Almighty God, we invite You to this chamber today, as we gather to do the work You have called each one of us to. We give You thanks this day, for we acknowledge the blessings You have given to each of us: shelter and food, warm homes and the love of family and friends, the people across this Commonwealth committed to making our communities and state a better place to live, and the opportunity to serve as agents in this great work.

We ask You here, O God: not that You would follow and condone our agenda, but rather that we would be moved to follow Yours; not that we would seek after our own needs, but rather that we should seek after the needs of those we serve and lead; not that we would seek to use Your power for our own ends, but that You would seek to use us for Yours.

May our gathering here, today and always, be in honor and affirmation of Your purposes and desires for our communities, our great Commonwealth, this nation, and our world.

Hear our prayer, O God, and give us strength for the task ahead. Amen.

The Reverend Dr. Raymond L. Spence, Jr., Second Baptist Church, Richmond, Virginia, offered the following prayer:

Father, so often we begin the days of our lives without acknowledging You and Your kingdom, for that we are indeed sorry. In Your providence and wonder, no two days are ever alike, but You have equipped each of us with the ability to live and respond to the needs that surround us. We give You thanks for our differences that make us stronger, for our love of the Commonwealth that causes us to set personal issues aside, and for our commitment to trust that has been placed in our hands by those at home who send us here. So, this day, we would ask Your blessing upon each of us, to guide us to do the things that we know to be right, to turn away from things that are wrong, to acknowledge our dependence upon You, and to thank You for the Commonwealth and the ability to serve.

Father, this day, we would especially remember those who serve in dangerous places in the armed forces. Protect them, we pray. Bless our Nation and those who lead it, our Commonwealth and those who are elected to guide us. In the name of all that is holy and good, we pray. Amen.

“C-3.10 New Construction: Renovation of the 9th Street Office Building and Replacement of the 8th and 9th Street Office Buildings (17091)

1. By July 1, 2005, or as soon thereafter as practical, the Governor shall prepare a plan for development of certain state owned property bounded by 8th, 9th, Grace and Broad Streets in the City of Richmond, which shall consider the Commonwealth’s needs for office and parking facilities at the Seat of Government.

a. The plan shall set forth all feasible options for the real property and improvements known as the 8th and 9th Street State Office Buildings, including those presented by a professional assessment of the historical and architectural worth of these structures or any aspects of them.

b. The plan shall consider a consolidation of office space in the Capitol Square complex for the purpose of relocation and/or co-locations of state office space from offices currently leased from private sources.

c. The plan shall consider alternative disposition of any existing building not essential to this purpose, which may include, but need not be limited to, the sale or lease of the 8th Street Office Building at fair market value as set forth by a licensed appraisal completed according to prevailing...
professional standards and practices. In such case the proceeds of such sale shall, upon appropriation, be applied to the cost of the project as further set forth in this Item.

d. Preparation of the plan provided for in this Item, or any part thereof, may be supported from funds provided from non-state sources.

2. Upon release of the plan described in paragraph 1 of this Item the Governor is authorized to enter into a comprehensive agreement with a private entity pursuant to The Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia), or such other agreement as he determines proper and cost beneficial to the Commonwealth, as otherwise provided for in this Item.

3. The improvements authorized in this Item may include up to a 620 vehicle parking deck, estimated to cost up to $23.7 million, more or less, and up to a 450,000 net square foot office building estimated to cost $94.0 million, more or less.

4. Any agreement or agreements developed pursuant to this Item may include, but need not be limited to, the temporary transfer of the state-owned real property described herein, provided that ownership of the real property, and any improvements thereto, shall be retained by the Commonwealth as may seem prudent and cost beneficial.

1. The Department of General Services shall enter into a comprehensive interim agreement under the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia) to provide:

a. Architectural and engineering work up through production of final working drawings for renovation of the 9th Street Office Building and replacement of the 8th Street Office Building, as described in paragraph 2 of this Item,

b. Demolition of the 8th Street Office Building. The contract for such demolition shall be entered into no later than June 30, 2006 and the demolition work begun no later than August 1, 2006, and

c. Such ancillary services as may be necessary to complete the work authorized in this item.

2. The architectural and engineering work provided for in paragraph 1 of this Item shall provide working drawings and detailed cost estimates for:

a. Renovation and expansion of the 9th Street Office Building into an office building of approximately 193,000 gross square feet for continued use by the Commonwealth, and

b. Construction of a new office building on Broad Street between 8th Street and 9th Street, which shall be used primarily as an office building for the Commonwealth, but may provide for limited commercial and retail space on the first floor. This structure shall be designed to provide approximately 375,000 gross square feet with approximately 270 on-site parking spaces, which would utilize approximately 111,000 gross square feet of this total.

c. The total cost for both the renovation of the 9th Street Office Building and the new office building on Broad Street is estimated at $139,610,605.

3. That portion of the design work provided for in paragraph 2, of this Item, that is related to the use of the renovated 9th Street Office Building and the new office building on Broad Street as temporary office space for the Legislative Branch of government shall be carried out in co-operation with representatives of each legislative agency.

5. The General Assembly determines that time is of the essence in making available the facilities described herein, and the Department of General Services is directed to initiate the project as soon as practical following the enactment of this chapter.

6. The Governor shall (a) report periodically to the Chairmen of the Senate Finance and House Appropriations Committees on the plans and status of this project for their review and comment, and (b) provide the final, full appropriation for this project in his budget submission to the 2007 session of the General Assembly. The cost of the on-site parking may be borne by the state employee parking fund only if such parking spaces will be routinely made available to the general state workforce on a continuing basis after work on the General Assembly Building is completed.
7. It is anticipated that sufficient general fund appropriations or Virginia Public Building Authority bond authorization will be provided in future fiscal years to cover all phases of the project as specified in the final contract.

The State Council of Higher Education for Virginia, in consultation with the Healthcare Workforce Task Force described in paragraph 2 of this Item shall develop and recommend criteria for awarding additional state funds through a competitive grant process to innovative regional public-private sector partnerships that seek to maximize the number of newly licensed nurses and increase the supply of graduate nursing faculty.

2. The Healthcare Workforce Task Force will develop criteria for the grant award process, identify aggressive attainment goals, establish mechanisms to monitor results and recommend program scope for the State Council and policy makers to consider. The Task Force will be co-chaired by the Secretaries of Education and Health and Human Resources and will also include two members of the Senate appointed by the President pro tempore and three members of the House of Delegates appointed by the Speaker of the House of Delegates.

b) In addition, the Task Force will include six individuals appointed by the co-chairs with experience and knowledge of the supply of nurses and other allied health professionals, training and practice issues as follows: two higher education leaders, two business leaders (one of whom also serves on the Virginia Workforce Council) and two hospital or health system executives.

3. The criteria developed by the Task Force for reviewing potential grant applications will reward: i) regions that demonstrate partnerships between education institutions and health care employers for addressing the registered nursing shortage; ii) applicants that document past, current, and new matching private funds applied toward registered nurse education (to leverage potential public funds); iii) innovative and cost-effective plans that expand the output of registered nurses (e.g., standardized curricula, improved retention rates and improved pass rates on licensure exams); and iv) partnerships that demonstrate a desire and capability to be held accountable for results. The Council and Healthcare Workforce Task Force shall submit a report on the healthcare workforce
competitive grant program scope, criteria and structure to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by September 1, 2006.”

“O.1. The Department of Social Services, in collaboration with the Virginia League of Social Services Executives, shall perform a comprehensive study and make recommendations on the policies and procedures related to the management of the special needs adoptions subsidy program. The study shall examine the relationship of the special needs adoption program to the Federal Child Welfare review and the Program of Improvement requirements. The focus of the study shall be to examine the causes of recent expenditure growth and make recommendations to moderate expenditure growth while continuing to meet the needs of the affected children. The Department shall not make recommendations to change who is eligible for a subsidized adoption.

2. In making its recommendation, the Department shall examine the services provided under the adoption program, and whether the appropriate levels of ancillary adoptive services and funding options are available to local departments of social services when developing a service plan for an adopted child and adopting family. The study shall make recommendations on (1) the establishment of a list of allowable ancillary adoption services for reimbursement, and (2) make recommendations for policy guidance on the use of alternative funding sources after an examination of the relationship between the adoptions subsidy program and alternative reimbursement sources available to local departments of social services for providing adoption services.

3. Measures to be studied shall include, but not be limited to, setting income guidelines for prospective adoptive parents, utilizing available federal sources such as Medicaid, and setting rates for children’s residential facilities.

4. Neither the Commissioner nor the state Board of Social Services shall: (1) issue emergency regulations, (2) issue Departmental Policy, or (3) take other administrative action to alter the funding formula in place for the reimbursement of adoption services without approval of the General Assembly.

5. The Department shall provide a report to the Governor, Chairmen of the House Appropriations and Senate Finance Committees, and the Department of Planning and Budget on or before June 1, 2007.”

