The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor Timothy M. Kaine.

Reverend Dr. Theodore R. Little, Jr., Pastor, Dome of Canaan Baptist Church, Chesapeake, Virginia, offered the following prayer:

O Thou, who sits above the heavens and holds the world in place, Thou who are omnipresent, omnipotent, and omniscient, Thou who incarcerated Thyself in humanity, hear now the prayer of Thy servant. Grant unto these whose acts demonstrate the manifestation of ordained government, the wisdom from above, pure hearts, and divinely inspired minds to set in place those laws and regulations that benefit the common good of citizens of the Commonwealth of Virginia. Lead them, in this session, to consider the far reaching arm of government that impacts from the sands of the Atlantic to the mountains of the west every facet of life, whether it be mankind created in Your image and likeness or the birds of the air, the fish of the ocean, and every living creature. Give, I pray, these women and men a right spirit and a contrite heart; a heart of compassion, a heart of love, and a heart of care—that reach beyond themselves to include every race, creed, color, gender from north, east, west, and south—that no one may be excluded. May these elected representatives of government, those appointed, and those who volunteer—be Your civil servants working all things for good.

In the Name of the Incarnated Lord, Amen!

SUPREME COURT OF VIRGINIA

TO: The Honorable Mark R. Warner
    Governor of Virginia
    And
    General Assembly of Virginia

IN RE: Seventh Judicial Circuit

Section 17.1-511 of the Code of Virginia, as amended, provides that whenever a vacancy occurs in the office of a judge of any court of record, the vacancy shall not be filled until, after investigation, the Supreme Court of Virginia certifies that the filling of the vacancy is or is not necessary. The term of Judge Verbena M. Askew of the Seventh Judicial Circuit will expire on March 15, 2003. Actions taken by the Senate and House Courts of Justice Committees indicate that she will not be re-elected for an additional term. Therefore, effective March 16, 2003, a vacancy will exist in the office of judge of that circuit.

The Seventh Judicial Circuit serves the City of Newport News. The circuit consists of five circuit court judgeships. The 2000 population of the circuit was 180,150. The judges handled 1,554 commenced cases each in 2001. If the vacancy is not filled, the remaining four judges would handle 1,991 cases each year. The statewide average for commenced cases per judge in 2001 was 1,795.

Based on the foregoing facts and the information contained in the enclosed report, the Supreme Court of Virginia is of the opinion that if a vacancy exists, effective March 16, 2003, it should be filled in the manner prescribed by law.

Respectfully submitted,
/s/ Leroy R. Hassell, Sr.

VIRGINIA:

In the Supreme Court of Virginia held at the Supreme Court Building in the City of Richmond on Friday the 14th day of February, 2003.

It being brought to the attention of the Court that a vacancy is expected to occur on March 16, 2003 in the office of judge of the Seventh Judicial Circuit by the failure of re-election of Judge Verbena M. Askew, and the Court, pursuant to section 17-122 of the Code of Virginia of 1950, as amended, having secured information concerning the volume of business in the said circuit, is of opinion, for reasons stated in writing in the form of a report to the Governor and to the General Assembly of Virginia and filed herewith, that the amount of business of the Seventh Judicial Circuit makes the filling of the vacancy
necessary. Accordingly, the Court doth certify that there is a necessity for filling the vacancy in the manner provided by law, provided the vacancy occurs as anticipated by the notice sent to the Governor of Virginia.

And it is ordered that a copy of this order, together with a copy of the report above referred to, be certified to the Governor of Virginia and to the General Assembly of Virginia.

Rabbi Israel Zoberman, Beth Chaverim Temple, Virginia Beach, Virginia, offered the following prayer:

Our One God Who Brings Us Together To Be One Family,
Dear Senators, we live in the shadow of the unsettling events of unfathomable 9/11 as a wounded nation on the eve of liberating Iraq from its evil regime in our global war against the post-modern plague of terrorism threatening no less than Western civilization.

Our enemies would never understand how my own Congregation of Beth Chaverim met for ten glorious years from 1985 to 1995 at the most gracious Catholic Church Of The Ascension in Virginia Beach in a statement of ecumenical love of a common bond that no one dare dissolve. To that brotherly setting I invited Muslims to worship with us, a Tidewater first, back in 1993 to celebrate the promise of the Peace Process in the Middle East where Israel, America’s only democratic and kindred ally in a Medieval environment of autocratic rule, has continuously suffered the terrorism of non-acceptance.

We stand tall with our heroic servicemen and women from Hampton Roads, the nation’s mighty muscle, including members of my own synagogue and those of our beloved Commonwealth of Virginia and these United States, along with their supportive families, knowing that through their sacrificial dedication they guarantee our precious freedoms and those of all humanity.

