The Senate met at 12 m. and was called to order by President pro tempore John H. Chichester.

The Reverend Benjamin P. Campbell, Richmond Hill, Richmond, Virginia, offered the following prayer:

Lord, You have given us this opportunity to serve You in the Senate of Virginia this day.
Give us the humility to be about Your service and not about our own.
Help us honestly to pursue the common good, without undue partisanship.
Help us not to ignore the difficult problems.
Help us not to allow power, or ambition, or prejudice, or fatigue, or stubbornness to destroy for us the opportunity to serve and protect all of the citizens of this wonderful commonwealth.
Help us to be good stewards of the treasure which You have given us to use for the care of all Your people.
And now, Lord, joined in spirit with the people of this commonwealth, I pray Your blessing on these legislators here in this chamber:
Strengthen the men and women of this Assembly. Give to them a steady compass based on the knowledge of Your goodness and the certainty of eternal values. Protect them against all evil that may assault them in body or in soul. Give them energy and alertness, vision and love, honesty and hope.
O Lord our Governor, how excellent is Your Name in all the world. Amen.

Whenever feasible, the Clerk of the Senate shall give due consideration in assigning chamber desks and office space to the seniority and request of a Senator. However, the chamber desk or office space of a Senator having immediate prior service in the Senate shall not be reassigned unless he shall so request the Clerk of the Senate.

Should any Senator, however, during his term of office, cease to be a member of the political party of which he was a member at the time of his election [¶ or either ¶] by self-declaration as confirmed by a two-thirds majority of the members elected to the Senate, or through other conduct as confirmed by a two-thirds majority of the members elected to the Senate, or if a special election results in a change of political party membership, the Clerk of the Senate, upon such change in political party membership, is authorized to reassign chamber desks and office space accordingly.

10. The Clerk of the Senate shall appoint the following: a deputy clerk and such staff as necessary to perform the work of the Senate, including a secretary designated by the President of the Senate and
assigned to him. The Clerk may also appoint such number of messengers as may be required. The Clerk of the Senate shall also appoint such committee clerks as may be necessary after consultation with, and the approval of, the Chairmen of the several Committees. The Clerk of the Senate shall also appoint such additional committee staff as may be necessary after consultation with, and the approval of, the Committee on Rules. All committee clerks so appointed shall remain in the Capitol or other legislative facilities during the daily sessions of the Senate, and committee clerks shall be assigned for duties with various standing Committees by the Clerk of the Senate, after consultation by the Clerk of the Senate and with the approval of the Chairman of each such Committee. Additional committee staff shall be assigned for duties with various standing Committees by the Clerk of the Senate, after consultation with, and the approval of, the Committee on Rules. Each clerk shall perform any other duties that the Clerk of the Senate shall require, when not employed by their respective standing Committees. Clerks may be removed by the Clerk of the Senate, after consultation with, and the approval of, the Chairman of the Committee to which such clerk is assigned. Additional committee staff may be removed by the Clerk of the Senate, after consultation with, and the approval of, the Committee on Rules. The Clerk of the Senate shall have supervision over all employees of the Senate. During sessions, the Clerk shall provide postage and office supplies for official use by the Senators.

VII.

Committee on Rules.

19 (c). The Committee on Rules shall consider and determine all matters concerning the news media in the Senate Chamber; all policies concerning travel expenses and reimbursements; all matters concerning joint assemblies with the House of Delegates and such persons, not members of the Senate, who are to be permitted to address the Senate; and all matters concerning the utilization of the facilities available to the Senate and its membership. It shall prescribe the duties not otherwise prescribed for the Clerk, Sergeant-at-Arms, and Doorkeepers. It shall approve the appointment, removal, and assignment for duties of the additional committee staff authorized in Rule 10.

VIII.

Composition and Procedures of Committees.

20 (a). The total membership of all Committees and the membership of each standing Committee shall be composed of members of the two major political parties in the Commonwealth in proportion to the number of Senators of each of such political parties, as nearly as practicable, and as nearly as practicable with equal membership of resident Senators from the several congressional districts of the Commonwealth as the same exist on the date of election of the Senate. As nearly as practicable, no more than two resident Senators in the same congressional district shall serve on the same Committee. However, if none of the resident Senators of the same congressional district makes a request, in writing, for a particular Committee assignment, this requirement may be waived. No member shall be removed from the Committee to which he or she was elected, except by a two-thirds vote of the members elected or by forfeiture under these rules.

The standing Committees may also include any Senator not elected as a member of the two major political parties. All members of the Senate shall be elected to the standing Committees, where practicable. No member of the Senate shall serve on more than four, nor less than three, standing Committees. When the Committees are elected, the Senator first named shall be the Chair. However, a Senator shall serve as Chair of only one of the standing Committees. Next shall be listed the members, listed by seniority and by the date elected to the Committee.

Should any Senator, during his term of office, cease to be a member of the political party of which he was a member at the time of his election [ ; or either ] by self-declaration as confirmed by a two-thirds majority of the members elected to the Senate, or through other conduct as confirmed by a two-thirds majority of the members elected to the Senate, he shall be deemed, thereby, to have forfeited all Committee memberships to which he may have been elected.
20 (g). Each Committee shall have a clerk appointed by the Clerk of the Senate, after consultation with the Chair of the Committee, and such Committee counsel or other staff assistants as a majority of the elected membership of the Committee deem necessary. The Clerk of the Senate shall be the clerk to the Committee on Rules.

20 (l). The Senate members of any committee of conference with the House of Delegates shall be designated by the Chair of the Committee to which the bill or resolution in conference was first referred by the Clerk of the Senate. If a Senate bill or resolution is in conference, the chief patron(s) of the same shall be a first conferee and, where feasible, members of a Committee to which the bill or resolution was referred or rereferred shall comprise the conferees.

Any conference report must be agreed to by the majority of the members of each house on the conference committee before it may be filed with the Senate. If the report of the first named conference is rejected by the Senate or the conferees cannot agree, the Chair shall designate the same or new conferees in the event a second conference is formed.

Conferees shall not insert in their report matters not committed to them by either house, nor shall they strike from the bill or resolution in conference matters agreed to by both houses.

IX.
Order of Business.

26 (b). No bill expressly amending any existing law shall be offered by any member unless or until the original and all copies thereof have been prepared so as to indicate deletions and additions. Each bill or resolution shall be signed by at least one Senator or by the Clerk of the Senate upon authorization of a member who has become incapacitated. Any bill or resolution introduced or offered for introduction in the Senate may show two senators as chief patrons and as “House Patrons” the signatures of members of the House of Delegates. The title of any bill having any provisions pertaining to taxation or revenues shall so indicate. The form for deletions and additions shall be to set forth the material deleted with lines through such material, e.g., deleted material or words, and to underscore the words added, before they are received in the Senate. However, the stricken material and underscoring and italics in the printed bill, enrolled bills, and printed Acts shall not be considered evidence of all amendments to any bill or existing statute, but merely as an aid for quick reference to amended portions. Nothing herein contained shall be construed as requiring the use of stricken material or underscoring when new words are substituted for existing words where the new words or the omission of words does not change the sense or meaning of the act.

Lord, we begin this new day hopeful and hope-filled. Let us go arm-in-arm, respectful of one another, respectful of our ethnic heritages, respectful of our religious beliefs because we are all together truly children of our Eternal God, brothers and sisters to one another with a common destiny. MONDAY, JANUARY 16, 2006

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend J. Brooke Willson, Shady Grove United Methodist Church, Mechanicsville, Virginia, offered the following prayer:

God of all nations, God above all nations, You have called this Senate to the high privilege of caring for Your children and for Your Creation. Pour out on this body Your Spirit for that work—
that they may always rise above lesser claims for their loyalties
that they may labor in humility and in good humor
that they may hear and heed the cries of the last, the least, and the lost.

Give them dreams of justice, compassion, and equality for our Commonwealth. Grant them courage to ask her citizens to sacrifice so those dreams can come true. Hold always before them the giants whose legacy they tend. Raise up in them generosity and greatness of spirit that honors those who have gone before them, and that inspires those who follow in their stead.

When their mission here is accomplished, return them to their homes and their vocations secure in the knowledge that because of their work, the poor are less poor, the free are more free, the frightened are more secure, the hungry are better fed, the sick are better tended, and all Virginia’s children will wake to a new day of hope.

This we ask, for the sake of Your holy name. Amen.

We humbly accept the opportunities before us this day, but seek Thy wisdom that our tasks may be done well. We ask forgiveness for our sins, and the sins of our nation as we surely come short of Thy glory.

Father, we request Thy protection upon our sons and daughters serving in the military forces, for some may be in harm’s way. Please give them victory in preserving the freedom and liberty we here enjoy.

Now, Lord, here are assembled honorable men and women to carry on the business of the Senate. We ask You to guide their affairs that they might add to the honor, dignity, and stability of our system of government. Help them, please, to devote their mental and spiritual best that the people of Virginia and their God be honored.

Susan Clarke Schaar
Clerk of the Senate
Almighty God, giver of all life, shepherd of all souls, and the generous provider of every moment we have been given.

With certain humility and with an eye toward the considerable tasks before this body, we ask today that You would send forth Your deepest blessings, Your richest benevolence of wisdom and discernment, courage and resolve, such that the actions of this assembly might transcend the walls of this institution and go forth with haste to bolster the peace, purity, and unity of our Commonwealth. Without Your superintendence, O Lord, efforts here at governance are for naught. But with Your blessings, Your direction, our citizens will surely prosper.

Lord of Life, we are certain that You shape the grand courses of history, but we are also bold to believe that Your gracious Providence extends even down to the details of living, to the subtleties of our particular lives.

As such, in light of Your grace for all who seek You, I also today invoke Your blessings upon each and every member of this Assembly. For amidst all the trials and tribulations of our Commonwealth and its people, amidst all the deliberations and decisions facing this body, represented in this house are also myriad lives, personal histories, individuals in your image--with homes, families, and stories of their own.

Where there is difficulty or burden, send Your strength. Where there is frustration or grief, bring Your hope. Where there are gifts or callings yet undiscovered, shine Your light, such that each of these women and men who serve us might come to know again of Your loving-kindness and sustaining power, and from the overflow of that generous grace, that they might minister to our Commonwealth throughout these momentous days.

This, O Lord, is our invocation today. Amen.

Amend Section 6 of Article X of the Constitution of Virginia as follows:

ARTICLE X
TAXATION AND FINANCE

Section 6. Exempt property.

(a) Except as otherwise provided in this Constitution, the following property and no other shall be exempt from taxation, State and local, including inheritance taxes:

(1) Property owned directly or indirectly by the Commonwealth or any political subdivision thereof, and obligations of the Commonwealth or any political subdivision thereof exempt by law.

(2) Real estate and personal property owned and exclusively occupied or used by churches or religious bodies for religious worship or for the residences of their ministers.
(3) Private or public burying grounds or cemeteries, provided the same are not operated for profit.

(4) Property owned by public libraries or by institutions of learning not conducted for profit, so long as such property is primarily used for literary, scientific, or educational purposes or purposes incidental thereto. This provision may also apply to leasehold interests in such property as may be provided by general law.

(5) Intangible personal property, or any class or classes thereof, as may be exempted in whole or in part by general law.

(6) Property used by its owner for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes, as may be provided by classification or designation by an ordinance adopted by the local governing body and subject to such restrictions and conditions as provided by general law.

(7) Land subject to a perpetual easement permitting inundation by water as may be exempted in whole or in part by general law.

(b) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for the exemption from local property taxation, or a portion thereof, within such restrictions and upon such conditions as may be prescribed, of real estate and personal property designed for continuous habitation owned by, and occupied as the sole dwelling of, persons not less than sixty-five years of age or persons permanently and totally disabled as established by general law who are deemed by the General Assembly to be bearing an extraordinary tax burden on said property in relation to their income and financial worth.

(c) Except as to property of the Commonwealth, the General Assembly by general law may restrict or condition, in whole or in part, but not extend, any or all of the above exemptions.

(d) The General Assembly may define as a separate subject of taxation any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth or for the purpose of transferring or storing solar energy, and by general law may allow the governing body of any county, city, town, or regional government to exempt or partially exempt such property from taxation, or by general law may directly exempt or partially exempt such property from taxation.

(e) The General Assembly may define as a separate subject of taxation household goods, personal effects and tangible farm property and products, and by general law may allow the governing body of any county, city, town, or regional government to exempt or partially exempt such property from taxation, or by general law may directly exempt or partially exempt such property from taxation.

(f) Exemptions of property from taxation as established or authorized hereby shall be strictly construed; provided, however, that all property exempt from taxation on the effective date of this section shall continue to be exempt until otherwise provided by the General Assembly as herein set forth.

(g) The General Assembly may by general law authorize any county, city, town, or regional government to impose a service charge upon the owners of a class or classes of exempt property for services provided by such governments.
(h) The General Assembly may by general law authorize the governing body of any county, city, town, or regional government to provide for a partial exemption from local real property taxation, within such restrictions and upon such conditions as may be prescribed, (i) of real estate whose improvements, by virtue of age and use, have undergone substantial renovation, rehabilitation or replacement or (ii) of real estate with new structures and improvements in conservation, redevelopment, or rehabilitation areas.

(i) The General Assembly may by general law allow the governing body of any county, city, or town to exempt or partially exempt from taxation any generating equipment installed after December thirty-one, nineteen hundred seventy-four, for the purpose of converting from oil or natural gas to coal or to wood, wood bark, wood residue, or to any other alternate energy source for manufacturing, and any co-generation equipment installed since such date for use in manufacturing.

(j) The General Assembly may by general law allow the governing body of any county, city, or town to have the option to exempt or partially exempt from taxation any business, occupational or professional license or any merchants’ capital, or both.

Our Heavenly Father, We thank You for this beautiful day that You’ve given to each individual who is here. Father, this room is filled with knowledgeable people and Lord, what they need this morning is wisdom, and we know that wisdom comes from above. Father, we pray that each decision they make will reflect the heartbeat of their constituents.

Father, when they retire from their day’s duty, may they look up to You and realize they have made the right decision. Father, in the days which lie ahead of them and other decisions they have to make in the future, we pray Lord, that they will seek Your wisdom and Your guidance, because Lord, we know You are too loving to be unkind and too wise to make a mistake. Lord, we just pray for that in each one’s life. In Christ’s name we pray. Amen.

Blessed are You, God of mercy. We gather here together as members of many different faiths and many different communities. We come together in prayer, as Your faithful followers. We acknowledge this morning that our unity in faith needs to be nourished and deepened in Your presence.

We gather here this day to follow Your example to love and forgive one another—to be citizens of a great State that will look after those less fortunate. Help us now to see the generations of men and women and children whom our laws this day will affect. Help us to see all Your children as equal and deserving of our hard work.

Send down Your blessing this day upon these Your servants who so generously devote themselves to the needs of others.

Let us pray for God’s blessings on the members of this Senate. Through our prayers and our work together may we be united as Virginians.

We ask this in God’s name, Amen.

MONDAY, JANUARY 30, 2006

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Gerry Creedon, St. Charles Borromeo Catholic Church, Arlington, Virginia, offered the following prayer:

“I shall announce Your justice to the vast assembly”. Psalms 149:9.

God of justice, many who search for truth, including the followers of Abraham, Moses and Jesus, proclaim You as the defender of the widow, the orphan, the poor, the afflicted, the stranger, the underpaid and the captive. The balance of Your justice tilts toward the vulnerable and the voiceless.

Send Your spirit of mercy and compassion to temper the justice of our choices.

