a. Out of this appropriation, $205,499,560 the first year and $417,849,535 the second year from the general fund is provided for the state share of the following salary increases and related fringe benefit costs:

1) For the first year, a 3 3/8 percent salary increase effective July 1, 2024, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to a 3 3/8 percent salary increase effective July 1, 2024, to school divisions that certify to the Department of Education that an equivalent increase will be

provided to instructional and support personnel the first year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an average 3 3/8 percent salary increase the first year; however, to access these funds, a school division must provide at least an average 2.0 percent salary increase the first year.

2) For the second year, an additional 3 3/8 percent salary increase effective July 1, 2025, for funded SOQ instructional and support positions. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of up to an additional 3 3/8 percent salary increase effective July 1, 2025, to school divisions that certify to the Department of Education that an equivalent increase will be provided to instructional and support personnel the second year. The state share of funding provided to a school division in support of this compensation supplement shall be prorated for school divisions that provide less than an additional average 2.0 percent salary increase the second year; however, to access these funds, a school division must provide at least an average 2.0 percent salary increase the first year and at least an additional average 2.0 percent salary increase the second year.

3) Payments in the second year to any school division shall be based on providing the funds needed to continue the first year increase actually provided by the division plus the increase provided by the division in the second year.

b. Out of this appropriation, $949,146 the first year and $1,955,313 the second year from the general fund is provided for the state share of the salary increases stated in paragraph a. above for Academic Year Governor's Schools, and $617,946 the first year and $1,255,326 the second year from the Lottery Proceeds fund is provided for the state share of these salary increases for Regional Alternative Education Programs.

c. It is the intent that the average instructional and support position salaries are increased in local school divisions throughout the state by at least 3 3/8 percent the first year, at least an additional 3 3/8 percent the second year, resulting in a combined increase of at least 6.86 percent during the biennium.

d. The state funds that the school division is eligible to receive shall be matched by the local government based on the composite index of local ability-to-pay. This local match shall be calculated for funded SOQ instructional and support positions using an effective date of July 1, 2024, the first year and July 1, 2025, the second year. Local school divisions shall certify to the Department of Education that funds used as the local match are derived solely from local revenue sources.

e. This funding is not intended as a mandate to increase salaries."

Explanation:

(This amendment provides $207.1 million the first year and $417.8 million the second year from the general fund to provide the state's share of two 3 3/8 percent salary increases provided on July 1, 2024 and July 1, 2025. This implements the provisions of House Bill 187 for the 2024-26 biennium, which establishes a methodology for funding the state's share of

compensation adjustments as needed to increase Virginia's average teacher salary to at least the National average teacher salary, by the end of fiscal year 2028.

The projected national average salary is based on NEA's estimated national average salary in fiscal year 2023, then adjusted for inflation in subsequent years. The projected Virginia average salary is based on NEA's calculated Virginia average salary in fiscal year 2022, then adjusted for state funded compensation increases in fiscal year 2023 and fiscal year 2024.)

"I.1. As a condition of this appropriation, $12,000,000 the first year and $17,000,000 the second year from the general fund is designated for the Innovative Internship Fund and Program, § 23.1-903.4, Code of Virginia. The funding is designed to expand paid or credit-bearing student internship and other work-based learning opportunities (internships) in collaboration with Virginia employers. In furtherance of the goal of providing all postsecondary students in Virginia with one or more paid internships during their undergraduate course of study, funding shall be used for: (a) institutional grants to enhance engagement with employers related to internship placement and to assist students in securing and successfully completing internships; (b) matching grants to small and midsize Virginia-based employers to enable increased paid internship participation by small and midsize businesses and nonprofit organizations; (c) promotional expenditures to encourage expansion of internship programs and participation by business and nonprofit organizations in Virginia and to increase recruitment and retention of students; and (d) administrative and other expenditures to accomplish the purposes of the Innovative Internship Fund and Program and this paragraph.

