or substituted service was made on the parent, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort. However, in the case of a hearing to grant a petition for permanent relief of custody and terminate a parent's residual parental rights, notice to the parent whose rights may be affected shall be provided in accordance with the provisions of §§ 16.1-263 and 16.1-264; and

4. The local board of social services. Upon receiving notice of the hearing pursuant to this section, the local board of social services shall investigate the matter and provide services, as appropriate, in accordance with the provisions of § 63.2-319 or Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2.

B. At the hearing, the local board of social services, the child, the child's parents, guardian, legal custodian or other person standing in loco parentis and any other family or household member of the child to whom notice was given shall have the right to confront and cross-examine all adverse witnesses and evidence and to present evidence on their own behalf.

C. At the conclusion of the hearing on the petition, the court shall make a finding, based upon a preponderance of the evidence, whether there is good cause shown for the petitioner's desire to be relieved of the child's care and custody, unless the petition seeks permanent relief of custody and termination of parental rights. If the petition seeks permanent relief of custody and termination of parental rights, the court shall make a finding, based upon clear and convincing evidence, whether termination of parental rights is in the best interest of the child. If the court makes either of these findings, the court may enter:

1. A preliminary protective order pursuant to § 16.1-253;

2. An order that requires the local board of social services to provide services to the family as required by law;

3. An order that is consistent with any of the dispositional alternatives pursuant to § 16.1-278.3; or

4. Any combination of these orders.

Any such order transferring legal custody of the child shall be made in accordance with the provisions of subdivision A 5 of § 16.1-278.2 and shall be subject to the provisions of subsection C1. This order shall include, but need not be limited to, the following findings: (i) that there is no less drastic alternative to granting the requested relief; and (ii) that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary

to the welfare of the child, if the order transfers legal custody of the child to a local board of social services. Any order terminating residual parental rights shall be accompanied by an order continuing or granting custody to a local board of social services or to a licensed child-placing agency or granting custody or guardianship to a person with a legitimate interest. Such an order continuing or granting custody to a local board of social services or to a licensed child-placing agency shall indicate whether that board or agency shall have the authority to place the child for adoption and consent thereto. At any time subsequent to the transfer of legal custody of the child pursuant to this section, a birth parent or parents of the child and the pre-adoptive parent or parents may enter into a written post-adoption contact and communication agreement in accordance with the provisions of § 16.1-283.1 and Article 1.1 (§ 63.2-1220.2 et seq.) of Chapter 12 of Title 63.2. The court shall not require a written post-adoption contact and communication agreement as a precondition to entry of an order in any case involving the child.

The court shall schedule a subsequent hearing within 60 days of the hearing held pursuant to this section: (a) to enter a final order of disposition pursuant to § 16.1-278.3 or (b) if the child is placed in foster care, for review of the foster care plan filed pursuant to § 16.1-281. If a party is required to be present at the subsequent hearing, and (1) is present at the hearing on the petition, the party shall be given notice of the date set for the subsequent hearing; (2) if not present, shall be summoned as provided in § 16.1-263.

C1. Any order transferring temporary custody of the child to a person with a legitimate interest pursuant to subsection C shall be entered only upon a finding, based upon a preponderance of the evidence, that such person is one who (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; and (iii) is willing and has the ability to protect the child from abuse and neglect. The court's order transferring temporary custody to a person with a legitimate interest should further provide for compliance with any preliminary protective order entered on behalf of the child in accordance with the provisions of § 16.1-253; and, as appropriate, ongoing provision of social services to the child and the child's custodian; and court review of the child's placement with such person with a legitimate interest. Any final order transferring custody of the child to a person with a legitimate interest pursuant to this section shall, in addition, be entered only after an investigation as directed by the court and upon a finding, stated in the court's order, that such person is one who satisfies clauses (i), (ii), and (iii) and is committed to providing a permanent, suitable home for the child.

D. The local board or licensed child-placing agency to which authority is given to place the child for adoption and consent thereto after an order terminating parental rights is entered pursuant to this section shall file a written Adoption Progress Report with the juvenile court on the progress being made to place the child in an adoptive home. The report shall be filed with the court every six months from the date of the final order terminating parental rights until a final order of adoption is entered on behalf of the child in the circuit court. At the conclusion of the hearing at which termination of parental rights is ordered and authority is given to the local board or licensed child-placing agency to place the child for adoption, the juvenile court shall schedule a date by which the board or agency shall file the first Adoption Progress Report required by this section. A copy of the Adoption Progress Report shall be sent by the court to the guardian ad litem for the child. The court may schedule a hearing on the report with or without the request of a party.

2. That the Department of Social Services shall, in collaboration with the Virginia League of Social Services Executives, create a template for the written report that the local department of social services is required to create pursuant to § 16.1-277.02 of the Code of Virginia, as amended by this act, as a part of its investigation prior to a proceeding. The template for the written report shall include (i) a complete background of the child and family, including medical and mental health history, legal history, educational history, and any information from providers in these fields; (ii) the exploration of all relatives and fictive kin; and (iii) information on what services are being or have been offered or provided to the child and the family, including the potential effectiveness of a family partnership meeting.

3. That the Office of the Children's Ombudsman shall convene a work group to determine the factors a court should consider for good cause shown to grant a petitioner's petition for relief of care and custody of a child. The work group shall also explore the potential benefits and considerations of raising the standard of evidence for granting temporary relief of custody from the current standard of preponderance of the evidence to clear and convincing evidence. The work group shall be composed of judges of juvenile and domestic relations district courts, a representative from the Office of the Executive Secretary of the Supreme Court of Virginia, one or more representatives from the Department of Social Services, representatives from local departments of social services and court services units, and other relevant stakeholders. The Office of the Children's Ombudsman shall submit a report of the work group's findings and recommendations to the Chairs of the House and Senate Committees for Courts of Justice and the Virginia Commission on Youth by November 1, 2025.

4. That the provisions of § 16.1-277.02 of the Code of Virginia, as amended by this act, shall become effective on January 1, 2026.

The governing boards of each institution shall recommend to the Governor the rank to which such eligible persons shall be commissioned, but the following determination of such rank shall be made by the Governor. Commissions in such militia issued such persons by the Governor shall not entitle any person holding the same to any pay or emolument by reason thereof unless he be assigned to duty by order of the Governor with the Virginia National Guard; and in such event, the rank of such officer shall be relatively inferior to that of all other officers of the same grade in the Virginia National Guard.

[H 1854]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-241, 16.1-278.15, and 20-124.1 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, *except for purposes of this title, as otherwise provided by this paragraph;* (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241~~,~~*;* or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child

has previously been awarded to the custody of a local board of social services. *For purposes of this title, a party with a legitimate interest shall also include a parent whose rights previously had been terminated, provided that the child whose custody or visitation is at issue (a) is at least 14 years of age; (b) has had a permanency goal previously achieved by adoption; (c) has had his adoptive parents die or, pursuant to § 16.1-277.02, each of such child's adoptive parents has permanently been relieved of custody of such child and each adoptive parent has had his parental rights terminated; and (d) is in the custody of a local board of social services, and provided that the parent whose rights had previously been terminated has (1) complied with the terms of any written post-adoption contact and communication agreement entered into pursuant to Article 1.1 (§ 63.2-1220.2 et seq.) of Chapter 12 of Title 63.2 and (2) maintained a positive, continuous relationship with the child since termination.*

A1. Making specific findings of fact required by state or federal law to enable a child to apply for or receive a state or federal benefit. For the purposes of this subsection only, when the court has obtained jurisdiction over the case of any child, the court may continue to exercise its jurisdiction until such person reaches 21 years of age, for the purpose of entering findings of fact or amending past orders, to include findings of fact necessary for the person to petition the federal government for status as a special immigrant juvenile, as defined by 8 U.S.C. § 1101(a)(27)(J).

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, or (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (a) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful and (b) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage entered into prior to July 1, 2024, or lawfully entered into in another state or country prior to being domiciled in the Commonwealth, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

Z. Petitions filed pursuant to § 16.1-283.3 for review of voluntary agreements for continuation of services and support for persons who meet the eligibility criteria for the Fostering Futures program set forth in § 63.2-919.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

Upon certification by the juvenile and domestic relations district court of any felony charge and ancillary misdemeanor charge committed by an adult or when an appeal of a conviction or adjudication of delinquency of an offense in the juvenile and domestic relations district court is noted, jurisdiction as to such charges shall vest in the circuit court, unless such case is reopened pursuant to § 16.1-133.1; a final judgment, order, or decree is modified, vacated, or suspended pursuant to Supreme Court of Virginia Rule 1:1; or the appeal has been withdrawn in the juvenile and domestic relations district court within 10 days pursuant to § 16.1-133.

§ 16.1-278.15. Custody or visitation, child or spousal support generally.

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the Office of the Executive Secretary of the Supreme Court of Virginia. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of $50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order that

support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support. Upon request of either party, the court may also order that support payments be made to a special needs trust or an ABLE savings trust account as defined in § 23.1-700.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. *For purposes of this section, a party with a legitimate interest shall also include a parent whose rights previously had been terminated, provided that the child whose custody or visitation is at issue (i) is at least 14 years of age; (ii) has had a permanency goal previously achieved by adoption; (iii) has had his adoptive parents die or, pursuant to § 16.1-277.02, each of such child's adoptive parents has permanently been relieved of custody of such child and each adoptive parent has had his parental rights terminated; and (iv) is in the custody of a local board of social services, and provided that the parent whose rights had previously been terminated has (a) complied with the terms of any written post-adoption contact and communication agreement entered into pursuant to Article 1.1 (§ 63.2-1220.2 et seq.) of Chapter 12 of Title 63.2 and (b) maintained a positive, continuous relationship with the child since termination.* The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

G1. In any case or proceeding involving the custody or visitation of a child, as to a parent, the court may, in its discretion, use the phrase "parenting time" to be synonymous with the term "visitation."

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

J. In any custody or visitation case or proceeding wherein an order prohibiting a party from picking the child up from school is entered pursuant to this section, the court shall order a party to such case or proceeding to provide a copy of such custody or visitation order to the school at which the child is enrolled within three business days of such party's receipt of such custody or visitation order.