May we share our resources for the Commonwealth with a priority on those with the greatest need, whether they be children or adult, working or unemployed. May this age of terror never eclipse our traditions of hospitality to the stranger and the immigrant.

May we always find in Virginia the Old Dominion of grace, faith and equity. For Thine is the kingdom and the power and the glory forever and ever. Amen.

Let us gather this day thankful for those leaders who have gone before us; grateful for You, the leaders here in our midst; and hopeful for the leaders yet to serve in this Commonwealth of Virginia. Let us keep silence as we remind ourselves of God’s loving presence—and now let us pray in the words of those who have led our nation in times past and who have been led by their faith.

Gracious God, we pray You to help us begin this assembly with clear minds and good intentions, “with malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in.” President Lincoln’s 2nd inaugural address.

“Let us pray that all best blessings are bestowed upon this [assembly] and.... [that] none but honest and wise men [and women] [serve] here.” President John Adams, prayer on the mantel of the dining room in the White House.

Help us always to remember the limits we face and the One we serve. “With a good conscience our only sure reward, with history as the final judge of our deeds, let us go forth and lead the land [and people] we love, asking [God’s] blessings and His help but knowing that here on earth, God’s work must truly be our own.” Amen. President of the Senate

Susan Clarke Schaar  
Clerk of the Senate
Friday, February 3, 2006

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. William B. Hutchinson, Sr., Lawrenceville Baptist Church, Lawrenceville, Virginia, offered the following prayer:

God of our Fathers,
We gather in this hall today to better the lives of the people of the Commonwealth of Virginia—those who have entrusted these men and women with the power to protect and preserve our faith in a government for the people and by the people. May You watch over each of them as they carry out their duties. Give them a sense of servanthood. Protect and bless their families as they are apart from them during this session. May they remember the words of the Old Testament prophet which taught us that “a people without vision will perish.” So, Lord, may our vision be such as to cause the people of this great Commonwealth to experience a better life. The words of Jabez when he prayed, “Bless our Land and enlarge our territory,” so may every effort of this Senate be a blessing to our land and realize our territory of 95 counties as a place where freedom abounds and the encouragement for a wonderful and better life is first place.

Help them to remember that in this Commonwealth, our great America was founded, challenged and still leads the way for Americans to experience life. That from this Commonwealth, Americans preceded those who were planters, surveyors, aristocrats, doctors, professors, lawyers, soldiers and average citizens—all who believed strongly that life, liberty and the pursuit of happiness, set forth in the words of our forefather Patrick Henry, never be forgotten as the pursuit of the Commonwealth.

May this Senate direct its principles on the words written in 1789 by a great Virginian, George Washington, to another great Virginian, James Madison, concerning the building of our government when he said “it is devoutly wished on my part, that these precedents may be fixed on true principles.”

So, as they proceed through this session, let them hear ringing in their hearts the words of the great hymn . . . “When the storm clouds gather, far across the sea, let us swear allegiance to a land that’s free, let us all be grateful for a land that’s fair.” God bless America and the Commonwealth of Virginia . . . our home, sweet home.

For peace, hope and blessing we pray, Amen.

The Reverend Dr. Russell Lee, First Presbyterian Church, South Boston, Virginia, offered the following prayer:

Today, Lord God, we honor and lift up Your name, because Your plans and thoughts are much higher than ours. You have always been at the forefront of Virginia’s history, and we are thankful for that partnership which continues now. Today we will make decisions which will change many people’s lives as well as our own. God be with the thoughts and actions of the Senate of the Commonwealth of Virginia today. Give their deliberations and votes purpose and wisdom that will work good results beyond our comprehension and vision. Fill this chamber with a divine sense of purpose, so that we will find a way which intersects clearly with Yours. O God of past and future, be our present today, and help us to work for the common good and the aims of heaven. We celebrate the way You have given shape to a world which often knows no way but its own and pray for a world in which statesmanship trumps politics, and faith is the highest aim. In the name of Christ, we pray. Amen.

Clerk of the Senate
The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Ernest Leatherbury Gardner III, Holmes Presbyterian Church, Cheriton, Virginia, offered the following prayer:

O Lord, our Sovereign, how majestic is Your name in all the earth! Who are we, O God, that even before the foundations of the earth You determined our current role as leaders of our beloved Old Dominion?

Our riches do not impress You; therefore, we cannot alter the course of Your will through our affluence. There is no gift we can offer which can surpass Your benevolence. All we can do is to seek Your wisdom, guidance, and leading.

Gracious God, this afternoon we ask You to humble us. In the midst of impassioned debate make us attuned to the murmurings of Your providence. Guide the thoughts of our minds and the cadence of our dialogue that we may humbly walk the highway You have laid before us.

We thank You for freedoms which afford us the opportunity to remember in prayer our elected officials and their subordinates; all peoples of faith. We especially remember those entrusted with greater responsibility: our Governor, our Lieutenant Governor, and the Clerk of the Senate. And I ask Your blessing upon the residents of the Eastern Shore of Virginia. Bless all those we remember in silence…

O Lord, our Sovereign, help us to dedicate this day as a fitting offering to You. May Your grace and presence sustain us, even as our bodies tire and our patience wavers.

We ask all these things in Your Holy name. Amen.

TUESDAY, FEBRUARY 14, 2006

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Neal Turner, Cedar Springs Union Church, Christiansburg, Virginia, offered the following prayer:

Almighty and Gracious God, we come before You today Lord seeking Your forgiveness and Your blessings of the day. We call on You to guide us in the darkness of the world that we may all see freedom and peace. We ask Father that You impress on the minds of all Virginians the need and the urgency to unite in a common bond of understanding that will move our Commonwealth forward with ease and honor. Lord we recognize the men and women fighting today on foreign soil for our freedoms here at home. Keep us from the enemies that face us with vengeance and may we all look to You as our creator and the giver of all good gifts and graces as You sustain our very presence. Father, as the men and women of our Senate have assembled here today to conduct the business of Virginia, grant them the understanding and wisdom to act in all matters fairly and justly as You would have them to. Lord we thank You today for Your goodness to each one here and ask that You will continue to be with us in all that we do. Now may Your peace overshadow our sorrows, Your strength cover our weaknesses, and may we all recognize Your magnificence and Your importance, for it is in the name of Your son Jesus Christ that I pray. Amen.

THURSDAY, FEBRUARY 16, 2006

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Calvin A. Durham, New Hope Church of God in Christ, Norfolk, Virginia, offered the following prayer:

Gracious Almighty God, Lord God of All, God of our Nation and our State:
By Your grace and in Your patience, You have allowed this State once again to celebrate another day—a day of liberty, justice, and equity. And we are grateful.
We entrust this State to thy merciful care, that, being guided by Thy providence, we may dwell securely in Thy peace. Grant to our Governor and this Senate . . . responsible men and women . . . wisdom and strength to know and to do Your will. Fill them with the love of truth and righteousness, and make them ever mindful of their call to serve this people in the task of the legislation of law and the formation of this State.
Remind these Your servants that liberty, justice, and equity remain ahead of this Nation and State as tasks yet to be fulfilled and not as goals already reached.
Lord, consecrate us anew to employ the needs of those still struggling for authentic justice, peace, and a safe home because of age, ill health, race, sex, poverty, and urban or rural degradation.
We submit this prayer in Your name, Amen.

Re: Court of Appeals of Virginia

Dear Ms. Schaar:

You will find enclosed herewith, in duplicate, a copy of the report of this Court and the orders entered on February 16, 2006 in the matters of the vacancies in the offices of judge of the Court of Appeals of Virginia.

In the Supreme Court of Virginia held at the Supreme Court Building in the City of Richmond on Thursday the 16th day of February, 2006.

Accordingly, the Court doth certify that there is a necessity for filling the vacancy in the manner provided by law.

February 16, 2006

Honorable Susan Clarke Schaar
Clerk of the Senate of Virginia
Patrick Henry Building, Room 2010
Richmond, VA 23219

Dear Ms. Schaar:

Section 17.1-511 of the Code of Virginia, as amended, provides that whenever a vacancy occurs in the office of a judge of any court of record, the vacancy shall not be filled until, after investigation, the Supreme Court of Virginia certifies that the filling of the vacancy is or is not necessary. The Honorable Rudolph Bumgardner, III, Judge of the Court of Appeals, gave his notice and retired effective December 31, 2005, thereby creating a vacancy on the Court of Appeals. In addition, The Honorable Johanna L. Fitzpatrick, Chief Judge of the Court of Appeals, gave notice of her intention to retire effective April 1, 2006, creating an additional vacancy on the Court of Appeals.

The Court of Appeals of Virginia consists of eleven judges. The Court had 3,044 case filings in 2004. Preliminary projections of case filings for 2005 total 3,301. The number of cases commenced has increased steadily since the Court was created in 1985, when there were 1,648 cases filed. Accordingly, the Supreme Court of Virginia has certified that the vacancies created by the retirement of Judge Bumgardner and the impending retirement of Chief Judge Fitzpatrick should be filled in the manner prescribed by law.

Respectfully submitted,

/s/ Leroy Rountree Hassell, Sr.

The reading of the communications was waived.

The communications were referred to the Committee for Courts of Justice.

The Chair ruled that the agreement to the substitute to S.J.R. 176, which merely removed the names of the appointees for technical reasons, does not constitute a refusal to confirm the appointees by the Senate pursuant to Article V, Section 11, of the Constitution and would not prohibit the Senate from considering those appointees in another resolution.

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. Donald D. Binder, Pohick Episcopal Church, Lorton, Virginia, offered the following prayer:

Almighty God, on this day we bow our heads before You in memory of one of Virginia’s favorite sons, the Father of our Country, Your servant George Washington.

As a member of this august body, he diligently devoted himself to the conduct of the people’s business. As Commanding General of the Continental Army, he persevered in the face of overwhelming odds. As President of these United States, he exercised great wisdom in the leadership of a young nation. Throughout his rich and noble life, he maintained an unshakeable faith in Your divine providence.

As heirs to the liberty Washington procured for us, we pray that we may continue to be inspired by his honorable example. Bless especially our Governor, Lieutenant Governor, and the Senators and Delegates of this General Assembly, that they may readily follow his model of selfless public service and so remain faithful stewards of the great legacy he has bestowed upon us.

And grant us all the grace to set aside self-interest and indifference, and instead devote ourselves to the well-being of our neighbor, that our Commonwealth and our Nation may remain the beacons of benevolence and freedom for which Washington himself labored mightily at our nation’s birth. Amen.

Please grant us wisdom and courage, and inspire us with vision so that Americans of all faiths and colors continue to be a force for hope and freedom throughout the world. Item 468.20 #1s

Authority: Title, Chapter, Article, Code of Virginia.
A.1. The amounts provided in the subprogram Administrative and Support Services shall be expended for the Enterprise Applications Public-Private Partnership Project Office. The Project Office shall be headed by a Director, selected by the Governor to serve under a six-year contract. The Project Office Director shall be a state employee; however, his position shall not be considered an agency head for purposes of 4-6.00 of this act. The Information Technology Investment Board shall review and approve the Director’s qualifications prior to finalizing the contract. The Director shall report directly to the Governor.
2. The Project Office Director shall have all the powers necessary to direct the Commonwealth's efforts to modernize central administrative systems through the Enterprise Applications Public-Private Partnership. Specifically, the Director shall: (a) have authority to hire staff necessary to support the Project Office and such employees shall be considered state employees, except such positions shall be restricted to the life of the partnership project; (b) develop an implementation strategy with milestones, deliverables and funding requirements for presentation and approval of the Information Technology Investment Board and Governor; (c) plan, coordinate, monitor and control individual agency involvement; (d) prioritize efforts to ensure the implementation strategy is executed as planned and approved; and (e) monitor development efforts and provide reports to the Governor, the Information Technology Investment Board, and the Chairmen of the House Appropriations and Senate Finance Committees, as requested.

3.a. All Executive Department agencies and institutions shall comply with the directives and requirements established by the Director.
b. The Project Office Director shall report unacceptable agency cooperation to the affected Cabinet Secretary and to the Governor's Chief of Staff, and the Chairmen of the House Appropriations and Senate Finance Committees. The Chief of Staff may direct the Project Office to assume responsibility for the management of an agency's enterprise applications related work for the period of time considered necessary by the Project Office Director.
c. For agencies whose enterprise applications management efforts are the responsibility of the Project Office, the Project Office shall have responsibility for operational decisions relative to the enterprise applications efforts.

4. Legislative, Judicial, Independent agencies, and institutions of higher education shall work cooperatively with the Project Office Director to ensure the successful completion of the Enterprise Applications Public-Private Partnership activities.

5. The Director shall make reports no less than quarterly as follows: (i) to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on major aspects of the Partnership, including status of funding needs, areas of risk, and major problems and implications; and (ii) to the Information Technology Investment Board that compare actual performance to the milestones, deliverables and funding in the approved implementation strategy.

B. The amounts provided in the subprogram Enterprise Architecture Development Services shall be expended to support the Enterprise Applications Master Services Interim Agreement between the Commonwealth of Virginia and CGI-AMS, pending approval of the comprehensive agreement by the Information Technology Investment Board, to perform the following activities: (1) for each business process (a) document the system requirements, recommended solutions, and an implementation plan for review and approval by the Governor and the Information Technology Investment Board, and (b) identify existing policy and statutory conflicts that are impediments to the recommended solution and a plan for managing those conflicts, and also (2) work towards enhanced collections and cost recoveries above current baselines through specific management agreements with involved agencies with the appropriate approval of the Attorney General. Work on enhanced collections and recoveries shall not proceed if it commits the Commonwealth to expanding or significantly altering any existing federal or state program without the review and approval of the Governor and the General Assembly.

C. The amounts appropriated in this Item shall be held in the Virginia Technology Infrastructure Fund, as established by § 2.2-2023 of the Code of Virginia, and shall only be available for the purpose of this Item after approval of their use by the Information Technology Investment Board.

1. The Project Office Director shall prepare a budget of administrative costs for the Information Technology Investment Board to review and consider; provided, however, that such amount shall not exceed the amount appropriated in this Item. The Information Technology Investment Board shall review and approve the budget and approve release of the funds for such use. The Project Office Director shall prepare and submit quarterly reports to the Information Technology Investment Board on how the Project Office Director is expending these funds. No funds may be expended for this project except as specifically appropriated in this Item.
2. Within the subprogram Enterprise Architecture Development Services, the Project Office Director shall prepare and submit a budget for each business process and other activities in accordance with paragraph B. of this item. The budget shall include the amount, if any, of salary and other costs that participating agencies will incur for their involvement in the business process and activity as set forth in paragraph A.2. The Information Technology Investment Board shall review and approve the budget for each business process and other activity and approve release of the funds for such use. The Project Office Director shall prepare and submit quarterly reports to the Information Technology Investment Board on how the Project Office Director is expending these funds.

D. E. The Department of Planning and Budget shall not take any administrative actions to reduce these amounts without prior written notification to the Chairmen of the House Appropriations and Senate Finance Committees.