Having just returned from a Rabbinic Mission sponsored by United Jewish Communities to Paris and Jerusalem, we learned of the resurgence of anti-Semitism’s terrorism in Europe where it gave birth to the Holocaust only a generation ago. We rejoice in the resiliency of the Jewish state following over two years of terrifying suicide bombings, once more preparing for possible war. Let us take to heart the message from outer space of Ilan Ramon, Israel’s first astronaut, who along with his inspiring and martyred American colleagues aboard the Columbia, taught us from afar of the human potential to live with shalom’s blessings on our unique planet Earth.

Indeed, divinity, dignity, and diversity are linked together in a sacred bond, ours to protect and cherish. God bless America. Amen.

The roll was called and the following Senators answered to their names:

A quorum was present.

On motion of Senator Martin, the reading of the Journal was waived.

The Reverend Dr. Harold J. Cobb, Pastor, Grace Episcopal Church, Norfolk, Virginia, offered the following prayer:

Almighty God, to You all hearts are open and all desires known. O God, we thank You for this great Commonwealth of Virginia. We thank You for our Governor, we thank You for this great legislative body, especially for the Lt. Governor, for Senator Yvonne B. Miller, and for all elected and appointed officials throughout this great land. Bless all of these persons in a special way. We ask You to bless Mrs. D. Caryn Cobb and all of her schoolmates at The Williams School in Norfolk. We thank You, O God, for bringing us almost to the end of another legislative session. Thank You for both the victories and the defeats, for the failures and the successes, for they are all imposters. Help us to realize that our real success and our real victory comes in what we do for the least of Your creations. For the poor and the oppressed, the unemployed and the destitute, let them know that they have leaders who are compassionate and concerned. O God, we thank You for the great resources of this Commonwealth. The beautiful mountains and valleys, seashores and plains, pastures and fields, but let us never forget that the greatest resource of this Commonwealth is her people. Let this great body remember that actions taken today can last for many generations; therefore, O God, give this body vision for generations even yet to come. We thank You, O God, for all the blessings of this life. In the name of the Father, the Son, and the Holy Spirit, Amen.

SATURDAY, FEBRUARY 22, 2003

The Senate met at 12 m. and was called to order by Lieutenant Governor Timothy M. Kaine.

The Reverend George A. Williams, Retired Chief Deputy Clerk of the Virginia House of Delegates, Mechanicsville, Virginia, offered the following prayer:

O God, our Light and our Salvation, the Stronghold of our lives! Accept our praise and our thanksgiving! We are on our last lap and the checkered flag is just ahead. It is 46 days since the words, “Senators, start your engines!”

What a race it has been! Tough decisions to make; drafting partners to find and to lose; many bumps and scrapes; a few wrecks along the way; plenty of debris on the track; not enough sponsors and not enough money; folks in the grandstand yelling loud and long; and we are running around in circles at 199 miles an hour!

But thank You, O God, for Your presence with us during this race. It has made all the difference! Thank You for our colleagues, our leadership, the President and the Clerk, and the pit crews. We would not have made it without them.

Now, refresh us, renew us, re-faith us on this final lap, that we may be men and women who act with a strong commitment and passion to serve the people. May we and our citizens be found in victory lane! Peace! Shalom! Salaam! Amen!

The roll was called and the following Senators answered to their names:

A quorum was present.

After the roll call, Senators Miller, Y.B., Rerras, and Ticer notified the Clerk of their presence.

The Director of the Department of Housing and Community Development shall enter into an agreement with the Virginia Housing Development Authority, whereby the Authority shall purchase the portfolio of outstanding loans and other assets comprising the Virginia Housing Partnership Revolving Loan Fund upon such terms as shall be mutually agreed to by the Department and the Authority.
2. The Authority shall contract with a third party, subject to approval by the Secretary of Commerce and Trade, to review the underwriting and pricing of the portfolio with the costs of such review to be paid by the Authority. In selecting the third-party reviewer, the Secretary shall take into consideration the candidates’ experience in the underwriting, pricing or sale of community development loan portfolios.”
3. The agreement shall set out the details of the transfer of the responsibilities and functions of the housing finance activities of the Department to the Authority. As part of the agreement, any residual balances from the sale of the Virginia Housing Partnership Revolving Loan Fund shall be transferred to the Authority to be used in conjunction with existing resources to provide affordable housing to low-income Virginians not currently served by existing Authority programs.

4. Before the execution of such agreement, the Secretary of Commerce and Trade shall provide the House Appropriations and Senate Finance Committees the opportunity to review the agreement. For this review, the Secretary shall also include information identifying the options and alternatives reviewed for carrying out the purposes of § 36-142, Code of Virginia, as well as the rationale for selecting the option incorporated in the draft agreement. In developing and assessing options, the Secretary shall consult with representatives of the housing industry, including the Virginia Housing Coalition.

5. The draft agreement submitted by the Secretary of Commerce and Trade shall also include the discount rate to be applied in calculating the market value of the loan portfolio, and other pertinent items.