2. Institutional grants shall be awarded to support initiatives that are expected to produce significant increases in student participation in paid and credit-bearing internship programs. Institutions shall be eligible for grants upon demonstrating (a) that it is a bona fide priority of the institution and its senior academic and administrative leadership to expand internship participation by students, to incorporate internships in curricula, and to report completion of internships and courses that include internships on student transcripts, and (b) that the institution has put forward an achievable plan to advance such priority, including the allocation of resources and assignment of dedicated personnel to facilitate placement of students in internships and to engage with employers directly or through intermediaries for the purpose of developing internship opportunities. In determining the amount of grant awards, the Council shall consider the number of undergraduate students enrolled at the institution, the number of students at the institution who participate in internships, and the numerical and percentage increase in internship participation expected to result from the initiative. In addition, the Council shall increase grant awards based upon the following factors: (i) an institution's emphasis on internships that are part of pathways to full-time employment with Virginia-based employers; (ii) the institutional initiative's alignment with specific state or regional programs or partnerships related to economic growth and diversification or workforce development in

Virginia; (iii) an institution's strength of commitment as reflected in its reallocation of institutional funds or solicitation of philanthropic support or business partnerships to support the initiative. This funding is intended to be recurring for institutions that demonstrate substantial yearly progress in achieving the objectives of the initiative as measured by the number of internships successfully completed by students.

3. Matching grants to small and midsize Virginia-based employers that provide paid internships shall be awarded by the Council according to criteria established by the Council in consultation with the Virginia Department of Workforce Development and Advancement, Virginia Economic Development Partnership, and the Virginia Talent and Opportunity Partnership. Such criteria shall include: (a) limitation of eligibility to for-profit businesses and nonprofit organizations, excluding institutions of higher education, with physical operations and facilities in Virginia and 150 or fewer Virginia-based employees; (b) certification of employer eligibility by the Council following a training program of reasonable duration and agreement by the employer to reasonable mentoring and reporting obligations; (c) limitation of grant awards to reimbursement, not to exceed $7,500 per internship, for a maximum of one-half of wages, including FICA, and workplace subsidies, including transportation, housing, and other internship-related expenses, paid to or for the benefit of a student participating in a qualifying internship; (d) definition of a qualifying internship as a paid work-based learning experience of a duration, not to exceed twelve months, sufficient to allow the student to gain significant valuable work experience that is provided to a student currently enrolled in, or having received a degree or credential within the preceding twelve months from, a public or private institution of higher education operating in Virginia; (e) limitation of qualifying internships to a number not to exceed four internships annually per eligible employer. Funding may also be used to support staffing agency services related to intern recruitment for employers with 250 or fewer Virginia-based employees that are otherwise eligible for matching grants under this paragraph, provided that no employer shall be required to receive staffing agency services as a condition to eligibility for matching grants.

4. The Council, with and through the Virginia Talent and Opportunity Partnership, and in consultation with the Virginia Department of Workforce Development and Advancement, Virginia Economic Development Partnership, the Virginia Growth and Opportunity Board, public and private institutions of higher education, and business and nonprofit organization stakeholders, shall develop and execute a promotional plan to raise awareness and foster expanded internship programs and participation by business and nonprofit organizations in Virginia using a combination of public and private resources. The plan shall highlight the Commonwealth's goal to provide paid internship opportunities to all postsecondary students and shall provide for public recognition of employers based on their level of participation in internship programs. The plan shall include continued development of regional collaboratives among employers, educational organizations, and other regional stakeholders for the purpose of expanding internships in alignment with regional growth and diversification strategies and state and regional economic and workforce development initiatives. The plan also shall address the objective of encouraging secondary students in Virginia and outside Virginia to attend Virginia-based institutions of higher education and remain in the Commonwealth after completion

through paid internships and pathways to full-time Virginia-based employment.

5. In administering the program authorized in this paragraph, the Council shall (i) engage stakeholders from business and industry, secondary and higher education, economic development, and state agencies and entities that are successfully engaging employers or successfully operating internship programs; (ii) explore strategies in Virginia and elsewhere on successful institutional, regional, statewide or sector-based internship programs; (iii) gather data on current institutional internship practices, scale, and outcomes; (iv) develop internship readiness educational resources, delivery methods, certification procedures, and outreach and awareness activities for employer partners, students, and institutional career development personnel; (v) pursue shared services or other efficiency initiatives, including technological solutions; and (vi) create a process to prioritize industry sectors and track key measures of performance in collaboration with the Virginia Office of Education Economics."

When combined with $550.0 million in recent prior deposits, this amendment would amount to a total of $751.0 million to address cost overruns for previously-authorized projects. This amendment also provides clarification on supplement amounts due to previously-authorized projects for which fund splits are not feasible or to address legislative intent of these projects.)