“C-7.10 New Construction: Renovation of the 9th Street Office Building and Replacement of the 8th Street Office Building (17091)
1. The Department of General Services shall enter into an interim agreement under the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia) to provide:
a. Architectural and engineering work up through production of final working drawings for renovation of the 9th Street Office Building and replacement of the 8th Street Office Building, as described in paragraph 2 of this Item,
b. Demolition of the 8th Street Office Building. The contract for such demolition shall be entered into no later than June 30, 2006 and the demolition work begun no later than August 1, 2006, and
c. Such ancillary services as may be necessary to complete the work authorized in this Item.
d. The cost of this interim agreement shall not exceed the $16,753,272 provided in this Item.
2. The architectural and engineering work provided for in paragraph 1, of this Item, shall provide working drawings and detailed cost estimates for:
a. Renovation and expansion of the 9th Street Office Building into an office building of approximately 193,000 gross square feet for continued use by the Commonwealth, and
b. Construction of a new office building on Broad Street between 8th Street and 9th Street, which shall be used primarily as an office building for the Commonwealth, but may provide for limited commercial and retail space on the first floor. This structure shall be designed to provide approximately 375,000 gross square feet with approximately 270 on-site parking spaces, which would utilize approximately 111,000 gross square feet of this total.
c. The total cost for both the renovation of the 9th Street Office Building and the new office building on Broad Street is estimated at $139,610,605.
3. That portion of the design work provided for in paragraph 2, of this Item, that is related to the use of the renovated 9th Street Office Building and the new office building on Broad Street as temporary office space for the Legislative Branch of government shall be carried out in cooperation with representatives of each legislative agency.
4. The General Assembly determines that time is of the essence in making available the facilities described herein, and the Department of General Services is directed to initiate the project as soon as practical following the enactment of this Chapter.
5. The Governor shall a) report periodically to the Chairmen of the Senate Finance and House Appropriations Committees on the plans and status of this project for their review and comment, and b) provide the final, full appropriation for this project in his budget submission to the 2007 Session of the General Assembly. The cost of the on-site parking may be borne by the state employee parking fund only if such parking spaces will be routinely made available to the general state workforce on a continuing basis after work on the General Assembly Building is completed.
6. It is anticipated that sufficient general fund appropriations or Virginia Public Building Authority bond authorization will be provided in future fiscal years to cover all phases of the project as specified in the final contract.”

This option provides for demolition of the west wing, retention of the architecturally significant east wing façade, and construction of a new building with underground parking on site. Development of the project scope will also include: 1) further refinement of the cost estimate, which is approximately $180,700,000, 2) selective destructive or nondestructive testing of building systems, components, materials, and soils as necessary, and 3) further development of the space utilization program and adjacencies of the building occupants.”

Virginia State University is authorized to enter into a long-term lease or other written agreements, with the Virginia State University Real Estate Foundation (VSUREF), for the development, design, construction and financing of the new Campus Gateway Housing Complex which is approved as part of the Virginia State University Housing Master Plan Phase I, with a size modification. Current housing needs have forced Virginia State University to a.) expand upon the initial size and scope of the Campus Gateway Housing Complex and b.) reduce the construction time frame of the new residential housing facility. The Campus Gateway Housing Complex will be constructed on the northeast approach to campus and will provide an aesthetic enhancement to the
most widely used campus entrance. The Campus Gateway Housing Complex, with the increase in size, will be a 500 bed housing complex that will provide suite style living quarters for Virginia State University students. VSUREF will develop this housing complex to be an integral part of the Virginia State University housing system, in support of the University’s housing needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a housing complex. The support may include agreements to: (i) manage the operation and maintenance of the facility, including collection of rental fees; and (ii) otherwise support the housing complex consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.”

Participating agencies may use the Trust Fund on general fund deferred maintenance projects. General fund deferred maintenance projects include requirements for general fund supported buildings set out in the Commonwealth’s Facility Inventory and Condition Assessment System (FICAS). Funding may only be used on buildings with a Requirements Index (RI) less than 0.60.

Participating agencies and institutions may transfer their maintenance reserve appropriation in Part 2 of this act to the Deferred Maintenance Pilot Trust Fund to supplement the deferred maintenance funding provided above subject to the approval of the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services. Once transferred, these funds will not be subject to the guidelines surrounding the maintenance reserve program and may be used to carry out requirements for general fund supported buildings set out in the Commonwealth’s FICAS.

2. The Deferred Maintenance Pilot Trust Fund shall be the responsibility of each agency or institution and shall be maintained and administered separately from any other program or fund of the agency or institution.

3. On or before July 1, 2006, the agency heads of participating agencies shall prepare a written strategic plan for execution of the deferred maintenance funding over the biennium. The strategic plan shall include a narrative that addresses the general condition of its facilities, how the agency will use the deferred maintenance funding, and what impact the agency expects for the planned strategy to have on overall agency facility conditions. The strategic plan should identify measurable results such as addressing facility condition index (FCI) metrics to show the condition of facilities before and after implementation of deferred maintenance funding. The metrics could be at the building, location, or agency level. Projects should include requirements in FICAS for general fund supported facilities with an emphasis on priority one and two requirements. However, agencies are not restricted to priority one and two requirements to enable each agency to have latitude to make decisions that will result in identifiable work accomplishments. The six pilot agencies shall submit all projects proposed for use under the deferred maintenance program to the Department of Planning and Budget for approval.

4. Participating agencies shall complete detailed facility condition assessments on all of their facilities and enter accurate requirements data into FICAS by October 15, 2006. These agencies may each use a maximum of $100,000 of their allocation of the deferred maintenance funding to perform the assessments. A detailed facility condition assessment must be performed within the past 24 months on all facilities that receive deferred maintenance funding.

5. On or before September 1, 2007, each pilot agency head shall prepare a written report that addresses actual progress on projects and facility condition improvements against the expectations set out in the initial strategic plan. The report should justify any deviations from the original strategic plan, and if the agency did not achieve the expected outcome, the report must explain why this occurred. No later than October 1, 2007, the six pilot agencies shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the results of the pilot project.

6. Participating agencies must perform a complete life cycle study of any building with an RI equal to or greater than 0.60 to determine whether it is more cost effective to repair and renovate the current building or to demolish and construct a new building. Consideration should be given to the building’s use, whether the building can meet the current programmatic needs, the future maintenance costs, and any historical significance of the building. Only if it is determined that repair and renovation are the cost effective solution, the pilot agencies and institutions may use deferred maintenance funding on the building subject to approval by the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services.

B. A Pilot Working Group consisting of representatives from the Department for the Blind and Vision Impaired, Department of Corrections, Department of General Services, George Mason University, Old Dominion University, University of Mary Washington, Department of Planning and Budget, and the Auditor of Public Accounts shall work together during implementation of the pilot deferred maintenance program to develop recommendations on how to implement the deferred maintenance program statewide. These recommendations shall address funding options, funding
allocation methods, and policies surrounding a statewide program to reduce deferred maintenance and improve the condition of Commonwealth-owned facilities. The Pilot Working Group shall report these recommendations to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1, 2007.”

7. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:
a) More than 15 percent cumulatively of the annual general fund appropriation contained in this Act for operating expenses of any one state or nonstate agency or institution designated in this Act by
title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages). Provided, however, that the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by Section 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

8. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 7a of this subsection.

9. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments on nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations. Provided, however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in Section 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.
10. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium or within twenty days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by Section 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

11. The Director, Department of Planning and Budget, shall report spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

12. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President Pro Tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the legislature.”

“4-5.11 PUBLIC PRIVATE PARTNERSHIPS

a. Public Private Partnership Advisory Commission

1. Any responsible public entity seeking to consider a public-private partnership shall notify and involve the Public Private Partnership Advisory Commission in accordance with the requirements set forth in Senate Bill 541. The responsible public entity shall cooperate with the Public Private Partnership Advisory Commission and shall provide briefings, documents and analysis as necessary to understand the partnership before approving the project.

2. The Public Private Partnership Advisory Commission shall notify the responsible public entity when the Commission will conduct a review and the Commission shall provide its findings and recommendations within 45 days of receiving the detailed proposal. However, no responsible entity will sign a final comprehensive agreement for a qualifying project until the responsible entity determines what actions, if any, the Commission has taken. In those circumstances, where the responsible public entity receives finding and recommendations from the Commission, the responsible public entity must provide the Commission with a written response on how it has addressed the recommendation before entering into either an interim agreement or final comprehensive agreement.

3. The Public Private Partnership Advisory Commission shall provide a written report to the General Assembly regarding their review of qualifying projects and the actions by the responsible public entity to address their recommendations.

b. Other Matters

1. The Secretary of Finance shall set and execute standard financial review and analysis procedures prior to any state entity finalizing an interim or final comprehensive agreement. The standards shall include, at a minimum, a cost-benefit analysis, an assessment of opportunity costs, and consideration of the results of all studies and analyses related to the proposed qualifying project.

2. Upon approval of an interim or final comprehensive agreement, the responsible public entity shall provide the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts with quarterly status reports on the progress of the project, including work completed to date, project expenditures, and expenditures by state agencies to support the project, if applicable.

3. If applicable, the Director of Department of Planning and Budget, is authorized to transfer funds from other agencies to agencies as needed to pay for costs directly associated with the public private partnership, provided, however, that such transfers are reported to the Chairmen of the House Appropriations and Senate Finance Committees, as provided by this act.

4. The Director of Department of Planning and Budget with the State Comptroller shall establish a separate budget and accounting of non capital outlay public private partnership projects to determine the amount of current resources budgeted for the qualifying project, costs under the projects and take
steps to isolate and capture any excess budgeted resources over the partnership project costs. The Director of Department of Planning and Budget shall not authorize the agencies to use the budgeted funds for the qualified project for any other purpose. The Director of Department of Planning and Budget with the State Comptroller shall report this information semi-annually to the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts.

5. Pursuant to section 4-701 of this act, the Director, Department of Planning and Budget may affect the position level of involved agencies for this purpose of a qualifying public private partnership project. Any such changes shall be reported to the Chairmen of the House Appropriation and Senate Finance Committees, as provided in this act. The Director of Department of Planning and Budget shall not authorize agencies to use funding resulting from reductions in position levels for any purpose other than paying for a qualifying public private partnership project and all budgeted funding in excess of the cost of the qualifying public private partnership projects shall be accounted for in accordance with b4 above.

6. For public private partnerships involving the construction of capital assets, the responsible public entity shall comply with the conditions outlined in Part 2 of this Act, including the conditions applicable to alternative financing.

7. If the public private partnership’s alternative financing mechanism involves cost recoveries over and above amounts already collected through existing or planned collection activities, there is hereby created a special fund in the State Treasury. All additional cost recovery activities shall be deposited to this fund, subject to terms and conditions set out in an agreement between each affected agency and the vendor.

8. Any such revenues derived from federal funds shall not be deposited to the Fund but shall be returned to the applicable federal source.

