"2.a. The Department of Corrections shall issue a Request for Proposals for the procurement through competitive negotiation of a private prison management firm to operate the Lawrenceville Correctional Center after the current contract for operation of the facility expires on March 22, 2003. The Department shall encourage maximum competition for the new contract from all private prison management companies that are capable of operating a facility of this size and level of security. Upon the completion of the Department's evaluation of the proposals and upon the tentative selection of an offeror on the basis of cost, contractor qualifications, prior record of performance, and other relevant considerations, the Department shall compare the projected cost of operation by the private contractor with the projected cost of operation by the Department using its own employees, and shall prepare a report on its findings.

b. The Governor shall provide copies of this report to the Chairmen of the Senate Finance and House Appropriations Committees for their review and comment. Pursuant to § 2.2-4342 B, Code of Virginia, this report, being in the nature of a cost estimate related to a procurement transaction prepared by a public body, shall not be made public nor released in response to a Freedom of Information Act request.

c. If, after receiving the Chairmen's comments, as well as an analysis of this report by the Department of Planning and Budget, the Governor concludes that it is less costly for the Department of Corrections to operate the facility using its own employees, the Governor shall direct the Department to do so. If the Governor concludes that it would be less costly to operate the facility with a private contractor, then, provided that a satisfactory contract can be negotiated and provided that the cost of the proposed contract for the operation of the facility by a private vendor can be accommodated within the constraints of the state budget and that the contract is in the general best interests of the Commonwealth, the Governor may authorize the Department to enter into the contract.

d. Nothing in this item is intended to amend the provisions of the Virginia Public Procurement Act or to prohibit the Department from negotiating a contract with another offeror, if a satisfactory offer cannot be negotiated with the offeror first selected."

Every dealer or direct payment permit holder shall be entitled to a credit for the payment under this paragraph on the June 2003 return due July 20, 2003. The State Comptroller shall make no distribution of the collections in accordance with § 58.1-638 until the provisions of subparagraph 3 are met. The provisions of this section shall not apply to persons who are required to file only a Form ST-7, Consumer User Tax Return.

2. In lieu of the penalties provided in § 58.1-635, Code of Virginia, except with respect to fraudulent returns, failure to make a timely payment or full payment on the sales and use tax liability as provided in paragraphs F 1 and F 2 above shall subject the dealer or direct payment permit holder to a penalty of six percent of the amount of tax that should have been properly paid to the Tax Commissioner. Interest will accrue as provided in § 58.1-15, Code of Virginia. The payment required by paragraphs A 1 and A 2 above shall become delinquent on the first day following the due date set forth in paragraphs A 1 and A 2 if not paid.

4. If the Governor determines by July 31 of each year that funds are available to transfer such collections in accordance with § 58.1-638, he shall direct the State Comptroller to make such distribution. The Governor will report his determination to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees on August 1 of each year.

**COMMUNICATION FROM THE GOVERNOR RECEIVED  
SUBSEQUENT TO ADJOURNMENT SINE DIE**

The following communication was received:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

March 9, 2002

TO THE MEMBERS OF THE GENERAL ASSEMBLY OF VIRGINIA:

The 2002 Session of the Virginia General Assembly has been held under challenging circumstances. The United States remains at war with the forces of international terrorism, and our people continue to suffer the debilitating economic effects of recession.

I opened my term as Governor on January 12th with the pledge of bipartisanship and straight talk about the fiscal problems facing the Commonwealth. We endured two rounds of worsening economic forecasts that pushed our estimates of the budgetary shortfall to \$3.8 billion over the next 28 months. Together with members of the Assembly, we also uncovered severe management problems at the Virginia Department of Transportation and asked for an audit of the agency by the Auditor of Public Accounts.

Through these difficult circumstances, many members of the Assembly have responded well to my call for a change in the way we do business in Richmond. This has helped us make progress on a number of important initiatives, including legislation to continue increased unemployment benefits for Virginians who have lost their jobs; to help bring about an end to racial profiling; to reform the parole board; and to create an independent Department for the Rights of Virginians with Disabilities. The General Assembly also passed legislation allowing voters in Hampton Roads to vote on raising the sales tax by one cent in order to address urgent, unmet needs in transportation.

Our greatest progress, however, was on the one issue that I identified as being the most critical when I was inaugurated: restoring the fiscal integrity of the Commonwealth. While the budget that has been agreed to contains many painful choices, we have balanced the budget, and done so on time, with a commitment to ending a reliance on one time fixes. We have put in place a new way of budgeting for the Commonwealth: planning over six years instead of just two.

I am, however, deeply disappointed that there was no action, on this the closing day of the session, on the conference report on Senate Bill 170. This failure was contrary to the best interest of this Commonwealth. The people's business was not done.