If a custody determination affects the school enrollment of the child subject to such custody order and prohibits a party from picking the child up from school, the court shall order a party to provide a copy of such custody order to the school at which the child will be enrolled within three business days of such party's receipt of such order. Such order directing a party to provide a copy of such custody or visitation order shall further require such party, upon any subsequent change in the child's school enrollment, to provide a copy of such custody or visitation order to the new school at which the child is subsequently enrolled within three business days of such enrollment.

If the court determines that a party is unable to deliver the custody or visitation order to the school, such party shall provide the court with the name of the principal and address of the school, and the court shall cause the order to be mailed by first class mail to such school principal.

Nothing in this section shall be construed to require any school staff to interpret or enforce the terms of such custody or visitation order.

§ 20-124.1. Definitions.

As used in this chapter:

"Joint custody" means (i) joint legal custody where both parents retain joint responsibility for the care and control of the child and joint authority to make decisions concerning the child even though the child's primary residence may be with only one parent, (ii) joint physical custody where both parents share physical and custodial care of the child, or (iii) any combination of joint legal and joint physical custody which the court deems to be in the best interest of the child.

§ 23.1-203. Duties of Council.

The Council shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection A of § 23.1-1002 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23.1-309 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in the Commonwealth at both the undergraduate and the graduate levels and the mission, programs, facilities, and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plan at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any public institution of higher education and define the mission of all newly created public institutions of higher education. The Council shall report such approvals, disapprovals, and definitions to the Governor and the General Assembly at least once every six years. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing in this subdivision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly or empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution of higher education, whether relating to academic standards, residence, or other criteria. Faculty selection and student admission policies shall remain a function of the individual public institutions of higher education.

3. Study any proposed escalation of any public institution of higher education to a degree-granting level higher than that level to which it is presently restricted and submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be organized numerically by level of enrollment and shall be used solely for budgetary, fiscal, and strategic planning purposes. The Council shall develop estimates of the number of degrees to be awarded by each public institution of higher education and include those estimates in its reports of enrollment projections. The student admissions policies for such institutions and their specific programs shall remain the sole responsibility of the individual governing boards but all baccalaureate public institutions of higher education shall adopt dual admissions policies with comprehensive community colleges as required by § 23.1-907.

5. Review and approve or disapprove all new undergraduate or graduate academic programs that any public institution of higher education proposes.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations or (ii) supported by state funds and unnecessarily duplicative of academic programs offered at other public institutions of higher education. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the establishment of any department, school, college, branch, division, or extension of any public institution of higher education that such institution proposes to establish, whether located on or off

the main campus of such institution. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this subdivision shall be construed to authorize the Council to disapprove the establishment of any such department, school, college, branch, division, or extension established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollment, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities, and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), the Virginia Unemployment Compensation Act (§ 60.2-100 et seq.), and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records in which all personally identifiable information has been removed for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth.

10. In cooperation with public institutions of higher education, develop guidelines for the assessment of student achievement. Each such institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report each institution's assessment of student achievement in the revisions to the Commonwealth's statewide strategic plan for higher education.

11. In cooperation with the appropriate state financial and accounting officials, develop and establish uniform standards and systems of accounting, recordkeeping, and statistical reporting for public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education proposes and report such approvals and disapprovals to the Governor and the General Assembly. No such change shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each public institution of higher education at such times as the Council deems appropriate and conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to each accredited nonprofit private institution of higher education whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education on academic, administrative, financial, and space utilization matters. The Council may review and advise on joint activities, including contracts for services between public institutions of higher education and such private institutions of higher education or between such private institutions of higher education and any agency or political subdivision of the Commonwealth.

15. Adopt such policies and regulations as the Council deems necessary to implement its duties established by state law. Each public institution of higher education shall comply with such policies and regulations.

16. Issue guidelines consistent with the provisions of the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g), requiring public institutions of higher education to release a student's academic and disciplinary record to a student's parent.

17. Require each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, to ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth. An institution may ensure the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its ~~director~~ *Executive Director*, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting and baccalaureate public institutions of higher education.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for each public institution of higher education.

20. Develop, pursuant to the provisions of § 23.1-907, guidelines for articulation, dual admissions, and guaranteed admissions agreements, including guidelines related to a one-year Uniform Certificate of General Studies Program and a one-semester Passport Program to be offered at each comprehensive community college. The guidelines developed pursuant to this subdivision shall be developed in consultation with all public institutions of higher education in the Commonwealth, the Department of Education, and the Virginia Association of School Superintendents and shall ensure standardization, quality, and transparency in the implementation of the programs and agreements. At the discretion of the Council, private institutions of higher education eligible for tuition assistance grants may also be consulted.

21. Cooperate with the Board of Education in matters of interest to both public elementary and secondary schools and public institutions of higher education, particularly in connection with coordination of the college admission requirements, coordination of teacher training programs with the public school programs, and the Board of Education's Six-Year Educational Technology Plan for Virginia. The Council shall encourage public institutions of higher education to design programs that include the skills necessary for the successful implementation of such Plan.

22. Advise and provide technical assistance to the Brown v. Board of Education Scholarship Committee in the implementation and administration of the Brown v. Board of Education Scholarship Program pursuant to Chapter 34.1 (§ 30-231.01 et seq.) of Title 30.

23. Insofar as possible, seek the cooperation and utilize the facilities of existing state departments, institutions, and agencies in carrying out its duties.

24. Serve as the coordinating council for public institutions of higher education.

25. Serve as the planning and coordinating agency for all postsecondary educational programs for all health professions and occupations and make recommendations, including those relating to financing, for providing adequate and coordinated educational programs to produce an appropriate supply of properly trained personnel. The Council may conduct such studies as it deems appropriate in furtherance of the requirements of this subdivision. All state departments and agencies shall cooperate with the Council in the execution of its responsibilities under this subdivision.

26. Carry out such duties as the Governor may assign to it in response to agency designations requested by the federal government.

27. Insofar as practicable, preserve the individuality, traditions, and sense of responsibility of each public institution of higher education in carrying out its duties.

28. Insofar as practicable, seek the assistance and advice of each public institution of higher education in fulfilling its duties and responsibilities.

29. Administer the Virginia Longitudinal Data System as a multiagency partnership for the purposes of developing educational, health, social service, and employment outcome data; improving the efficacy of state services; and aiding decision making.

30. Assist the Department of Education with collecting and compiling information for distribution to high school students that assist such students in making more informed decisions about post-high-school educational and training opportunities pursuant to § 22.1-206.2.

§ 23.1-215. Authority of the Council; regulations; standards for postsecondary schools; delegation of authority to Executive Director.

A. The Council shall adopt, pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), such regulations as may be necessary to implement the provisions of this article, including (i) procedures by which a postsecondary school may apply for Council approval to confer degrees in the Commonwealth; (ii) measures designed to ensure that all postsecondary schools that are subject to the provisions of this article meet the minimal standards established pursuant to subsection B; (iii) protections for students pursuing postsecondary education opportunities in postsecondary schools subject to the provisions of this article; and (iv) information to assist persons who rely on postsecondary degrees or certificates to judge the competence of individuals in receipt of such degrees or certificates.

B. D. The Council may establish separate certification criteria for various postsecondary school classifications.

E. The Council may grant to its ~~director~~ *Executive Director* the authority to take specific actions on its behalf in furtherance of the provisions of this article.

§ 23.1-222. Emergency actions.

A. The Council may, by regulation, authorize its ~~director~~ *Executive Director* to take immediate action on its behalf in any instance in which a postsecondary school holding certification to operate in the Commonwealth is the subject of an adverse action by the U.S. Department of Education or the postsecondary school's accrediting agency. When such adverse action threatens a disruption of the operation of the postsecondary school and exposes students to a loss of course or degree credit or financial loss, the ~~director~~ *Executive Director* may:

1. Suspend new enrollment in specified programs or degree levels or all programs and degree levels that have been approved by the Council;

2. Require the postsecondary school to provide a guaranty instrument in the amount necessary to cover the refund of unearned tuition to all students enrolled at the time of the action; or

3. Take such other actions as may be necessary to protect the rights of currently enrolled or future students.

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to collect medical and other forms of health data from a

patient and electronically transmit that information securely to a health care provider in a different location for interpretation and recommendation; (ii) that is compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate, and uterine activity*; and*

34. A provision for payment of medical assistance for rapid whole genome sequencing for children three years of age or younger who are receiving inpatient hospital services in an intensive care unit. For the purposes of this subdivision, "rapid whole genome sequencing" is defined as an investigation of the entire human genome to identify disease-causing genetic changes that returns preliminary positive results within seven days and final results within 15 days from the date of receipt of the sample by the lab performing the test. "Rapid whole genome sequencing" includes patient-only whole genome sequencing and duo and trio whole genome sequencing of the patient and biological parent or parents.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

2. That an emergency exists and this act is in force from its passage.

[H 1912]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That §§ 64.2-309, 64.2-310, 64.2-311, 64.2-508, 64.2-528, 64.2-600, 64.2-601, 64.2-602, 64.2-609, 64.2-732, 64.2-1104, 64.2-1302, 64.2-1313, 64.2-1411, 64.2-1502, 64.2-1802, 64.2-1905, 64.2-1906, 64.2-2017, 64.2-2020, 64.2-2023, and 64.2-2026 of the Code of Virginia are amended and reenacted as follows:

§ 64.2-309. Family allowance.

A. In addition to any other right or allowance under this article, upon the death of a decedent who was domiciled in the Commonwealth, the surviving spouse and minor children whom the decedent was obligated to support are entitled to a reasonable allowance in money out of the estate for their maintenance during the period of administration, which allowance shall not continue for longer than one year if the estate is inadequate to discharge all allowed claims. The family allowance may be paid as a lump sum not to exceed ~~$24,000~~ *$30,000*, or in periodic installments not to exceed ~~$2,000~~ *$2,500* per month for one year. It is payable to the surviving spouse for the use of the surviving spouse and minor children or, if there is no surviving spouse, to the person having the care and custody of the minor children. If any minor child is not living with the surviving spouse, the family allowance may be made partially to the spouse and partially to the person having the care and custody of the child, as their needs may appear. If there are no minor children, the allowance is payable to the surviving spouse.