9. No funds may be transferred or expended from this Fund except by legislative appropriation, which shall be based solely on funds already collected and not on projected collections.

10. For public private partnerships that result in capital leases, the responsible public entity shall comply with the conditions outlined in §4-4.00 of this Act, including the conditions requiring the Treasury Board approval.”

“§4-9.06 ASSESSMENT OF INSTITUTIONAL PERFORMANCE
Consistent with §23-9.6:1.01., Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education for Virginia (SCHEV) shall annually assess and certify institutional performance. Institutional performance on measures set forth in paragraph K of this section shall be evaluated year-to-date by the Secretaries of Finance and Administration, as appropriate, and communicated to the State Council of Higher Education before June 1 of each year.

By July 15, 2006, the State Council shall publish institutional performance benchmarks and targets for each objective measure, which shall be established in cooperation with the respective institution. Financial benefits provided to each institution in accordance with §2.2-5009, Code of Virginia, will be evaluated in light of that institution’s performance. The first certification will be completed and forwarded in writing to the General Assembly and Governor no later than June 1, 2007.

In general, institutions are expected to achieve their agreed-upon targets and standards on all performance measures in order to be certified by SCHEV. However, the State Council, in working with each institution, shall establish a prescribed range of permitted variance from annual targets for each measure, as appropriate.

Further, the State Council shall have broad authority to certify institutions as having met the standards on measures where they have already achieved high levels of performance in order that they may focus resources toward achieving similar levels of performance on other measures. The
State Council shall likewise have the authority to exempt institutions from certification on measures that the State Council deems unrelated to an institution’s overall performance.

The State Council shall develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

A. Access
1. Institution meets its State Council-approved biennial projection of total in-state student enrollment within the prescribed range of permitted variance.
2. Institution increases the percentage of in-state undergraduate enrollment of under-represented populations. (Such populations should include low income, first-generation college status, geographic origin within Virginia, race, and ethnicity, or other populations as may be identified by the State Council.)
3. Institution annually meets at least 95 percent of its State Council-approved estimates of degrees awarded.

B. Affordability
4. With the intent of developing a clearly understandable measure of affordability no later than July 1, 2008, SCHEV shall report annually an institution’s in-state undergraduate tuition and fees, both gross and net of need-based gift aid, as a percentage of the institution’s median student family income. By October 1, 2008, each institution shall identify a “maintenance of effort” target for ensuring that the institution’s financial commitment to need-based student aid shall increase commensurately with planned increases in in-state, undergraduate tuition and fees. The financial plan for these goals should be incorporated into the institution’s 2009-2014 six-year plan as required under § 23-9.2:3.02., Code of Virginia.
5. Institution establishes mutually acceptable annual targets for need-based borrowing that reflect institutional commitment to limit the average borrowing of in-state students with established financial need, and the percentage of those students who borrow, to a level that maintains or increases access while not compromising affordability.
6. Institution conducts a biennial assessment of the impact of tuition and fee levels net of financial aid on applications, enrollment, and student indebtedness incurred for the payment of tuition and fees and provides the State Council with a copy of this study upon its completion and makes appropriate reference to its use within the required six-year plans. The institution shall also make a parent- and student-friendly version of this assessment widely available on the institution’s website.

C. Breadth of Academics
7. Institution maintains acceptable progress towards an agreed upon target for the total number and percentage of graduates in high-need areas, as identified by the State Council of Higher Education.

D. Academic Standards
8. Institution reports on total programs reviewed under Southern Association of Colleges and Schools assessment of student learning outcomes criteria within the institution’s established assessment cycle in which continuous improvement plans addressing recommended policy and program changes were implemented.

E. Student Retention and Timely Graduation
9. Institution demonstrates a commitment to ensuring that lower division undergraduates have access to required courses at the 100- and 200-level sufficient to ensure timely graduation by reporting annually to the State Council of Higher Education on the number of students denied enrollment in such courses for each fall and spring semesters. No later than July 1, 2008, to the extent the institution does not currently track student access and registration attempts at the course level, the institution shall, in consultation with the State Council of Higher Education, establish an appropriate quantitative method to identify the extent to which limited access to 100- and 200-level courses reduces progression, retention, and graduation rates. After July 1, 2008, each institution shall include in its annual report to the State Council its plan of action to increase such access and remediate the identified problems.
10. Institution maintains or increases the ratio of degrees conferred per full-time equivalent instructional faculty member, within the prescribed range of permitted variance.
11. Institution maintains or improves the average annual retention and progression rates of
degree-seeking undergraduate students.
12. Within the prescribed range of permitted variance, the institution increases the ratio of total
undergraduate degrees awarded to the number of annual full-time equivalent, degree-seeking
undergraduate students, except in those years when the institution is pursuing planned enrollment
growth as demonstrated by their SCHEV-approved enrollment projections
F. Articulation Agreements and Dual Enrollment
13. Institution increases the number of undergraduate programs or schools for which it has
established a uniform articulation agreement by program or school for associate degree graduates
transferring from all colleges of the Virginia Community College System and Richard Bland
College consistent with a target agreed to by the institution, the Virginia Community College
14. Institution increases the total number of associate degree graduates enrolled as transfer students
from Virginia’s public two-year colleges with the expectation that the general education credits from
those institutions apply toward general education baccalaureate degree requirements, as a percent of
all undergraduate students enrolled, within the prescribed range of permitted variance.
15. Institution increases the number of students involved in dual enrollment programs consistent
with a target agreed upon by the institution, the Department of Education and the State Council of
Higher Education for Virginia.
G. Economic Development
16. In cooperation with the State Council, institution develops a specific set of actions to help
address local and/or regional economic development needs consisting of specific partners, activities,
fiscal support, and desired outcomes. Institution will receive positive feedback on an annual
standardized survey developed by the State Council, in consultation with the institutions, of local
and regional leaders, and the economic development partners identified in its plans, regarding the
success of its local and regional economic development plans.
H. Research, Patents, and Licenses
17. Institution maintains or increases the total expenditures in grants and contracts for research,
within the prescribed range of permitted variance, according to targets mutually agreed upon with
SCHEV and/or consistent with the institution’s management agreement.
18. Institution maintains or increases the annual number of new patent awards and licenses, within
the prescribed range of permitted variance, according to targets mutually agreed upon with SCHEV
and/or consistent with the institution’s management agreement.
I. Elementary and Secondary Education
19. In cooperation with the State Council, institution develops a specific set of actions with schools
or school district administrations with specific goals to improve student achievement, upgrade the
knowledge and skills of teachers, or strengthen the leadership skills of school administrators.
Institution will receive positive feedback on an annual standardized survey of the superintendents,
principals, and appropriate other parties. The survey shall be developed by the State Council, in
consultation with the institution.
J. Six-Year Plan
K. Financial and Administrative Standards
21. As specified in § 2.2-5004, Code of Virginia, institution takes all appropriate actions to meet the
following financial and administrative standards:
a. An unqualified opinion from the Auditor of Public Accounts upon the audit of the public
institution’s financial statements;
b. No significant audit deficiencies attested to by the Auditor of Public Accounts;
c. Substantial compliance with all financial reporting standards approved by the State Comptroller;
d. Substantial attainment of accounts receivable standards approved by the State Comptroller,
including but not limited to, any standards for outstanding receivables and bad debts; and
e. Substantial attainment of accounts payable standards approved by the State Comptroller including, but not limited to, any standards for accounts payable past due.

22. Institution complies with a debt management policy approved by its governing board that defines the maximum percent of institutional resources that can be used to pay debt service in a fiscal year, and the maximum amount of debt that can be prudently issued within a specified period.

23. The Governor or his designees, in consultation with the institutions of higher education, the Auditor of Public Accounts and staff of the House Appropriations and Senate Finance Committees shall develop additional standards to assess the extent to which an institution is well-managed in the areas of personnel, capital outlay, and procurement. The Governor shall report those standards to the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1, 2006 for consideration by the 2007 General Assembly.”

No moneys designated for deposit into the general fund of the state treasury shall be used for any of the purposes described in subsection C or for any other transportation-related purpose except that moneys designated for deposit into the general fund of the state treasury shall be used for (i) making debt service payments on the $317 million in principal amount of Commonwealth of Virginia Federal Highway Reimbursement Anticipation Notes that were issued for the projects specified in Item 491 H 2 of Chapter 899 of the Acts of Assembly of 2002; (ii) making debt service payments on any transportation-related bonds or other obligations issued pursuant to Article X, Section 9 (c) of the Constitution of Virginia in those cases in which the revenues dedicated for the payment of the debt service on such bonds or other obligations are insufficient to make full payment; and (iii) purposes of making the
$40 million deposit under § 58.1-815 and the $40 million deposit under § 58.1-816, including any portion of such $40 million deposit under § 58.1-816 that is actually deposited or transferred into (a) the Northern Virginia Transportation District Fund established under § 58.1-815.1 or (b) the Transportation Improvement Program Set-aside Fund established under § 58.1-816.1.

§ 33.1-12. General powers and duties of Board, etc.; definitions.

The Commonwealth Transportation Board shall be vested with the following powers and shall have the following duties:

(1) Location of routes. - To locate and establish the routes to be followed by the roads comprising systems of state highways between the points designated in the establishment of such systems.

(2) Construction and maintenance contracts and activities related to passenger and freight rail and public transportation.

(a) To let all contracts to be administered by the Virginia Department of Transportation or the Department of Rail and Public Transportation for the construction, maintenance, and improvement of the roads comprising systems of state highways and for all activities related to passenger and freight rail and public transportation in excess of $2 million. The Commonwealth Transportation Commissioner shall have authority to let contracts for highway construction, maintenance, and improvement of the roads comprising systems of state highways and for all activities related to passenger and freight rail and public transportation improvements up to $2 million in value. The Director of the Department of Rail and Public Transportation shall have the authority to let contracts for passenger and freight rail and public transportation activities within their jurisdictions. The Director of the Department of Rail and Public Transportation is authorized to enter into agreements with localities, authorities, and transportation districts to administer projects and to allow those localities, authorities, and transportation districts to let contracts for highway construction, maintenance, and improvements within their jurisdictions. The Commonwealth Transportation Commissioner and the Director of the Department of Rail and Public Transportation shall report on their respective transportation contracting activities at least quarterly to the Board.