During the coming weeks, I am hopeful that we can reach consensus on a regional referendum in Northern Virginia for critical transportation needs, and an approach for the Commonwealth's unmet needs in public education. Both of these issues should have been resolved during this session of the legislature.

Sincerely,

/s/ Mark R. Warner

## WEDNESDAY, APRIL 17, 2002

The Senate met at 1:00 p.m. in Reconvened Session of the 2002 Regular Session and was called to order by Lieutenant Governor Timothy M. Kaine.

Rabbi Merrill Shapiro, Congregation Or Atid, Richmond, Virginia, offered the following prayer:

Our God and God of our ancestors, as You renew creation each day, renew the spirits of all of those who serve this august body. May their deeds reflect Your glory; may their thoughts lead to Your service; may they yearn for and trust in You. May it be Your will, O Lord, our God, and God of our ancestors, that no one here, and no one here served by these people, debase Your teaching nor misrepresent it to others. That they would never utter a word to dishonor You or any of the people of this great commonwealth. Teach us Your way and let us declare Your wonder. Keep falsehood far from all of us. Grace us with Your teaching, protect us from emptiness, and sustain us in Your learning. May the words of Your teaching, O Lord, be sweet in our mouths. May we be faithful partners in bringing the sweetness of Your word to the mouths of all of the people of the Commonwealth of Virginia. May we, our children, and all the children of this great commonwealth revere You and serve You with devotion. May You bless every corner of this great commonwealth with abundant rain for blessing. May the Lord bless us all and keep us and above all bless us in peace and let us all say, Amen.

Should the Governor find the need to make modification in any of the project schedules proposed by state agencies and institutions to meet the purposes stated herein, he shall direct the Secretary of Finance to confer with the chairmen of the Senate Finance Committee and the House Appropriations Committee and with the affected state agencies and institutions and develop criteria to determine which projects continue on schedule as planned and which projects are deferred.

#### HOUSE BILL VETOED BY THE GOVERNOR

**H.B. 1154** (one thousand one hundred fifty-four) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

April 8, 2002

TO THE VIRGINIA HOUSE OF DELEGATES  
HOUSE BILL NO. 1154

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 1154.

House Bill 1154 would prohibit doctors from performing a certain late term abortion procedure. Although I firmly support the decision in *Roe v. Wade* and trust the women of Virginia to make responsible choices affecting their lives and their health care, I am opposed to all post-viability abortions except to protect the mother's life or health. I would sign a bill banning the abortion procedure described in HB 1154 if it contained such exceptions as required under the Constitution. HB 1154 does not.

The U.S. Supreme Court's decision in *Stenberg v. Carhart*, 530 U.S. 914, 120 S.Ct. 2597 (2000), is the law of the land with regard to regulation of late term abortion procedures. HB 1154 fails to satisfy the requirements of *Carhart* in at least two respects. First, it does not provide an adequate exception to protect the health of the mother in cases of post-viability abortions. The health exception provided in HB 1154 applies "only if, in appropriate medical judgment, [the pregnant woman] suffers from an illness, injury, disease, disorder or other medical condition that so complicates her pregnancy as to necessitate the

performance of such a procedure in order to avert her death or avoid a serious risk of substantial and irreversible impairment of a major bodily function.”

In other words, in some cases, HB 1154 would not allow a doctor to perform the procedure banned by HB 1154 when it would be safer than other procedures. Any health exception consistent with constitutional requirements must permit women to have access to the safest medical procedures. As explained in *Carhart*, “[m]edical treatments and procedures are often considered appropriate (or inappropriate) in light of estimated comparative health risks (and health benefits) in particular cases.” *Carhart*, 530 U.S. at 937. A federal court in Ohio recently struck down a statute with language similar to HB 1154 precisely because the so-called health exception was drawn too narrowly. As the court explained, “logic dictates that when a physical health problem requires a woman to undergo a post-viability abortion, she must be permitted to use the least risky procedure ...” *Women’s Medical Professional Corporation v. Taft*, 162 F. Supp.2d. 929, 961 (S.D. Ohio 2001). I agree with that view.

Second, as passed, HB 1154 lacks an appropriate exemption for certain previability, second trimester procedures. It is settled law that a procedure known as a “D&E” may not be constitutionally banned in the early stages of pregnancy. HB 1154 appears to exempt only some D&E procedures. If HB 1154 is signed into law, some physicians may avoid performing otherwise safe D&E procedures due to fear of prosecution. Hence, I believe HB 1154 risks imposing an undue burden on women seeking previability second trimester abortions.