6. Upon execution of the agreement, the Authority shall deposit the proceeds of the sale into the Virginia Housing Partnership Revolving Loan Fund. Notwithstanding the provisions of §§ 36-141 through 36.151, Code of Virginia, the Director of the Department of Housing and Community Development is directed to pay from the proceeds of the sale of the Virginia Housing Partnership Revolving Loan Fund the amount of $40,822,000 to the general fund prior to June 30, 2003.

7. The Secretary of Commerce and Trade shall review the need to amend state statutes concerning the Virginia Housing Partnership Revolving Loan Fund. If he concludes that the sale of the portfolio or that the use of any residual balances warrant changes to the Code of Virginia, he shall submit legislation in the 2004 Session to effect such changes.”

for each fiscal year of the 2002-2004 biennium, provided that increases for in-state, undergraduate
tuition and mandatory educational and general fees for the 2003-04 academic year not exceed five
percent of the annualized tuition rates set by the boards for the 2002-03 academic year.
b) Institutions shall apply comparable increases to all in-state, undergraduate students. Institutions
may charge all other student groups a free market-determined tuition and fee rate.
c) For purposes of determining the annualized 2002-03 base tuition rate upon which the five percent

a. The appropriations contained in this item include an amount estimated at $27,546,945 from the
general fund in the second year for a Standards of Quality salary account to be known as
compensation supplements. These compensation supplements shall be distributed to school
divisions for the purpose of providing the state share of salary increases along with the related fringe
benefit costs to public school instructional and support staff positions funded through the Standards
of Quality and other state-funded accounts.
b. These compensation payments shall be made in the second year on the basis of an amount
equivalent to the state share of a 2.25% salary increase effective January 1, 2004.
c. It is the intent of the General Assembly that the average classroom teacher salary throughout the
state be improved in the second year by an amount equivalent to at least 2.25% in the second half of
the year. Sufficient funds are appropriated in this item to finance the state share of such salary
increases.”
d. These compensation payments shall be paid to school divisions that certify to the Department of Education, no later than March 1, 2004, that equivalent increases have been granted in the second year.

e. For the purposes of calculating required local effort pursuant to this Item, these Compensation Supplement funds shall not be included; however, local governments shall match these funds based upon the composite index of local ability-to-pay.

f. This funding is not intended as a mandate to increase salaries.

g. 1) In the event that the salary increases authorized in paragraph a. above are not implemented due to the revenue reforecast required by Item 511, Paragraph Q., the total amount available for compensation supplements shall be reduced to $6,821,800 in the second year. To this amount, $1,193,313 shall be added from the amounts transferred from the Student Achievement Grants program.

2) These payments shall be made to school divisions in a manner that would generate the same level of funding for each division that they would have received in the second year from an unprorated distribution of the School Health Incentive program, the Technology Support Payments program, and the amounts from the Student Achievement Grants program.

3) This funding is provided to address a portion of the compensation-related concerns identified by the Joint Legislative Audit and Review Commission's report, Review of Elementary and Secondary School Funding, dated February 2002.

4) For the purposes of calculating required local effort pursuant to this Item, these Compensation Supplement funds shall not be included; however, local governments shall match these funds based upon the composite index of local ability-to-pay.”

These payments to school divisions shall constitute the state's share of funding for a Student Achievement Grants program.

b. Funds received by school divisions shall be used at the discretion of the local school divisions for one or more of the following purposes:

1) reducing class sizes in grades kindergarten through three;

2) increasing services in the Early Reading Intervention program;

3) serving at-risk four-year-old students including those served by Title I programs;

4) providing additional remediation to students who have failed or who are at risk of failing the Standards of Learning tests; and

5) providing dropout prevention services.

c. In the event that salary increases authorized in Paragraph k 1) a of this item are not implemented due to the revenue reforecast required by Item 511 Paragraph Q, $1,193,313 shall be transferred from the Student Achievement Grants program to the Standards of Quality accounts for Compensation Supplements created in this Item to address compensation-related concerns raised by the Joint Legislative Audit and Review Commission's February 2002 Report, Review of Elementary and Secondary School Funding. “ZZ.1. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, the Department of Medical Assistance Services, in consultation with the Department of Mental Health, Mental Retardation and Substance Abuse Services, shall amend the State Plan for Medical Assistance Services to modify the delivery system of pharmaceutical products to include a Preferred Drug List program no later than January 1, 2004. In developing the modifications, the Department shall consider input from physicians, pharmacists, pharmaceutical manufacturers, patient advocates, and others, as appropriate.