(b) The Commonwealth Transportation Board may award contracts for the construction of transportation projects on a design-build basis. The Board may annually award five design-build contracts valued no more than $20 million. The Board may also award design-build contracts valued more than $20 million, provided that no more than five of these latter contracts are in force at the same time. These contracts may be awarded after a written determination is made by the Commonwealth Transportation Commissioner or the Director of the Department of Rail and Public Transportation, pursuant to objective criteria previously adopted by the Board regarding the use of design-build, that delivery of the projects must be expedited and that it is not in the public interest to comply with the design and construction contracting procedures normally followed. Such objective criteria will include requirements for prequalification of contractors and competitive bidding processes. These contracts shall be of such size and scope to encourage maximum competition and participation by agency prequalified and otherwise qualified contractors. Such determination shall be retained for public inspection in the official records of the Department of Transportation or the Department of Rail and Public Transportation, as the case may be, and shall include a description of the nature and scope of the project and the reasons for the Commissioner's or Director's determination that awarding a design-build contract will best serve the public interest. The provisions of this section shall supersede contrary provisions of subsection D of § 2.2-4303 and § 2.2-4306.

(c) For transportation construction projects valued in excess of $100 million, the Commonwealth Transportation Board shall require that a financial plan be prepared. This plan shall include, but not be limited to, the following: (i) a complete cost estimate for all major project elements; (ii) an implementation plan with the project schedule and cost-to-complete information presented for each year; (iii) identified revenues by funding source available each year to meet project costs; and (iv) a detailed cash-flow analysis for each year of the proposed project.
(3) Traffic regulations. - To make rules and regulations, from time to time, not in conflict with the laws of the Commonwealth, for the protection of and covering traffic on and the use of systems of state highways and to add to, amend or repeal the same.

(4) Naming highways. - To give suitable names to state highways and change the names of any highways forming a part of the systems of state highways, except such roads as have been or may hereafter be named by the General Assembly.

(5) Compliance with federal acts. - To comply fully with the provisions of the present or future federal aid acts. The Board may enter into all contracts or agreements with the United States government and may do all other things necessary to carry out fully the cooperation contemplated and provided for by present or future acts of Congress in the area of transportation.

(6) Information and statistics. - To gather and tabulate information and statistics relating to transportation and disseminate the same throughout the Commonwealth. In addition, the Commissioner shall provide a report to the Governor, the General Assembly, the Commonwealth Transportation Board, and the public concerning the current status of all highway construction projects in the Commonwealth. This report shall be posted at least four times each fiscal year, but may be updated more often as circumstances allow. The report shall contain, at a minimum, the following information for every project in the Six-Year Improvement Program: (i) project description; (ii) total cost estimate; (iii) funds expended to date; (iv) project timeline and completion date; (v) statement of whether project is ahead of, on, or behind schedule; and (vi) the name of the prime contractor. Use of one or more Internet websites may be used to satisfy this requirement. Project specific information posted on the Internet shall be updated daily as information is available.

(7) Policies and operation of Departments. - To review and approve policies and transportation objectives of the Department of Transportation and the Department of Rail and Public Transportation, to assist in establishing such policies and objectives, to oversee the execution thereof, and to report thereon to the Commonwealth Transportation Commissioner and the Director of the Department of Rail and Public Transportation, respectively.

(8) Cooperation with other agencies and local governments.
   (a) To cooperate with the federal government, the American Association of State Highway and Transportation Officials and any other organization in the numbering, signing and marking of highways, in the taking of measures for the promotion of highway safety, in research activities, in the preparation of standard specifications, in the testing of highway materials and otherwise with respect to transportation projects.
   (b) To offer technical assistance and coordinate state resources to work with local governments, upon their request, in developing sound transportation components for their local comprehensive plans.

(9) Transportation.
   (a) To monitor and, where necessary, approve actions taken by the Department of Rail and Public Transportation pursuant to Chapter 10.1 (§33.1-391.1 et seq.) of this title in order to ensure the efficient and economical development of public transportation, the enhancement of rail transportation, and the coordination of such rail and public transportation plans with highway programs.
   (b) To coordinate the planning for financing of transportation needs, including needs for highways, railways, seaports, airports, and public transportation and to set aside funds as provided in §33.1-23.03:1. To allocate funds for these needs pursuant to §§33.1-23.1, §33.1-23.03:2, and 58.1-638, the Board shall adopt a Six-Year Improvement Program of anticipated projects and programs by July 1 of each year. This program shall be based on the most recent official Transportation Trust Fund revenue forecast and shall be consistent with a debt management policy adopted by the Board in consultation with the Debt Capacity Advisory Committee and the Department of the Treasury.
   (c) To recommend to the General Assembly for their consideration at the next session of the General Assembly, objective criteria to be used by the Board in selecting those transportation projects to be advanced from the feasibility to the construction stage. If such criteria are enacted into law, such objectives shall apply to the interstate, primary, and urban systems of highways.
   (d) To enter into contracts with local districts, commissions, agencies, or other entities created for transportation purposes.
(10) Contracts with other states. - To enter into all contracts with other states necessary for the proper coordination of the location, construction, maintenance, improvement and operation of transportation systems, including the systems of state highways with the highways of such other states and, where necessary, to seek the approval of such contracts by the Congress of the United States.

(11) Use of funds. - To administer, distribute, and allocate funds in the Transportation Trust Fund as provided by law. The Commonwealth Transportation Board shall ensure that the total funds allocated to any highway construction project are equal to total expenditures within 12 months following completion of the project. However this requirement shall not apply to debt service apportionments pursuant to § 33.1-23.3 or 33.1-23.4.

(12) Financial and investment advisors. - With the advice of the Secretary of Finance and the State Treasurer, to engage a financial advisor and investment advisor who may be anyone within or without the government of the Commonwealth, to assist in planning and making decisions concerning the investment of funds and the use of bonds for transportation purposes. The work of these advisors shall be coordinated with the Secretary of Finance and the State Treasurer.

(13) The powers of the Virginia Aviation Board set out in Chapter 1 (§ 5.1-1 et seq.) of Title 5.1 and the Virginia Port Authority set out in Chapter 10 (§ 62.1-128 et seq.) of Title 62.1 are in no way diminished by the provisions of this title.

(14) To enter into payment agreements with the Treasury Board related to payments on bonds issued by the Commonwealth Transportation Board.

(15) Outdoor theaters. - By regulation:

(a) To prevent the erection of moving picture screens of outdoor theaters in such a manner as to be ordinarily visible from any highway;

(b) To require that a sufficient space is left between any highway and the entrance to any outdoor theater to prevent congestion on the highway; and

(c) To require that outdoor theater entrances and exits are adequately lighted and marked.

The term “public transportation” or “mass transit” as used in this title means passenger transportation by rubber-tired, rail, or other surface conveyance which provides shared ride services open to the general public on a regular and continuing basis. The term does not include school buses; charter or sight-seeing service; vehicular ferry service which serves as a link in the highway network; or human service agency or other client-restricted transportation.

§ 33.1-23.03:8. Priority Transportation Fund established.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Priority Transportation Fund, hereafter referred to as “the Fund.” The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. All funds as may be designated in the appropriation act for deposit to the Fund shall be paid into the state treasury and credited to the Fund. Such funds shall include:

1. A portion of the moneys actually collected, including penalty and interest, attributable to any increase in revenues from the taxes imposed under Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1, with such increase being calculated as the difference between such tax revenues collected in the manner prescribed under Chapter 22 less such tax revenues that would have been collected using the prescribed manner in effect before the effective date of Chapter 22. The portion to be deposited to the Fund shall be the moneys actually collected from such increase in revenues (but not including additional revenues described in subsection F of § 58.1-2289) and allocated for highway and mass transit improvement projects as set forth in subsection A of § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such section. There shall also
be deposited into the Fund all additional federal revenues attributable to Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1; and

2. Beginning with the fiscal year ending June 30, 2000, and for fiscal years thereafter, all revenues that exceed the official forecast, pursuant to § 2.2-1503, for (i) the Highway Maintenance and Operating Fund and (ii) the allocation to highway and mass transit improvement projects as set forth in subsection A of § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such subsection; and

3. Any other such funds as may be transferred, allocated, or appropriated.

The Fund shall be considered a part of the Transportation Trust Fund. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes enumerated in subsection B of this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller.

B. The Commonwealth Transportation Board shall use the Fund to facilitate the financing of priority transportation projects throughout the Commonwealth. The Board may use the Fund either (i) by expending amounts therein on such projects directly, (ii) by payment to any authority, locality, commission or other entity for the purpose of paying the costs thereof, or (iii) by using such amounts to support, secure, or leverage financing for such projects. No expenditures from or other use of amounts in the Fund shall be considered in allocating highway maintenance and construction funds under § 33.1-23.1 or apportioning Transportation Trust Fund funds under subsection B of § 33.1-23.03:2 or § 58.1-638, but shall be in addition thereto. The Board shall use the Fund to facilitate the financing of priority transportation projects as designated by the General Assembly; provided, however, that, at the discretion of the Commonwealth Transportation Board, funds allocated to projects within a transportation district may be allocated among projects within the same transportation district as needed to meet construction cash-flow needs.

§ 33.1-221.1:1.1. Rail Enhancement Fund.

A. The General Assembly declares it to be in the public interest that railway preservation and development of railway transportation facilities are an important element of a balanced transportation system of the Commonwealth for freight and passengers and further declares it to be in the public interest that the retention, maintenance, improvement and development of the railways are essential to the Commonwealth's continued economic growth, vitality, and competitiveness in national and world markets, and there is hereby created in the state treasury a special nonreverting fund to be known as the Rail Enhancement Fund which shall be considered a special fund within the Transportation Trust Fund, hereafter referred to as “the Fund.”