Although the procedure described in HB 1154 is rarely used, it is deeply troubling to me, as it is to many Virginians. I have said I would sign a bill limiting that procedure if the bill appears to be constitutional. I am not persuaded, however, that HB 1154 satisfies the constitutional requirements articulated by our nation’s highest court. I believe that allowing HB 1154 to become law would result in a costly and protracted legal challenge, with no ultimate benefit to the citizens of Virginia. I must, therefore, veto this bill.

                                   *G.1. The Department, with the assistance of the Personal Property Tax Relief Act Compliance Task Force, shall develop and commence to implement, not later than January 1, 2003, a comprehensive Personal Property Tax Relief Act Compliance Program (the Compliance Program) to enhance taxpayer knowledge of and compliance with the provisions of Chapter 35.1, Title 58.1, Code of Virginia, the Personal Property Tax Relief Act of 1998 (PPTRA, or the Act), and to establish cost-effective compliance verification and audit*

*procedures to ensure that relief under PPTRA is provided only to qualifying vehicles as defined in the Act. The Department of Motor Vehicles (DMV), the Department of Accounts, local commissioners of the revenue and other local assessing officials, city, county and town treasurers and directors of finance in localities that do not have an elected treasurer shall cooperate with the Department and shall, upon the request of the Department, provide all information and assistance necessary to implement the Compliance Program.*

*2. The Compliance Program shall include, without limitation, the following components:*

*a. Provisions for informing motor vehicle owners, prominently and in plain English, at the time of vehicle titling, renewal registration, local motor vehicle licensing pursuant to § 46.2-752, Code of Virginia, personal property tax assessment and personal property tax billing, of the limitations upon qualification for relief under PPTRA.*

*b. Development of a process for periodic, informed certification by vehicle owners of vehicle use and characteristics that are determinative of eligibility for relief under PPTRA, utilizing to the maximum extent possible existing procedures and communications between governmental entities and affected taxpayers.*

*c. Compliance assurance measures that ensure that PPTRA relief is not provided to owners of vehicles that are not qualifying vehicles under the Act.*

*3. As part of the Compliance Program, DMV shall require, as a part of each application for initial and renewal vehicle registration for vehicles potentially eligible for PPTRA relief on and after January 1, 2003, a certification by the vehicle owner as to its use for business purposes. Certification information collected by DMV shall be made available to commissioners and other local assessing officials for use in discharging their responsibilities for qualifying vehicles for relief under PPTRA.*

*4. As part of the Compliance Program, for any vehicle with a value in excess of \$1,000, commissioners and other local assessing officials responsible for determining vehicle qualification for PPTRA relief, and treasurers and other local officials responsible for local vehicle registration and for the issuance of personal property tax bills to vehicle owners, shall implement provisions for certification by the vehicle owner as to vehicle use for business purposes:*

*a. In jurisdictions where an affirmative personal property tax return is required of the taxpayer, certification shall be obtained at the time of filing a return of personal property. In cases where this method fails to obtain the requisite taxpayer certification, then at the time of any one of the following:*

*1) Application for, or issuance of evidence (such as a decal or local license plate) of, initial or renewal local vehicle licensing pursuant to § 46.2-752, Code of Virginia.*

*2) Payment of personal property tax bill, where a bill is required to be issued pursuant to applicable law and where payment can be construed as a certification of vehicle usage.*

*3) Any other communication with the vehicle owner requiring an affirmative response or responsive action on the part of the owner.*

*b. In jurisdictions in where a File By Exception method is used for personal property tax returns, at the time of the following:*

*1) The File By Exception process in which citizens shall be required to notify the locality of any changes in vehicle usage on an exception basis, and either*

2) *Payment of personal property tax bill, where a bill is required to be issued pursuant to applicable law and where payment can be construed as a certification of vehicle usage, or*

3) *Application for, or issuance of evidence (such as a decal or local license plate) of, initial or renewal local vehicle licensing pursuant to § 46.2-752, Code of Virginia.*

5. *Recertification required by paragraph G.4. of this Item shall be obtained on an annual basis.*

6. *The Department shall periodically audit the personal property tax records of localities for the purpose of ascertaining compliance with the provisions of this paragraph and of other provisions of Chapter 35.1, Code of Virginia. In the event the Department determines that PPTRA relief has been provided to a specific nonqualifying vehicle, the Department shall notify the State Comptroller, who shall make appropriate adjustments to future PPTRA reimbursements to the locality with respect to the overpayment; the commissioner or other local assessing official, who shall revise the personal property tax book with respect to the qualifying status of such vehicle; and the treasurer or other official charged with the collection of the personal property taxes, who shall issue a supplemental tax bill in accordance with applicable law. Statistical sampling techniques that do not identify specific nonqualifying vehicles as to which PPTRA relief nevertheless was granted may be used by the Department in the preparation of reports of overall compliance rates with respect to PPTRA, but shall not, in and of themselves, be used as the basis for ratably reducing PPTRA reimbursements or making setoffs against future PPTRA reimbursements to a locality except in a locality where an audit by the Department determines it is substantially noncompliant as defined by standards of compliance established annually by the Tax Commissioner.*