B. The family allowance has priority over all claims against the estate.

C. The family allowance is in addition to any benefit or share passing to the surviving spouse or minor children by the will of the decedent, by intestate succession, or by way of elective share.

D. The death of any person entitled to a family allowance terminates the person's right to any allowance not yet paid.

§ 64.2-310. Exempt property.

A. In addition to any other right or allowance under this article, the surviving spouse of a decedent who was domiciled in the Commonwealth is entitled from the estate to value not exceeding ~~$20,000~~ *$25,000* in excess of any security interests therein in household furniture, automobiles, furnishings, appliances, and personal effects. If there is no surviving spouse, the minor children of the decedent are entitled in equal shares to such property of the same value. If the value of the exempt property selected in excess of any security interests therein is less than ~~$20,000~~ *$25,000*, or if there is not ~~$20,000~~ *$25,000* worth of exempt property in the estate, the spouse or minor children are entitled to other assets of the estate, if any, to the extent necessary to make up the ~~$20,000~~ *$25,000* value.

B. The right to exempt property and other assets of the estate needed to make up a deficiency of exempt property has priority over all claims against the estate, except the family allowance.

C. The right to exempt property is in addition to any benefit or share passing to the surviving spouse or minor children by the will of the decedent, by intestate succession, or by way of elective share.

§ 64.2-311. Homestead allowance.

A. In addition to any other right or allowance under this article, a surviving spouse of a decedent who was domiciled in the Commonwealth is entitled to a homestead allowance of ~~$20,000~~ *$25,000*. If there is no surviving spouse, each minor child of the decedent is entitled to a homestead allowance amounting to ~~$20,000~~ *$25,000*, divided by the number of minor children.

B. The homestead allowance has priority over all claims against the estate, except the family allowance and the right to exempt property.

C. The homestead allowance is in lieu of any share passing to the surviving spouse or minor children by the decedent's will or by intestate succession; provided, however, if the amount passing to the surviving spouse and minor children by the decedent's will or by intestate succession is less than ~~$20,000~~ *$25,000*, then the surviving spouse or minor children are entitled to a homestead allowance in an amount that when added to the property passing to the surviving spouse and minor children by the decedent's will or by intestate succession, equals the sum of ~~$20,000~~ *$25,000*.

D. If the surviving spouse claims and receives an elective share of the decedent's estate under §§ 64.2-302 through 64.2-307, the surviving spouse shall not have the benefit of any homestead allowance. If the surviving spouse claims and receives an elective share of the decedent's estate under Article 1.1 (§ 64.2-308.1 et seq.), the homestead allowance shall be in addition to any benefit or share passing to the surviving spouse by way of elective share.

§ 64.2-508. Written notice of probate, qualification, and entitlement to copies of inventories, accounts, and reports to be provided to certain parties.

A. Except as otherwise provided in this section, a personal representative of a decedent's estate, including an administrator appointed pursuant to § 64.2-454, or a proponent of a decedent's will when there is no qualification shall

provide written notice of qualification or probate, and notice of entitlement to copies of wills, inventories, accounts, and reports, to the following persons:

1. The surviving spouse of the decedent, if any;

2. All heirs at law of the decedent, whether or not there is a will;

3. All living and ascertained beneficiaries under the will of the decedent, including those who may take under § 64.2-418, and beneficiaries of any trust created by the will; and

4. All living and ascertained beneficiaries under any will of the decedent previously probated in the same court.

B. Notice under subsection A need not be provided to the following persons:

1. A personal representative or proponent of the will;

2. Any person who has signed a waiver of right to receive notice;

3. Any person to whom a summons has been issued pursuant to § 64.2-446;

4. Any person who is the subject of a conservatorship, guardianship, or committeeship, if notice is provided to his conservator, guardian, or committee;

5. Any beneficiary of a trust, other than a trust created by the decedent's will, if notice is provided to the trustee of the trust;

6. Any heir or beneficiary who survived the decedent but is deceased at the time of qualification or probate, and such person's successors in interest, if notice is provided to such person's personal representative;

7. Any minor for whom no guardian has been appointed, if notice is provided to his parent or person in loco parentis;

8. Any beneficiary of a pecuniary bequest or of a bequest of tangible personal property, provided in either case the beneficiary is not an heir at law and the value of the bequest is not in excess of ~~$5,000~~ *$10,000*; and

9. Any unborn or unascertained persons.

C. The notice shall include the following information:

1. The name and date of death of the decedent;

2. The name, address, and telephone number of a personal representative or a proponent of a will;

3. The mailing address of the clerk of the court in which the personal representative qualified or the will was probated;

4. A statement as follows: "This notice does not mean that you will receive any money or property";

5. A statement as follows: "If personal representatives qualified on this estate, unless otherwise specifically exempted under Virginia law, they are required by law to file an inventory with the commissioner of accounts within four months after they qualify in the clerk's office, to file an account within 16 months of their qualification, and to file additional accounts within 16 months from the date of their last account period until the estate is settled. If you make written request therefor to the personal representatives, they must mail copies of these documents (not including any supporting vouchers, but including a copy of the decedent's will) to you at the same time the inventory or account is filed with the commissioner of accounts unless (i) you would take only as an heir at law in a case where all of the decedent's probate estate is disposed of by will or (ii) your gift has been satisfied in full before the time of such filing. Your written request may be made at any time; it may relate to one specific filing or to all filings to be made by the personal representative, but it will not be effective for filings made prior to its receipt by a personal representative. A copy of your request may be sent to the commissioner of accounts with whom the filings will be made. After the commissioner of accounts has completed work on an account filed by a personal representative, the commissioner files it and a report thereon in the clerk's office of the court wherein the personal representative qualified. If you make written request therefor to the commissioner before this filing, the commissioner must mail a copy of this report and any attachments (excluding the account) to you on or before the date that they are filed in the clerk's office"; and

6. The mailing address of the commissioner of accounts with whom the inventory and accounts must be filed by the personal representatives, if they are required.

D. Within 30 days after the date of qualification or admission of the will to probate, a personal representative or proponent of the will shall forward notice by delivery or by first-class mail, postage prepaid, to the persons entitled to notice at their last known address.

E. Failure to give the notice required by this section shall not (i) affect the validity of the probate of a decedent's will or (ii) render any person required to give notice, who has acted in good faith, liable to any person entitled to receive notice. In determining the limitation period for any rights that may commence upon or accrue by reason of such probate or qualification in favor of any entitled person, the time that elapses from the date that notice should have been given to the date that notice is given shall not be counted, unless the person required to give notice could not determine the name and address of the entitled person after the exercise of reasonable diligence.

F. The personal representative or proponent of the will shall record within four months in the clerk's office where the will is recorded an affidavit stating (i) the names and addresses of the persons to whom he has mailed or delivered notice and when the notice was mailed or delivered to each or (ii) that no notice was required to be given to any person. The commissioner of accounts shall not approve any settlement filed by a personal representative until the affidavit described in this subsection has been recorded. If the personal representative of an estate or the proponent of a will is unable to determine the name and address of any person to whom notice is required after the exercise of reasonable diligence, a statement to that effect in the required affidavit shall be sufficient for purposes of this subsection. Notwithstanding the foregoing provisions, any person having an interest in an estate may give the notice required by this section and record the affidavit described in this subsection. If this subsection has not been complied with within four months after qualification, the commissioner of

accounts shall issue, through the sheriff or other proper officer, a summons to such fiduciary requiring him to comply, and if the fiduciary does not comply, the commissioner shall enforce the filing of the affidavit in the manner set forth in § 64.2-1215.

G. The form of the notice to be given pursuant to this section, which shall contain appropriate instructions regarding its use, shall be provided to each clerk of the circuit court by the Office of the Executive Secretary of the Supreme Court and each clerk shall provide copies of such form to the proponents of a will or those qualifying on an estate.

§ 64.2-528. Order in which debts and demands of decedents to be paid.

When the assets of the decedent in his personal representative's possession are not sufficient to satisfy all debts and demands against him, they shall be applied to the payment of such debts and demands in the following order:

1. Costs and expenses of administration;

2. The allowances provided in Article 2 (§ 64.2-309 et seq.) of Chapter 3;

3. Funeral expenses not to exceed ~~$4,000~~ *$5,000*;

4. Debts and taxes with preference under federal law;

5. Medical and hospital expenses of the last illness of the decedent, including compensation of persons attending him not to exceed ~~$2,150~~ *$4,000* for each hospital and nursing home and ~~$425~~ *$550* for each person furnishing services or goods;

6. Debts and taxes due the Commonwealth;

7. Debts due as trustee for persons under disabilities; as receiver or commissioner under decree of court of the Commonwealth; as personal representative, guardian, conservator, or committee when the qualification was in the Commonwealth; and for moneys collected by anyone to the credit of another and not paid over, regardless of whether or not a bond has been executed for the faithful performance of the duties of the party so collecting such funds;

8. Debts for child support arrearages;

9. Debts and taxes due localities and municipal corporations of the Commonwealth; and

10. All other claims.

No preference shall be given in the payment of any claim over any other claim of the same class, and a claim due and payable shall not be entitled to a preference over a claim not due.

After the 90-day period, the person, firm, or corporation shall pay over or deliver on demand such portion of the assets for which the person, firm, or corporation has received no legal notice of any lien or encumbrance to an executor, administrator, or other personal representative, qualified according to the laws of the decedent's domicile if the value of such assets in the Commonwealth is, to the knowledge of the person holding or owing such assets, less than ~~$25,000~~ *$35,000*. B. This section shall be construed as providing, as to the payment of money and the delivery of personal property belonging to nonresident decedents or their estates, optional methods of procedure in addition to those otherwise permitted or provided by law, including a comparable law of the state in which the nonresident decedents were domiciled, and shall not as to such matters add any limitations or restrictions to existing law.

§ 64.2-732. Modification or termination of uneconomic trust.