2. The Department shall utilize a Pharmacy and Therapeutics Committee to assist in the development and ongoing administration of the Preferred Drug List program. The Pharmacy and Therapeutics Committee shall be composed of 8 to 12 members, including the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services, or his designee. Other members shall be selected or approved by the Department. The membership shall include a ratio of physicians to pharmacists of 2:1. Physicians on the Committee shall be licensed in Virginia, one of whom shall be a psychiatrist, and one of whom specializes in care for the aging. Pharmacists on the Committee shall be licensed in Virginia, one of whom shall have clinical expertise in mental health drugs, and one of whom has clinical expertise in community-based mental health treatment. The Pharmacy and Therapeutics Committee shall recommend to the Department (i) which therapeutic classes of drugs should be subject to the Preferred Drug List program and prior authorization requirements; (ii) specific drugs within each therapeutic class to be included on the preferred drug list; (iii) appropriate exclusions for medications, including atypical anti-psychotics, used for the treatment of serious mental illnesses such as bi-polar disorders, schizophrenia, and depression; (iv) appropriate exclusions for medications used for the treatment of brain disorders, cancer and HIV-related conditions; (v) appropriate exclusions for therapeutic classes in which there is only one drug in the therapeutic class or there is very low utilization, or for which it is not cost-effective to include in the Preferred Drug List program; and (vi) appropriate grandfather clauses when prior authorization would interfere with established complex drug regimens that have proven to be clinically effective. In developing and maintaining the preferred drug list, the cost effectiveness of any given drug shall be considered only after it is determined to be safe and clinically effective.

3. The Department shall establish a process for acting on the recommendations made by the Pharmacy and Therapeutics Committee, including documentation of any decisions which deviate from the recommendations of the Committee.

4. The Preferred Drug List program shall include provisions for (i) the dispensing of a 72-hour emergency supply of the prescribed drug when requested by a physician and a dispensing fee to be
paid to the pharmacy for such supply; (ii) prior authorization decisions to be made within 24 hours and timely notification of the recipient and/or the prescribing physician of any delays or negative decisions; (iii) an expedited review process of denials by the department; and (iv) consumer and provider education, training and information regarding the Preferred Drug List prior to implementation, and ongoing communications to include computer access to information and multilingual material.

5. The Preferred Drug List program shall generate savings as determined by the Department that are net of any administrative expenses to implement and administer the program of not less than $9,000,000 in general funds in fiscal year 2004 and not less than $18,000,000 in general funds in each fiscal year thereafter. The final design of the program, including all operational components, shall be completed no later than April 2, 2003. The Department shall submit a report on the final main design components of the program to the Chairmen of the House Appropriations and Senate Finance Committees no later than April 1, 2003.

6. Notwithstanding § 32.1-331.12 et seq., Code of Virginia, to implement these changes, the Department of Medical Assistance Services shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this act. With respect to such state plan amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall not apply. In addition, the Department shall work with the Department of Mental Health, Mental Retardation, and Substance Abuse Services to consider utilizing a Preferred Drug List program for its non-Medicaid clients.”

“P. 1. It is the intent of the General Assembly that the Governor and the Department of Mental Health, Mental Retardation, and Substance Abuse Services continue working to restructure the mental health, mental retardation, and substance abuse system. Restructuring shall include collaboration with communities and other stakeholders to develop community reinvestment plans for addressing the care needs of individuals discharged or diverted from state facility care with appropriate services and supports in accordance with the provisions of § 37.1-48.2, Code of Virginia. The Commissioner of the Department of Mental Health, Mental Retardation, and Substance Abuse Services shall report quarterly to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on progress in implementing mental health restructuring, including, but not limited to, the progress of community reinvestment projects shown in paragraph P. 2.

2. Appropriations to the following mental health treatment centers shall be made available to community services boards serving the given facility for implementation of regional restructuring projects to expand community mental health, mental retardation, and substance abuse programs to serve patients in the community who are discharged or diverted from admission during fiscal year 2004 in the following approximate amounts:

</tbody>

Any unexpended funds remaining at the end of each fiscal year for these regional reinvestment projects shall be carried over to finance these projects in the next fiscal year and shall not revert to the general fund. Any funds identified through reinvestment projects shall be retained in the same geographic service area for enhancing and expanding community services for persons with mental disabilities.

3. In addition to the amounts shown in paragraph P. 2., the department shall identify up to $2,000,000 in bridge funding, including an estimated $500,000 per facility shown in paragraph P. 2., to ensure continuity of care in transitioning patients to community care and to address one-time, non-recurring expenses associated with the implementation of these reinvestment projects in fiscal year 2004. Out of the total bridge funding, an estimated $500,000 may be used to prepare for
subsequent community reinvestment projects serving southwest Virginia. The Governor and the Department may propose reinvestment projects to the 2004 Session of the General Assembly involving community services boards serving the Southwest Virginia Mental Health Institute.

4. Before any reinvestment project or portion of a reinvestment project which will eliminate any currently filled permanent full-time state facility positions is implemented, the Department of Mental Health, Mental Retardation, and Substance Abuse Services, the Department of Human Resources Management, and the affected facility and community services boards shall prepare a detailed State Facility Employee Transition Plan. This plan shall identify all available employment options for each affected position including transfers to vacant positions in the same or any other state agency site within 50 miles of the affected employee's home, temporary outstationing or permanent placement of the employee at a community services board program within 50 miles of the employees home, employment at a comparable position within any local program, or early retirement under the Workforce Transition Act. The plan shall also include specified timeframes for the transition of each affected position and employee as the project is implemented.