B. The Fund shall be established on the books of the Comptroller, and shall consist of dedications pursuant to subsection B of § 33.1-23.03:2, § 58.1-2425, and such funds from other sources as may be set forth in the appropriation act and shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Virginia Department of Rail and Public Transportation or the Director's designee.

C. The Director of the Department of Rail and Public Transportation shall administer and expend or commit, subject to the approval of the Commonwealth Transportation Board, the Fund for acquiring, leasing, and/or improving railways or railroad equipment, rolling stock, rights-of-way or facilities, or assisting other appropriate entities to acquire, lease, or improve railways or railroad equipment, rolling stock, rights-of-way or facilities, for freight and/or passenger rail transportation purposes whenever the Board shall have determined that such acquisition, lease, and/or improvement is for the common good of a region of the Commonwealth or the Commonwealth as a whole. Prior to recommending an allocation of the Fund to the Commonwealth Transportation Board, the Director of the Department of Rail and Public
Transportation shall consult with and obtain the advice and recommendations of the Rail Advisory Board established pursuant to § 33.1-391.3:1.

D. Projects undertaken pursuant to this section shall be limited to those the Commonwealth Transportation Board shall have determined will result in public benefits to the Commonwealth or to a region of the Commonwealth that are equal to or greater than the investment of funds under this section. Such projects shall include a minimum of 30 percent cash or in-kind matching contribution from a private source, which may include a railroad, a regional authority, or a local government source, or a combination of such sources.

§ 33.1-221.1:1.2. Shortline Railway Preservation and Development Fund.
A. The General Assembly declares shortline railway preservation and development of railway transportation support facilities to be important elements of a balanced transportation system of the Commonwealth for freight and passengers, and further that the retention, maintenance, and improvement of the shortline railway and development of railway transportation support facilities are essential to the Commonwealth's continued economic growth, vitality, and competitiveness in national world markets. There is hereby created in the state treasury a special nonreverting fund to be known as the Shortline Railway Preservation and Development Fund, hereinafter in this section referred to as “the Fund.” A “shortline railway,” for the purposes of this section, shall mean any Class II or Class III railroad as defined by the United States Surface Transportation Board. “Railway transportation support facilities,” for the purposes of this section, shall mean facilities required for the loading, transfer, or additional track capacity to facilitate the shipment of goods by rail other than as provided for in § 33.1-221.1:1 or 33.1-221.1:1.1.

B. The Fund shall be established on the books of the Comptroller. Any moneys deposited into the Fund pursuant to subsection B of § 33.1-23.03:2 and any other public or private moneys designated for the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Virginia Department of Rail and Public Transportation or the Director's designee.

C. The Director of the Department of Rail and Public Transportation shall administer and expend or commit, subject to the recommendations of the Rail Advisory Committee and the approval of the Commonwealth Transportation Board, the Fund for acquiring, leasing, and improving shortline railways and the development of railway transportation support facilities or assisting other appropriate entities to acquire, lease, or improve shortline railways and the development of railway transportation purposes whenever the Board shall have determined that such acquisition, lease, and improvement is for the common good of a region of the Commonwealth or the Commonwealth as a whole. The Director of the Department of Rail and Public Transportation may consult with other agencies or their designated representatives concerning projects to be undertaken under this section.

D. Tracks and facilities constructed, and property and equipment purchased, with funds under this section shall be the property of the Commonwealth for the useful life of the project, not to exceed 15 years, as determined by the Director of the Department of Rail and Public Transportation, and shall be made available for use by all common carriers using the railway system to which they connect under the trackage rights agreements between the parties. Projects undertaken pursuant to this section shall be limited to those in a region of the Commonwealth or the Commonwealth as a whole. Such projects shall include a minimum of 30% cash or in-kind matching contribution from a private source, which may include a railroad, a regional authority, private industry, or a local government source, or a combination of such sources. No single project shall be allocated more than 50% of total available funds.

§ 46.2-206.1. Imposition of certain additional fees on certain drivers; disposition of revenue.
A. The purpose of the civil remedial fees imposed in this section is to generate revenue from drivers whose proven dangerous driving behavior places significant financial burdens upon the Commonwealth.
The civil remedial fees established by this section shall be in addition to any other fees, costs, or penalties imposed pursuant to the Code of Virginia.

B. The civil remedial fees established by this section shall be assessed on any person operating a motor vehicle on the highways of Virginia, including a person to whom a Virginia driver's license, commercial driver's license, or learner's permit has been issued pursuant to this title; a person operating a motor vehicle without a license or whose license has been revoked or suspended; and a person operating a motor vehicle with a license issued by a jurisdiction outside Virginia. For the purposes of this section, a finding of guilty in the case of a juvenile and a conviction under substantially similar laws of any other state or of the United States shall be a conviction.

C. Beginning July 1, 2006, the clerk of the court shall assess a person with a $200 fee upon each conviction of §18.2-102 when a violation of this section would be a misdemeanor, §18.2-323.1, 46.2-300, 46.2-328, 46.2-329, 46.2-335, 46.2-341.7, 46.2-341.10, 46.2-346, 46.2-349, 46.2-371, 46.2-687, 46.2-703, 46.2-704, 46.2-707, 46.2-722, or 46.2-832, §46.2-894 when a violation of this section would be a misdemeanor, §§46.2-895 through 46.2-897, §46.2-902.1, 46.2-909, 46.2-921.1, 46.2-1091, 46.2-1104, 46.2-1137, 46.2-1139, 46.2-1163, 46.2-1172, or 46.2-1173, §§46.2-1248 through 46.2-1250, §46.2-1550, 46.2-1556, 46.2-1561, 46.2-1564, 46.2-1565, 46.2-2011.20, 46.2-2099.1, or 46.2-2129.

D. Any person whose driver's record with the Department shows a balance of eight or more driver demerit points on July 15 shall be assessed a fee as set forth below. The Commissioner shall assess such fees annually, beginning on July 15, 2006. The Department shall notify each person assessed a fee under this subsection by mailing a notice thereof by first-class mail addressed to such person's most recent address as shown in the Department's records, and such mailing shall constitute notice to the person of the assessment of the fee. These fees shall be in addition to the fees set forth in subsection C:

1. For a person whose driver's record shows a balance of eight driver demerit points, a fee of $400 shall be assessed.
2. For a person whose driver's record shows a balance of nine driver demerit points, a fee of $475 shall be assessed.

E. The Department may, by regulation, provide for payment options by which persons assessed fees under this section may pay such fees in installments.

F. If any assessment made under this section remains unpaid 60 days following the date on which the notice of assessment was mailed and no arrangements have been made with the Department for payment of such assessment in installments as authorized herein, the Department shall, pursuant to Article 1 (§46.2-300 et seq.) of Chapter 3 of this title, suspend the driver's license of the person against whom the assessment was imposed and the Commissioner may institute civil proceedings in any court of competent jurisdiction to recover any such fees. Jurisdiction for assessments under this section shall be in the jurisdiction where the person resides as indicated in the records of the Department. The Commissioner shall be entitled to collect all costs of collection, including but not limited to attorney fees.

G. In the event that a person disputes a conviction on his driver record based upon identity, if the person presents the Department a certified copy of a petition to a court of competent jurisdiction seeking to vacate an order of such conviction, the Department shall suspend the imposition of the assessment. Such suspension shall be valid for one year from the date of commencement or until 30 days after an entry of a final order on such petition, whichever first occurs.

H. The clerk of the court shall return revenues collected pursuant to subsection C to the state treasury for deposit by the Comptroller into the Transportation Trust Fund established under §33.1-23.03:1, and the Comptroller shall deposit revenues generated under subsection D into said Fund. Revenues deposited into the Transportation Trust Fund pursuant to this section shall be allocated

7. Thirteen Twenty-three dollars plus $0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional $5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of $0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the United States Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than $42 $43. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.
8. **Thirteen Twenty-three** dollars plus $0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of $5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

9. **Twenty-three Thirty-three** dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of $5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

10. **Eighteen Twenty-eight** dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of $3 which shall be distributed as provided in § 46.2-1191.

11. **Twenty-three Thirty-three** dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be $28 $38.

12. **Thirteen Twenty-three** dollars plus $0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of $4 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. All funds collected pursuant to this subdivision shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special fund shall be distributed as follows:

   a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention and training activities;

   b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

   c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

   d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

   e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical service personnel of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

   The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit emergency medical and rescue services, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to
that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.

§ 46.2-694.1. Fees for trailers and semitrailers not designed and used for transportation of passengers.

 Unless otherwise specified in this title, the registration fees for trailers and semitrailers not designed and used for the transportation of passengers on the highways in the Commonwealth shall be as follows:

For each 1,000 pounds of gross weight, or major fraction thereof, for which any such vehicle is registered, there shall be paid to the Commissioner the fee indicated in the following schedule immediately opposite the weight group and under the classification established by the provisions of subsection B of § 46.2-711 into which such vehicle, or any combination of vehicles of which it is a part, falls when loaded to the maximum capacity for which it is registered and licensed. The fee for a pickup or panel truck shall be twenty-three dollars $23 if its gross weight is 4,000 pounds or less, and twenty-eight dollars $28 if its gross weight is 4,001 pounds through 6,500 pounds. The fee shall be twenty-nine dollars $29 for any motor vehicle with a gross weight of 6,501 pounds through 10,000 pounds.

For all such motor vehicles exceeding a gross weight of 6,500 pounds, an additional fee of five dollars shall be imposed.

B. In lieu of registering any motor vehicle referred to in this section for an entire licensing year, the owner may elect to register the vehicle only for one or more quarters of a licensing year, and in such case, the fee shall be twenty-five percent of the annual fee plus five dollars for each quarter that the vehicle is registered.

C. When an owner elects to register and license a motor vehicle under subsection B of this section, the provisions of §§ 46.2-646 and 46.2-688 shall not apply.