After notice to the qualified beneficiaries, the trustee of a trust consisting of trust property having a total value less than ~~$100,000~~ *$250,000* may terminate the trust without court approval if the trustee concludes that the value of the trust property is insufficient to justify the cost of administration. Notice required by this section shall be sent in accordance with § 64.2-707.

B. The court may modify or terminate a trust or remove the trustee and appoint a different trustee if it determines that the value of the trust property is insufficient to justify the cost of administration.

C. Upon termination of a trust under this section, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust and may simultaneously utilize the provisions of § 64.2-779.

D. This section does not apply to an easement for conservation or preservation.

E. Expenses incurred by the trustee incident to the termination of a trust pursuant to this section shall be paid by the trust estate.

§ 64.2-1104. Release or modification of restrictions on management, investment, or purpose.

A. If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

B. The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the Attorney General of the application, and the Attorney General shall be given an opportunity to be heard. To the extent practicable, any modification shall be made in accordance with the donor's probable intention.

C. If a particular charitable purpose or restriction contained in a gift instrument on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument. The institution shall notify the Attorney General of the application, and the Attorney General shall be given an opportunity to be heard.

D. If an institution determines that a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, without application to the court but with the consent of the Attorney General, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument if the fund subject to the restriction has a total value of less than ~~$250,000~~ *$375,000*.

E. If an institution determines that a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, 60 days after notification to the Attorney General, may release or modify the restriction, in whole or part, if:

1. The institutional fund subject to the restriction has a total value of less than ~~$50,000~~ *$75,000*;

2. More than 20 years have elapsed since the fund was established; and

3. The institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument.

§ 64.2-1302. Waiver of inventory and settlement for certain estates.

When a decedent's personal estate passing by testate or intestate succession does not exceed ~~$25,000~~ *$35,000* in value and an heir, beneficiary, or creditor whose claim exceeds the value of the estate seeks qualification, the clerk of the circuit court shall waive the inventory under § 64.2-1300 and the settlement under § 64.2-1206. This section shall not apply if the decedent died owning any real estate over which the person seeking qualification would have the power of sale.

§ 64.2-1313. Exhibition of accounts when sum does not exceed certain amount.

If the principal sum held by any fiduciary mentioned in § 64.2-1206 does not exceed ~~$25,000~~ *$35,000*, the fiduciary shall exhibit his accounts before the commissioner of accounts within the appropriate time period provided in §§ 64.2-1305, 64.2-1306, and 64.2-1307. Thereafter, the commissioner of accounts may permit the fiduciary to exhibit his accounts every three years, which permission may be revoked by the commissioner of accounts on his own motion or upon request of any interested person. The provisions of this section shall apply to any case in which the corpus of the estate in the hands of the fiduciary has been reduced to ~~$25,000~~ *$35,000* or less although it formerly exceeded that amount. Any fiduciary exhibiting his accounts in accordance with the provisions of this section shall be entitled to compensation for his services.

§ 64.2-1411. When fiduciary may qualify without security; requirements for issuance of certificates of qualification; payments.

A. Any circuit court or circuit court clerk, having jurisdiction to appoint personal representatives, guardians, conservators, and committees, may, in his discretion, *allow such fiduciary to qualify by giving bond without surety (i) in the case of a guardian of a minor or conservator,* when there are no assets or the asset or amount coming into the possession of the ~~personal representative,~~ guardian of a minor~~,~~ *or* conservator~~, or committee~~ does not exceed $25,000~~, allow the personal representative, guardian, conservator, or committee to qualify by giving bond without surety~~ *or (ii) in the case of any other such fiduciary, when there are no assets or the asset or amount coming into such fiduciary's possession does not exceed $35,000.*

B. Any personal representative or trustee serving jointly with a bank or trust company that is exempted from giving surety on its bond under § 6.2-1003 shall, unless the court directs otherwise, also be exempt from giving surety.

C. If a fiduciary qualifies pursuant to subsection A, the court or clerk shall issue one or more certificates of qualification pursuant to this section for administration of an estate, guardianship, conservatorship, or committeeship that does not exceed a cumulative total of ~~$25,000~~ *the applicable amount prescribed by subsection A*. Each such certificate shall specify that the maximum amount of estate, guardianship, conservatorship, or committeeship assets that may be collected pursuant to that certificate shall not exceed ~~$25,000~~ *the applicable amount prescribed by subsection A*. Each such certificate shall:

1. Be titled "Qualification Certificate for Small Asset Estate";

2. State in a prominent position on the front of such certificate that any person may pay or deliver to the fiduciary named in the certificate any asset belonging, owed, or distributable to the specified deceased person, incapacitated ward, or minor having a value, on the date of payment or delivery, of no more than ~~$25,000~~ *the applicable amount prescribed by subsection A*. Assets held in a safe deposit box shall not be counted toward such ~~$25,000~~ ~~limit~~ *applicable amount*, and the

lessor of a safe deposit box shall not be deemed to know of, and shall have no obligation to determine, the presence or value of any asset in a safe deposit box;

3. State that the certificate (i) may only be used once, (ii) is not effective if it does not have an impression seal of the court clerk and therefore photocopies of the certificate are not effective, and (iii) must be retained by the payor; and

4. Bear the impression seal of the court clerk.

D. Upon being presented with a certificate of qualification issued pursuant to subsection C, any person may pay or deliver to the fiduciary named in such certificate any asset belonging, owed, or distributable to the specified deceased person, incapacitated ward, or minor having a value, on the date of payment, of no more than ~~$25,000~~ *the applicable amount prescribed by subsection A*. The payor shall retain possession of such certificate. Assets held in a safe deposit box shall not be counted toward such ~~$25,000 limit~~ *applicable amount*, and the lessor of a safe deposit box shall not be deemed to know of, and shall have no obligation to determine, the presence or value of any asset in a safe deposit box. Any person that makes such payment or delivery upon presentation of a certificate of qualification issued pursuant to subsection C is discharged and released from any or all claims or liabilities for such payment or delivery. Such payor is not required to see the application of such payment or delivery or to inquire into the assets paid or delivered by other parties to a fiduciary that qualifies pursuant to subsection A. A person presented with a certificate of qualification issued pursuant to subsection C shall not be liable for, or subject to, any claims, damages, fines or penalties for paying or distributing assets the person believed in good faith to have a value of ~~$25,000~~ *such applicable amount* or less or for the failure to pay or deliver assets the person believed in good faith to have a value of more than ~~$25,000~~ *such applicable amount*.

E. A court clerk shall not be liable for any misrepresentations of a personal representative, guardian, conservator, or committee with regard to whether the estate qualifies for the small asset estate exemption under this section or for the performance of any of the clerk's duties under this section, except in the case of the clerk's gross negligence or intentional misconduct.

§ 64.2-1502. In what securities fiduciaries may invest; definitions.

A. As used in this section:

"Fiduciary" has the same meaning as provided in § 8.01-2 and also includes an attorney-in-fact or agent acting for a principal under a written power of attorney, a custodian under § 64.2-1911, and a custodial trustee under § 64.2-906.

"National rating service" means Standard & Poor's Corporation, Moody's Investors Service, Inc., Duff and Phelps, Inc., Fitch Investors Corporation, and any successor to the rating business of any of them.

B. Notwithstanding any other provision of law designating as legal investments for fiduciaries the bonds, notes, obligations, or other evidences of indebtedness issued by a governmental entity or political subdivision of the Commonwealth, including but not limited to agencies, authorities, commissions, districts, boards, or local governments, and except as specifically provided in § 2.2-4519, fiduciaries, whether individual or corporate, shall, except as limited in subsection E, be conclusively presumed to have been prudent in investing the funds held by them in a fiduciary capacity in only the following securities:

1. Obligations of the Commonwealth, its agencies and political subdivisions. The following obligations:

a. Bonds, notes, and other evidences of indebtedness of the Commonwealth and securities unconditionally guaranteed as to the payment of principal and interest by the Commonwealth;

b. Revenue bonds, revenue notes, or other evidences of revenue indebtedness issued by agencies or authorities of the Commonwealth upon which there is no default; and

c. Bonds, notes, and other evidences of indebtedness of any county, city, town, district, authority, or other public body in the Commonwealth upon which there is no default provided that such bonds, notes, and other evidences of indebtedness are (i) direct legal obligations of the public body, for the payment of which the public body has pledged its full faith and credit and unlimited taxing power, or (ii) unconditionally guaranteed as to the payment of principal and interest by the public body.

In every case referred to in this subdivision, such bonds, notes, or other evidences of indebtedness shall be rated in one of the two highest rating categories of at least one national rating service and not rated in a category lower than the two highest rating categories of any national rating service. Determination of an obligation's rating in one of the two highest rating categories shall be made without regard to any refinement or gradation of such rating category by numerical or other modifier. In addition, the remaining maturity of such bonds, notes, or other evidences of indebtedness shall not be greater than five years.

2. Obligations of the United States. Bonds, notes, and other obligations of the United States and securities unconditionally guaranteed as to the payment of principal and interest by the United States with a remaining maturity not greater than five years, except in the case of savings bonds, which may have a longer maturity. The obligations enumerated in this subdivision may be held directly or in the form of repurchase agreements collateralized by such obligations or in the form of securities of any open-end or closed-end management type investment company or investment trust registered under the federal Investment Company Act of 1940, provided that the portfolio of such investment company or investment trust is limited to such obligations or repurchase agreements collateralized by such obligations, or securities of other such investment companies or investment trusts whose portfolios are so restricted.

3. Savings accounts, time deposits, or certificates of deposit. Savings accounts, time deposits, or certificates of deposit in any bank, savings bank, trust company, savings and loan association, or credit union authorized to do business in the Commonwealth, but only to the extent that such accounts, deposits, or certificates are fully insured by the Federal Deposit

Insurance Corporation or any successor federal agency or by the National Credit Union Share Insurance Fund or any successor to it.

C. Notwithstanding the provisions of this section, investments listed in § 2.2-4519 as in effect prior to July 1, 1992, which continue to be held on July 1, 1992, shall be subject to § 64.2-781, and any reference to the Virginia "legal list" or to § 2.2-4519 or any predecessor statute contained in a will, trust, or other instrument that was irrevocable on June 30, 1992, shall be construed to refer to such section as in effect on June 30, 1992, or at such earlier time as may be specified in the controlling document, absent an expression of intent to the contrary contained in such document.