By July 1, 2005, or as soon thereafter as practical, the Governor shall prepare a plan for development of certain state-owned property bounded by 8th, 9th, Grace and Broad Streets in the City of Richmond, which shall consider the Commonwealth’s needs for office and parking facilities at the Seat of Government: |
   a. The plan shall set forth all feasible options for the real property and improvements known as the 8th and 9th Street State Office Buildings, including those presented by a professional assessment of the historical and architectural worth of these structures or any aspects of them. |
   b. The plan shall consider a consolidation of office space in the Capitol Square complex for the purpose of relocation and/or co-locations of state office space from offices currently leased from private sources. |
   c. The plan shall consider alternative disposition of any existing building not essential to this purpose, which may include, but need not be limited to, the sale or lease of the 8th Street Office Building at fair market value as set forth by a licensed appraisal completed according to prevailing professional standards and practices. In such case, the proceeds of such sale shall, upon appropriation, be applied to the cost of the project as further set forth in this Item. |
   d. Preparation of the plan provided for in this Item, or any part thereof, may be supported from funds provided from non-state sources. |
2. Upon release of the plan described in paragraph 1 of this Item the Governor is authorized to enter into a comprehensive agreement with a private entity pursuant to The Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia), or such other agreement as he determines proper and cost beneficial to the Commonwealth, as otherwise provided for in this Item. |
3. The improvements authorized in this Item may include up to a 620 vehicle parking deck, estimated to cost up to $23.7 million, more or less, and up to a 450,000 net square foot office building estimated to cost $94.0 million, more or less. |

   a. Architectural and engineering work up through production of final working drawings for renovation of the 9th Street Office Building and replacement of the 8th Street Office Building, as described in paragraph 2 of this Item,
   b. Demolition of the 8th Street Office Building. The contract for such demolition shall be entered into no later than June 30, 2006 and the demolition work begun no later than August 1, 2006, and
   c. Such ancillary services as may be necessary to complete the work authorized in this item.
2. The architectural and engineering work provided for in paragraph 1 of this Item shall provide working drawings and detailed cost estimates for:
   a. Renovation and expansion of the 9th Street Office Building into an office building of approximately 193,000 gross square feet for continued use by the Commonwealth, and
   b. Construction of a new office building on Broad Street between 8th Street and 9th Street, which shall be used primarily as an office building for the Commonwealth, but may provide for limited commercial and retail space on the first floor. This structure shall be designed to provide approximately 375,000 gross square feet with approximately 270 on-site parking spaces, which would utilize approximately 111,000 gross square feet of this total.
   c. The total cost for both the renovation of the 9th Street Office Building and the new office building on Broad Street is estimated at $139,610,605.
3. That portion of the design work provided for in paragraph 2, of this Item, that is related to the use of the renovated 9th Street Office Building and the new office building on Broad Street as temporary office space for the Legislative Branch of government shall be carried out in co-operation with representatives of each legislative agency.
5. The General Assembly determines that time is of the essence in making available the facilities described herein, and the Department of General Services is directed to initiate the project as soon as practical following the enactment of this chapter.
6. The Governor shall (a) report periodically to the Chairmen of the Senate Finance and House Appropriations Committees on the plans and status of this project for their review and comment, and (b) provide the final, full appropriation for this project in his budget submission to the 2007 session of the General Assembly. The cost of the on-site parking may be borne by the state employee parking fund only if such parking spaces will be routinely made available to the general state workforce on a continuing basis after work on the General Assembly Building is completed.

“H. It is the intent of the General Assembly that the caps on payments to court-appointed attorneys in criminal cases pursuant to Section 19.2-163 of the Code of Virginia be removed effective July 1, 2007, and that the Supreme Court of Virginia be directed to prepare a report on steps required to provide appropriate representation in such cases. The report shall include, but not be limited to, recommendations for establishing appropriate hourly rates, or for setting fixed amounts in specific types of cases, which may be exceeded by up to ten percent at the discretion of the court, along with recommended criteria for use by the court in determining when those fixed amounts may be exceeded by more than ten percent. The report shall also consider whether it would be cost effective to expand the availability of public defenders to handle a greater proportion of the total caseload of indigent defendants in criminal cases in Virginia. The Indigent Defense Commission is directed to cooperate with this study as necessary. Copies of the report shall be provided to the Governor and to the General Assembly by September 15, 2006.”

The study shall examine the relationship of the special needs adoption program to the Federal Child Welfare review and the Program of Improvement requirements. The focus of the study shall be to examine the causes of recent expenditure growth and make recommendations to moderate expenditure growth while continuing to meet the needs of the affected children. The Department shall not make recommendations to change who is eligible for a subsidized adoption.

2. In making its recommendation, the Department shall examine the services provided under the adoption program, and whether the appropriate levels of ancillary adoptive services and funding options are available to local departments of social services when developing a service plan for an adopted child and adopting family. The study shall make recommendations on (1) the establishment of a list of allowable ancillary adoption services for reimbursement, and (2) make recommendations for policy guidance on the use of alternative funding sources after an examination of the relationship between the adoptions subsidy program and alternative reimbursement sources available to local departments of social services for providing adoption services.

3. Measures to be studied shall include, but not be limited to, setting income guidelines for prospective adoptive parents, utilizing available federal sources such as Medicaid, and setting rates for children’s residential facilities.

4. Neither the Commissioner nor the state Board of Social Services shall: (1) issue emergency regulations, (2) issue Departmental Policy, or (3) take other administrative action to alter the funding formula in place for the reimbursement of adoption services without approval of the General Assembly.
5. The Department shall provide a report to the Governor, Chairmen of the House Appropriations and Senate Finance Committees, and the Department of Planning and Budget on or before June 1, 2007."

1. The Department of General Services shall enter into an interim agreement under the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia) to provide:
   a. Architectural and engineering work up through production of final working drawings for renovation of the 9th Street Office Building and replacement of the 8th Street Office Building, as described in paragraph 2 of this Item,
   b. Demolition of the 8th Street Office Building. The contract for such demolition shall be entered into no later than June 30, 2006 and the demolition work begun no later than August 1, 2006, and
   c. Such ancillary services as may be necessary to complete the work authorized in this Item.
   d. The cost of this interim agreement shall not exceed the $16,753,272 provided in this Item.
2. The architectural and engineering work provided for in paragraph 1, of this Item, shall provide working drawings and detailed cost estimates for:
   a. Renovation and expansion of the 9th Street Office Building into an office building of approximately 193,000 gross square feet for continued use by the Commonwealth, and
   b. Construction of a new office building on Broad Street between 8th Street and 9th Street, which shall be used primarily as an office building for the Commonwealth, but may provide for limited commercial and retail space on the first floor.    c. The total cost for both the renovation of the 9th Street Office Building and the new office building on Broad Street is estimated at $139,610,605.
3. 4. The General Assembly determines that time is of the essence in making available the facilities described herein, and the Department of General Services is directed to initiate the project as soon as practical following the enactment of this Chapter.

5. The Governor shall a) report periodically to the Chairmen of the Senate Finance and House Appropriations Committees on the plans and status of this project for their review and comment, and b) provide the final, full appropriation for this project in his budget submission to the 2007 Session of the General Assembly. The cost of the on-site parking may be borne by the state employee parking fund only if such parking spaces will be routinely made available to the general state workforce on a continuing basis after work on the General Assembly Building is completed.

6. It is anticipated that sufficient general fund appropriations or Virginia Public Building Authority bond authorization will be provided in future fiscal years to cover all phases of the project as specified in the final contract.”

“1. Virginia State University is authorized to enter into a long-term lease or other written agreements, with the Virginia State University Real Estate Foundation (VSUREF), for the development, design, construction and financing of the new Campus Dining Facility. The University currently has one dining facility, Jones Dining Hall. Due to the predicted steady increase in student enrollment, construction of a new dining facility is required to meet the dining needs of the students, faculty, staff and campus visitors. To provide a logical balance in distance from the present Jones Dining Hall, the new Campus Dining Facility will be located in the proximity of the Student Village and the proposed Campus Gateway Housing Complex. VSUREF will develop this dining facility to be an integral part of and in support of the Virginia State University dining system needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a dining facility. The support may include agreements to: (i) manage the operation and maintenance of the facility, including collection of dining fees; and (ii) otherwise support the dining facility consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's
obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.”

Current housing needs have forced Virginia State University to a) expand upon the initial size and scope of the Campus Gateway Housing Complex and b) reduce the construction time frame of the new residential housing facility. The Campus Gateway Housing Complex will be constructed on the northeast approach to campus and will provide an aesthetic enhancement to the most widely used campus entrance. The Campus Gateway Housing Complex, with the increase in size, will be a 500 bed housing complex that will provide suite style living quarters for Virginia State University students. VSUREF will develop this housing complex to be an integral part of the Virginia State University housing system, in support of the University’s housing needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a housing complex. Participating agencies may use the Trust Fund on general fund deferred maintenance projects. General fund deferred maintenance projects include requirements for general fund supported buildings set out in the Commonwealth’s Facility Inventory and Condition Assessment System (FICAS). Funding may only be used on buildings with a Requirements Index (RI) less than 0.60. Participating agencies and institutions may transfer their maintenance reserve appropriation in Part 2 of this act to the Deferred Maintenance Pilot Trust Fund to supplement the deferred maintenance funding provided above subject to the approval of the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services. Once transferred, these funds will not be subject to the guidelines surrounding the maintenance reserve program and may be used to carry out requirements for general fund supported buildings set out in the Commonwealth’s FICAS.

2. The Deferred Maintenance Pilot Trust Fund shall be the responsibility of each agency or institution and shall be maintained and administered separately from any other program or fund of the agency or institution.

3. On or before July 1, 2006, the agency heads of participating agencies shall prepare a written strategic plan for execution of the deferred maintenance funding over the biennium. The strategic plan shall include a narrative that addresses the general condition of its facilities, how the agency will use the deferred maintenance funding, and what impact the agency expects for the planned strategy to have on overall agency facility conditions. The strategic plan should identify measurable results such as addressing facility condition index (FCI) metrics to show the condition of facilities before and after implementation of deferred maintenance funding. The metrics could be at the building, location, or agency level. Projects should include requirements in FICAS for general fund supported facilities with an emphasis on priority one and two requirements. However, agencies are not restricted to priority one and two requirements to enable each agency to have latitude to make decisions that will result in identifiable work accomplishments. The six pilot agencies shall submit all projects proposed for use under the deferred maintenance program to the Department of Planning and Budget for approval.

4. Participating agencies shall complete detailed facility condition assessments on all of their facilities and enter accurate requirements data into FICAS by October 15, 2006. These agencies may each use a maximum of $100,000 of their allocation of the deferred maintenance funding to perform...
the assessments. A detailed facility condition assessment must be performed within the past 24 months on all facilities that receive deferred maintenance funding.

5. On or before September 1, 2007, each pilot agency head shall prepare a written report that addresses actual progress on projects and facility condition improvements against the expectations set out in the initial strategic plan. The report should justify any deviations from the original strategic plan, and if the agency did not achieve the expected outcome, the report must explain why this occurred. No later than October 1, 2007, the six pilot agencies shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the results of the pilot project.

6. Participating agencies must perform a complete life cycle study of any building with an RI equal to or greater than 0.60 to determine whether it is more cost effective to repair and renovate the current building or to demolish and construct a new building. Consideration should be given to the building’s use, whether the building can meet the current programmatic needs, the future maintenance costs, and any historical significance of the building. Only if it is determined that repair and renovation are the cost effective solution, the pilot agencies and institutions may use deferred maintenance funding on the building subject to approval by the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services.

B. A Pilot Working Group consisting of representatives from the Department for the Blind and Vision Impaired, Department of Corrections, Department of General Services, George Mason University, Old Dominion University, University of Mary Washington, Department of Planning and Budget, and the Auditor of Public Accounts shall work together during implementation of the pilot deferred maintenance program to develop recommendations on how to implement the deferred maintenance program statewide. These recommendations shall address funding options, funding allocation methods, and policies surrounding a statewide program to reduce deferred maintenance and improve the condition of Commonwealth-owned facilities. The Pilot Working Group shall report these recommendations to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1, 2007.”

In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet Secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be forwarded within five calendar days of submission to the Chairmen of the Senate Finance and House Appropriations Committees.

7. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this Act for operating expenses of any one state or nonstate agency or institution designated in this Act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this Act shall not apportion a larger cut to the grantees than the proportional cut apportioned to the agency. Without regard to Section 4-5.07 b.4. of this Act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to $500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate dead.

d) The employer contributions, and employer paid member contributions to the: Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, and the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.
g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages). Provided, however, that the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by Section 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

8. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 7a of this subsection.

9. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments on nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations. Provided, however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in Section 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

10. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium or within twenty days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:
   a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;
   b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by Section 54.1-3913, Code of Virginia, debt service funds, or federal funds; and
   c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

11. The Director, Department of Planning and Budget, shall report spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

12. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President Pro Tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the legislature.”

“4-5.11 PUBLIC PRIVATE PARTNERSHIPS
a. Public Private Partnership Advisory Commission

1. Any responsible public entity seeking to consider a public-private partnership shall notify and involve the Public Private Partnership Advisory Commission in accordance with the requirements set forth in Senate Bill 541. The responsible public entity shall cooperate with the Public Private Partnership Advisory Commission and shall provide briefings, documents and analysis as necessary to understand the partnership before approving the project.

2. The Public Private Partnership Advisory Commission shall notify the responsible public entity when the Commission will conduct a review and the Commission shall provide its findings and recommendations within 45 days of receiving the detailed proposal. However, no responsible entity will sign a final comprehensive agreement for a qualifying project until the responsible entity determines what actions, if any, the Commission has taken. In those circumstances, where the responsible public entity receives finding and recommendations from the Commission, the responsible public entity must provide the Commission with a written response on how it has addressed the recommendation before entering into either an interim agreement or final comprehensive agreement.
3. The Public Private Partnership Advisory Commission shall provide a written report to the General Assembly regarding their review of qualifying projects and the actions by the responsible public entity to address their recommendations.

b. Other Matters
1. The Secretary of Finance shall set and execute standard financial review and analysis procedures prior to any state entity finalizing an interim or final comprehensive agreement. The standards shall include, at a minimum, a cost-benefit analysis, an assessment of opportunity costs, and consideration of the results of all studies and analyses related to the proposed qualifying project.
2. Upon approval of an interim or final comprehensive agreement, the responsible public entity shall provide the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts with quarterly status reports on the progress of the project, including work completed to date, project expenditures, and expenditures by state agencies to support the project, if applicable.
3. If applicable, the Director of Department of Planning and Budget, is authorized to transfer funds from other agencies to agencies as needed to pay for costs directly associated with the public private partnership, provided, however, that such transfers are reported to the Chairmen of the House Appropriations and Senate Finance Committees, as provided by this act.
4. The Director of Department of Planning and Budget with the State Comptroller shall establish a separate budget and accounting of non capital outlay public private partnership projects to determine the amount of current resources budgeted for the qualifying project, costs under the projects and take steps to isolate and capture any excess budgeted resources over the partnership project costs. The Director of Department of Planning and Budget shall not authorize the agencies to use the budgeted funds for the qualified project for any other purpose. The Director of Department of Planning and Budget with the State Comptroller shall report this information semi-annually to the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts.
5. Pursuant to section 4-701 of this act, the Director, Department of Planning and Budget may affect the position level of involved agencies for this purpose of a qualifying public private partnership project. Any such changes shall be reported to the Chairmen of the House Appropriation and Senate Finance Committees, as provided in this act. The Director of Department of Planning and Budget shall not authorize agencies to use funding resulting from reductions in position levels for any purpose other than paying for a qualifying public private partnership project and all budgeted funding in excess of the cost of the qualifying public private partnership projects shall be accounted for in accordance with b4 above.
6. For public private partnerships involving the construction of capital assets, the responsible public entity shall comply with the conditions outlined in Part 2 of this Act, including the conditions applicable to alternative financing.
7. If the public private partnership’s alternative financing mechanism involves cost recoveries over and above amounts already collected through existing or planned collection activities, there is hereby created a special fund in the State Treasury. All additional cost recovery activities shall be deposited to this fund, subject to terms and conditions set out in an agreement between each affected agency and the vendor.
8. Any such revenues derived from federal funds shall not be deposited to the Fund but shall be returned to the applicable federal source.
9. No funds may be transferred or expended from this Fund except by legislative appropriation, which shall be based solely on funds already collected and not on projected collections.