D. Notwithstanding any other provision of law, no vehicle designed, equipped, and used to tow disabled or inoperable motor vehicles shall be required to register in accordance with any gross weight other than the gross weight of the towing vehicle itself, exclusive of any vehicle being towed.

E. All registrations and licenses issued for less than a full year shall expire on the date shown on the license and registration.

§ 46.2-698. Fees for farm vehicles.

A. The fees for registration of farm motor vehicles having gross weights of 7,500 pounds or more, when such vehicles are used exclusively for farm use as defined in this section, shall be one-half of the fee per 1,000 pounds of gross weight for private carriers as calculated under the provisions of § 46.2-697 and one-half of the fee for overload permits under § 46.2-1128, but the annual registration fee to be paid for each farm vehicle shall not be less than $15.

B. A farm motor vehicle is used exclusively for farm use:

1. When owned by a person who is engaged either as an owner, renter, or operator of a farm of a size reasonably requiring the use of such vehicle or vehicles and when such vehicle is:
   a. Used in the transportation of agricultural products of the farm he is working to market, or to other points for sale or processing, or when used to transport materials, tools, equipment, or supplies which are to be used or consumed on the farm he is working, or when used for any other transportation incidental to the regular operation of such farm;
b. Used in transporting forest products, including forest materials originating on a farm or incident to the regular operation of a farm, to the farm he is working or transporting for any purpose forest products which originate on the farm he is working; or

c. Used in the transportation of farm produce, supplies, equipment, or materials to a farm not worked by him, pursuant to a mutual cooperative agreement.

2. When the nonfarm use of such motor vehicle is limited to the personal use of the owner and his immediate family in attending church or school, securing medical treatment or supplies, or securing other household or family necessities.

C. As used in this section, the term “farm” means one or more areas of land used for the production, cultivation, growing, or harvesting of agricultural products, but does not include a tree farm that is not also a nursery or Christmas tree farm, unless it is part of what otherwise is a farm. As used in this section, the term “agricultural products” means any nursery plants; Christmas trees; horticultural, viticultural, and other cultivated plants and crops; aquaculture; dairy; livestock; poultry; bee; or other farm products.

D. The first application for registration of a vehicle under this section shall be made on forms provided by the Department and shall include:

1. The location and acreage of each farm on which the vehicle to be registered is to be used;
2. The type of agricultural commodities, poultry, dairy products or livestock produced on such farms and the approximate amounts produced annually;
3. A statement, signed by the vehicle's owner, that the vehicle to be registered will only be used for one or more of the purposes specified in subsection B of this section; and
4. Other information required by the Department.

The above information is not required for the renewal of a vehicle's registration under this section.

E. The Department shall issue appropriately designated license plates for those motor vehicles registered under this section. The manner in which such license plates are designated shall be at the discretion of the Commissioner.

F. The owner of a farm vehicle shall inform the Commissioner within 30 days or at the time of his next registration renewal, whichever comes first, when such vehicle is no longer used exclusively for farm use as defined in this section, and shall pay the appropriate registration fee for the vehicle based on its type of operation. It shall constitute a Class 2 misdemeanor to: (i) operate or to permit the operation of any farm motor vehicle for which the fee for registration and license plates is herein prescribed on any highway in the Commonwealth without first having paid the prescribed registration fee; or (ii) operate or permit the operation of any motor vehicle, registered under this section, for purposes other than as provided under subsection B of this section; or (iii) operate as a for-hire vehicle.

G. Nothing in this section shall affect the exemptions of agricultural and horticultural vehicles under §§ 46.2-664 through 46.2-670.

H. Notwithstanding other provisions of this section, vehicles licensed under this section may be used by volunteer rescue squad members and volunteer firefighters in responding to emergency calls, in reporting for regular duty, and in attending squad meetings and drills.

§ 46.2-700. Fees for vehicles for transporting well-drilling machinery and specialized mobile equipment.

A. The fee for registration of any motor vehicle, trailer, or semitrailer on which well-drilling machinery is attached and which is permanently used solely for transporting the machinery shall be $15.

B. The fee for the registration of specialized mobile equipment shall be $25. “Specialized mobile equipment” shall mean any self-propelled motor vehicle manufactured for a specific purpose, other than for the transportation of passengers or property, which is used on a job site and whose movement on any highway is incidental to the purpose for which it was designed and manufactured. The vehicle must be constructed to fall within all size and weight requirements as contained in §§ 46.2-1105, 46.2-1110, 46.2-1113 and Article 17 (§ 46.2-1122 et seq.) of Chapter 10 of this title and must be capable of maintaining sustained highway speeds of 40 miles per hour or more. Vehicles registered under this section shall be exempt from the requirements of § 46.2-1157. Nothing in this subsection shall be
construed as prohibiting the transportation on specialized mobile equipment of safety equipment, including but not limited to highway traffic safety cones, to be used on a job site.

C. Specialized mobile equipment which cannot maintain a sustained highway speed in excess of 40 miles per hour, and trailers or semitrailers which are designed and manufactured for a specific purpose and whose movement on the highway is incidental to the purpose for which it was manufactured and which are not designed or used to transport persons or property, shall not be required to be registered under this chapter.

§ 46.2-702.1. Distribution of certain revenue.

An amount equivalent to the net additional revenues generated by increases in the registration fees under §§ 46.2-694, 46.2-694.1, 46.2-694.2, 46.2-697, and 46.2-700, and 46.2-730 pursuant to enactments of the 2006 Session of the General Assembly, shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2.

§ 46.2-730. License plates for antique motor vehicles and antique trailers; fee.

A. On receipt of an application, the Commissioner shall issue appropriately designed license plates to owners of antique motor vehicles and antique trailers. These license plates shall be valid so long as title to the vehicle is vested in the applicant. The fee for the registration card and license plates of any of these vehicles shall be $10.

B. On receipt of an application, the Commissioner may authorize for use on antique motor vehicles and antique trailers Virginia license plates manufactured prior to 1976 and designed for use without decals, if such license plates are embossed with or are of the same year of issue as the model year of the antique motor vehicle or antique trailer on which they are to be displayed. Original metal year tags issued in place of license plates for years 1943 and 1953 and used with license plates issued in 1942 and 1952, respectively, also may be authorized by the Commissioner for use on antique motor vehicles and antique trailers that are of the same model year as the year the metal tab was originally issued. These license plates and metal tabs shall remain valid so long as title to the vehicle is vested in the applicant. The fee for the registration card and permission to use the license plates and metal tabs on any of these vehicles shall be $10.

C. Notwithstanding the provisions of §§ 46.2-711 and 46.2-715, antique motor vehicles may display single license plates if the original manufacturer's design of the antique motor vehicles allows for the use of only single license plates or if the license plate was originally issued in one of the following years and is displayed in accordance with the provisions of subsection B of this section: 1906, 1907, 1908, 1909, 1945, or 1946.

D. Except as provided in subsection E of this section, motor vehicles and trailers registered with license plates issued under this section shall not be used for general transportation purposes, including, but not limited to, daily travel to and from the owner's place of employment, but shall only be used:

1. For participation in club activities, exhibits, tours, parades, and similar events; and
2. On the highways of the Commonwealth for the purpose of testing their operation, obtaining repairs or maintenance, transportation to and from events as described in subdivision 1 of this subsection, and for occasional pleasure driving not exceeding 250 miles from the residence of the owner.

E. Notwithstanding the foregoing provision of this section, antique motor vehicles and antique trailers displaying license plates issued pursuant to subsections B and C of this section may be used for general transportation purposes if the following conditions are met:

1. The physical condition of the vehicle's license plate or plates has been inspected and approved by the Department;
2. The license plate or plates are registered to the specific vehicle by the Department;
3. The owner of the vehicle periodically registers the vehicle with the Department and pays a registration fee for the vehicle equal to that which would be charged to obtain regular state license plates for that vehicle;
4. The vehicle passes a periodic safety inspection as provided in Article 21 (§ 46.2-1157 et seq.) of Chapter 10 of this title;
5. The vehicle displays current decals attached to the license plate, issued by the Department, indicating the valid registration period for the vehicle; and
6. When applicable, the vehicle meets the requirement of Article 22 (§ 46.2-1176 et seq.) of Chapter 10 of this title.

If more than one request is made for use, as provided in this subsection, of license plates having the same number, the Department shall accept only the first such application. Only vehicles titled to the person seeking to use license plates as provided in this subsection shall be eligible to use license plates as provided in this subsection.

F. Nothing in this section shall be construed as prohibiting the use of an antique motor vehicle to tow a trailer or semitrailer.

§ 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts; disposition of revenues; requiring evidence of payment of personal property taxes and certain fines; prohibiting display of licenses after expiration; failure to display valid local license required by other localities; penalty.

A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and license fees shall be assessed or charged by any county on vehicles owned by residents of any town located in the county when such town constitutes a separate school district if the vehicles are already subject to town license fees and taxes, nor shall a town charge a license fee to any new resident of the town, previously a resident of a county within which all or part of the town is situated, who has previously paid a license fee for the same tax year to such county. The amount of the license fee or tax imposed by any county, city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the amount of the license tax imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer. The license fees and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for fractional periods of years, as the proper local authorities may determine. Local licenses may be issued free of charge for any or all of the following:

1. Vehicles powered by clean special fuels as defined in § 46.2-749.3, including dual-fuel and bi-fuel vehicles,
2. Vehicles owned by volunteer rescue squads,
3. Vehicles owned by volunteer fire departments,
4. Vehicles owned or leased by active members or active auxiliary members of volunteer rescue squads,
5. Vehicles owned or leased by active members or active auxiliary members of volunteer fire departments,
6. Vehicles owned or leased by auxiliary police officers,
7. Vehicles owned or leased by volunteer police chaplains,
8. Vehicles owned by surviving spouses of persons qualified to receive special license plates under § 46.2-739,
9. Vehicles owned or leased by auxiliary deputy sheriffs or volunteer deputy sheriffs,
10. Vehicles owned by persons qualified to receive special license plates under § 46.2-739,
11. Vehicles owned by any of the following who served at least 10 years in the locality: former members of volunteer rescue squads, former members of volunteer fire departments, former auxiliary police officers, former volunteer police chaplains, and former volunteer special police officers appointed under § 15.2-1737. In the case of active members of volunteer rescue squads and volunteer fire departments, applications for such licenses shall be accompanied by written evidence, in a form acceptable to the locality, of their active membership, and no member shall be issued more than one such license free of charge, or
12. All vehicles having a situs for the imposition of licensing fees under this section in the locality.