D. The permissible investments specified in subsection B are not exclusive and shall not be construed to limit a fiduciary's investments as permitted pursuant to the Uniform Prudent Investor Act (§ 64.2-780 et seq.).

E. The presumption under subsection B shall apply to (i) a fiduciary only for a calendar year in which the value of the intangible personal property under the fiduciary's control or management does not exceed ~~$100,000~~ *$135,000* at the beginning of such year or (ii) a fiduciary who, on motion for good cause shown, has obtained express authorization from the court having jurisdiction over the fiduciary for the presumption under subsection B to apply.

§ 64.2-1802. Parental duty of support; limited authority of commissioner of accounts.

A commissioner of accounts for the jurisdiction where a guardian qualifies may authorize the same distributions under the same circumstances as the circuit court may authorize under subsection A of § 64.2-1801, except that (i) the total distributions authorized in any one year shall not exceed ~~$5,000~~ *$7,000* and (ii) the commissioner of accounts shall, in his report to the court on the guardian's next accounting, explain the necessity for the distributions so authorized. The provisions of subsection B of § 64.2-1801 shall not apply to proceedings under this section, but the commissioner shall give five days' written notice of the scheduled hearing date to any minor who is 14 years of age or older. The commissioner of accounts shall not charge a fee in excess of $100 for such hearing.

§ 64.2-1905. Other transfer by fiduciary.

A. Subject to subsection C, a personal representative or trustee may make an irrevocable transfer to an adult or trust company as custodian for the benefit of a minor pursuant to § 64.2-1908 in the absence of a will or under a will or trust that does not contain an authorization to do so.

B. Subject to subsection C, a conservator may make an irrevocable transfer to an adult or trust company as custodian for the benefit of the minor pursuant to § 64.2-1908.

C. A transfer under either subsection A or B may be made only if (i) the personal representative, trustee, or conservator considers the transfer to be in the best interest of the minor, (ii) the transfer is not prohibited by or inconsistent with provisions of the applicable will, trust agreement, or other governing instrument, and (iii) the transfer is authorized by the court if it exceeds ~~$25,000~~ *$35,000* in value or is made by a conservator.

§ 64.2-1906. Transfer by obligor.

A. Subject to subsections B and C, a person not subject to § 64.2-1904 or who holds property of or owes a liquidated debt to a minor not having a conservator may make an irrevocable transfer to a custodian for the benefit of the minor pursuant to § 64.2-1908.

B. If a person having the right to do so under § 64.2-1902 has nominated a custodian under that section to receive the custodial property, the transfer shall be made to that person.

C. If no custodian has been nominated under § 64.2-1902, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, a transfer under this section may be made to an adult member of the minor's family or to a trust company unless the property exceeds ~~$25,000~~ *$35,000* in value, in which event the transfer may be made if authorized by the court.

§ 64.2-2017. Payments from U.S. Department of Veterans Affairs.

Monthly payments of pension, compensation, insurance, or other benefits from the U.S. Department of Veterans Affairs made to a trustee or other fiduciary shall be considered as income and not principal, but the accumulation of such monthly payments received by a trustee or other fiduciary and in his possession at the end of the accounting year may be carried over as principal and converted into the corpus of the estate when the accumulation amounts to ~~$2,000~~ *$3,000* or more.

§ 64.2-2020. Annual reports by guardians.

A. Within six months from the date of qualification, a guardian appointed pursuant to § 64.2-2009 shall file an initial annual report reflecting the first four months of guardianship since qualification with the local department of social services for the jurisdiction where the incapacitated person then resides. After such initial annual report has been filed, the second and subsequent annual reports for each succeeding 12-month period shall be due within four months from the last day of the 12-month period covered by the previous annual report. The annual report shall be on a form prepared by the Office of the Executive Secretary of the Supreme Court and shall be accompanied by a filing fee of $5. To the extent practicable, the annual report shall be formatted in a manner to encourage standardized and detailed responses from guardians. The local department shall retain the fee in the jurisdiction where the fee is collected for use in the provision of services to adults in need of protection. Within 60 days of receipt of the annual report, the local department shall file a copy of the annual report with the clerk of the circuit court that appointed the guardian, to be placed with the court papers pertaining to the guardianship case. Twice each year the local department shall file with the clerk of the circuit court a list of all guardians who are more than 90 days delinquent in filing an annual report as required by this section. If the guardian is also a conservator, a settlement of accounts shall also be filed with the commissioner of accounts as provided in § 64.2-1305.

B. The annual report to the local department of social services shall include:

1. A description of the current mental, physical, and social condition of the incapacitated person, including any change in diagnosis or assessment of any such condition of such incapacitated person by any medical provider since the last report;

2. A description of the incapacitated person's living arrangements during the reported period, including a specific assessment of the adequacy of such living arrangement;

3. The medical, educational, vocational, social, recreational, and any other professional services and activities provided to the incapacitated person and the guardian's opinion as to the adequacy of the incapacitated person's care. The information required by this subdivision shall include (i) the specific names of the medical providers that have treated the incapacitated person and a description of the frequency or number of times the incapacitated person was seen by such providers; (ii) the date and location of and reason for any hospitalization of such incapacitated person; and (iii) a description of the educational, vocational, social, and recreational activities in which such incapacitated person participated;

4. A statement of whether the guardian agrees with the current treatment or habilitation plan;

5. A statement of whether the incapacitated person has been an alleged victim in a report of abuse, neglect, or exploitation made pursuant to Article 2 (§ 63.2-1603 et seq.) of Chapter 16 of Title 63.2, to the extent known, and whether there are any other indications of abuse, neglect, or exploitation of such incapacitated person;

6. A recommendation as to the need for continued guardianship and any recommended changes in the scope of the guardianship;

7. The name of any persons whose access to communicate, visit, or interact with the incapacitated person has been restricted and the reasons for such restriction;

8. A self-assessment by the guardian as to whether he feels he is able to continue to carry out the powers and duties imposed upon him by § 64.2-2019 and as specified in the court's order of appointment pursuant to § 64.2-2009;

9. A statement as to whether the guardian and any skilled professional retained by such guardian to perform guardianship duties on behalf of the guardian have completed the training required by subsection E1 of § 64.2-2019;

10. Unless the incapacitated person resides with the guardian, a statement of the frequency and nature of any (i) in-person visits from the guardian with the incapacitated person over the course of the previous year and (ii) visits over the course of the previous year from a designee who is directly supervised or contracted by the guardian, including the name of the designee performing such visit. If any visit described in this section is made virtually, the guardian shall include such information in the annual report;

11. If no visit is made within a 120-day period, the guardian shall describe any challenges or limitations in completing such visit;

12. A general description of the activities taken on by the guardian for the benefit of the incapacitated person during the past year;

13. Any other information deemed necessary by the Office of the Executive Secretary of the Supreme Court of Virginia or the Department for Aging and Rehabilitative Services to understand the condition, treatment, and well-being of the incapacitated person;

14. Any other information useful in the opinion of the guardian; and

15. The compensation requested and the reasonable and necessary expenses incurred by the guardian.

The guardian shall certify by signing under oath that the information contained in the annual report is true and correct to the best of his knowledge. If a guardian makes a false entry or statement in the annual report, he shall be subject to a civil penalty of not more than ~~$500~~ *$600*. Such penalty shall be collected by the attorney for the Commonwealth or the county or city attorney, and the proceeds shall be deposited into the general fund.

C. If the local department of social services files notice that the annual report has not been timely filed in accordance with subsection A with the clerk of the circuit court, the court may issue a summons or rule to show cause why the guardian has failed to file such annual report.

§ 64.2-2023. Estate planning.

A. In the order appointing a conservator entered pursuant to § 64.2-2009 or in a separate proceeding brought on petition, the court may for good cause shown authorize a conservator to (i) make gifts from income and principal of the incapacitated person's estate not necessary for the incapacitated person's maintenance to those persons to whom the incapacitated person would, in the judgment of the court, have made gifts if he had been of sound mind, (ii) disclaim property as provided in Chapter 26 (§ 64.2-2600 et seq.), or (iii) create a revocable or irrevocable trust on behalf of an incapacitated person with terms approved by the court or transfer assets of an incapacitated person or an incapacitated person's estate to a trust.

B. In a proceeding under this section, a guardian ad litem shall be appointed to represent the interest of the incapacitated person. Notice of a proceeding under this section shall be given pursuant to Chapter 8 (§ 8.01-285 et seq.) of Title 8.01 and the Rules of Supreme Court of Virginia to: (i) the incapacitated person and the incapacitated person's spouse and children, (ii) all beneficiaries named in any known will of the incapacitated person, (iii) the incapacitated person's intestate heirs determined as if the incapacitated person had died intestate on the date of the filing of the petition, and (iv) all other interested persons. The court may authorize the hearing to proceed without notice to any person who would not be substantially affected by the proceedings. For the purposes of this section, the beneficiaries and intestate heirs shall be deemed possessed of inchoate property rights. Unless otherwise represented, a minor, incapacitated, or unborn individual, or a person whose identity or location is unknown and not reasonably ascertainable, may with the approval of the court be

represented and bound by another having a substantially identical interest with respect to the will proceeding under this section, but only to the extent that there is no conflict of interest between the representative and the person represented.

C. The court shall determine the amounts, recipients, and proportions of any gifts of the estate, the advisability of any disclaimer, whether good cause exists to create a trust or transfer assets, and whether to approve the trust terms after considering (i) the size and composition of the estate; (ii) the nature and probable duration of the incapacity; (iii) the effect of the gifts, disclaimers, trusts, or transfers on the estate's financial ability to meet the incapacitated person's foreseeable health, medical care, and maintenance needs; (iv) the incapacitated person's estate plan and the effect of the gifts, disclaimers, trusts, or transfers on the estate plan; (v) prior patterns of assistance or gifts to the proposed donees; (vi) the tax effect of the proposed gifts, disclaimers, trusts, or transfers; (vii) the effect of any transfer of assets or disclaimer on the establishment or retention of eligibility for medical assistance services; (viii) whether to require, during the lifetime of the incapacitated person, that the trustee of any trust created or funded pursuant to this section post bond, with or without surety, or provide an accounting as set forth in § 64.2-1305; and (ix) other factors that the court may deem relevant.