4. a. All reports and studies required shall be submitted for posting to the Reports to the General Assembly website no later than the due date specified. At the end of each quarter, the Director of Planning and Budget shall calculate the number of days each required report or study from the Executive Branch was not submitted on time for posting to the General Assembly website using information provided by the Division of Legislative Automated Systems. Based on this calculation, the Director of Planning and Budget shall unallot $50 per day for each such late submitted report or study from either the Office of the Governor or appropriate Cabinet Secretary Office.

b. The Office of the Governor shall work with each agency to identify legislative reporting or study requirements that should be considered for elimination, consolidation, or fulfilment through alternative means. The Governor shall submit proposed actions related to these reporting or study requirements to the Speaker of the House of Delegates and the Chair of the Senate Rules Committee no later than December 1, 2024 for consideration during the 2025 Regular Session."

Explanation:

(This amendment establishes a process to ensure that legislatively mandated reports and studies are submitted on time. In addition, the amendment directs the Governor to recommend to the General Assembly mandated reports and studies for elimination, consolidation or alternate means of fulfillment. Explanation:

(This amendment adds $1.4 million from the general fund and $7.7 million from nongeneral funds each year to increase reimbursement rates for remote patient monitoring of patients receiving take home medication for medication-assisted treatment (MAT) for opioid use disorders. While take home medication for MAT is currently permitted, the lack of remote patient monitoring to ensure the daily dosage of medication is taken has limited the ability of providers to utilize take-home medications. Remote patient monitoring for this purpose ensures the patient takes the medication, which is critical to ensuring treatment protocols are followed and reduces the risk of diversion. In addition, it reduces the travel time for patients who receive daily MAT treatments, which increases adherence to the treatment protocol and their ability to maintain employment.)

LAI or ER medications that treat serious mental illness and substance use disorder, and which are administered in hospital in-patient or emergency department settings, are not currently reimbursed outside the daily rate. While certain forms of long-acting injectables are covered on Virginia's preferred drug list, the reimbursement is limited to outpatient settings of care. As a result, individuals with serious mental illness or substance use disorders may not have access to LAI medications in a hospital setting, which results in a significant risk to the continuity of care and overall health of these patients, particularly given the complexity of adhering to an oral regiment for many individuals who experience these illnesses.)

Explanation:

(This amendment clarifies that inflation is provided to PRTF providers every year. This amendment provides that the rate ceiling, currently the statewide weighted average, does not apply to PRTF providers accepting children that require EPSDT services. Federal regulations require coverage of EPSDT services. These changes are not effective until the next rebasing takes effect in 2026 but will allow providers and the agency to plan for the next rebasing and ensure that the cost report process, which will begin in 2025, accounts for these changes.)

Explanation:

(This amendment directs the Department of Medical Assistance Services (DMAS) to develop a plan to incorporate the Diabetes Prevention Program services into Medicaid and submit their plan to the Joint Commission on Health Care (JCHC) and to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by November 1, 2024. The Diabetes Prevention Program targets people who are at high risk for type 2 diabetes by promoting a change in lifestyle factors for modest weight loss to ultimately delay onset or prevent disease. DMAS and the Virginia Department of Health partnered to test the Diabetes Prevention Program with Medicaid enrollees and demonstrated success after the first year of the

pilot and was cost-effective after the third year of the pilot. Ten states already provide coverage for this program within their state Medicaid program. This is a recommendation from the Joint Commission on Health Care.)

Amendments to SB 30 (as Introduced)

Explanation:

(This amendment directs the Department of Medical Assistance Services to develop program guidelines for the Collaborative Care Model, in which behavioral health services are delivered in primary care practices. This amendment is a recommendation of the Joint Commission on Health Care (JCHC) and supported by findings from a 2023 JCHC report including that Virginia primary care practices' need for integrating behavioral health services is growing, but practices are struggling to meet the demand without additional resources. Health care professionals consistently indicated that limited insurance coverage for integrated primary care was a significant barrier to increase these services for patients in their practices, and, in 2023, Virginia was one of 26 states that had not yet implemented Medicaid coverage of the Collaborative Care Model.)

This toll relief is in addition to the current Toll Relief program administered by the Department and funded by ERC. The Department shall implement this additional toll relief program no later than January 1, 2025, and administer such program in the same manner as the existing Toll Relief program.

3. All funding appropriated in this Item for toll relief shall be deposited into an Eligible Drivers Toll Relief Fund. Any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. All interest and dividends that are earned on the account shall be credited to the Fund. Any funds remaining in the Fund at the end of the toll relief program in 2036 shall revert to the general fund.