5. Local governments shall not become financially responsible for the regional reinvestment projects funded through this item. Local governments shall not be required to provide matching funds for regional reinvestment projects. The Commonwealth retains its long-standing financial responsibility for public acute inpatient psychiatric services. The Governor, in recommending future funding levels for reinvestment, shall address projected increases in numbers of consumers served and operating costs in budgeting future funding levels for regional reinvestment projects in order to avoid a shift of financial responsibility to local governments."

“J.1. The General Assembly supports the Innovative Technology Authority's stated mission to enhance federal research funding to Virginia's colleges and universities and to industry. It is also the intent of the General Assembly to promote a greater reliance by the Authority on nongeneral fund revenues for the Authority's operations and programs.
2. To that end, the Authority or its operating body shall enter into memoranda of understanding with Virginia's institutions of higher education and with industry to recover the Authority's administrative and program costs associated with the Authority's efforts to solicit, develop, coordinate, and manage proposals attracting federal research and development dollars for technology research to Virginia. The Authority shall recover moneys from the institutions of higher education and industry up to 7.5 percent of the value of any grant or award directly obtained with assistance from the Authority.
3. From the amounts paid by public and private parties for services provided by the Authority as provided in the memoranda of understanding, the Authority shall deposit $500,000 in the second year to the general fund of the state treasury.
4. The Governor shall unallot and withhold from distribution to the Innovative Technology Authority $500,000 the second year from the general fund until these conditions are met:
a. A memorandum of understanding (MOU) is prepared and signed by the Chairman of the Innovative Technology Authority, the President of the Center for Innovative Technology, and the Secretary of Finance. The MOU shall direct the Authority to deposit in the second year to the general fund of the state treasury a total of $500,000 comprising the collection of recoveries.
b. If all parties to the MOU agree, then the Authority may make more than one deposit in the fiscal year to achieve the $500,000 total. For each deposit made to the credit of the general fund, the
Secretary of Finance shall cause to be released from unallotted and previously withheld general fund appropriations an amount equal to the deposit.

5. It is the intent of the General Assembly that total general fund support for the Innovative Technology Authority be phased out over a period of time — 50.0 percent by fiscal year 2005, 75.0 percent by fiscal year 2006, and 100.0 percent in subsequent years.”

Up to 114 full-time equivalent positions may be filled to support these activities.
G. In order to encourage the use of alternative service delivery methods, the Department of Motor Vehicles shall not charge its customers for the use of credit cards for internet or other types of transactions.

H. In restoring services, the Department of Motor Vehicles shall give priority first to reopening the closed customer service centers and weigh stations identified in this item. However, the Governor shall take no action to reduce general fund or nongeneral fund allotments of appropriations on account of reduced revenues until such time as a formal written re-estimate of general fund revenues for the current and next biennia, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia, has

The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a. The provisions of this language shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b. Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c. Further, the provisions of this language do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d. Nothing in this language shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

The participating institution of higher education shall submit the memorandum of understanding to the responsible Cabinet Secretary by September 1, 2003. The Cabinet Secretary and participating institutions shall have the necessary memoranda of understanding signed and in effect no later than October 15, 2003.

2.a) The responsible Cabinet Secretary shall communicate all existing decentralization memoranda of understanding to the Auditor of Public Accounts by November 1, 2003. Any subsequent memoranda of understanding or addenda to existing memoranda shall be communicated to the Auditor of Public Accounts within 10 business days after the memoranda have been signed.
b) Based on the memorandum of understanding, the responsible Cabinet Secretary, or his designee, shall conduct an evaluation of each institution participating in a pilot program at least once every two years. d) To the extent an institution participating in a pilot program is not performing to the satisfaction of the responsible Cabinet Secretary, the institution shall have 90 calendar days from receipt of the Secretary's written evaluation in which to develop a remediation plan. The institution shall submit the plan to the appropriate Cabinet Secretary and the Auditor of Public Accounts.

Institutions wishing to participate in a pilot program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a pilot program at the institution. COMMONWEALTH OF VIRGINIA
Office of the Governor

February 22, 2003

TO THE MEMBERS OF THE GENERAL ASSEMBLY OF VIRGINIA:

At the outset of this General Assembly session, I laid out two goals: to balance the budget in a fiscally responsible manner, and to use this unique opportunity to accomplish the hard work of streamlining state government.

Today, I am pleased to say that we have taken important steps together on both of these issues. You have approved the overwhelming majority of our reform agenda. This action will allow us to be better stewards of the taxpayers’ money and deliver services to the people of Virginia more efficiently. Our shared budgetary framework remains largely intact. Together, we have jointly agreed to protect public education, public safety, and a safety net for people in need — without tinkering with the Virginia Retirement System. Yet I am concerned that your effort to ease the pain of budget cuts may have led to promises that cannot be kept.