The governing body of any county, city, or town issuing licenses under this section may by ordinance provide for a 50 percent reduction in the fee charged for the issuance of any such license issued for any vehicle owned or leased by any person who is 65 years old or older. No such discount, however, shall be available for more than one vehicle owned or leased by the same person.

The governing body of any county, city, or town issuing licenses free of charge under this subsection may by ordinance provide for (i) the limitation, restriction, or denial of such free issuance to an otherwise
qualified applicant, including without limitation the denial of free issuance to a taxpayer who has failed to
timely pay personal property taxes due with respect to the vehicle and (ii) the grounds for such limitation,
restriction, or denial.

The situs for the imposition of licensing fees under this section shall in all cases, except as
hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or semitrailer is
normally garaged, stored, or parked. If it cannot be determined where the personal property is normally
garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the owner of the motor
vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of
such student, provided the student has presented sufficient evidence that he has paid a personal property
tax on the motor vehicle in his domicile.

B. The

Except as provided in this subsection, subsection L, and § 46.2-753, all revenue derived from
all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be
applied to general county, city, or town purposes. However, if a county, city, or town imposes a license fee
or tax pursuant to this section in excess of the maximum amount authorized as of June 30, 2006, an
amount approximately equal to one-half of the revenues collected by the county, city, or town that are
attributable to the increase in such fee or tax above such maximum amount shall be used by the county,
city, or town for local or regional projects directly relating to transportation, including debt service
payments on any obligations authorized and issued on or after July 1, 2006.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally
licensed until the applicant has produced satisfactory evidence that all personal property taxes on the
motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any
delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have
been properly assessed or are assessable against the applicant by the county, city, or town. A county, city,
or town may also provide that no motor vehicle license shall be issued unless the tangible personal
property taxes properly assessed or assessable by that locality on any tangible personal property used or
usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been
paid. Any county and any town within any such county may by agreement require that all personal
property taxes assessed by either the county or the town on any vehicle be paid before licensure of such
vehicle by either the county or the town.

C1. Any county having a population of at least 24,000, but no more than 24,600, or having a
population of at least 39,550, but no more than 41,550, may, by ordinance or resolution adopted after
public notice and hearing and, with the consent of the treasurer, require that no license may be issued
under this section unless the applicant has produced satisfactory evidence that all fees, including
delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste
pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to
§ 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees,
payable to a county for waste disposal services described herein, shall be paid to the treasurer of such
county; however, in any county with a population between 39,550 and 41,550, the fee shall be paid to the
county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any
city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless
all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the
jurisdiction's ordinances governing parking of vehicles have been paid. The provisions of this subsection
shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like
fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or
taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a
credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town.
Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing
them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations
provided in subsection D of this section. The governing body of any county and the governing body of
F. Notwithstanding the provisions of subsection E of this section, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A of this section. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer to fail to obtain and display the local license required by any ordinance of the county, city or town in which the vehicle is registered or to display upon a motor vehicle, trailer, or semitrailer any such local license after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. Beginning October 1, 1992, the treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city or town any local vehicle license fees or delinquent tangible personal property tax or parking citations issued only to residents of such county, city, or town. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or
to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction’s ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than $1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters’ and Rescue Squad Workers’ Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or rescue squads within the jurisdiction of the particular county, city, or town.

Notwithstanding any other provision of law, the governing bodies of Alexandria, Arlington, Fairfax County, Fairfax City, and Falls Church are authorized to charge annual license fees, in addition to those specified in § 46.2-752, on passenger cars not used for the transportation of passengers for compensation. The additional fee shall be no more than five dollars. The total local license fee shall be no more than twenty-five dollars. $35 on any vehicle and this license fee shall not be imposed on any motor vehicle exempted under § 46.2-739.

The governing bodies are also authorized to charge additional annual license fees on the motor vehicles, trailers, and semitrailers as specified in § 46.2-697 in an amount of no more than five dollars for each such vehicle. This authorization shall not increase the maximum chargeable by more than five dollars or affect any existing exemption.

Any funds acquired in excess of those allowed by § 46.2-752, shall be allocated to the Northern Virginia Transportation Commission to be a credit to that jurisdiction making the payment for its share of any operating deficit assigned to it by the Washington Metropolitan Area Transit Authority. However, if any of such counties or cities charge a license fee pursuant to this section that is in excess of the maximum amount authorized as of June 30, 2006, an amount approximately equal to one-half of the revenues collected by the county or city that is attributable to the increase in such license fee above such maximum amount shall be used by the county or city for local or regional projects directly relating to transportation, including debt service payments on any obligations authorized and issued on or after July 1, 2006.

§ 46.2-1135. Liquidated damages for violation of weight limits.

The tax imposed under this section shall be in addition to all other taxes and fees of every kind now imposed by law.

B. The tax imposed under subsection A shall be imposed at a cents per gallon rate determined by the Commissioner. In computing the cents per gallon tax, the Commissioner shall use two base periods. The period from April 1 through September 30 shall be the base period for purposes of determining the cents per gallon tax for the immediately following period beginning January 1 and ending through June 30, inclusive. The period from October 1 through March 31 shall be the base period for purposes of determining the cents per gallon tax for the immediately following period beginning July 1 and ending through December 31, inclusive.

D. The tax imposed under subsection A shall be due and paid by such licensee or person at the same time that the tax under § 58.1-2217 or 58.1-2249, as applicable, is due. All provisions of this chapter including but not limited to return filing and reporting requirements, payment requirements and due dates for payment of tax, requirements to precollect tax, late payment penalties and interest, jeopardy assessments, civil penalties, discounts, deductions, and exemptions from tax shall apply mutatis mutandis to the additional tax imposed under this section.

§ 58.1-2289. Disposition of tax revenue generally.

A. Unless Except as otherwise provided in subsection F and elsewhere in this section, all taxes and fees, including civil penalties, collected by the Commissioner pursuant to this chapter, less a reasonable amount to be allocated for refunds, shall be promptly paid into the state treasury and shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. Except as provided in subsection F and § 33.1-23.03:1, no portion of the revenue derived from taxes collected pursuant to §§ 58.1-2217, 58.1-2249 or § 58.1-2701, and remaining after authorized refunds for nonhighway use of fuel, shall be used for any purpose other than the construction, reconstruction or maintenance of the roads and projects comprising the State Highway System, the Interstate System and the secondary system of state highways and expenditures directly and necessarily required for such purposes, including the retirement of revenue bonds.

Revenues Except as provided in subsection F, revenues collected under this chapter may be also used for (i) contributions toward the construction, reconstruction or maintenance of streets in cities and towns of such sums as may be provided by law and (ii) expenditures for the operation and maintenance of the Department of Transportation, the Department of Rail and Public Transportation, the Department of Aviation, the Virginia Port Authority, and the Department of Motor Vehicles as may be provided by law.

The Governor is hereby authorized to transfer out of such fund an amount necessary for the inspection of gasoline and motor grease measuring and distributing equipment, and for the inspection and analysis of gasoline for purity.

B. Except as provided in subsection F, the tax collected on each gallon of aviation fuel sold and delivered or used in this Commonwealth, less refunds, shall be paid into a special fund of the state treasury. Proceeds of this special fund within the Commonwealth Transportation Fund shall be disbursed upon order of the Department of Aviation, on warrants of the Comptroller, to defray the cost of the administration of the laws of this Commonwealth relating to aviation, for the construction, maintenance and improvement of airports and landing fields to which the public now has or which it is proposed shall have access, and for the promotion of aviation in the interest of operators and the public generally.

C. One-half cent of the tax collected on each gallon of fuel on which a refund has been paid at the rate of seventeen cents per gallon, or in the case of diesel fuel, fifteen and one-half cents per gallon for gasoline, gasohol, diesel fuel, blended fuel, and alternative fuel, for fuel consumed in tractors and unlicensed equipment used for agricultural purposes shall be paid into a special fund of the state treasury, known as the Virginia Agricultural Foundation Fund, to be disbursed to make certain refunds and defray the costs of the research and educational phases of the agricultural program, including supplemental salary payments to certain employees at Virginia Polytechnic Institute and State University, the Department of Agriculture and Consumer Services and the Virginia Truck and Ornamentals Research Station, including reasonable expenses of the Virginia Agricultural Council.

D. One and one-half cents of the tax collected on each gallon of fuel used to propel a commercial watercraft upon which a refund has been paid shall be paid to the credit of the Game Protection Fund of the state treasury to be made available to the Board of Game and Inland Fisheries until expended for the purposes provided generally in subsection C of § 29.1-701, including acquisition, construction, improvement and maintenance of public boating access areas on the public waters of this Commonwealth
and for other activities and purposes of direct benefit and interest to the boating public and for no other purpose. However, one and one-half cents per gallon on fuel used by commercial fishing, oyster- 
ing, clamming, and crabbing boats shall be paid to the Department of Transportation to be used for the construction, repair, improvement and maintenance of the public docks of this Commonwealth used by said commercial watercraft. Any expenditures for the acquisition, construction, improvement and maintenance of the public docks shall be made according to a plan developed by the Virginia Marine Resources Commission.