D. A commissioner of accounts for the jurisdiction where a conservator qualifies may authorize the same gifts under the same circumstances as the circuit court may authorize under subsection C, except that (i) the total gifts authorized in a calendar year shall not exceed ~~$25,000~~ *$35,000* and (ii) the commissioner shall report to the court his determination based upon consideration of clauses (i) through (ix) set forth in subsection C. The provisions of subsection B shall not apply to proceedings before the commissioner, but the commissioner shall give reasonable written notice of the scheduled hearing date to any person who would be substantially affected by the proceedings. The commissioner may provide notice to a minor by mail to the duly qualified guardian of the minor or, if none exists, a custodial parent of the minor who is also not the conservator.

E. If the gifts by the conservator under clause (i) of subsection A do not exceed ~~$150~~ *$200* to each donee in a calendar year and do not exceed a total of ~~$750~~ *$1,000* in a calendar year, the conservator may make such gifts without a hearing under this section, the appointment of a guardian ad litem, or giving notice to any person. Prior to the making of such a gift, the conservator shall consider clauses (i) through (ix) set forth in subsection C and shall also find that the incapacitated person has shown a history of giving the same or a similar gift to a specific donee for the previous three years prior to the appointment of the conservator.

F. The conservator may transfer assets of an incapacitated person or an incapacitated person's estate into an irrevocable trust where the transfer has been designated solely for burial of the incapacitated person or spouse of the incapacitated person in accordance with conditions set forth in subdivision A 2 of § 32.1-325. The conservator also may contractually bind an incapacitated person or an incapacitated person's estate by executing a preneed funeral contract, described in Chapter 28 (§ 54.1-2800 et seq.) of Title 54.1, for the benefit of the incapacitated person.

G. A conservator may exercise the incapacitated person's power to revoke or amend a trust or to withdraw or demand distribution of trust assets only with the approval of the court for good cause shown, unless the trust instrument expressly provides otherwise.

§ 64.2-2026. Surrender of incapacitated person's estate.

A. If the incapacitated person is restored to capacity, the fiduciary shall surrender the incapacitated person's estate or that portion for which he is accountable to the incapacitated person.

B. If the incapacitated person dies prior to being restored to capacity, the fiduciary shall surrender the real estate to the incapacitated person's heirs or devisees and the personal estate to his executors or administrators. If, at the time of the death of the incapacitated person, (i) the value of the personal estate in the custody of the fiduciary is ~~$25,000~~ *$35,000* or less, (ii) a personal representative has not qualified within 60 days of the incapacitated person's death, and (iii) the fiduciary does not anticipate that anyone will qualify, the fiduciary may pay the balance of the incapacitated person's estate to the incapacitated person's surviving spouse or, if there is no surviving spouse, to the distributees of the incapacitated person or other persons entitled thereto, including any person or entity entitled to payment for funeral or burial services provided. The distribution shall be noted in the fiduciary's final accounting submitted to the commissioner of accounts.

CHAPTER 155

An Act to amend and reenact § 16.1-277.02 of the Code of Virginia, relating to petitions for relief of care and custody of a child; investigation by local department of social services; Office of the Children's Ombudsman work group; report.

[S 1372]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-277.02 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-277.02. Petition for relief of care and custody.

A. Requests for petitions for relief of the care and custody of a child shall be referred initially to the local department of social services for investigation and the provision of services, if appropriate, in accordance with the provisions of § 63.2-319 or Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. *The local department of social services shall, as part of its investigation, (i) refer the parent to the local family assessment and planning team and (ii) create a written report regarding the history of the child and family. A referral to the local family assessment and planning team in accordance with clause (i) shall not interfere with or delay any proceeding or hearing related to the petition unless the court determines that any recommendations made by or information gathered from the family assessment and planning team is necessary for the court to make a final disposition in the matter.* Upon the filing of a petition for relief of a child's care and custody pursuant to subdivision A 4 of § 16.1-241, the court shall appoint a guardian ad litem to represent the child in accordance with the provisions of § 16.1-266, and shall schedule the matter for a hearing on the petition. Such hearing on the petition may include partial or final disposition of the matter. The court shall provide notice of the hearing and a copy of the petition to the following, each of whom shall be a party entitled to participate in the proceeding:

1. The child, if he is 12 years of age or older;

2. The guardian ad litem for the child;

3. The child's parents, custodian or other person standing in loco parentis to the child. No such notification shall be required, however, if the judge certifies on the record that the identity of the parent is not reasonably ascertainable. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. The hearing on the petition shall

be held pursuant to this section although a parent fails to appear and is not represented by counsel, provided personal or substituted service was made on the parent, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort. However, in the case of a hearing to grant a petition for permanent relief of custody and terminate a parent's residual parental rights, notice to the parent whose rights may be affected shall be provided in accordance with the provisions of §§ 16.1-263 and 16.1-264; and

4. The local board of social services. Upon receiving notice of the hearing pursuant to this section, the local board of social services shall investigate the matter and provide services, as appropriate, in accordance with the provisions of § 63.2-319 or Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2.

B. At the hearing, the local board of social services, the child, the child's parents, guardian, legal custodian or other person standing in loco parentis and any other family or household member of the child to whom notice was given shall have the right to confront and cross-examine all adverse witnesses and evidence and to present evidence on their own behalf.

C. At the conclusion of the hearing on the petition, the court shall make a finding, based upon a preponderance of the evidence, whether there is good cause shown for the petitioner's desire to be relieved of the child's care and custody, unless the petition seeks permanent relief of custody and termination of parental rights. If the petition seeks permanent relief of custody and termination of parental rights, the court shall make a finding, based upon clear and convincing evidence, whether termination of parental rights is in the best interest of the child. If the court makes either of these findings, the court may enter:

1. A preliminary protective order pursuant to § 16.1-253;

2. An order that requires the local board of social services to provide services to the family as required by law;

3. An order that is consistent with any of the dispositional alternatives pursuant to § 16.1-278.3; or

4. Any combination of these orders.

Any such order transferring legal custody of the child shall be made in accordance with the provisions of subdivision A 5 of § 16.1-278.2 and shall be subject to the provisions of subsection C1. This order shall include, but need not be limited to, the following findings: (i) that there is no less drastic alternative to granting the requested relief; and (ii) that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the child, if the order transfers legal custody of the child to a local board of social services. Any order terminating residual parental rights shall be accompanied by an order continuing or granting custody to a local board of social services or to a licensed child-placing agency or granting custody or guardianship to a person with a legitimate interest. Such an order continuing or granting custody to a local board of social services or to a licensed child-placing agency shall indicate whether that board or agency shall have the authority to place the child for adoption and consent thereto. At any time subsequent to the transfer of legal custody of the child pursuant to this section, a birth parent or parents of the child and the pre-adoptive parent or parents may enter into a written post-adoption contact and communication agreement in accordance with the provisions of § 16.1-283.1 and Article 1.1 (§ 63.2-1220.2 et seq.) of Chapter 12 of Title 63.2. The court shall not require a written post-adoption contact and communication agreement as a precondition to entry of an order in any case involving the child.

The court shall schedule a subsequent hearing within 60 days of the hearing held pursuant to this section: (a) to enter a final order of disposition pursuant to § 16.1-278.3 or (b) if the child is placed in foster care, for review of the foster care plan filed pursuant to § 16.1-281. If a party is required to be present at the subsequent hearing, and (1) is present at the hearing on the petition, the party shall be given notice of the date set for the subsequent hearing; (2) if not present, shall be summoned as provided in § 16.1-263.

C1. Any order transferring temporary custody of the child to a person with a legitimate interest pursuant to subsection C shall be entered only upon a finding, based upon a preponderance of the evidence, that such person is one who (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; and (iii) is willing and has the ability to protect the child from abuse and neglect. The court's order transferring temporary custody to a person with a legitimate interest should further provide for compliance with any preliminary protective order entered on behalf of the child in accordance with the provisions of § 16.1-253; and, as appropriate, ongoing provision of social services to the child and the child's custodian; and court review of the child's placement with such person with a legitimate interest. Any final order transferring custody of the child to a person with a legitimate interest pursuant to this section shall, in addition, be entered only after an investigation as directed by the court and upon a finding, stated in the court's order, that such person is one who satisfies clauses (i), (ii), and (iii) and is committed to providing a permanent, suitable home for the child.

D. The local board or licensed child-placing agency to which authority is given to place the child for adoption and consent thereto after an order terminating parental rights is entered pursuant to this section shall file a written Adoption Progress Report with the juvenile court on the progress being made to place the child in an adoptive home. The report shall be filed with the court every six months from the date of the final order terminating parental rights until a final order of adoption is entered on behalf of the child in the circuit court. At the conclusion of the hearing at which termination of parental rights is ordered and authority is given to the local board or licensed child-placing agency to place the child for adoption, the juvenile court shall schedule a date by which the board or agency shall file the first Adoption Progress Report

required by this section. A copy of the Adoption Progress Report shall be sent by the court to the guardian ad litem for the child. The court may schedule a hearing on the report with or without the request of a party.

2. That the Department of Social Services shall, in collaboration with the Virginia League of Social Services Executives, create a template for the written report that the local department of social services is required to create pursuant to § 16.1-277.02 of the Code of Virginia, as amended by this act, as a part of its investigation prior to a proceeding. The template for the written report shall include (i) a complete background of the child and family, including medical and mental health history, legal history, educational history, and any information from providers in these fields; (ii) the exploration of all relatives and fictive kin; and (iii) information on what services are being or have been offered or provided to the child and the family, including the potential effectiveness of a family partnership meeting.