4. The Department of Transportation and the Department of Treasury shall enter into a memorandum of agreement related to the management and investment of the monies in the Fund. Notwithstanding §58.1-3 Code of Virginia, the Department of Taxation shall provide support in validating the income of eligible drivers.

5. The Commissioner shall report to the Governor, the Secretary of Transportation, Chairmen of the House Committees on Appropriations, Finance, and Transportation and the Senate Committees on Finance and Appropriations and on Transportation annually by the first day of the regular session of the General Assembly on the additional toll relief provided from the Fund.

6. The Commissioner shall evaluate the cost and feasibility of permitting HOV access at all times and free-of-charge on the Downtown-Midtown Tunnel facility and provide the estimated cost and recommendations for implementation to the Governor, the Secretary of Transportation, Chairmen of the House Committees on Appropriations, Finance, and Transportation and the Senate Committees on Finance and Appropriations and on Transportation no later than October 1, 2024.

Explanation:

(This amendment provides $77.0 million the first year and $15.0 million the second year from the general fund to provide additional toll relief to eligible drivers who earn less than $50,000 per year. When combined with the existing Toll Relief program, this program will provide a 100 percent toll rebate on up to 14 trips per week on the Elizabeth River Tunnels through 2036.)

"C. The Department of Veterans Services shall submit a business plan that demonstrates how the veterans care centers will operate using solely nongeneral funds after start-up general fund moneys are exhausted to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by August 1, 2024."

Explanation:

(This amendment reduces by $14.0 million GF the first year the proposed funding for Virginia's two new veterans care centers, bringing the total increase to $16.5 million GF. This amount is estimated to be sufficient to cover start-up operational expenses and account for lower revenue while the new centers phase in residents. Once the veterans care centers reach approximately 90.0 percent capacity, it is expected that the centers would be funded using resident insurance and other payments. State-owned veterans care centers receive higher reimbursement rates than private nursing home providers from most publicly funded programs, including supplemental payments from Medicaid. Budget language directs the Department of Veterans Services to submit a business plan that demonstrates how veterans care centers will operate using solely nongeneral funds after start-up general funds moneys are exhausted to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by August 1, 2024.)

All revenues received from such charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the General Services Board, for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned.

2. Leased parking facilities in metropolitan Richmond area

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. § 58.1-609.11. Exemptions for nonprofit entities.

A. For purposes of this section, "nonprofit organization" or "nonprofit entity" means an entity that meets the requirements of subsection D. "Nonprofit organization" or "nonprofit entity" includes a single member limited liability company whose sole member is a nonprofit organization.

B. Any nonprofit organization that holds a valid certificate of exemption from the Department of Taxation, or any nonprofit church that holds a valid self-executing certificate of exemption, that exempts it from collecting or paying state and local retail sales or use taxes as of June 30, 2003, pursuant to § 58.1-609.4, 58.1-609.7, 58.1-609.8, 58.1-609.9, or 58.1-609.10, as such sections are in effect on June 30, 2003, shall remain exempt from the collection or payment of such taxes under the same terms and conditions as provided under such sections as such sections existed on June 30, 2003, until: (i) July 1, 2007, for such entities that were exempt under § 58.1-609.4; (ii) July 1, 2008, for such entities that were exempt under § 58.1-609.7; (iii) July 1, 2004, for the first one-half of such entities that were exempt under § 58.1-609.8, except churches, which will remain exempt under the same criteria and procedures in effect for churches on June 30, 2003; (iv) July 1, 2005, for the second one-half of such entities that were exempt under § 58.1-609.8; and (v) July 1, 2006, for such entities that were exempt under § 58.1-609.9 or under § 58.1-609.10. At the end of the applicable period of such exemptions, to maintain or renew an exemption for the period of time set forth in subsection G, each entity must follow the procedures set forth in subsection C and meet the criteria set forth in subsection D. Provided, however, that any entity that was exempt from collecting sales and use tax shall continue to be exempt from such collection, and any entity that was exempt from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from

Amendments to SB 30 (as Introduced)

such payment, provided that it follows the other procedures set forth in subsection C and meets the criteria set forth in subsection D. Provided further, however, that an educational institution doing business in the Commonwealth which provides a face-to-face educational experience in American government and was exempt pursuant to subdivision 4 of § 58.1-609.4 from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from such payment, provided that it follows the other procedures set forth in subsection C and meets the criteria set forth in subsection D.