You have approved my proposals to move Virginia toward a coordinated statewide workforce development system; to continue improving accountability at the Virginia Department of Transportation; to enhance highway safety by cracking down on unsafe driving in high-risk corridors and on driving under the influence of alcohol or drugs; to enhance the Commonwealth’s preparedness for future...
emergencies or attacks; to move toward a community-based system of mental health care; to consolidate
state information technology services within a single new agency; to develop a comprehensive water
policy; to streamline state services to veterans; and to reform budget policy to further ensure that the
Commonwealth never again plunges so deeply into fiscal crisis.

Taken together, these proposals represent the most sweeping reform of state government since the
Cabinet system was created a generation ago. The people of Virginia will be well served as a result of
your approval of these measures.

In addition, you have continued to address our Commonwealth’s finances. Over the last year, we have
worked together to close a $6 billion budget shortfall, the largest in Virginia’s history. Our careful
stewardship has been recognized by the country’s leading bond rating agencies, and we must maintain
our traditional commitment to fiscal integrity.

After a preliminary examination of your amendments to the Executive Budget, I am however concerned
that a number of your proposals do not adhere to our fiscally conservative traditions, especially during
this time of economic uncertainty and the increasing likelihood of war. I refer specifically to

• revenue estimates increased above the levels that the statutory forecasting
  process of our leading economists and business leaders judged to be
  prudent;
• new tax cuts enacted today with the costs delayed until tomorrow; and
• new spending commitments made with only a modest down payment on
  the eventual cost.

Over the coming weeks, I shall closely scrutinize your amendments to ensure that they do not divert the
Commonwealth’s efforts to return to the path of fiscal integrity.

I am most concerned about your decision to eliminate the estate tax next year. I do not believe that now,
during the worst fiscal situation of the last fifty years, is the right time to repeal the estate tax. Your plan
offers tax relief to only about 400 wealthy families each year, even though the tax cuts you previously
approved (car tax relief and a cut in the food tax) still have not been fully implemented. In addition, by
making this latest tax cut effective next year, you have chosen to spend tomorrow’s revenue today — in
effect, writing a post-dated check that must be cashed in the next budget. That is exactly the approach that
began the Commonwealth’s fiscal crisis that has taken us all so much time to resolve. I shall deal with this
measure appropriately in the coming days.

After six weeks of accomplishments, much work remains unfinished. Let us again resolve to join together
to address the needs of the people of Virginia.

Good luck and Godspeed as you return home. I look forward to seeing you again in April.

Sincerely,

/s/ Mark R. Warner

Timothy M. Kaine

Susan Clarke Schaar
Clerk of the Senate
The Senate met at 12 m. in Reconvened Session of the 2003 Regular Session and was called to order by Lieutenant Governor Timothy M. Kaine.

The Reverend W. Henry Maxwell, Pastor, Ivy Baptist Church, Newport News, Virginia, offered the following prayer:

Today is a good day that the Lord hath made. Let us rejoice and be glad that in the eternal and everlasting God our heavenly Father, Thou in whom we live and move and have our being, Thou who art the author and finisher of our faith, Thou who art the God of Abraham, Isaac, and Jacob and the Father of our Lord and saviour Jesus Christ — we are children of the dust. We cometh in this hour of the day to say thank You for Your loving kindness and for Your tender mercy. We have come at this hour of the day to invoke blessings and benedictions upon this Senate family. As we engage in the task that is set before us during this session, may our deliberations be of respect for one another and that it may be pleasing in Thy sight. Father in heaven, we live in a great land surrounded by the abundance of life, but don’t let us become so self-satisfied that we lose our vision. Help us to see those in need at home and all around the world.

Americans are engaged in a great war on foreign soil. Her military has been put in harm’s way. But down through the years You have been good to America, and we pray now that Thy abiding grace will hover over our soldiers in combat like a mother hen hovers over all her chicks and protects them from all hurt, harm, and danger. And that this war soon come to an end whereby we study war no more. Lord, let us never take our faith and freedom for granted and keep us vigilant. Bless all of our legislature. Bless our country. Bless our leaders and those in authority. In that matchless and marvelous name of Him who makes all things possible, our Christ, we pray. And all the people of God say “Amen” together. Amen.

SENATE BILL VETOED BY THE GOVERNOR

S.B. 1123 (one thousand one hundred twenty-three) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 24, 2003

TO THE SENATE OF VIRGINIA
SENATE BILL 1123

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 1123, which would repeal the estate tax in Virginia beginning in Fiscal Year 2005.

Virginia’s deep budget shortfall of the past year is due in large part to an irresponsible fiscal policy during the late 1990s. That policy was marked by unchecked growth in spending and the enactment of more than 50 tax cuts and exemptions whose costs could not be sustained over time. Only when the national economy entered a severe recession in 2001 did the true extent of this policy become fully evident.