3. That the Office of the Children's Ombudsman shall convene a work group to determine the factors a court should consider for good cause shown to grant a petitioner's petition for relief of care and custody of a child. The work group shall also explore the potential benefits and considerations of raising the standard of evidence for granting temporary relief of custody from the current standard of preponderance of the evidence to clear and convincing evidence. The work group shall be composed of judges of juvenile and domestic relations district courts, a representative from the Office of the Executive Secretary of the Supreme Court of Virginia, one or more representatives from the Department of Social Services, representatives from local departments of social services and court services units, and other relevant stakeholders. The Office of the Children's Ombudsman shall submit a report of the work group's findings and recommendations to the Chairs of the House and Senate Committees for Courts of Justice and the Virginia Commission on Youth by November 1, 2025.

4. That the provisions of § 16.1-277.02 of the Code of Virginia, as amended by this act, shall become effective on January 1, 2026.

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of $3,500 for the individual and an amount not in excess of $3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed $5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. 17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. 24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who provides health care services exclusively through telemedicine services shall not be required to maintain a physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid provider.

For the purposes of this subdivision, a telemedicine services provider group with health care providers duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to enroll as a Medicaid vendor or Medicaid provider group.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. 32. A provision for payment of medical assistance for the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in accordance with regulations established through the Department's durable medical equipment program policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or replacement of complex rehabilitative technology manual and power wheelchair bases and related accessories; ~~and~~

Such provision shall utilize established CPT codes for these procedures and shall apply when the patient is in a residence or other off-site location from the patient's provider that provides the same standard of care. 34. A provision for payment of medical assistance for rapid whole genome sequencing for children three years of age or younger who are receiving inpatient hospital services in an intensive care unit. For the purposes of this subdivision, "rapid whole genome sequencing" is defined as an investigation of the entire human genome to identify disease-causing genetic changes that returns preliminary positive results within seven days and final results within 15 days from the date of receipt of the sample by the lab performing the test. "Rapid whole genome sequencing" includes patient-only whole genome sequencing and duo and trio whole genome sequencing of the patient and biological parent or parents.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon

conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

2. That an emergency exists and this act is in force from its passage.

[H 2120]

§ 19.2-386.5. Release of seized property.

At any time prior to the filing of an information, the attorney for the Commonwealth in the county or city in which the property has been seized pursuant to Chapter 22.2 (§ 19.2-386.15 et seq.) or other provision under the Code may, in his discretion, upon the payment of costs incident to the custody of the seized property, return the seized property to an owner or lien holder, without requiring that the owner or lien holder post bond as provided in § 19.2-386.6, if he believes the property is properly exempt from forfeiture pursuant to § 19.2-386.8.

At any time after the filing of an answer or upon default, on motion of the attorney for the Commonwealth or a vulnerable adult, the court may order the return of property to the vulnerable adult upon a showing that the property is the subject of a violation of § 18.2-178.1 or traceable to such a violation and is properly exempt from forfeiture pursuant to § 19.2-386.8.

CHAPTER 161

An Act to amend and reenact § 16.1-279.1 of the Code of Virginia, relating to protective orders in cases of family abuse; maximum time valid.

[H 2123]

Approved March 19, 2025

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-279.1 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;

2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device and the password to such device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate or surveille the petitioner;

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate; however, no such grant of possession or use shall affect title to the vehicle;

7. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;

8. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate;

9. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500; and

10. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such temporary child support order shall terminate upon the determination of support pursuant to § 20-108.1 or upon the termination of such protective order, whichever occurs first.

B. 1. The protective order may be issued for a specified period of time up to a maximum of two years. *However, if the court finds, based upon evidence presented, that the respondent has been subject to a previous order issued within 10 years pursuant to this section, the protective order may be issued for a specified period of time up to a maximum of four years.* The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year *or four-year* period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. A written motion requesting a hearing to extend the protective order shall be served as soon as possible on the respondent.

If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years*, regardless of whether such order was initially issued for a period of time up to a maximum of two years or four years,* to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

2. Upon the filing of a written motion requesting a hearing to extend the protective order, the court may issue an ex parte preliminary protective order pursuant to § 16.1-253.1 until the extension hearing. The ex parte preliminary protective order shall specify a date for the extension hearing, which shall be held within 15 days of the issuance of the ex parte preliminary protective order and may be held after the expiration of the protective order. If the respondent fails to appear at the extension hearing because the respondent was not personally served, the court shall schedule a new date for the extension hearing and may extend the ex parte preliminary protective order until such new date. The extended ex parte preliminary protective order shall be served as soon as possible on the respondent. If the respondent was personally served, where the petitioner shows by clear and convincing evidence that a continuance is necessary to meet the ends of justice or the respondent shows good cause, the court may continue the extension hearing and such ex parte preliminary protective order shall remain in effect until the extension hearing.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the

agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorney fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

H. As used in this section:

"Copy" includes a facsimile copy.

"Protective order" includes an initial, modified or extended protective order.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

K. Upon issuance of a protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

L. An appeal of a final protective order issued by a circuit court pursuant to this section shall be given expedited review by the Court of Appeals.

M. The respondent shall be required to notify the court in writing within seven days of any change of residence while the protective order is in effect, provided that the respondent has been served a copy of such order in accordance with the provisions of this section. A violation of this subsection shall be punishable by contempt.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2024, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of $50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

C. The Partnership shall establish an application process by which eligible manufacturers and research and development services may apply for a Grant. An application for a Grant payment shall not be approved until the Partnership has verified that the required capital investment, and if applicable, job creation, has been completed.

D. *1.* The amount of the Grant that an eligible manufacturer or research and development service shall be eligible to receive shall be determined by the Secretary, based on the recommendation of the Partnership, and contingent upon approval by the Governor. The determination of the appropriate amount of a Grant shall be based on guidelines that establish criteria for correlating the amount of a Grant to the relative value to the Commonwealth of the eligible investment. For the purpose of any Grant award determination that includes a job creation requirement, the eligible manufacturer or research and development service shall pay an average wage, excluding fringe benefits, that is no less than the prevailing average wage for such new jobs.

2. Notwithstanding the provisions of subdivision 1, in localities with (i) an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Partnership pursuant to this section if the average wage paid by the eligible manufacturer or research and development service, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. For projects in localities described in subdivision 2, the Partnership may award a grant or loan for a project paying less than 85 percent of the prevailing average wage, but still providing customary employee benefits, only if the Governor has made a written finding that the economic circumstances in the area are sufficiently distressed such that assistance to the locality to attract the project is nonetheless justified. Sufficient distress may be based upon high unemployment, underemployment, or negative economic conditions in the locality. However, the minimum private investment and number of new jobs required to be created as set forth in this chapter shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations.

E. The Partnership shall assist the Secretary in developing objective guidelines to be used in awarding Grants. No Grant shall be awarded until the Secretary has provided copies of such guidelines for review to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations. The preparation of the guidelines shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act. The guidelines shall require determinations regarding the amount of Grants to address:

1. The number of new jobs, if any, created by the capital investment;

2. The average wages paid for the new jobs and the amount by which such wages exceed the prevailing average wage of the locality;

3. The extent to which the capital investment produces (i) measurable increases in capacity, productivity, or both; (ii) measurable decreases in the production of flawed product; or (iii) measurable advances in knowledge, research, or the application of research findings for the creation of new or significantly improved products or processes that support manufacturing;

4. The amount of the capital investment;

5. The net present value of benefits to Virginia;

6. The amount of other incentives offered by the Commonwealth and the locality; and

7. The importance of the manufacturing or research and development facility to the economy of the locality or region.

The guidelines shall also address the eligibility of manufacturers or research and development services that make a capital investment in phases over a period of years, and limits on eligibility for multiple Grants by the same manufacturer or research and development service within stated periods of time.

F. At no time shall the aggregate amount of Grants payable in any fiscal year exceed $7 million.

G. Any eligible manufacturer or research and development service shall be eligible to receive a Grant in five equal, annual installments beginning in the first year after completion and verification of the capital investment and any pledged employment. No Grant awarded pursuant to this section to an eligible manufacturer or research and development service

shall exceed $5 million in total, and no annual payment to any eligible manufacturer or research and development service shall exceed $1 million.

C. § 46.2-436. Methods of proving financial responsibility.

Such proof shall be presented to the Department in a form prescribed by the Commissioner.

§ 46.2-441. Nonresident may file proof of financial responsibility in the future from insurance company or other state-authorized entity providing insurance.

§ 46.2-706. Proof of insurance required of applicants for registration of motor vehicles; verification of insurance; suspension of driver's license, registration certificates, and license plates for certain violations.

A. Every person applying for registration of a motor vehicle shall, under the penalties set forth in § 46.2-707, execute and furnish to the Commissioner his certificate that the motor vehicle is an insured motor vehicle as defined in § 46.2-705, or that the Commissioner has issued to its owner, in accordance with § 46.2-368, a certificate of self-insurance applicable to the vehicle sought to be registered. The Commissioner, or his duly authorized agent, may verify that the motor vehicle is properly insured by comparing owner and vehicle identification information on file at the Department of Motor Vehicles with liability information on the owner and vehicle transmitted to the Department by any insurance company licensed to do business in the Commonwealth as provided in § 46.2-706.1. If no record of liability insurance is found, the Department may require the motor vehicle owner to verify insurance in a method prescribed by the Commissioner.

B. The refusal or neglect of any owner within 30 days to submit the liability insurance information when required by the Commissioner or his duly authorized agent, or the electronic notification by the insurance company or surety company that the policy or bond named in the certificate of insurance is not in effect, shall require the Commissioner to suspend any driver's license and all registration certificates and license plates issued to the owner of the motor vehicle until the person (i) has paid to the Commissioner a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and (ii) furnishes proof of financial responsibility ~~for~~ *in* the future in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. No order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative

hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued. When three years have elapsed from the effective date of the suspension required in this section, the Commissioner may relieve the person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*.

C. The Commissioner shall suspend the driver's license and all registration certificates and license plates of any person on receiving a record of his conviction of a violation of any provisions of § 46.2-707, but the Commissioner shall dispense with the suspension when the person is convicted for a violation of § 46.2-707 and the Department's records show conclusively that the motor vehicle was insured prior to the date and time of the alleged offense.

D. The Commissioner may dispense with a suspension for a violation of this section or § 46.2-708 if the person determined to have committed the violation provides to the Commissioner proof that conclusively shows that the motor vehicle in question was insured at the time the Department initiated insurance monitoring under this section or § 46.2-706.1 or at the time of a violation of § 46.2-708.