  “§4-9.06 ASSESSMENT OF INSTITUTIONAL PERFORMANCE
  Consistent with §23-9.6:1.01., Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education for Virginia (SCHEV) shall annually assess and certify institutional performance. Institutional performance on measures set forth in paragraph K of this section shall be evaluated
By July 15, 2006, the State Council shall publish institutional performance benchmarks and targets for each objective measure, which shall be established in cooperation with the respective institution. Financial benefits provided to each institution in accordance with §2.2-5009, Code of Virginia, will be evaluated in light of that institution’s performance. The first certification will be completed and forwarded in writing to the General Assembly and Governor no later than June 1, 2007.

Further, the State Council shall have broad authority to certify institutions as having met the standards on measures where they have already achieved high levels of performance in order that they may focus resources toward achieving similar levels of performance on other measures. The State Council shall likewise have the authority to exempt institutions from certification on measures that the State Council deems unrelated to an institution’s overall performance.

The State Council shall develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

A. Access

1. Institution meets its State Council-approved biennial projection of total in-state student enrollment within the prescribed range of permitted variance.

2. Institution increases the percentage of in-state undergraduate enrollment of under-represented populations. (Such populations should include low income, first-generation college status, geographic origin within Virginia, race, and ethnicity, or other populations as may be identified by the State Council.)

3. Institution annually meets at least 95 percent of its State Council-approved estimates of degrees awarded.

B. Affordability

4. With the intent of developing a clearly understandable measure of affordability no later than July 1, 2008, SCHEV shall report annually an institution’s in-state undergraduate tuition and fees, both gross and net of need-based gift aid, as a percentage of the institution’s median student family income. By October 1, 2008, each institution shall identify a “maintenance of effort” target for ensuring that the institution’s financial commitment to need-based student aid shall increase commensurately with planned increases in in-state, undergraduate tuition and fees. The financial plan for these goals should be incorporated into the institution’s 2009-2014 six-year plan as required under § 23-9.2:3.02., Code of Virginia.

5. Institution establishes mutually acceptable annual targets for need-based borrowing that reflect institutional commitment to limit the average borrowing of in-state students with established financial need, and the percentage of those students who borrow, to a level that maintains or increases access while not compromising affordability.

6. Institution conducts a biennial assessment of the impact of tuition and fee levels net of financial aid on applications, enrollment, and student indebtedness incurred for the payment of tuition and fees and provides the State Council with a copy of this study upon its completion and makes appropriate reference to its use within the required six-year plans. The institution shall also make a parent- and student-friendly version of this assessment widely available on the institution's website.

C. Breadth of Academics

7. Institution maintains acceptable progress towards an agreed upon target for the total number and percentage of graduates in high-need areas, as identified by the State Council of Higher Education.

D. Academic Standards

8. Institution reports on total programs reviewed under Southern Association of Colleges and Schools assessment of student learning outcomes criteria within the institution's established
assessment cycle in which continuous improvement plans addressing recommended policy and program changes were implemented.

E. Student Retention and Timely Graduation

9. Institution demonstrates a commitment to ensuring that lower division undergraduates have access to required courses at the 100- and 200-level sufficient to ensure timely graduation by reporting annually to the State Council of Higher Education on the number of students denied enrollment in such courses for each fall and spring semesters. No later than July 1, 2008, to the extent the institution does not currently track student access and registration attempts at the course level, the institution shall, in consultation with the State Council of Higher Education, establish an appropriate quantitative method to identify the extent to which limited access to 100- and 200-level courses reduces progression, retention, and graduation rates. After July 1, 2008, each institution shall include in its annual report to the State Council its plan of action to increase such access and remediate the identified problems.

10. Institution maintains or increases the ratio of degrees conferred per full-time equivalent instructional faculty member, within the prescribed range of permitted variance.

11. Institution maintains or improves the average annual retention and progression rates of degree-seeking undergraduate students.

12. Within the prescribed range of permitted variance, the institution increases the ratio of total undergraduate degrees awarded to the number of annual full-time equivalent, degree-seeking undergraduate students, except in those years when the institution is pursuing planned enrollment growth as demonstrated by their SCHEV-approved enrollment projections.

F. Articulation Agreements and Dual Enrollment

13. Institution increases the number of undergraduate programs or schools for which it has established a uniform articulation agreement by program or school for associate degree graduates transferring from all colleges of the Virginia Community College System and Richard Bland College consistent with a target agreed to by the institution, the Virginia Community College System, and the State Council of Higher Education for Virginia.

14. Institution increases the total number of associate degree graduates enrolled as transfer students from Virginia’s public two-year colleges with the expectation that the general education credits from those institutions apply toward general education baccalaureate degree requirements, as a percent of all undergraduate students enrolled, within the prescribed range of permitted variance.

15. Institution increases the number of students involved in dual enrollment programs consistent with a target agreed upon by the institution, the Department of Education and the State Council of Higher Education for Virginia.

H. Research, Patents, and Licenses

17. Institution maintains or increases the total expenditures in grants and contracts for research, within the prescribed range of permitted variance, according to targets mutually agreed upon with SCHEV and/or consistent with the institution’s management agreement.

18. Institution maintains or increases the annual number of new patent awards and licenses, within the prescribed range of permitted variance, according to targets mutually agreed upon with SCHEV and/or consistent with the institution’s management agreement.

I. Elementary and Secondary Education

22. Institution complies with a debt management policy approved by its governing board that defines the maximum percent of institutional resources that can be used to pay debt service in a fiscal year, and the maximum amount of debt that can be prudently issued within a specified period.

23. The Governor or his designees, in consultation with the institutions of higher education, the Auditor of Public Accounts and staff of the House Appropriations and Senate Finance Committees shall develop additional standards to assess the extent to which an institution is well-managed in the areas of personnel, capital outlay, and procurement. §33.1-12. General powers and duties of Board, etc.; definitions.

The Commonwealth Transportation Board shall be vested with the following powers and shall have the following duties:

(1) Location of routes. - To locate and establish the routes to be followed by the roads comprising systems of state highways between the points designated in the establishment of such systems.

(2) Construction and maintenance contracts and activities related to passenger and freight rail and public transportation.

(a) To let all contracts to be administered by the Virginia Department of Transportation or the Department of Rail and Public Transportation for the construction, maintenance, and improvement of the roads comprising systems of state highways and for all activities related to passenger and freight rail and public transportation in excess of $2 million. The Commonwealth Transportation Commissioner shall have authority to let all Virginia Department of Transportation-administered contracts for highway construction, maintenance, and improvements up to $2 million in value. The Director of the Department of Rail and Public Transportation shall have the authority to let contracts for passenger and freight rail and public transportation improvements up to $2 million in value. The Commonwealth Transportation Commissioner is authorized to enter into agreements with localities, authorities, and transportation districts to administer projects and to allow those localities, authorities, and transportation districts to let contracts for highway construction, maintenance, and improvements within their jurisdictions. The Director of the Department of Rail and Public Transportation is authorized to enter into agreements with localities, authorities, and transportation districts to administer projects and to allow those localities, authorities, and transportation districts to let contracts for passenger and freight rail and public transportation activities within their jurisdictions. The Commonwealth Transportation Commissioner and the Director of the Department of Rail and Public Transportation shall report on their respective transportation contracting activities at least quarterly to the Board.

(b) The Commonwealth Transportation Board may award contracts for the construction of transportation projects on a design-build basis. The Board may annually award five design-build contracts valued no more than $20 million. The Board may also award design-build contracts valued
more than $20 million, provided that no more than five of these latter contracts are in force at the same
time. These contracts may be awarded after a written determination is made by the Commonwealth
Transportation Commissioner or the Director of the Department of Rail and Public Transportation,
pursuant to objective criteria previously adopted by the Board regarding the use of design-build, that
delivery of the projects must be expedited and that it is not in the public interest to comply with the design
and construction contracting procedures normally followed. Such objective criteria will include
requirements for prequalification of contractors and competitive bidding processes. These contracts shall
be of such size and scope to encourage maximum competition and participation by agency prequalified
and otherwise qualified contractors. Such determination shall be retained for public inspection in the
official records of the Department of Transportation or the Department of Rail and Public Transportation,
as the case may be, and shall include a description of the nature and scope of the project and the reasons
for the Commissioner's or Director's determination that awarding a design-build contract will best serve
the public interest. The provisions of this section shall supersede contrary provisions of subsection D of
§ 2.2-4303 and § 2.2-4306.

(c) For transportation construction projects valued in excess of $100 million, the Commonwealth
Transportation Board shall require that a financial plan be prepared. This plan shall include, but not be
limited to, the following: (i) a complete cost estimate for all major project elements; (ii) an
implementation plan with the project schedule and cost-to-complete information presented for each year;
(iii) identified revenues by funding source available each year to meet project costs; and (iv) a detailed
cash-flow analysis for each year of the proposed project.

highways and to add to, amend or repeal the same.

highways forming a part of the systems of state highways, except such roads as have been or may
hereafter be named by the General Assembly.

(5) Compliance with federal acts. - To comply fully with the provisions of the present or future
federal aid acts. The Board may enter into all contracts or agreements with the United States government
and may do all other things necessary to carry out fully the cooperation contemplated and provided for by
present or future acts of Congress in the area of transportation.

(6) Information and statistics. - To gather and tabulate information and statistics relating to
transportation and disseminate the same throughout the Commonwealth. In addition, the Commissioner
shall provide a report to the Governor, the General Assembly, the Commonwealth Transportation Board,
and the public concerning the current status of all highway construction projects in the Commonwealth.
This report shall be posted at least four times each fiscal year, but may be updated more often as
circumstances allow. The report shall contain, at a minimum, the following information for every project
in the Six-Year Improvement Program: (i) project description; (ii) total cost estimate; (iii) funds expended
to date; (iv) project timeline and completion date; (v) statement of whether project is ahead of, on, or

to the Commonwealth Transportation Commissioner and the Director of the Department of Rail and
Public Transportation, respectively.

(8) Cooperation with other agencies and local governments.

(a) To cooperate with the federal government, the American Association of State Highway and
Transportation Officials and any other organization in the numbering, signing and marking of highways,
in the taking of measures for the promotion of highway safety, in research activities, in the preparation of
standard specifications, in the testing of highway materials and otherwise with respect to transportation
projects.
(b) To offer technical assistance and coordinate state resources to work with local governments, upon their request, in developing sound transportation components for their local comprehensive plans.

(9) Transportation.

(a) To monitor and, where necessary, approve actions taken by the Department of Rail and Public Transportation pursuant to Chapter 10.1 (§ 33.1-391.1 et seq.) of this title in order to ensure the efficient and economical development of public transportation, the enhancement of rail transportation, and the coordination of such rail and public transportation plans with highway programs.

(b) To coordinate the planning for financing of transportation needs, including needs for highways, railways, seaports, airports, and public transportation and to set aside funds as provided in § 33.1-23.03:1. This program shall be based on the most recent official Transportation Trust Fund revenue forecast and shall be consistent with a debt management policy adopted by the Board in consultation with the Debt Capacity Advisory Committee and the Department of the Treasury.

(c) To recommend to the General Assembly for their consideration at the next session of the General Assembly, objective criteria to be used by the Board in selecting those transportation projects to be advanced from the feasibility to the construction stage. (10) Contracts with other states. - To enter into all contracts with other states necessary for the proper coordination of the location, construction, maintenance, improvement and operation of transportation systems, including the systems of state highways with the highways of such other states and, where necessary, to seek the approval of such contracts by the Congress of the United States.

(11) Use of funds. - To administer, distribute, and allocate funds in the Transportation Trust Fund as provided by law. The Commonwealth Transportation Board shall ensure that the total funds allocated to any highway construction project are equal to total expenditures within 12 months following completion of the project. However this requirement shall not apply to debt service apportionments pursuant to § 33.1-23.3 or 33.1-23.4.

(12) Financial and investment advisors. - With the advice of the Secretary of Finance and the State Treasurer, to engage a financial advisor and investment advisor who may be anyone within or without the government of the Commonwealth, to assist in planning and making decisions concerning the investment of funds and the use of bonds for transportation purposes. The work of these advisors shall be coordinated with the Secretary of Finance and the State Treasurer.

(13) The powers of the Virginia Aviation Board set out in Chapter 1 (§ 5.1-1 et seq.) of Title 5.1 and the Virginia Port Authority set out in Chapter 10 (§ 62.1-128 et seq.) of Title 62.1 are in no way diminished by the provisions of this title.

B. The Commonwealth Transportation Board shall use the Fund to facilitate the financing of priority transportation projects throughout the Commonwealth. The Board may use the Fund either (i) by expending amounts therein on such projects directly, (ii) by payment to any authority, locality, commission or other entity for the purpose of paying the costs thereof, or (iii) by using such amounts to support, secure, or leverage financing for such projects. No expenditures from or other use of amounts in the Fund shall be considered in allocating highway maintenance and construction funds under § 33.1-23.1 or apportioning Transportation Trust Fund funds under subsection B of § 33.1-23.03:2 or § 58.1-638, but shall be in addition thereto. The Board shall use the Fund to facilitate the financing of priority transportation projects as designated by the General Assembly; provided, however, that, at the discretion of the Commonwealth Transportation Board, funds allocated to projects within a transportation district may be allocated among projects within the same transportation district as needed to meet construction cash-flow needs.

§ 33.1-221.1:1.1. Rail Enhancement Fund.

A. The General Assembly declares it to be in the public interest that railway preservation and development of railway transportation facilities are an important element of a balanced transportation system of the Commonwealth for freight and passengers and further declares it to be in the public interest that the retention, maintenance, improvement and development of the railways are essential to the Commonwealth's continued economic growth, vitality, and competitiveness in national and world markets, and there is hereby created in the state treasury a special nonreverting fund to be known as the
Rail Enhancement Fund which shall be considered a special fund within the Transportation Trust Fund, hereafter referred to as “the Fund.”

B. The Fund shall be established on the books of the Comptroller, and shall consist of dedications pursuant to subsection B of § 33.1-23.03:2, § 58.1-2425, and such funds from other sources as may be set forth in the appropriation act and shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Virginia Department of Rail and Public Transportation or the Director's designee.

C. The Director of the Department of Rail and Public Transportation shall administer and expend or commit, subject to the approval of the Commonwealth Transportation Board, the Fund for acquiring, leasing, and/or improving railways or railroad equipment, rolling stock, rights-of-way or facilities, or assisting other appropriate entities to acquire, lease, or improve railways or railroad equipment, rolling stock, rights-of-way or facilities, for freight and/or passenger rail transportation purposes whenever the Board shall have determined that such acquisition, lease, and/or improvement is for the common good of a region of the Commonwealth or the Commonwealth as a whole. Prior to recommending an allocation of the Fund to the Commonwealth Transportation Board, the Director of the Department of Rail and Public Transportation shall consult with and obtain the advice and recommendations of the Rail Advisory Board established pursuant to § 33.1-391.3:1.

D. Projects undertaken pursuant to this section shall be limited to those the Commonwealth Transportation Board shall have determined will result in public benefits to the Commonwealth or to a region of the Commonwealth that are equal to or greater than the investment of funds under this section. Such projects shall include a minimum of 30 percent cash or in-kind matching contribution from a private source, which may include a railroad, a regional authority, or a local government source, or a combination of such sources.