7. *Each commissioner or other local assessing official responsible for making determinations regarding qualification of vehicles for PPTRA, with the guidance and assistance of the Department and the PPTRA Compliance Task Force, shall develop and implement, not later than January 1, 2003, a program of compliance assurance measures that are designed to identify and to audit likely cases of PPTRA relief being obtained for nonqualifying vehicles. Each such commissioner or other official shall promptly identify to the State Comptroller each case in which relief was granted to a nonqualifying vehicle owner who shall make appropriate adjustments to future PPTRA reimbursements to the locality with respect to the overpayment and shall report annually to the Department regarding the program instituted and the results obtained. In developing local compliance assurance measures, the commissioner or other responsible local official shall utilize locally available information, such as that relating to business licensing, activities and taxation, that will tend to identify potential recipients of PPTRA relief with respect to nonqualifying vehicles in a cost-effective manner.*

8. *In order to assist commissioners and other responsible local officials in identifying potential recipients of PPTRA relief with respect to nonqualifying vehicles, the Department shall make available to commissioners and such officials information in its possession or otherwise available to it that will tend to identify taxpayers claiming exclusions or deductions relating to the use of vehicles for business purposes. Nothing in § 58.1-3, Code of Virginia, shall be construed to prohibit the transfer to commissioners and other local officials of such information for the limited purposes described in this Item.*

9. The Department shall report to the Chairmen of the Senate Finance and House Appropriations Committees by November 1st of each year on total overpayments by the Commonwealth that have been identified for the prior calendar year.

10. The Tax Commissioner is authorized to promulgate administrative guidelines to implement the PPTRA Compliance Program. Such guidelines shall not be subject to the provisions of the Administrative Process Act.

That on or before September 1, 2002, each agency or institution having a capital project listed in this act shall provide to the Governor and the chairmen of the Senate Finance Committee and the House Appropriations Committee an implementation plan for the completion of such projects. The plan shall include as a minimum: (i) the proposed construction schedule for each project indicating the anticipated start-up date for the project as well as the projected completion

date for the project, taking into consideration the budgetary and programmatic capacity of the agency or institution to operate the completed capital project, (ii) detailed draw schedules indicating the monthly cash needs to finance expenditures from the start-up date to the completion date of each project, and (iii) an estimate of the additional costs for the staffing and equipping of each project as well as an identification of the anticipated source of funding to cover such additional costs for each project. The Governor shall prescribe a uniform format for the preparation of this submission by each affected agency or institution.

6. That on or before January 15, 2003, the Governor shall release his proposed plan for the execution of the capital projects listed in this act. To the extent practicable, the Governor's plan shall be based on the implementation plans submitted by the agencies and institutions pursuant to the fifth enactment of this act. However, the Governor shall modify such implementation plan, as necessary, to provide for the orderly issuance of the bonds authorized in this act and to ensure that the Commonwealth (i) stays within the appropriations in the general appropriation act to pay the debt service on such bonds, (ii) acts within its budgetary ability to open and operate such completed capital projects, (iii) adheres to the limits of its capacity to issue tax-supported debt, and (iv) complies with all other provisions of law regarding its authority to issue debt.

Should the Governor find the need to make modification in any of the project schedules proposed by state agencies and institutions to meet the purposes stated herein, he shall direct the Secretary of Finance to confer with the chairmen of the Senate Finance Committee and the House Appropriations Committee and with the affected state agencies and institutions and develop criteria to determine which projects continue on schedule as planned and which projects are deferred.

7. That commensurate with the release of the Governor's proposed plan for the execution of the capital projects pursuant to the sixth enactment of this act, the Secretaries of Administration and Finance shall jointly release recommendations to expedite the capital outlay review process as set forth in § 2.2-1132 of the Code of Virginia. Such recommendations shall indicate whether they can be implemented administratively or whether legislation will be necessary prior to their implementation.

8. That the Secretary of Finance, in conjunction with the Secretaries of Education and Administration, shall provide to the chairmen of the Senate Finance Committee and House Appropriations Committee, beginning in 2003, by September 1 of each year, until such capital projects as are herein authorized are completed, a status report on the projects, including (i) the status of compliance with the expedited capital outlay review process as set forth in the seventh enactment of this act and § 2.2-1132 of the Code of Virginia, and (ii) the most recent approved draw schedules for the projects included in this act.