§ 46.2-707. Operation of uninsured vehicle; false evidence of insurance; penalty.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558 who operates or permits the operation of that motor vehicle is guilty of a Class 3 misdemeanor.

Any person who is the operator of such an uninsured motor vehicle and not the titled owner and who knows that such motor vehicle is uninsured is guilty of a Class 3 misdemeanor.

The Commissioner or his duly authorized agent, having reason to believe that a motor vehicle is being operated or has been operated on any specified date, may require the owner of such motor vehicle to verify insurance in a method prescribed by the Commissioner as provided for by § 46.2-706. The refusal or neglect of the owner to provide such verification shall be prima facie evidence that the motor vehicle was an uninsured motor vehicle at the time of such operation.

Any person who falsely verifies insurance to the Commissioner or gives false evidence that a motor vehicle sought to be registered is an insured motor vehicle, shall be guilty of a Class 3 misdemeanor.

However, the foregoing portions of this section shall not be applicable if it is established that the owner had good cause to believe and did believe that such motor vehicle was an insured motor vehicle, in which event the provisions of § 46.2-609 shall be applicable.

Any person who owns an uninsured motor vehicle (i) licensed in the Commonwealth, (ii) subject to registration in the Commonwealth, or (iii) displaying temporary license plates provided for in § 46.2-1558 shall immediately surrender the vehicle's license plates to the Department, unless the vehicle's registration has been deactivated as provided by § 46.2-646.1. Any person who fails to immediately surrender his vehicle's license plates as required by this section is guilty of a Class 3 misdemeanor.

Abstracts of records of conviction, as defined in this title, of any violation of any of the provisions of this section shall be forwarded to the Commissioner as prescribed by § 46.2-383.

The Commissioner shall suspend the driver's license and all registration certificates and license plates of any titled owner of an uninsured motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section, and he shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person until such person pays a noncompliance fee of $600 to be disposed of as provided for in § 46.2-710 and furnishes proof of ~~future~~ financial responsibility *in the future* as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, when three years have elapsed from the date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*. When such suspension results from a conviction for presenting or causing to be presented to the Commissioner false verification as to whether a motor vehicle is an insured motor vehicle or false evidence that any motor vehicle sought to be registered is insured, then the Commissioner shall not thereafter reissue the driver's license and the registration certificates and license plates issued in the name of such person so convicted for a period of 180 days from the date of such order of suspension, and only then when all other provisions of law have been complied with by such person.

The Commissioner shall suspend the driver's license of any person who is the operator but not the titled owner of a motor vehicle upon receiving a record of his conviction of a violation of any provisions of this section and he shall not thereafter reissue the driver's license until 30 days from the date of such order of suspension.

§ 46.2-707.1. Noncompliance fee payment plan.

A. The Department may establish a noncompliance fee payment plan to allow individuals to pay the fees for a motor vehicle determined to be uninsured as prescribed in § 46.2-706, 46.2-707, or 46.2-708. Notwithstanding §§ 46.2-706, 46.2-707, and 46.2-708, an individual 18 years of age or older whose driver's license and vehicle registration have been suspended pursuant to § 46.2-706, 46.2-707, or 46.2-708 may apply to the Department to enter into a payment plan agreement with a duration of no more than three years from the agreement date, referred to in this section as the "payment plan period."

B. To be eligible to enter into the payment plan, the individual must (i) have one or more outstanding suspensions of driving privileges pursuant to the provisions of § 46.2-706, 46.2-707, or 46.2-708 and have no other outstanding

suspensions or revocations; (ii) meet all other conditions for reinstatement of driving privileges; and (iii) have not defaulted twice on the same uninsured motor vehicle payment plan agreement.

C. An eligible individual who pays a $25 administrative fee when entering into a payment plan agreement or when reentering into a payment plan agreement with the Department, and pays the reinstatement fee pursuant to §§ 46.2-333.1 and 46.2-411, if required, shall be eligible to have his driving privileges reinstated by the Department.

D. The amount and frequency of each payment and the duration of the payment plan shall be described in the payment plan agreement signed by the Department and the individual. Payments may be made in person, online, by telephone, or by mail. The full fee must be paid in no more than three years from the agreement date; however, an individual may repay the balance of the fee at any time during the payment plan period with no penalty.

E. If an individual defaults on the payment plan agreement, the Commissioner shall suspend the driver's license and all registration certificates and license plates issued to the owner of the motor vehicle determined to be uninsured. Such driver's license, registration certificates, and license plates shall remain suspended until the individual pays the balance of the fee applicable to his offense as prescribed in § 46.2-706, 46.2-707, or 46.2-708 and furnishes proof of ~~future~~ financial responsibility *in the future* as prescribed by Article 15 (§ 46.2-435 et seq.) of Chapter 3. An individual is in default if he (i) pays an installment payment late as defined in the payment plan agreement or (ii) fails to make an installment payment as agreed to in the payment plan agreement. If an individual is in default and is ineligible to reenter the payment plan, full payment of the balance of the fee shall be due as agreed to in the payment plan agreement. The Commissioner may extend the due date of any installment payment for not more than 30 days if the Department is unable to process an installment payment due to circumstances beyond its control.

F. When all fees are paid, the individual shall continue to furnish proof of financial responsibility *in the future* pursuant to Article 15 (§ 46.2-435 et seq.) of Chapter 3 and § 46.2-709.

G. Installment payments of the fee with respect to the motor vehicle determined to be uninsured shall be disposed of pursuant to § 46.2-710. The administrative fee shall be paid to the Commissioner and deposited into the state treasury account set aside in a special fund to be used to meet the necessary expenses incurred by the Department.

§ 46.2-708. Suspension of driver's license and registration when uninsured motor vehicle is involved in reportable accident; hearing prior to suspension.

When it appears to the Commissioner from the records of his office or from a report submitted by an insurance company licensed to do business in the Commonwealth that an uninsured motor vehicle as defined in § 46.2-705, subject to registration in the Commonwealth, is involved in a reportable accident in the Commonwealth resulting in death, injury, or property damage, the Commissioner shall, in addition to enforcing the applicable provisions of Article 13 (§ 46.2-417 et seq.) of Chapter 3, suspend such owner's driver's license and all of his license plates and registration certificates until such person has complied with Article 13 of Chapter 3 and has paid to the Commissioner a noncompliance fee of $600, to be disposed of as provided by § 46.2-710, with respect to the motor vehicle involved in the accident and furnishes proof of ~~future~~ financial responsibility *in the future* in the manner prescribed in Article 15 (§ 46.2-435 et seq.) of Chapter 3. However, no order of suspension required by this section shall become effective until the Commissioner has offered the person an opportunity for an administrative hearing to show cause why the order should not be enforced. Notice of the opportunity for an administrative hearing may be included in the order of suspension. Any request for an administrative hearing made by such person must be received by the Department within 180 days of the issuance date of the order of suspension unless the person presents to the Department evidence of military service as defined by the federal Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.), incarceration, commitment, hospitalization, or physical presence outside the United States at the time the order of suspension was issued.

However, when three years have elapsed from the effective date of the suspension herein required, the Commissioner may relieve such person of the requirement of furnishing proof of ~~future~~ financial responsibility *in the future*. The presentation by a person subject to the provisions of this section of a certificate of insurance, executed by an agent or representative of an insurance company qualified to do business in this Commonwealth, showing that on the date and at the time of the accident the vehicle was an insured motor vehicle as herein defined shall be sufficient bar to the suspension provided for in this section.

§ 46.2-709. Requiring other proof of financial responsibility in the future; suspended driver's license, registration certificate and license plates to be returned to Commissioner; Commissioner may take possession thereof.

Whenever any proof of financial responsibility *in the future* filed by any person as required by this article no longer fulfills the purpose for which *it is* required, the Commissioner shall require other proof of financial responsibility *in the future* as required by this article and shall suspend such person's driver's license, registration certificates, and license plates and decals pending the furnishing of proof as required.

Any person whose driver's license or registration certificates, or license plates and decals have been suspended as provided in this article and have not been reinstated shall immediately return every such license, registration certificate, and set of license plates and decals held by him to the Commissioner. Any person failing to comply with this requirement shall be guilty of a traffic infraction and upon conviction thereof shall be punished as provided in § 46.2-113.

The Commissioner is authorized to take possession of any license, registration certificate, or set of license plates and decals on their suspension under the provisions of this chapter or to direct any police officer to take possession of and return them to the office of the Commissioner.

E. The Commissioner shall impose a sanction pursuant to subsection C only after the person subject to such disciplinary action is provided reasonable notice and an opportunity to be heard within no fewer than 30 days from the day of such notice by the Commissioner's presiding officer in accordance with § 2.2-4019. 1. That § 15.2-2204 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall identify the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published twice in some newspaper published or having general circulation in the locality, with the first notice appearing no more than 28 days before and the second notice appearing no less than seven days before the date of the meeting referenced in the notice; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing

at which persons affected may appear and present their views. The local planning commission and governing body may hold a joint public hearing after public notice as set forth in this subsection. If a joint hearing is held, then public notice as set forth in this subsection need be given only by the governing body. In any instance in which a locality has submitted a correct and timely notice request to such newspaper and the newspaper fails to publish the notice, or publishes the notice incorrectly, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality. After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels subject to the action. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels that lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. ~~Notice~~ *One notice* sent by registered ~~or~~*,* certified*, or first-class* mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement*, provided that a representative of the local planning commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case*. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, the advertisement shall include the street address or tax map parcel number of the parcels as well as the approximate acreage subject to the action. For more than 100 parcels of land, the advertisement may instead include a description of the boundaries of the area subject to the changes and a link to a map of the subject area. Written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by ~~first class~~ *first-class* mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local *planning* commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local *planning* commission to give written notice to the owner, owners*,* or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department*,* or division of the local governing body, or their representative, such notices may be sent by ~~first class~~ *first-class* mail; however, a representative of such agency, department*,* or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local *planning* commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local *planning* commission, or its representative, at least

30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.