§ 33.1-221.1:1.2. Shortline Railway Preservation and Development Fund.

A. The General Assembly declares shortline railway preservation and development of railway transportation support facilities to be important elements of a balanced transportation system of the Commonwealth for freight and passengers, and further that the retention, maintenance, and improvement of the shortline railway and development of railway transportation support facilities are essential to the Commonwealth’s continued economic growth, vitality, and competitiveness in national world markets. There is hereby created in the state treasury a special nonreverting fund to be known as the Shortline Railway Preservation and Development Fund, hereinafter in this section referred to as “the Fund.” A “shortline railway,” for the purposes of this section, shall mean any Class II or Class III railroad as defined by the United States Surface Transportation Board. “Railway transportation support facilities,” for the purposes of this section, shall mean facilities required for the loading, transfer, or additional track capacity to facilitate the shipment of goods by rail other than as provided for in § 33.1-221.1:1 or 33.1-221.1:1.1.

B. The Fund shall be established on the books of the Comptroller. Any moneys deposited into the Fund pursuant to subsection B of § 33.1-23.03:2 and any other public or private moneys designated for the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Virginia Department of Rail and Public Transportation or the Director's designee.

C. The Director of the Department of Rail and Public Transportation shall administer and expend or commit, subject to the recommendations of the Rail Advisory Committee and the approval of the Commonwealth Transportation Board, the Fund for acquiring, leasing, and improving shortline railways
and the development of railway transportation support facilities or assisting other appropriate entities to acquire, lease, or improve shortline railways and the development of railway transportation purposes whenever the Board shall have determined that such acquisition, lease, and improvement is for the common good of a region of the Commonwealth or the Commonwealth as a whole. The Director of the Department of Rail and Public Transportation may consult with other agencies or their designated representatives concerning projects to be undertaken under this section.

D. Tracks and facilities constructed, and property and equipment purchased, with funds under this section shall be the property of the Commonwealth for the useful life of the project, not to exceed 15 years, as determined by the Director of the Department of Rail and Public Transportation, and shall be made available for use by all common carriers using the railway system to which they connect under the trackage rights agreements between the parties. Projects undertaken pursuant to this section shall be limited to those in a region of the Commonwealth or the Commonwealth as a whole. Such projects shall include a minimum of 30% cash or in-kind matching contribution from a private source, which may include a railroad, a regional authority, private industry, or a local government source, or a combination of such sources. No single project shall be allocated more than 50% of total available funds.

§ 46.2-206.1. Imposition of certain additional fees on certain drivers; disposition of revenue.

A. The purpose of the civil remedial fees imposed in this section is to generate revenue from drivers whose proven dangerous driving behavior places significant financial burdens upon the Commonwealth. The civil remedial fees established by this section shall be in addition to any other fees, costs, or penalties imposed pursuant to the Code of Virginia.

B. The civil remedial fees established by this section shall be assessed on any person operating a motor vehicle on the highways of Virginia, including a person to whom a Virginia driver's license, commercial driver's license, or learner's permit has been issued pursuant to this title; a person operating a motor vehicle without a license or whose license has been revoked or suspended; and a person operating a motor vehicle with a license issued by a jurisdiction outside Virginia. For the purposes of this section, a finding of guilty in the case of a juvenile and a conviction under substantially similar laws of any other state or of the United States shall be a conviction.

C. Beginning July 1, 2006, the clerk of the court shall assess a person with a $200 fee upon each conviction of § 18.2-102 when a violation of this section would be a misdemeanor; § 18.2-323.1, 46.2-300, 46.2-328, 46.2-329, 46.2-335, 46.2-341.7, 46.2-341.10, 46.2-346, 46.2-349, 46.2-371, 46.2-687, 46.2-703, 46.2-704, 46.2-707, 46.2-722, or 46.2-832, § 46.2-894 when a violation of this section would be a misdemeanor; §§ 46.2-895 through 46.2-897, § 46.2-902.1, 46.2-909, 46.2-921.1, 46.2-1091, 46.2-1104, 46.2-1137, 46.2-1139, 46.2-1163, 46.2-1172, or 46.2-1173, §§ 46.2-1248 through 46.2-1250, § 46.2-1550, 46.2-1556, 46.2-1561, 46.2-1564, 46.2-1565, 46.2-2011.20, 46.2-2099.1, or 46.2-2129.

D. Any person whose driver's record with the Department shows a balance of eight or more driver demerit points on July 15 shall be assessed a fee as set forth below. The Commissioner shall assess such fees annually, beginning on July 15, 2006. The Department shall notify each person assessed a fee under this subsection by mailing a notice thereof by first-class mail addressed to such person's most recent address as shown in the Department's records, and such mailing shall constitute notice to the person of the assessment of the fee. These fees shall be in addition to the fees set forth in subsection C:

1. For a person whose driver's record shows a balance of eight driver demerit points, a fee of $400 shall be assessed.

2. For a person whose driver's record shows a balance of nine driver demerit points, a fee of $475 shall be assessed.

3. For a person whose driver's record shows a balance of 10 driver demerit points, a fee of $550 shall be assessed.

4. For a person whose driver's record shows a balance of 11 driver demerit points, a fee of $625 shall be assessed.

5. For a person whose driver's record shows a balance of 12 or more driver demerit points, a fee of $700 shall be assessed.
E. The Department may, by regulation, provide for payment options by which persons assessed fees under this section may pay such fees in installments.

F. If any assessment made under this section remains unpaid 60 days following the date on which the notice of assessment was mailed and no arrangements have been made with the Department for payment of such assessment in installments as authorized herein, the Department shall, pursuant to Article 1 (§ 46.2-300 et seq.) of Chapter 3 of this title, suspend the driver's license of the person against whom the assessment was imposed and the Commissioner may institute civil proceedings in any court of competent jurisdiction to recover any such fees. Jurisdiction for assessments under this section shall be in the jurisdiction where the person resides as indicated in the records of the Department. The Commissioner shall be entitled to collect all costs of collection, including but not limited to attorney fees.

G. In the event that a person disputes a conviction on his driver record based upon identity, if the person presents the Department a certified copy of a petition to a court of competent jurisdiction seeking to vacate an order of such conviction, the Department shall suspend the imposition of the assessment. Such suspension shall be valid for one year from the date of commencement or until 30 days after an entry of a final order on such petition, whichever first occurs.

H. The clerk of the court shall return revenues collected pursuant to subsection C to the state treasury for deposit by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1, and the Comptroller shall deposit revenues generated under subsection D into said Fund. Revenues deposited into the Transportation Trust Fund pursuant to this section shall be allocated pursuant to subsection B of § 33.1-23.03:2. For the revenues generated pursuant to subsection D, the Commissioner of the Department of Motor Vehicles shall make such written certifications as are necessary for the Comptroller to make the required deposits into the Transportation Trust Fund as soon as practicable.

§ 46.2-694. Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Twenty-three Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

2. Twenty-eight Thirty-eight dollars for each passenger car or motor home which weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults including the driver if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than $23 $33 if the vehicle weighs 4,000 pounds or less or $28 $38 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than $23 $33 if the vehicle weighs 4,000 pounds or less or $28 $38 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three Thirty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen Twenty-three dollars plus $ 0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 of this subsection on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional $5 shall be charged if the motor vehicle weighs more than 4,000 pounds.

7. Thirteen Twenty-three dollars plus $ 0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be
licensed under this subsection. An additional $5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of $0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the United States Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than $33.

For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. **Thirteen Twenty-three** dollars plus $0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of $5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

9. **Twenty-three Thirty-three** dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of $5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

10. **Eighteen Twenty-eight** dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of $3 which shall be distributed as provided in § 46.2-1191.

11. **Twenty-three Thirty-three** dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be $28 $38.

12. **Thirteen Twenty-three** dollars plus $0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of $4 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. All funds collected pursuant to this subdivision shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for
distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to
the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;
d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical
Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is
registered, to provide funding for training of volunteer or salaried emergency medical service personnel
of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment
and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these
funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be
in addition to any local appropriations and local governing bodies shall not use these funds to supplant
local funds. Each local governing body shall report annually to the Board of Health on the use of the
funds returned to it pursuant to this section. In any case in which the local governing body grants the
funds to a regional emergency medical services council to be distributed to the licensed, nonprofit
emergency medical and rescue services, the local governing body shall remain responsible for the proper
use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality
pursuant to this section for that year has not been received from a local governing body, any funds due to
that local governing body for the next fiscal year shall be retained until such time as the report has been
submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646
shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or
§ 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the
number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required
by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is
sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the
Commissioner or to his authorized agent.

§ 46.2-694.1. Fees for trailers and semitrailers not designed and used for transportation of
passengers.

Unless otherwise specified in this title, the registration fees for trailers and semitrailers not designed
and used for the transportation of passengers on the highways in the Commonwealth shall be as follows:

paid by the Department into the state treasury and set aside for the payment of the administrative costs of
the safety inspection program provided for in Article 21 (§ 46.2-1157 et seq.) of Chapter 10 of this title:
(i) from each one-year registration fee, one dollar and fifty cents; (ii) from each two-year registration fee,

A. Except as otherwise provided in this section, the fee for registration of all motor vehicles not
designed and used for the transportation of passengers shall be thirteen dollars $23 plus an amount
determined by the gross weight of the vehicle or combination of vehicles of which it is a part, when
loaded to the maximum capacity for which it is registered and licensed, according to the schedule of fees
set forth in this section. For each 1,000 pounds of gross weight, or major fraction thereof, for which any
such vehicle is registered, there shall be paid to the Commissioner the fee indicated in the following
schedule immediately opposite the weight group and under the classification established by the
provisions of subsection B of § 46.2-711 into which such vehicle, or any combination of vehicles of which it is a part, falls when loaded to the maximum capacity for which it is registered and licensed. The fee for a pickup or panel truck shall be twenty-three dollars $33 if its gross weight is 4,000 pounds or less, and twenty-eight dollars $38 if its gross weight is 4,001 pounds through 6,500 pounds. The fee shall be twenty-nine dollars $39 for any motor vehicle with a gross weight of 6,501 pounds through 10,000 pounds.

For all such motor vehicles exceeding a gross weight of 6,500 pounds, an additional fee of five dollars shall be imposed.

B. In lieu of registering any motor vehicle referred to in this section for an entire licensing year, the owner may elect to register the vehicle only for one or more quarters of a licensing year, and in such case, the fee shall be twenty-five percent of the annual fee plus five dollars for each quarter that the vehicle is registered.

C. When an owner elects to register and license a motor vehicle under subsection B of this section, the provisions of §§ 46.2-646 and 46.2-688 shall not apply.
D. Notwithstanding any other provision of law, no vehicle designed, equipped, and used to tow disabled or inoperable motor vehicles shall be required to register in accordance with any gross weight other than the gross weight of the towing vehicle itself, exclusive of any vehicle being towed.

E. All registrations and licenses issued for less than a full year shall expire on the date shown on the license and registration.

§ 46.2-698. Fees for farm vehicles.
A. The fees for registration of farm motor vehicles having gross weights of 7,500 pounds or more, when such vehicles are used exclusively for farm use as defined in this section, shall be one-half of the fee per 1,000 pounds of gross weight for private carriers as calculated under the provisions of § 46.2-697 and one-half of the fee for overload permits under § 46.2-1128, but the annual registration fee to be paid for each farm vehicle shall not be less than $15.

B. A farm motor vehicle is used exclusively for farm use:
1. When owned by a person who is engaged either as an owner, renter, or operator of a farm of a size reasonably requiring the use of such vehicle or vehicles and when such vehicle is:
   a. Used in the transportation of agricultural products of the farm he is working to market, or to other points for sale or processing, or when used to transport materials, tools, equipment, or supplies which are to be used or consumed on the farm he is working, or when used for any other transportation incidental to the regular operation of such farm;
   b. Used in transporting forest products, including forest materials originating on a farm or incident to the regular operation of a farm, to the farm he is working or transporting for any purpose forest products which originate on the farm he is working; or
   c. Used in the transportation of farm produce, supplies, equipment, or materials to a farm not worked by him, pursuant to a mutual cooperative agreement.
2. When the nonfarm use of such motor vehicle is limited to the personal use of the owner and his immediate family in attending church or school, securing medical treatment or supplies, or securing other household or family necessities.
C. As used in this section, the term “farm” means one or more areas of land used for the production, cultivation, growing, or harvesting of agricultural products, but does not include a tree farm that is not also a nursery or Christmas tree farm, unless it is part of what otherwise is a farm. As used in this section, the term “agricultural products” means any nursery plants; Christmas trees; horticultural, viticultural, and other cultivated plants and crops; aquaculture; dairy; livestock; poultry; bee; or other farm products.

D. The first application for registration of a vehicle under this section shall be made on forms provided by the Department and shall include:
1. The location and acreage of each farm on which the vehicle to be registered is to be used;
2. The type of agricultural commodities, poultry, dairy products or livestock produced on such farms and the approximate amounts produced annually;
3. A statement, signed by the vehicle's owner, that the vehicle to be registered will only be used for one or more of the purposes specified in subsection B of this section; and
4. Other information required by the Department.

The above information is not required for the renewal of a vehicle's registration under this section.
E. The Department shall issue appropriately designated license plates for those motor vehicles registered under this section. The manner in which such license plates are designated shall be at the discretion of the Commissioner.
F. The owner of a farm vehicle shall inform the Commissioner within 30 days or at the time of his next registration renewal, whichever comes first, when such vehicle is no longer used exclusively for farm use as defined in this section, and shall pay the appropriate registration fee for the vehicle based on its type of operation. It shall constitute a Class 2 misdemeanor to: (i) operate or to permit the operation of any farm motor vehicle for which the fee for registration and license plates is herein prescribed on any highway in the Commonwealth without first having paid the prescribed registration fee; or (ii) operate or permit the operation of any motor vehicle, registered under this section, for purposes other than as provided under subsection B of this section; or (iii) operate as a for-hire vehicle.
G. Nothing in this section shall affect the exemptions of agricultural and horticultural vehicles under §§ 46.2-664 through 46.2-670.

H. Notwithstanding other provisions of this section, vehicles licensed under this section may be used by volunteer rescue squad members and volunteer firefighters in responding to emergency calls, in reporting for regular duty, and in attending squad meetings and drills.

§ 46.2-700. Fees for vehicles for transporting well-drilling machinery and specialized mobile equipment.

A. The fee for registration of any motor vehicle, trailer, or semitrailer on which well-drilling machinery is attached and which is permanently used solely for transporting the machinery shall be $25.

B. The fee for the registration of specialized mobile equipment shall be $25. “Specialized mobile equipment” shall mean any self-propelled motor vehicle manufactured for a specific purpose, other than for the transportation of passengers or property, which is used on a job site and whose movement on any highway is incidental to the purpose for which it was designed and manufactured. The vehicle must be constructed to fall within all size and weight requirements as contained in §§ 46.2-1105, 46.2-1110, 46.2-1113 and Article 17 (§ 46.2-1122 et seq.) of Chapter 10 of this title and must be capable of maintaining sustained highway speeds of 40 miles per hour or more. Vehicles registered under this section shall be exempt from the requirements of § 46.2-1157. Nothing in this subsection shall be construed as prohibiting the transportation on specialized mobile equipment of safety equipment, including but not limited to highway traffic safety cones, to be used on a job site.