C. 1. On and after July 1, 2004, in addition to the organizations described in subsection B, and except as restricted in subdivision 2, the tax imposed by this chapter or pursuant to the authority granted in §§ 58.1-605 and 58.1-606 shall not apply to purchases of *taxable services or* tangible personal property for use or consumption by any nonprofit entity that, pursuant to this section, (i) files an appropriate application with the Department of Taxation, (ii) meets the applicable criteria, and (iii) is issued a certificate of exemption from the Department of Taxation for the period of time covered by the certificate.

2. If the entity that is exempt under this section is exempt from federal income tax under § 501(c)(19) of the Internal Revenue Code, or has annual gross receipts of less than $5,000 and is organized for at least one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code, then the exemption under this section for such entity shall not apply to purchases of *taxable services or* tangible personal property that are used primarily (i) for social and recreational activities for members or (ii) for providing insurance benefits to members or members' dependents.

D. To qualify for the exemption under subsection C, a nonprofit entity must meet the applicable criteria under this subsection as follows:

1. a. The entity is exempt from federal income taxation (i) under § 501(c)(3) of the Internal Revenue Code; (ii) under § 501(c)(4) of the Internal Revenue Code and is organized for a charitable purpose; or (iii) under § 501(c)(19) of the Internal Revenue Code; or

b. The entity has annual gross receipts of less than $5,000, and the entity is organized for at least one of the purposes set forth in § 501(c)(3) of the Internal Revenue Code, one of the charitable purposes set forth in § 501(c)(4) of the Internal Revenue Code, or one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code; and

2. The entity is in compliance with all applicable state solicitation laws and, where applicable, provides appropriate verification of such compliance; and

3. The entity's annual general administrative costs, including salaries and fundraising, relative to its annual gross revenue, under generally accepted accounting principles, is not greater than 40 percent; and

Amendments to SB 30 (as Introduced)

4. If the entity's gross annual revenue was at least $750,000 in the previous year, then the entity must provide a financial review performed by an independent certified public accountant. However, for any entity with gross annual revenue of at least $1 million in the previous year, the Department may require that the entity provide a financial audit performed by an independent certified public accountant. If the Department specifically requires an entity with gross annual revenue of at least $1 million in the previous year to provide a financial audit performed by an independent certified public accountant, then the entity shall provide such audit in order to qualify for the exemption under this section, which audit shall be in lieu of the financial review; and

5. If the entity filed a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then it must provide a copy of such form to the Department of Taxation; and

6. If the entity did not file a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then the entity must provide the following information:

a. A list of the Board of Directors or other responsible agents of the entity, composed of at least two individuals, with names and addresses where the individuals physically can be found; and

b. The location where the financial records of the entity are available for public inspection.

E. On and after July 1, 2004, in addition to the criteria set forth in subsection D, the Department of Taxation shall ask each entity for the total taxable purchases made in the preceding year, unless such records are not available through no fault of the entity. If the records are not available through no fault of the entity, then the entity must provide such information to the Department the following year. No information provided pursuant to this subsection (except the failure to provide available information) shall be a basis for the Department of Taxation to refuse to exempt an entity.

F. Any entity that is determined under subsections C, D, and E by the Department of Taxation to be exempt from paying sales and use tax shall also be exempt from collecting sales and use tax, at its election, if (i) the entity is within the same class of organization of any entity that was exempt from collecting sales and use tax on June 30, 2003, or (ii) the entity is organized exclusively to foster, sponsor, and promote physical education, athletic programs, and contests for youths in the Commonwealth.

G. The duration of each exemption granted by the Department of Taxation shall be no less than five years and no greater than seven years. During the period of such exemption, the failure of an exempt entity to maintain compliance with the applicable criteria set forth in subsection D shall constitute grounds for revocation of the exemption by the Department. At the end of the period of such exemption, to maintain or renew the exemption, each entity must provide the

Amendments to SB 30 (as Introduced)

Department of Taxation the same information as required upon initial exemption and meet the same criteria.

H. For purposes of this section, the Department of Taxation and the Department of Agriculture and Consumer Services shall be allowed to share information when necessary to supplement the information required.

§ 58.1-612. Tax collectible from dealers; "dealer" defined; jurisdiction.

A. The tax levied by §§ 58.1-603 and 58.1-604 shall be collectible from all persons that are dealers, as defined in this section, and that have sufficient contact with the Commonwealth to qualify under (i) subsections B and C or (ii) subsections B and D.