The tax repeal contained in Senate Bill 1123 continues this irresponsible fiscal policy. Under this bill, an estimated $211 million in tax benefits would be awarded in the next biennium to fewer than 1,000 families in the Commonwealth. In fact, the estates covered under this bill would be worth at least $1.5 million per individual. What is particularly unfair about this tax cut is that it is being proposed at the same time that college students are paying higher tuition at our state universities, the poor and mentally ill are facing curtailed social services, and programs that benefit all Virginians — ranging from parks to environmental protection — are under-funded due to our severe fiscal crisis. Moreover, the General Assembly has proposed this course before it has fulfilled its promise to phase out the car tax and the food tax, which impact nearly all Virginia taxpayers.

My concerns over this repeal have only deepened over the past several weeks. The nation is now at war with Iraq, and the cost of this conflict — coupled with Washington’s current fiscal policies — make it likely that the federal government will face large budget deficits for the foreseeable future. Even the U.S. Senate recently cut $100 billion from the proposed federal tax cuts, reflecting a growing need for more fiscal discipline and recognizing the unforeseen costs of the war. These deficits will constrain federal aid for the states and should reinforce the need for a cautious fiscal approach in the Commonwealth, particularly at a time when homeland security costs are mounting on the state and local level.

Virginia should undergo a thorough review and restructuring of its tax code to ensure that it is fair and efficient to reflect our modern economy. Estate tax reform should be a part of that process. And I will work with the legislature to address estate tax reform next year in our continued efforts to ensure a fairer tax code. With the passage of this bill, the General Assembly has isolated the estate tax for action. In my view, this piecemeal approach to tax reform is inappropriate and will undermine our shared, bipartisan desire for a tax code that increases fairness.

HOUSE BILL VETOED BY GOVERNOR

H.B. 2490 (two thousand four hundred ninety) was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor
March 24, 2003

TO THE HOUSE OF DELEGATES
HOUSE BILL 2490

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto House Bill 2490, which would repeal the estate tax in Virginia beginning in Fiscal Year 2005.

Virginia’s deep budget shortfall of the past year is due in large part to an irresponsible fiscal policy during the late 1990s. That policy was marked by unchecked growth in spending and the enactment of more than 50 tax cuts and exemptions whose costs could not be sustained over time. Only when the national economy entered a severe recession in 2001 did the true extent of this policy become fully evident.

The tax repeal contained in House Bill 2490 continues this irresponsible fiscal policy. Under this bill, an estimated $211 million in tax benefits would be awarded in the next biennium to fewer than 1,000 families in the Commonwealth. In fact, the estates covered under this bill would be worth at least $1.5
million per individual. What is particularly unfair about this tax cut is that it is being proposed at the same
time that college students are paying higher tuition at our state universities, the poor and mentally ill are
facing curtailed social services, and programs that benefit all Virginians – ranging from parks to
environmental protection – are under-funded due to our severe fiscal crisis. Moreover, the General
Assembly has proposed this course before it has fulfilled its promise to phase out the car tax and the food
tax, which impact nearly all Virginia taxpayers.

My concerns over this repeal have only deepened over the past several weeks. The nation is now at
war with Iraq, and the cost of this conflict – coupled with Washington’s current fiscal policies – make it
likely that the federal government will face large budget deficits for the foreseeable future. Even the U. S.
Senate recently cut $100 billion from the proposed federal tax cuts, reflecting a growing need for more
fiscal discipline and recognizing the unforeseen costs of the war. These deficits will constrain federal aid
for the states and should reinforce the need for a cautious fiscal approach in the Commonwealth,
particularly at a time when homeland security costs are mounting on the state and local level.

Virginia should undergo a thorough review and restructuring of its tax code to ensure that it is fair
and efficient to reflect our modern economy. Estate tax reform should be a part of that process. And I will
work with the legislature to address estate tax reform next year in our continued efforts to ensure a fairer
tax code. With the passage of this bill, the General Assembly has isolated the estate tax for action. In my
view, this piecemeal approach to tax reform is inappropriate and will undermine our shared, bipartisan
desire for a tax code that increases fairness.

HOUSE BILLS WITH GOVERNOR'S RECOMMENDATIONS

H.B. 1400 (one thousand four hundred) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 24, 2003

TO THE HOUSE OF DELEGATES
HOUSE BILL NO. 1400

I approve the general purpose of this bill but am returning it without my approval with the request that the attached 67 amendments be adopted.

At the end of the 2003 session, I expressed my concerns to both House and Senate members about the content of the conference report. My reservation centered on the fact that the budget appeared optimistic in terms of the collection of various revenue items and that some of the spending items were not sufficiently funded. In addition, I objected to the fact that the FY 2004 salary increases provided by the General Assembly were contingent upon a revenue forecast that I was to prepare in the second year.

Since that time, subsequent events — including the war in Iraq, the increased threat of terrorism in the United States, and evidence that the national economy remains stalled — have only added to the
uncertainty. Therefore, I am returning the bill with amendments. These amendments focus on four basic objectives.