C. Specialized mobile equipment which cannot maintain a sustained highway speed in excess of 40 miles per hour, and trailers or semitrailers which are designed and manufactured for a specific purpose and whose movement on the highway is incidental to the purpose for which it was manufactured and which are not designed or used to transport persons or property, shall not be required to be registered under this chapter.

§ 46.2-702.1. Distribution of certain revenue.

An amount equivalent to the net additional revenues generated by increases in the registration fees under §§ 46.2-694, 46.2-694.1, 46.2-697, 46.2-698, 46.2-700, and 46.2-730 pursuant to enactments of the 2006 Session of the General Assembly, shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2.

§ 46.2-730. License plates for antique motor vehicles and antique trailers; fee.

A. On receipt of an application, the Commissioner shall issue appropriately designed license plates to owners of antique motor vehicles and antique trailers. These license plates shall be valid so long as title to the vehicle is vested in the applicant. The fee for the registration card and license plates of any of these vehicles shall be $20.

B. On receipt of an application, the Commissioner may authorize for use on antique motor vehicles and antique trailers Virginia license plates manufactured prior to 1976 and designed for use without decals, if such license plates are embossed with or are of the same year of issue as the model year of the antique motor vehicle or antique trailer on which they are to be displayed. Original metal year tabs issued in place of license plates for years 1943 and 1953 and used with license plates issued in 1942 and 1952, respectively, also may be authorized by the Commissioner for use on antique motor vehicles and antique trailers that are of the same model year as the year the metal tab was originally issued. These license plates and metal tabs shall remain valid so long as title to the vehicle is vested in the applicant. The fee for the registration card and permission to use the license plates and metal tabs on any of these vehicles shall be $20.

C. Notwithstanding the provisions of §§ 46.2-711 and 46.2-715, antique motor vehicles may display single license plates if the original manufacturer's design of the antique motor vehicles allows for the use of only single license plates or if the license plate was originally issued in one of the following years and is displayed in accordance with the provisions of subsection B of this section: 1906, 1907, 1908, 1909, 1945, or 1946.
D. Except as provided in subsection E of this section, motor vehicles and trailers registered with license plates issued under this section shall not be used for general transportation purposes, including, but not limited to, daily travel to and from the owner's place of employment, but shall only be used:

1. For participation in club activities, exhibits, tours, parades, and similar events; and
2. On the highways of the Commonwealth for the purpose of testing their operation, obtaining repairs or maintenance, transportation to and from events as described in subdivision 1 of this subsection, and for occasional pleasure driving not exceeding 250 miles from the residence of the owner.

E. Notwithstanding the foregoing provision of this section, antique motor vehicles and antique trailers displaying license plates issued pursuant to subsections B and C of this section may be used for general transportation purposes if the following conditions are met:

1. The physical condition of the vehicle's license plate or plates has been inspected and approved by the Department;
2. The license plate or plates are registered to the specific vehicle by the Department;
3. The owner of the vehicle periodically registers the vehicle with the Department and pays a registration fee for the vehicle equal to that which would be charged to obtain regular state license plates for that vehicle;
4. The vehicle passes a periodic safety inspection as provided in Article 21 (§ 46.2-1157 et seq.) of Chapter 10 of this title;
5. The vehicle displays current decals attached to the license plate, issued by the Department, indicating the valid registration period for the vehicle; and
6. When applicable, the vehicle meets the requirement of Article 22 (§ 46.2-1176 et seq.) of Chapter 10 of this title.

If more than one request is made for use, as provided in this subsection, of license plates having the same number, the Department shall accept only the first such application. Only vehicles titled to the person seeking to use license plates as provided in this subsection shall be eligible to use license plates as provided in this subsection.

F. Nothing in this section shall be construed as prohibiting the use of an antique motor vehicle to tow a trailer or semitrailer.

§ 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts; disposition of revenues; requiring evidence of payment of personal property taxes and certain fines; prohibiting display of licenses after expiration; failure to display valid local license required by other localities; penalty.

A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and license fees shall be assessed or charged by any county on vehicles owned by residents of any town located in the county when such town constitutes a separate school district if the vehicles are already subject to town license fees and taxes, nor shall a town charge a license fee to any new resident of the town, previously a resident of a county within which all or part of the town is situated, who has previously paid a license fee for the same tax year to such county. The amount of the license fee or tax imposed by any county, city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the amount of the license tax imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer. The license fees and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for fractional periods of years, as the proper local authorities may determine. Local licenses may be issued free of charge for any or all of the following:

1. Vehicles powered by clean special fuels as defined in § 46.2-749.3, including dual-fuel and bi-fuel vehicles,
2. Vehicles owned by volunteer rescue squads,
3. Vehicles owned by volunteer fire departments,
4. Vehicles owned or leased by active members or active auxiliary members of volunteer rescue squads,
5. Vehicles owned or leased by active members or active auxiliary members of volunteer fire departments,
6. Vehicles owned or leased by auxiliary police officers,
7. Vehicles owned or leased by volunteer police chaplains,
8. Vehicles owned by surviving spouses of persons qualified to receive special license plates under § 46.2-739,
9. Vehicles owned or leased by auxiliary deputy sheriffs or volunteer deputy sheriffs,
10. Vehicles owned by persons qualified to receive special license plates under § 46.2-739,
11. Vehicles owned by any of the following who served at least 10 years in the locality: former members of volunteer rescue squads, former members of volunteer fire departments, former auxiliary police officers, former volunteer police chaplains, and former volunteer special police officers appointed under § 15.2-1737. In the case of active members of volunteer rescue squads and volunteer fire departments, applications for such licenses shall be accompanied by written evidence, in a form acceptable to the locality, of their active membership, and no member shall be issued more than one such license free of charge, or
12. All vehicles having a situs for the imposition of licensing fees under this section in the locality.

The governing body of any county, city, or town issuing licenses under this section may by ordinance provide for a 50 percent reduction in the fee charged for the issuance of any such license issued for any vehicle owned or leased by any person who is 65 years old or older. No such discount, however, shall be available for more than one vehicle owned or leased by the same person.

The governing body of any county, city, or town issuing licenses free of charge under this subsection may by ordinance provide for (i) the limitation, restriction, or denial of such free issuance to an otherwise qualified applicant, including without limitation the denial of free issuance to a taxpayer who has failed to timely pay personal property taxes due with respect to the vehicle and (ii) the grounds for such limitation, restriction, or denial.

The situs for the imposition of licensing fees under this section shall in all cases, except as hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or semitrailer is normally garaged, stored, or parked. If it cannot be determined where the personal property is normally garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the owner of the motor vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of such student, provided the student has presented sufficient evidence that he has paid a personal property tax on the motor vehicle in his domicile.

B. Except as provided in this subsection, subsection L, and § 46.2-753, all revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes. However, if a county, city, or town imposes a license fee or tax pursuant to this section in excess of the maximum amount authorized as of June 30, 2006, an amount approximately equal to one-half of the revenues collected by the county, city, or town that are attributable to the increase in such fee or tax above such maximum amount shall be used by the county, city, or town for local or regional projects directly relating to transportation, including debt service payments on any obligations authorized and issued on or after July 1, 2006.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. Any county having a population of at least 24,000, but no more than 24,600, or having a population of at least 39,550, but no more than 41,550, may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued
under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees, payable to a county for waste disposal services described herein, shall be paid to the treasurer of such county; however, in any county with a population between 39,550 and 41,550, the fee shall be paid to the county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing parking of vehicles have been paid. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D of this section. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E of this section, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A of this section. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer to fail to obtain and display the local license required by any ordinance of the county, city or town in which the vehicle is registered or to display upon a motor vehicle, trailer, or semitrailer any such local license after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. Beginning October 1, 1992, the treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city or town any local vehicle license fees or delinquent tangible personal property tax or parking citations issued only to residents of such county, city, or town. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such
local vehicle license fees and delinquent taxes or parking citations have been paid in full. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than $1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters' and Rescue Squad Workers' Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or rescue squads within the jurisdiction of the particular county, city, or town.

§ 46.2-753. Additional license fees in certain localities.

Notwithstanding any other provision of law, the governing bodies of Alexandria, Arlington, Fairfax County, Fairfax City, and Falls Church are authorized to charge annual license fees, in addition to those specified in § 46.2-752, on passenger cars not used for the transportation of passengers for compensation. The additional fee shall be no more than five dollars. The total local license fee shall be no more than twenty-five dollars $35 on any vehicle and this license fee shall not be imposed on any motor vehicle exempted under § 46.2-739.
The governing bodies are also authorized to charge additional annual license fees on the motor vehicles, trailers, and semitrailers as specified in § 46.2-697 in an amount of no more than five dollars for each such vehicle. This authorization shall not increase the maximum chargeable by more than five dollars or affect any existing exemption.

Any funds acquired in excess of those allowed by § 46.2-752, shall be allocated to the Northern Virginia Transportation Commission to be a credit to that jurisdiction making the payment for its share of any operating deficit assigned to it by the Washington Metropolitan Area Transit Authority. However, if any of such counties or cities charge a license fee pursuant to this section that is in excess of the maximum amount authorized as of June 30, 2006, an amount approximately equal to one-half of the revenues collected by the county or city that is attributable to the increase in such license fee above such maximum amount shall be used by the county or city for local or regional projects directly relating to transportation, including debt service payments on any obligations authorized and issued on or after July 1, 2006.

§ 46.2-1135. Liquidated damages for violation of weight limits.

A. Any person violating any weight limit as provided in this chapter or in any permit issued pursuant to Article 18 (§ 46.2-1139 et seq.) of this chapter by the Department or its designee or by local authorities pursuant to this chapter shall be assessed liquidated damages. The amount of those damages shall be:

All gross permit violations shall be assessed $.20 per pound over the permitted weight limit.

In addition to all damages assessed herein, for every violation of any weight limit as provided in this chapter or in any permit issued pursuant to Article 18 (§ 46.2-1139 et seq.) of this chapter there shall be assessed additional liquidated damages of $20.

If a person has no prior violations under the motor vehicle weight laws, and the excess weight does not exceed 2,500-3,500 pounds, the general district court may waive the liquidated damages against such person. Except as provided by § 46.2-1138, such assessment shall be entered by the court or by the Department as a judgment for the Commonwealth, the entry of which shall constitute a lien upon the overweight vehicle. Except as provided by § 46.2-1138, such sums shall be paid to the Department or collected by the attorney for the Commonwealth and forwarded to the State Treasurer and allocated to the fund appropriated for the construction and maintenance of state highways.
B. If the gross weight of the vehicle exceeds lawful limits by at least 25 percent but no more than 50 percent, the amount of the liquidated damages shall be two times the amount provided for in the foregoing provisions of this section; if the gross weight of the vehicle exceeds lawful limits by more than 50 percent, the amount of the liquidated damages shall be three times the amount provided for in the foregoing provisions of this section. The provisions of this subsection shall not apply to pickup or panel trucks.

C. The increases in the liquidation damages under subsection A pursuant to enactments of the 2006 Session of the General Assembly shall not be applicable to any motor vehicle hauling forest products from the place where such products are first produced, cut, harvested, or felled to the location where they are first processed. Notwithstanding any other provision in this section, except as provided by § 46.2-1138, the revenues generated by the increases in the liquidated damages under this section pursuant to enactments of the 2006 Session of the General Assembly shall be paid to the Department or collected by the attorney for the Commonwealth and forwarded to the State Treasurer and deposited into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2. For the revenues paid to the Department, the Commissioner of the Department shall make such written certifications as are necessary for the Comptroller to make the required deposit into the Transportation Trust Fund under this subsection as soon as practicable.

§ 58.1-802. Additional tax paid by grantor; collection.

A. In addition to any other tax imposed under the provisions of this chapter, a tax is hereby imposed on each deed, instrument, or writing by which lands, tenements or other realty sold is granted, assigned, transferred, or otherwise conveyed to, or vested in the purchaser, or any other person, by such purchaser's direction. The rate of the tax, when the consideration or value of the interest exceeds $100, shall be 50 cents for each $500 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance. No increase in the city or county recordation tax authorized by § 58.1-814 shall be deemed authorized by this section.

The tax imposed by this section shall be paid by the grantor, or any person who signs on behalf of the grantor, of any deed, instrument or writing subject to the tax imposed by this section.

No such deed, instrument or other writing shall be admitted to record without certification of the clerk of the court wherein first recorded having been affixed thereto that the tax imposed by this section has been paid. The clerk shall include within the certificate the amount of such tax collected thereon.

B. Taxes imposed by this section shall be collected as provided in § 58.1-812 and the clerk shall return taxes collected hereunder one-half into the state treasury and one-half into the treasury of the locality at the rate of 25 cents for each $100 of value as determined pursuant to subsection A, with the remainder of such tax collected returned into the state treasury. At least 80% of the taxes returned into the treasury of the locality pursuant to this section shall be used for local or regional projects directly relating to transportation.

The local portion of the tax imposed by this section on property which is located in more than one jurisdiction shall be collected by the clerk in proportion to the value of the property located in each such locality when recorded therein.

Every clerk of court collecting taxes under this section for the county or city which he serves shall be entitled to compensation for such service at five percent of the amount so collected and paid, with such compensation based on a rate of 10 cents for each $100 of value as determined pursuant to subsection A.

58.1-802.1. Additional local tax paid by grantor; collection.

In addition to the tax imposed by § 58.1-802, the council of any city and the governing body of any county may, by ordinance, impose a tax on each deed, instrument, or writing by which lands, tenements or other realty sold is granted, assigned, transferred, or otherwise conveyed to, or vested in the purchaser, or any other person, by such purchaser's direction. The rate of the tax, when the consideration or value of the interest exceeds $100, shall be 10 cents for each $100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.
The tax authorized under this section shall be paid by the grantor, or any person who signs on behalf of the grantor, of any deed, instrument or writing subject to the tax imposed by this section. The tax shall be collected pursuant to subsection B of § 58.1-802. The clerk shall return any taxes collected hereunder into the treasury of the locality, and such funds shall be used for local or regional projects directly relating to transportation, including debt service payments on any obligations authorized and issued on or after July 1, 2006.

A. The taxes imposed by §§ 58.1-801 and 58.1-807 shall not apply to any deed conveying real estate or lease of real estate:

1. To an incorporated college or other incorporated institution of learning not conducted for profit, where such real estate is intended to be used for educational purposes and not as a source of revenue or profit;

2. To an incorporated church or religious body or to the trustee or trustees of any church or religious body, or a corporation mentioned in § 57-16.1, where such real estate is intended to be used exclusively for religious purposes, or for the residence of the minister of any such church or religious body;

3. To the United States, the Commonwealth, or to any county, city, town, district or other political subdivision of the Commonwealth;

4. To the Virginia Division of the United Daughters of the Confederacy;

5. To any nonstock corporation organized exclusively for the purpose of owning or operating a hospital or hospitals not for pecuniary profit;

The tax imposed under this section shall be in addition to all other taxes and fees of every kind now imposed by law.

B. The tax imposed under subsection A shall be imposed at a cents per gallon rate determined by the Commissioner. Such tax shall be imposed at a cents per gallon rate equal to 5% of the statewide average retail price of a gallon of self-serve unleaded regular gasoline for the applicable base period, excluding federal and state excise taxes, as determined by the Commissioner rounded up to the nearest one-tenth of one cent.

In computing the cents per gallon tax, the Commissioner shall use two base periods. The period from April 1 through September 30 shall be the base period for purposes of determining the cents per gallon tax for the immediately following period beginning January 1 and ending through June 30, inclusive. The period from October 1 through March 31 shall be the base period for purposes of determining the cents per gallon tax for the immediately following period beginning July 1 and ending through December 31, inclusive.