B. As used in this chapter, "dealer" includes every person that:

1. Manufactures or produces *taxable services or* tangible personal property for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

2. Imports or causes to be imported into this Commonwealth *taxable services or* tangible personal property from any state or foreign country, for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

3. Sells at retail, or that offers for sale at retail, or that has in its possession for sale at retail, or for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth, *taxable service or* tangible personal property;

4. Has sold at retail, used, consumed, distributed, *furnished,* or stored for use or consumption in this Commonwealth, *taxable services or* tangible personal property and that cannot prove that the tax levied by this chapter has been paid on the sale at retail, the use, consumption, distribution, or storage of such *taxable services or* tangible personal property;

5. Leases or rents tangible personal property for a consideration, permitting the use or possession of such property without transferring title thereto;

6. Is the lessee or rentee of tangible personal property and that pays to the owner of such property a consideration for the use or possession of such property without acquiring title thereto;

7. As a representative, agent, or solicitor, of an out-of-state principal, solicits, receives and accepts orders from persons in this Commonwealth for future delivery and whose principal refuses to register as a dealer under § 58.1-613; or

8. Becomes liable to and owes this Commonwealth any amount of tax imposed by this chapter,

Amendments to SB 30 (as Introduced)

whether it holds, or is required to hold, a certificate of registration under § 58.1-613.

C. A dealer shall be deemed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 if it:

1. Maintains or has within this Commonwealth, directly or through an agent or subsidiary, an office, warehouse, or place of business of any nature;

2. Solicits business in this Commonwealth by employees, independent contractors, agents or other representatives;

3. Advertises in newspapers or other periodicals printed and published within this Commonwealth, on billboards or posters located in this Commonwealth, or through materials distributed in this Commonwealth by means other than the United States mail;

4. Makes regular deliveries of tangible personal property within this Commonwealth by means other than common carrier. A person shall be deemed to be making regular deliveries hereunder if vehicles other than those operated by a common carrier enter this Commonwealth more than 12 times during a calendar year to deliver goods sold by him;

5. Solicits business in this Commonwealth on a continuous, regular, seasonal, or systematic basis by means of advertising that is broadcast or relayed from a transmitter within this Commonwealth or distributed from a location within this Commonwealth;

6. Solicits business in this Commonwealth by mail, if the solicitations are continuous, regular, seasonal, or systematic and if the dealer benefits from any banking, financing, debt collection, or marketing activities occurring in this Commonwealth or benefits from the location in this Commonwealth of authorized installation, servicing, or repair facilities;

7. Is owned or controlled by the same interests which own or control a business located within this Commonwealth;

8. Has a franchisee or licensee operating under the same trade name in this Commonwealth if the franchisee or licensee is required to obtain a certificate of registration under § 58.1-613;

9. Owns tangible personal property that is for sale located in this Commonwealth, or that is rented or leased to a consumer in this Commonwealth, or offers tangible personal property, on approval, to consumers in this Commonwealth;

10. Receives more than $100,000 in gross revenue, or other minimum amount as may be required by federal law, from retail sales in the Commonwealth in the previous or current calendar year, provided that in determining the amount of a dealer's gross revenues, the sales made by all commonly controlled persons as defined in subsection D shall be aggregated; or

Amendments to SB 30 (as Introduced)

11. Engages in 200 or more separate retail sales transactions, or other minimum amount as may be required by federal law, in the Commonwealth in the previous or current calendar year, provided that in determining the total number of a dealer's retail sales transactions, the sales made by all commonly controlled persons as defined in subsection D shall be aggregated.

D. A dealer is presumed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 (unless the presumption is rebutted as provided herein) if any commonly controlled person maintains a distribution center, warehouse, fulfillment center, office, or similar location within the Commonwealth that facilitates the delivery of tangible personal property sold by the dealer to its customers. The presumption in this subsection may be rebutted by demonstrating that the activities conducted by the commonly controlled person in the Commonwealth are not significantly associated with the dealer's ability to establish or maintain a market in the Commonwealth for the dealer's sales. For purposes of this subsection, a "commonly controlled person" means any person that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered, as the dealer or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the dealer as a corporation that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered.

E. Notwithstanding any other provision of this section, the following shall not be considered to determine whether a person that has contracted with a commercial printer for printing in the Commonwealth is a "dealer" and whether such person has sufficient contact with the Commonwealth to be required to register under § 58.1-613:

1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer which is used solely in connection with the printing contract with the person;

2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;

3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and

4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained in this chapter other than in subsection E shall limit any authority that this Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of sales and use taxes by any dealer that regularly