Given the uncertainty facing us, my first objective is to increase the amount of projected revenue which remains unappropriated. The amendments I propose will increase to $16.5 million the amount of projected revenue which is kept unappropriated — up from the $14.5 million included in the enrolled budget. At this level, the amount proposed would be the largest unappropriated balance in a decade.

Not earmarking every dollar of projected revenue will provide the Commonwealth with more of a safeguard against unanticipated national events, and afford us greater flexibility to meet our responsibility to secure the Virginia homeland. It will also provide a larger cushion should our economy continue to falter or revenues come in below projections.

To that same end, I am submitting a language amendment to authorize allocations from the unappropriated general fund balance to provide for unbudgeted cost increases to state agencies incurred as a result of actions to enhance homeland security and combat terrorism. Current events require this precaution.

My second objective is to recognize the significant ongoing contribution made by our state and state-supported local employees. At a time when we have reduced the number of state employees by almost 6,000, increased work requirements by altering work processes, and enacted the most significant reform agenda in almost a generation, we must recognize that our employees remain the key to making state government work.

For that reason, I am submitting language amendments to eliminate all contingencies against the FY 2004 salary increase for state employees, faculty, public school teachers, constitutional officers and their employees, and other state-supported local employees, such as local social service employees and community services board employees. Our hard-working state employees have gone two years without any pay increases. If we are now going to propose a salary increase for them, then we must be prepared to make that promise a real one.

Therefore, my amendments delete the requirement that the salary increases hinge on a reforecast of revenues. If revenues are not sufficient to keep the budget intact, I will utilize my constitutional authority to act expeditiously to reduce spending elsewhere in the budget — even if that means that I must call the General Assembly back for a special session.

My third objective is to provide additional funding for spending items included in the enrolled bill but were not sufficiently funded. Foremost, I am recommending additional funding to implement the program for the civil commitment of sexually violent predators. Our legal mandate to provide adequate treatment and security for these individuals, once they are committed, requires that we take no chance with inadequate funding for the program.

I am also offering an amendment to fund the implementation costs of HB 1954 and SB 1058, passed by the 2003 session of the General Assembly. My amendment will enable the Department of Motor Vehicles to establish procedures to ascertain the legal presence for drivers’ licenses and identification cards. This initiative is fundamentally linked to homeland security and therefore must be funded. To do so, I propose to set aside for this purpose some of the increased revenue from the additional one-dollar motor vehicle registration fee contained in the enrolled bill.

My budget amendments also address other critical public safety issues. They restore budget reductions in ABC law enforcement so that there are adequate resources to enforce our alcoholic beverage laws and combat underage drinking. My amendments also provide $1.5 million as a first step toward
ensuring that our Department of State Police retain experienced troopers, too many of whom we lost to higher paying jobs. We must begin to take action in this budget to deal with this pressing situation.

In addition, my amendments restore essential funding for three programs that have proven effective in improving public safety — Project Exile, drug courts, and Pre-Incarceration Services (PAPIS). Under Project Exile, offenders who possess firearms during the commission of a crime are subject to minimum mandatory sentences — providing an increased deterrent to the illegal use of firearms. Drug courts provide an alternative method of dealing with persons guilty of nonviolent drug possession offenses. They have proven to be an impressive and cost-effective alternative to incarceration for drug offenders.

PAPIS programs provide services to persons prior to their release and to persons recently released from incarceration. Services include counseling, support groups, job search and placement, and substance abuse counseling. PAPIS programs have proven to be effective in providing transitional services to persons prior to their release or recently released from prison or jail, helping to reduce recidivism and ultimately correctional costs.

I am also offering some language amendments to clarify the intended action or correct matters of policy. Included in these amendments are clarification of the tax-related responsibilities of the Department of Taxation and local treasurers and commissioners of the revenue, equitable treatment for the relief of Marvin Lamont Anderson, modifications of the Governor's budget reduction authority, and technical revisions to certain aspects of higher education decentralization.

Finally, I am proposing a limited number of funding amendments to strengthen our economy and assist disadvantaged individuals. Among them are funding for tourism advertising, the Virginia Enterprise Initiative in the Department of Housing and Community Development, and Jobs for Virginia’s Graduates.

The resources necessary to support these amendments come from reductions in the internal service fund which supports building operations at the seat of government, savings from a VPBA bond refinancing, savings from delayed openings of new facilities or lower than projected program participation, and a limited amount of unspent balances. I propose no additional fee increases in my budget amendments.

Taken together, my amendments strengthen the basic framework of the enrolled budget. They fund only essential services of the Commonwealth and provide for a more flexible spending plan to address the uncertainty of the times. I ask that you adopt them.

Through this budget and the other actions we must take, it is my hope that we can continue to work together to address the fundamental challenges facing us, as we collectively strive to move Virginia forward.