D. The tax imposed under subsection A shall be due and paid by such licensee or person at the same time that the tax under § 58.1-2217 or 58.1-2249, as applicable, is due. All provisions of this chapter including but not limited to return filing and reporting requirements, payment requirements and due dates for payment of tax, requirements to precollect tax, late payment penalties and interest, jeopardy assessments, civil penalties, discounts, deductions, and exemptions from tax shall apply mutatis mutandis to the additional tax imposed under this section.

§ 58.1-2289. Disposition of tax revenue generally.

A. Unless Except as otherwise provided in subsection F and elsewhere in this section, all taxes and fees, including civil penalties, collected by the Commissioner pursuant to this chapter, less a reasonable amount to be allocated for refunds, shall be promptly paid into the state treasury and shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. Except as provided in subsection F and § 33.1-23.03:1, no portion of the revenue derived from taxes collected pursuant to §§ 58.1-2217, 58.1-2249 or § 58.1-2701, and remaining after authorized refunds for nonhighway use of fuel, shall be used for any purpose other than the construction, reconstruction or maintenance of the roads and projects comprising the State Highway System, the Interstate System and the secondary system of state highways and expenditures directly and necessarily required for such purposes, including the retirement of revenue bonds.

Revenues Except as provided in subsection F, revenues collected under this chapter may be also used for (i) contributions toward the construction, reconstruction or maintenance of streets in cities and towns of such sums as may be provided by law and (ii) expenditures for the operation and maintenance of the Department of Transportation, the Department of Rail and Public Transportation, the Department of Aviation, the Virginia Port Authority, and the Department of Motor Vehicles as may be provided by law.

The Governor is hereby authorized to transfer out of such fund an amount necessary for the inspection of gasoline and motor grease measuring and distributing equipment, and for the inspection and analysis of gasoline for purity.

B. The Except as provided in subsection F, the tax collected on each gallon of aviation fuel sold and delivered or used in this Commonwealth, less refunds, shall be paid into a special fund of the state treasury. Proceeds of this special fund within the Commonwealth Transportation Fund shall be disbursed upon order of the Department of Aviation, on warrants of the Comptroller, to defray the cost of the
administration of the laws of this Commonwealth relating to aviation, for the construction, maintenance and improvement of airports and landing fields to which the public now has or which it is proposed shall have access, and for the promotion of aviation in the interest of operators and the public generally.

C. One-half cent of the tax collected on each gallon of fuel on which a refund has been paid at the rate of seventeen cents per gallon, or in the case of diesel fuel, fifteen and one-half cents per gallon for gasoline, gasohol, diesel fuel, blended fuel, and alternative fuel, for fuel consumed in tractors and unlicensed equipment used for agricultural purposes shall be paid into a special fund of the state treasury, known as the Virginia Agricultural Foundation Fund, to be disbursed to make certain refunds and defray the costs of the research and educational phases of the agricultural program, including supplemental salary payments to certain employees at Virginia Polytechnic Institute and State University, the Department of Agriculture and Consumer Services and the Virginia Truck and Ornamentals Research Station, including reasonable expenses of the Virginia Agricultural Council.

D. One and one-half cents of the tax collected on each gallon of fuel used to propel a commercial watercraft upon which a refund has been paid shall be paid to the credit of the Game Protection Fund of the state treasury to be made available to the Board of Game and Inland Fisheries until expended for the purposes provided generally in subsection C of § 29.1-701, including acquisition, construction, improvement and maintenance of public boating access areas on the public waters of this Commonwealth and for other activities and purposes of direct benefit and interest to the boating public and for no other purpose. However, one and one-half cents per gallon on fuel used by commercial fishing, oystering, clamming, and crabbing boats shall be paid to the Department of Transportation to be used for the construction, repair, improvement and maintenance of the public docks of this Commonwealth used by said commercial watercraft. Any expenditures for the acquisition, construction, improvement and maintenance of the public docks shall be made according to a plan developed by the Virginia Marine Resources Commission.

From the tax collected pursuant to the provisions of this chapter from the sales of gasoline used for the propelling of watercraft, after deduction for the additional applicable revenues generated by increases in the rates of taxes and the imposition of new taxes under this chapter pursuant to enactments of the 2006 Session of the General Assembly and after deduction for lawful refunds, there shall be paid into the state treasury for use by the Marine Resources Commission, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Commonwealth Transportation Board to (i) improve the public docks as specified in this section, (ii) improve commercial and sports fisheries in Virginia's tidal waters, (iii) make environmental improvements including, without limitation, fisheries management and habitat enhancement in the Chesapeake and its tributaries, and (iv) further the purposes set forth in § 33.1-223, a sum as established by the General Assembly.

E. Notwithstanding other provisions of this section, there shall be transferred from moneys collected pursuant to this section to a special fund within the Commonwealth Transportation Fund in the state treasury, to be used to meet the necessary expenses of the Department of Motor Vehicles, an amount equal to one percent of a sum to be calculated as follows: the tax revenues collected pursuant to this chapter, at the tax rates in effect on December 31, 1986, less refunds authorized by this chapter and less taxes collected for aviation fuels.

An amount equivalent to the net additional revenues, as determined by the Commissioner, generated by increases in the rates of taxes and the imposition of new taxes under this chapter pursuant to enactments of the 2006 Session of the General Assembly shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2.

The Commissioner shall provide a monthly certification to the Comptroller reporting such net additional revenues generated in the preceding month. The certification for each month shall be provided to the Comptroller no later than the twentieth of the immediately following month. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. The revenue so derived, after refunds have been deducted, is hereby allocated for the construction, reconstruction and maintenance of highways and the regulation of traffic thereon and for no other purpose. All revenues deposited to the Transportation Trust Fund pursuant to this section shall be allocated pursuant to subsection B of § 33.1-23.03:2.

Evidence of the payment of such tax in such form as may be required by, or is satisfactory to, the Department shall be furnished by each carrier claiming the credit herein allowed.

B. C. The Department may allow a refund upon receipt of proper application and review. It shall be at the discretion of the Department to determine whether an audit is required.

That no city or county shall use the additional revenues returned to the locality pursuant to § 58.1-802 for transportation purposes or authorized to be collected by the locality pursuant to § 58.1-802.1 (pursuant to the third enactment of this act) to reduce its local appropriation for transportation purposes below the amount it appropriated for transportation purposes in its fiscal year beginning on July 1, 2005.

6. That, for purposes of the third enactment of this act, no city or county shall use revenues received for mass transit pursuant to subdivision B 2 a of § 33.1-23.03:2 of the Code of Virginia to reduce its local appropriation for transportation purposes below the amount it appropriated for transportation purposes in its fiscal year beginning on July 1, 2005.

7. That §§ 58.1-901 and 58.1-902 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-901. Definitions.

As used in this chapter, unless the context clearly shows otherwise, the term or phrase:

“Decedent” means a deceased person.

“Federal credit” means the maximum amount of the credit for state death taxes allowable by § 2011 of the United States Internal Revenue Code of 1954, as amended or renumbered, or successor provision, in respect to a decedent's taxable estate. The term “maximum amount” shall be construed as to take full advantage of such credit as the laws of the United States may allow. In no event, however, shall such amount be less than the federal credit allowable by § 2011 of the Internal Revenue Code as it existed on January 1, 1978.

“Gross estate” means “gross estate” as defined in § 2031 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

“Interest in a closely held business” means an “interest in a closely held business” as defined in § 6166 of the United States Internal Revenue Code of 1986, as amended or renumbered, or the successor provision of the laws of the United States.

“Nonresident” means a decedent who was domiciled outside of the Commonwealth of Virginia at his death.

“Personal representative” means the personal representative of the estate of the decedent, appointed, qualified and acting within the Commonwealth, or, if there is no personal representative appointed, qualified and acting within the Commonwealth, then any person in actual or constructive possession of the Virginia gross estate of the decedent.

“Resident” means a decedent who was domiciled in the Commonwealth of Virginia at his death.

“State” means any state, territory or possession of the United States and the District of Columbia.

“Taxable estate” means “taxable estate” as defined in § 2051 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

“Value” means “value” as finally determined for federal estate tax purposes under the laws of the United States relating to federal estate taxes.

“Working farm” means an interest in a closely held business that operates as an active trade or business for agricultural purposes.

Any reference in this chapter to the laws of the United States relating to federal estate and gift taxes means the provisions of the Internal Revenue Code of 1954, and amendments thereto, and other provisions of the laws of the United States relating to federal estate and gift taxes, as the same may be or become effective at any time or from time to time.

§ 58.1-902. Tax on transfer of taxable estate of residents; amounts; credit; property of resident defined.

A. 1. For deaths occurring before December 31, 2006, a tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident, subject, where applicable, to the credit provided for in subsection B.

2. For deaths occurring on or after December 31, 2006, a tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident whose gross estate exceeds $10 million, subject, where applicable, to the credit provided for in subsection B. However, no tax shall be imposed on
a gross estate if the majority of the assets of the total estate are an interest in a closely held business or a working farm.

B. If the real and tangible personal property of a resident is located outside of the Commonwealth and is subject to a death tax imposed by another state for which a credit is allowed under § 2011 of the Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States relating to federal estate taxes, the amount of tax due under this section shall be credited with the lesser of:

1. The amount of the death tax paid the other state and credited against the federal estate tax; or
2. An amount computed by multiplying the federal credit by a fraction, the numerator of which is the value of that part of the gross estate over which another state or states have jurisdiction to the same extent to which Virginia would exert jurisdiction under this chapter with respect to the residents of such other state or states and the denominator of which is the value of the decedent's gross estate.

C. Property of a resident includes:

1. Real property situated in the Commonwealth of Virginia;
2. Tangible personal property having an actual situs in the Commonwealth of Virginia; and
3. Intangible personal property owned by the resident regardless of where it is located.

8. That §§ 58.1-512 and 58.1-513 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-512. Land preservation tax credits for individuals and corporations.

A. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, and in limited circumstances against the tax liability imposed pursuant to Chapter 9 (§ 58.1-900 et seq.) as such circumstances are provided in subsection D of § 58.1-513, an aggregate amount equal to the lesser of $600,000 or 50 percent of the fair market value of any land or interest in land located in Virginia which is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation in perpetuity by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes.

In determining the fair market value of any land, or any interest therein, so conveyed, for purposes of the credit under this article, no value shall be included for any structures or other improvements to land.

The maximum annual amount of credit that may be claimed under this article for such conveyances shall be as provided in subdivision C 1.

B. The fair market value of qualified donations made under this section shall be substantiated by a “qualified appraisal” prepared by a “qualified appraiser,” as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by U.S. Internal Revenue Code § 170 (e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

The appraisal estimating the value of any donation upon which credits are to be based shall employ proper methodology and be appropriately supported by market evidence. The Department of Taxation shall establish and make publicly available guidelines that incorporate, as applicable (without limitation), requirements under § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended, and the Uniform Standards of Professional Appraisal Practice (USPAP). The Department shall update the
guidelines as necessary as determined by the Tax Commissioner. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

Notwithstanding any other provision of law, the fair market value of a qualified donation shall not exceed the value for the highest and best use for which the property is adaptable and needed or likely to be needed in the reasonably near future. In any review or appeal before the Tax Commissioner or in any court of the Commonwealth in which the fair market value is being contested, the burden of proof shall be on the taxpayer to show there is a reasonable probability that (i) the property is physically adaptable for the highest and best use that is proposed in the appraisal and (ii) there is a need or demand for such use in the reasonably near future in the immediate area in which the property is located.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed $50,000 for 2000 taxable years, $75,000 for 2001 taxable years, and $100,000 for 2002 taxable years and thereafter. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit which is unused in any one taxable year may be carried over for a maximum of five consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance in perpetuity of a fee interest in real property or a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended. Qualified donations shall not include the conveyance of a fee interest, or a less than fee interest, in real property that has been dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits.

3. a. Notwithstanding any other provision under this article, credit against the tax liability imposed by § 58.1-320 or 58.1-400 shall be allowed only for land or an interest in land that (i) meets guidelines of objective criteria established by the Virginia Land Conservation Foundation or (ii) the Secretary of Natural Resources has otherwise determined provides exceptional benefit to the Commonwealth in cases in which any land or interest therein does not meet the objective criteria established by the Virginia Land Conservation Foundation. Prior to making the determination described in clause (ii), the Secretary shall provide written notice (describing in detail the exceptional benefit to the Commonwealth of the land that is the subject of the donation) to the Chairmen of the Senate Committee on Finance and the House Committee on Appropriations for their review. After the expiration of 30 days from the date of such notice, the Secretary may make the determination described under clause (ii).

b. The objective criteria established by the Virginia Land Conservation Foundation shall describe (i) the objective characteristics of land that has important conservation values including but not limited to land that is located within the Chesapeake Bay watershed or that is “real estate devoted to open-space use” as defined in § 58.1-3230 but not including clause (vii) of such definition; (ii) the objective attributes of a donee with a commitment to preserving the conservation values of land; and (iii) the terms of donations that are required for different types of land in order to provide an appropriate level of protection for the conservation values of land, including reasonable agricultural best management practices and appropriate forest management plans. Such criteria shall incorporate, as applicable (without limitation), requirements under the Open-Space Land Act (§ 10.1-1700 et seq.), the Virginia Conservation Easement Act (§ 10.1-1009 et seq.), and § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended.

4. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

In addition, if credit under this article is allowed for a portion of a recorded parcel of land, no credit shall be allowed for any other portion of such parcel until at least 15 years have elapsed from the time of donation. This prohibition shall not apply if (i) all owners of the parcel who have been allowed credit for
a qualified donation are not affiliated with the person or entity seeking credit for a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

Pursuant to the criteria set forth in this subdivision, the Department of Taxation shall establish and make publicly available guidelines that describe the property and the circumstances under which donations of such property shall not be qualified donations. The Department shall update the guidelines as necessary as determined by the Tax Commissioner. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

§ 58.1-513. Limitations; transfer of credit; gain or loss from tax credit.

A. Any taxpayer claiming a tax credit under this article shall not claim a credit under any similar Virginia law for costs related to the same project. To the extent a credit is taken in accordance with this article, no subtraction allowed for the gain on the sale of (i) land dedicated to open-space use or (ii) an easement dedicated to open-space use under subsection C of § 58.1-322 shall be allowed for three years following the year in which the credit is taken.

B. Any tax credits that arise under this article from the donation of land or an interest in land made by a pass-through tax entity such as a trust, estate, partnership, limited liability company or partnership, limited partnership, subchapter S corporation or other fiduciary shall be used either by such entity if it is the taxpayer on behalf of such entity or by the member, manager, partner, shareholder or beneficiary, as the case may be, in proportion to their interest in such entity in the event that income, deductions and tax liability pass through such entity to such member, manager, partner, shareholder or beneficiary or as set forth in the agreement of said entity. Such tax credits shall not be claimed by both the entity and the member, manager, partner, shareholder or beneficiary for the same donation.

C. Any taxpayer holding a credit person or entity making a qualified donation under this article may transfer any unused but otherwise allowable credit that relates to such qualified donation for use by another taxpayer on Virginia income tax returns. However, any organization described under § 501 (c) of the U.S. Internal Revenue Code of 1986, as amended, shall not be allowed to transfer any credit under this article. A taxpayer person or entity who transfers any amount of credit under this article shall file a notification of such transfer to the Department in accordance with procedures and forms prescribed by the Tax Commissioner.

For purposes of this article, the aggregate amount of unused but otherwise allowable credit that may be transferred and claimed as credit by all taxpayers for any qualified donation means (i) the lesser of $600,000 or 50% of the qualified donation minus (ii) the amount claimed as credit by the person or entity who made such qualified donation.

D. Any unused credit held by an individual at the time of his death may be used by the estate of such person as credit against the tax liability imposed pursuant to Chapter 9 (§ 58.1-900 et seq.) provided that the five-year carryover period described under subdivision C 1 of § 58.1-512 had not elapsed prior to the date of such individual's death. No estate, however, may transfer any unused credit described in this subsection. The use by an estate of any unused credit held by the decedent of the estate shall not be considered a transfer for purposes of this article.

E. To the extent included in and not otherwise subtracted from federal adjusted gross income pursuant to § 58.1-322 or federal taxable income pursuant to § 58.1-402, there shall be subtracted any amount of gain or income recognized by a taxpayer on the application of a tax credit under this article against a Virginia income tax liability.
FE. The transfer of the credit and its application against a tax liability shall not create gain or loss for the transferor or the transferee of such credit.

FG. A pass-through tax entity, such as a partnership, limited liability company or Subchapter S corporation, may appoint a tax matters representative, who shall be a general partner, member/manager or shareholder, and register that representative with the Tax Commissioner. The Tax Commissioner shall be entitled to deal with the tax matters representative as representative of the taxpayers to whom credits have been allocated or transferred by the entity under this article with respect to those credits. In the event a pass-through tax entity allocates or transfers tax credits arising under this article to its partners, members or shareholders and the allocated or transferred credits shall be disallowed, in whole or in part, such that an assessment of additional tax against a taxpayer shall be made, the Tax Commissioner shall first make written demand for payment of any additional tax, together with interest and penalties, from the tax matters representative. In the event such payment demand is not satisfied, the Tax Commissioner shall proceed to collection against the taxpayers in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.) of this title.

9. That the amendments provided in the eighth enactment of this act shall be applicable to any conveyance of property (or the conveyance of any interest in property) under the Virginia Land Conservation Incentives Act of 1999 (§ 58.1-510 et seq. of the Code of Virginia) that is made on or after July 1, 2006, except that (i) the amendments to subsection B of § 58.1-512 of the Code of Virginia shall be applicable to all conveyances, regardless of the date of conveyance, (ii) the amendments to subdivision C 3 of § 58.1-512 of the Code of Virginia shall be applicable to any conveyance of property made on or after January 1, 2007, (iii) the amendments to subdivision C 1 of § 58.1-512 of the Code of Virginia shall be applicable for taxable years beginning on or after January 1, 2006, and (iv) the amendments to subdivision D of § 58.1-513 of the Code of Virginia shall be applicable to estates of persons who die on or after January 1, 2006.

11. That, for purposes of the eighth enactment of this act, the guidelines required under subdivision C 4 of § 58.1-512 of the Code of Virginia shall first be made publicly available no later than October 1, 2006.

12. That §§ 58.1-603, 58.1-604, 58.1-614, and 58.1-638 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-603. Imposition of sales tax.

A. There is hereby levied and imposed, in addition to all other taxes and fees of every kind now imposed by law, a license or privilege tax upon every person who engages in the business of selling at retail or distributing tangible personal property in this Commonwealth, or who rents or furnishes any of the things or services taxable under this chapter, or who stores for use or consumption in this Commonwealth any item or article of tangible personal property as defined in this chapter, or who leases or rents such property within this Commonwealth, in the amount of three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004:

1. Of the gross sales price of each item or article of tangible personal property when sold at retail or distributed in this Commonwealth.

2. Of the gross proceeds derived from the lease or rental of tangible personal property, where the lease or rental of such property is an established business, or part of an established business, or the same is incidental or germane to such business.

3. Of the cost price of each item or article of tangible personal property stored in this Commonwealth for use or consumption in this Commonwealth.

4. Of the gross proceeds derived from the sale of rooms, lodgings or accommodations furnished to transients as set out in the definition of “retail sale” in § 58.1-602.

5. Of the gross sales of any services which are expressly stated as taxable within this chapter.
An additional sales tax of 0.25% is hereby levied and imposed in Arlington County, Fairfax County, the City of Alexandria, the City of Fairfax, and the City of Falls Church. All revenues collected pursuant to this subsection shall be distributed and used as set forth in subsection G of § 58.1-638.

§ 58.1-604. Imposition of use tax.

A. There is hereby levied and imposed, in addition to all other taxes and fees now imposed by law, a tax upon the use or consumption of tangible personal property in this Commonwealth, or the storage of such property outside the Commonwealth for use or consumption in this Commonwealth, in the amount of three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004:

1. Of the cost price of each item or article of tangible personal property used or consumed in this Commonwealth. Tangible personal property which has been acquired for use outside this Commonwealth and subsequently becomes subject to the tax imposed hereunder shall be taxed on the basis of its cost price if such property is brought within this Commonwealth for use within six months of its acquisition; but if so brought within this Commonwealth six months or more after its acquisition, such property shall be taxed on the basis of the current market value (but not in excess of its cost price) of such property at the time of its first use within this Commonwealth. Such tax shall be based on such proportion of the cost price or current market value as the duration of time of use within this Commonwealth bears to the total useful life of such property (but it shall be presumed in all cases that such property will remain within this Commonwealth for the remainder of its useful life unless convincing evidence is provided to the contrary).

2. Of the cost price of each item or article of tangible personal property stored outside this Commonwealth for use or consumption in this Commonwealth.

3. A transaction taxed under § 58.1-603 shall not also be taxed under this section, nor shall the same transaction be taxed more than once under either section.

4. The use tax shall not apply with respect to the use of any article of tangible personal property brought into this Commonwealth by a nonresident individual, visiting in Virginia, for his personal use, while within this Commonwealth.

5. The use tax shall not apply to out-of-state mail order catalog purchases totaling $100 or less during any calendar year.

B. An additional use tax of 0.25% is hereby levied and imposed in Arlington County, Fairfax County, the City of Alexandria, the City of Fairfax, the City of Falls Church. All revenues collected pursuant to this subsection shall be distributed and used as set forth in subsection G of § 58.1-638.

§ 58.1-614. Vending machine sales.

A. Notwithstanding the provisions of §§ 58.1-603 and 58.1-604, whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, as determined by the Tax Commissioner, such dealer shall be required to report his wholesale purchases for sale at retail from vending machines and shall be required to remit an amount based on four and one-half percent through midnight on July 31, 2004, and five percent beginning on and after August 1, 2004, of such wholesale purchases, except that such wholesale purchases shall be taxed at a rate of 5.25% in the localities set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 at any time that the tax set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 is imposed.

B. Notwithstanding the provisions of §§ 58.1-605 and 58.1-606, dealers making sales of tangible personal property through vending machines shall report and remit the one percent local sales and use tax computed as provided in subsection A of this section.

C. The provisions of subsections A and B of this section shall not be applicable to vending machine operators all of whose machines are under contract to nonprofit organizations. Such operators shall report only the gross receipts from machines selling items for more than 10 cents and shall be required to remit an amount based on a percentage of their remaining gross sales established by the Tax Commissioner to take into account the inclusion of sales tax.

D. Notwithstanding any other provisions in this section, when the Tax Commissioner determines that it is impractical to collect the tax in the manner provided by those sections, such dealer shall be
required to remit an amount based on a percentage of gross receipts which takes into account the inclusion of the sales tax.

E. The provisions of this section shall not be applicable to any dealer who fails to maintain records satisfactory to the Tax Commissioner. A dealer making sales of tangible personal property through vending machines shall obtain a certificate of registration under § 58.1-613 in relevant form for each county or city in which he has machines.

§ 58.1-638. Disposition of state sales and use tax revenue; localities' share; Game Protection Fund.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.1-23.03:1. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.5 percent in fiscal year 1998-1999 and 14.7 percent in fiscal year 1999-2000 and thereafter shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of $12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of $2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air
carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than $50,000 nor more than $2 million per year from this provision.

b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA.

c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be used to support the public transportation administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95 percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the local or nonfederal share of capital project costs for public transportation and ridesharing equipment, facilities, and associated costs. Capital costs may include debt service payments on local or agency transit bonds. The term “borne by the locality” means the local share eligible for state assistance consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance received by the locality.

c. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth Transportation Board as follows:

(1) Funds for special programs, which shall include ridesharing, experimental transit, and technical assistance, shall not exceed 1.5 percent of the Fund.

(2) The Board may allocate these funds to any locality or planning district commission to finance up to 80 percent of the local share of all costs associated with the development, implementation, and continuation of ridesharing programs.

(3) Funds allocated for experimental transit projects may be paid to any local governing body, transportation district commission, or public corporation or may be used directly by the Department of Rail and Public Transportation for the following purposes:

(a) To finance up to 95 percent of the capital costs related to the development, implementation and promotion of experimental public transportation and ridesharing projects approved by the Board.

(b) To finance up to 95 percent of the operating costs of experimental mass transportation and ridesharing projects approved by the Board for a period of time not to exceed 12 months.

(c) To finance up to 95 percent of the cost of the development and implementation of any other project designated by the Board where the purpose of such project is to enhance the provision and use of public transportation services.

d. Funds allocated for public transportation promotion and operation studies may be paid to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(1) At the approval of the Board to finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(2) To finance up to 50 percent of the local share of public transportation operations planning and technical study projects approved by the Board.

e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for the purposes specified in subdivision 4 b.
f. The remaining 25 percent shall be distributed for capital purposes on the basis of 95 percent of the nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the event that total capital funds available under this subdivision are insufficient to fund the complete list of eligible projects, the funds shall be distributed to each transit property in the same proportion that such capital expenditure bears to the statewide total of capital projects.

g. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in §56-557 and for purposes as enumerated in subdivision 4c of §33.1-269 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. Projects financed by the Commonwealth Transit Capital Fund shall receive local, regional or private funding for at least 20 percent of the nonfederal share of the total project cost.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of this Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis as certified to the Comptroller by the Department of Education, of the number of children in each county and city according to the most recent statewide census of school population taken by the Department of Education pursuant to §22.1-284, as adjusted in the manner hereinafter provided. No special school population census, other than a statewide census, shall be used as the basis of apportionment and distribution except that in any calendar year in which a statewide census is not reported, the Department of Education shall adjust such school population figures by the same percent of annual change in total population estimated for each locality by The Center for Public Service. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for
maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last preceding school population census, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such census and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of $13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.1, is equal to or in excess of $35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than $35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. For the purposes of the Comptroller making the required transfers under subdivision 1, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

G. The gross sales and use tax revenue generated and collected pursuant to subsection B of § 58.1-603 and subsection B of § 58.1-604, less the applicable portion of any refunds to taxpayers, shall be deposited into the state treasury into a special fund entitled “Special Sales and Use Tax Fund Account of the Northern Virginia Transportation Commission,” with the amount attributable to each locality set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 accounted for by point-of-sale collections. The amounts deposited in the special fund shall be distributed monthly to the Northern Virginia Transportation Commission to be applied by the Commission to each locality’s obligations to the operating deficit, capital, and debt service of the Washington Metropolitan Area Transit Authority.

G.H. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.
The term “net revenue,” as used in this section, means the gross revenue received into the general fund or the Transportation Trust Fund of the state treasury under the preceding sections of this chapter, less refunds to taxpayers.

13. That the additional state sales and use tax provided in subsection B of § 58.1-603 and subsection B of § 58.1-604 pursuant to the twelfth enactment of this act shall be levied and imposed only if approved by ordinance by the governing bodies of those localities set forth in subsection B of § 58.1-603 (as provided in the twelfth enactment of this act) whose population comprise at least 90% of the population in all of such localities. The tax provided in subsection B of § 58.1-603 and subsection B of § 58.1-604 pursuant to the twelfth enactment of this act shall be levied and imposed on the first day of the next month following 60 days from the date that the provision in the first sentence of this enactment is satisfied. However, in no case shall such tax be imposed unless and until matching federal funds are appropriated and distributed to the Washington Metropolitan Area Transit Authority.

14. That the Department of Taxation shall promulgate all necessary and reasonable regulations to govern the administration of the taxes created pursuant to the twelfth enactment of this act.

15. That, for purposes of the twelfth enactment of this act, the revenues dedicated to transportation purposes pursuant to subsection G of § 58.1-638 shall not be used to calculate or reduce the share of local, federal, and state revenues otherwise available to participating jurisdictions, or to the Northern Virginia Transportation District. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

16. That if any clause, sentence, paragraph, section, or part of the twelfth, thirteenth, fourteenth, or fifteenth enactments of this act or the application thereof to any person, entity, or circumstance is adjudged invalid by any court of competent jurisdiction, such judgment shall not affect the validity of the remainder of such enactments but shall be confined to the clause, sentence, paragraph, section, or part of such enactments directly involved in the controversy in which such judgment shall have been rendered, and to this end the provisions of such enactments are severable.

17. That §§ 58.1-625 and 58.1-626 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 58.1-611.2 as follows:

§ 58.1-611.2. Limited exemption for certain school supplies, clothing, and footwear.

Beginning in 2006, for a three-day period that begins each year on the first Friday in August and ends at midnight on the first Sunday in August, the tax imposed by this chapter or pursuant to the authority granted in § 58.1-605 or 58.1-606 shall not apply to certain (i) school supplies including, but not limited to, dictionaries, notebooks, pens, pencils, notebook paper, and calculators, and (ii) clothing and footwear designed to be worn on or about the human body. The tax exemption shall apply to each article of school supplies with a selling price of $20 or less, and each article of clothing or footwear with a selling price of $100 or less. Any discount, coupon, or other credit offered either by the retailer or by a vendor of the retailer to reduce the final price to the customer shall be taken into account in determining the selling price for purposes of this exemption.

The Department shall develop guidelines that describe the items of merchandise that qualify for the exemption and make such guidelines available, both electronically and in hard copy, no later than July 15 of each year.

The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer who is not registered under § 58.1-613 or is delinquent in the payment of the taxes imposed under this chapter.

Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.
Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until he can affirmatively show that the tax has since been refunded to the purchaser or credited to his account.

Any dealer who neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by him, his agents, or employees shall be liable for and pay the tax himself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer who neglects, fails, or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, shall be guilty of a Class 1 misdemeanor.

All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in § 58.1-611.2 not to collect the tax levied by this chapter or levied under the authority granted in §§ 58.1-605 and 58.1-606 from the purchaser, and to absorb such tax himself. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner in the same manner as he is for tax collected from a purchaser pursuant to this section.

§ 58.1-626. Absorption of tax prohibited.

No person shall advertise or hold out to the public, directly or indirectly, that he will absorb all or any part of the sales or use tax, or that he will relieve the purchaser, consumer, or lessee of the payment of all or any part of such tax. Any person who violates this section shall be guilty of a Class 2 misdemeanor.

The prohibitions contained in this section shall not apply during the time period set out in § 58.1-611.2 or during the 14 days immediately preceding such time period for advertisements relating to sales to be made during the time period set out in § 58.1-611.2.

18. That the second enactment of Chapter 940 of the Acts of Assembly of 2005 is repealed.
19. That the tenth enactment clauses of Chapter 1019 and Chapter 1044 of the Acts of Assembly of 2000 are repealed.
20. That the provisions of the first enactment of this act shall expire at midnight on June 30, 2008, pursuant to § 4-12.00 of this act. The provisions of the second through nineteenth enactments of this act, inclusive, shall have no expiration date.
21. That this act is effective on July 1, 2006, pursuant to § 4-13.00 of this act.