From the tax collected pursuant to the provisions of this chapter from the sales of gasoline used for the propelling of watercraft, after deduction for the additional applicable revenues generated by increases in the rates of taxes and the imposition of new taxes under this chapter pursuant to enactments of the 2006 Session of the General Assembly and after deduction for lawful refunds, there shall be paid into the state treasury for use by the Marine Resources Commission, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Commonwealth Transportation Board to (i) improve the public docks as specified in this section, (ii) improve commercial and sports fisheries in Virginia's tidal waters, (iii) make environmental improvements including, without limitation, fisheries management and habitat enhancement in the Chesapeake and its tributaries, and (iv) further the purposes set forth in § 33.1-223, a sum as established by the General Assembly.

E. Notwithstanding other provisions of this section, there shall be transferred from moneys collected pursuant to this section to a special fund within the Commonwealth Transportation Fund in the state treasury, to be used to meet the necessary expenses of the Department of Motor Vehicles, an amount equal to one percent of a sum to be calculated as follows: the tax revenues collected pursuant to this chapter, at the tax rates in effect on December 31, 1986, less refunds authorized by this chapter and less taxes collected for aviation fuels.

F. An amount equivalent to the net additional revenues, as determined by the Commissioner, generated by increases in the rates of taxes and the imposition of new taxes under this chapter pursuant to enactments of the 2006 Session of the General Assembly shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2.

The Commissioner shall provide a monthly certification to the Comptroller reporting such net additional revenues generated in the preceding month. The certification for each month shall be provided to the Comptroller no later than the twentieth of the immediately following month. The Comptroller shall make the required deposits into the Transportation Trust Fund for each month's revenues no later than the last day of the immediately following month.

There shall also be levied a tax upon the rental of a motor vehicle in Virginia, without regard to whether such vehicle is required to be licensed by the Commonwealth. However, such tax shall not be levied upon a rental to a person for re-rental as an established business or part of an established business, or incidental or germane to such business.

The amount of the tax to be collected shall be determined by the Commissioner by the application of the following rates against the gross sales price or gross proceeds:

If such motor vehicle is a manufactured home as defined in § 36-85.3, the tax shall be three percent of the sale price of each such manufactured home sold in this Commonwealth; if such vehicle is a mobile office as defined in § 58.1-2401, the tax shall be two percent of the sale price of each mobile office sold in this Commonwealth.
2. Three percent and one-quarter percent through midnight on June 30, 2007, 3.5% beginning July 1, 2007, through midnight on June 30, 2008, and 3.75% beginning on and after July 1, 2008, of the sale price of each motor vehicle, or three percent of the sale price of each manufactured home as defined in § 36-85.3, or two percent of the sale price of each mobile office as defined in § 58.1-2401, not sold in Virginia but used or stored for use in this Commonwealth; or 3% of the sale price of each manufactured home as defined in § 36-85.3 or 2% of the sale price of each mobile office as defined in § 58.1-2401, not sold in Virginia but used or stored for use in this Commonwealth. When any such motor vehicle or manufactured home is first used or stored for use in Virginia six months or more after its acquisition, the tax shall be based on its current market value.

3. Four percent of the gross proceeds from the rental in Virginia of any motor vehicle, except those with a gross vehicle weight rating or gross combination weight rating of 26,001 pounds or more.

4. In addition to the tax levied pursuant to subdivision A 3, a tax of four percent of the gross proceeds shall be levied on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth.

5. In addition to all other applicable taxes and fees, a fee of two percent of the gross proceeds shall be imposed on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth. For purposes of this chapter, the rental fee shall be implemented, enforced, and collected in the same manner that rental taxes are implemented, enforced, and collected.

6. The minimum tax levied on the sale of any motor vehicle in the Commonwealth shall be $35, except as provided by those exemptions defined in § 58.1-2403.

B. A transaction taxed under subdivision A 1 shall not also be taxed under subdivision A 2, nor shall the same transaction be taxed more than once under either subdivision. A motor vehicle subject to the tax imposed under subdivision A 3 shall be subject to the tax under either subdivision A 1 or A 2 when it ceases to be used for rental as an established business or part of an established business, or incidental or germane to such business.

C. Any motor vehicle, trailer or semitrailer exempt from this tax under subdivision 1 or 2 of § 58.1-2403 shall be subject to the tax, based on the current market value when such vehicle is no longer owned, rented or used by the United States government or any governmental agency, or the Commonwealth of Virginia or any political subdivision thereof. Further, any motor vehicle, trailer or semitrailer exempt from the tax imposed by this chapter under subdivision 11 of § 58.1-2403 or §§ 46.2-663 through 46.2-674 shall be subject to the tax, based on the current market value, when such vehicle is subsequently licensed to operate on the highways of this Commonwealth.

D. Any person who with intent to evade or to aid another person to evade the tax provided for herein, falsely states the selling price of a vehicle on a bill of sale, assignment of title, application for title, or any other document or paper submitted to the Commissioner pursuant to any provisions of this title or Title 46.2, shall be guilty of a Class 3 misdemeanor.

E. Effective January 1, 1997, any amount designated as a “processing fee” and any amount charged by a dealer for processing a transaction, which is required to be included on a buyer’s order pursuant to subdivision 10 of § 46.2-1530, shall be subject to the tax.

§ 58.1-2425. Disposition of revenues.

A. All funds collected hereunder by the Commissioner shall be forthwith paid into the state treasury. Except as otherwise provided in this section, these funds shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. The revenue so derived, after refunds have been deducted, is hereby allocated for the construction, reconstruction and maintenance of highways and the regulation of traffic thereon and for no other purpose. However, (i) all funds collected pursuant to the provisions of this chapter from manufactured homes, as defined in § 46.2-100, shall be distributed to the city, town, or county wherein such manufactured home is to be situated as a dwelling; (ii) all funds collected from the additional tax imposed by subdivision A 4 of § 58.1-2402 on the rental of daily rental vehicles shall be distributed quarterly to the city, town, or county wherein such vehicle was delivered to the rentee; (iii) effective January 1, 1987, an amount equivalent to the net additional revenues generated by enactments
of the 1986 Special Session of the Virginia General Assembly which amended §§ 46.2-694, 46.2-697, 58.1-2401, 58.1-2402 and this section shall be distributed to and paid into the Transportation Trust Fund, a special fund within the Commonwealth Transportation Fund, and are hereby appropriated to the Commonwealth Transportation Board for transportation needs; (iv) except as otherwise provided in clause (iii) of this sentence, all moneys collected from the tax on the gross proceeds from the rental in Virginia of any motor vehicle pursuant to subdivision A 3 of § 58.1-2402 at the tax rate in effect on December 31, 1986, shall be paid by the Commissioner into the state treasury and shall be paid into the Rail Enhancement Fund established by § 33.1-221.1:1:1; and (v) all additional revenues resulting from the fee imposed under subdivision A 5 of § 58.1-2402 as enacted by the 2004 Session of the General Assembly shall be used to pay the debt service on the bonds issued by the Virginia Public Building Authority for the Statewide Agencies Radio System (STARS) for the Department of State Police pursuant to the authority granted by the 2004 Session of the General Assembly; and (vi) an amount equivalent to the net additional revenues generated by increases in the rates of taxes under subdivisions A 1 and A 2 of § 58.1-2402 pursuant to enactments of the 2006 Session of the General Assembly shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 and allocated pursuant to subsection B of § 33.1-23.03:2.

B. As provided in subsection A of § 58.1-638, of the funds becoming part of the Transportation Trust Fund pursuant to clause (iii) of subsection A of this section, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund; and an aggregate of 14.5 percent in fiscal year 1998-1999 and 14.7 percent in fiscal year 1999-2000 and thereafter shall be set aside as the Commonwealth Mass Transit Fund.

§ 58.1-2531. Distribution of certain revenue.

A. Beginning with the Commonwealth's 2006-2007 fiscal year and for each fiscal year thereafter, all revenues collected by the Commission from the tax imposed under this chapter shall be deposited by the Comptroller into the Transportation Trust Fund established under § 33.1-23.03:1 until the amount deposited into the Fund pursuant to this section equals the revenues collected from such tax for the immediately preceding calendar year that were attributable to any policy of motor vehicle insurance as defined in § 38.2-124, including any motor vehicle insurance included in a combination policy as defined in § 38.2-1921.

All revenues deposited to the Transportation Trust Fund pursuant to this section shall be allocated pursuant to subsection B of § 33.1-23.03:2.

B. For purposes of the Comptroller's deposits under this section, the Commissioner of the Bureau of Insurance shall, no later than July 15 of each year, provide a written certification to the Comptroller that reports the amounts to be deposited into the Transportation Trust Fund in the fiscal year as required under this section. After the required amount has been deposited into such Fund, the Comptroller shall deposit all remaining revenues collected in the fiscal year from the taxes imposed under this chapter into the general fund of the state treasury. The Comptroller shall make all deposits under this section as soon as practicable.

No refund of the tax imposed under this chapter shall be paid from the revenues designated for deposit to the Transportation Trust Fund under this section.

§ 58.1-2701. Amount of tax.

A. Except as provided in subsection B, every motor carrier shall pay a road tax equivalent to nineteen and one-half twenty-one cents per gallon calculated on the amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature of sixty degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations within the Commonwealth.

The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed on a motor carrier by any other provision of law.

B. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles that are not registered under the International Registration Plan shall pay a fee of $100/$150 per year for each qualified highway vehicle. The fee is due and payable when the vehicle registration fees are paid pursuant to the provisions of Article 7 (§ 46.2-685 et seq.) of Chapter 6 of Title 46.2.
If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the registration fee paid is authorized by law.

C. All taxes and fees paid under the provisions of this chapter shall be credited to the Highway Maintenance and Operating Fund, a special fund within the Commonwealth Transportation Fund.

§ 58.1-2706. Credit for payment of motor fuel, diesel fuel or liquefied gases tax.

A. Every motor carrier subject to the road tax shall be entitled to a credit on such tax equivalent to sixteen and one-half cents per gallon on all motor fuel, diesel fuel and liquefied gases purchased by such carrier within the Commonwealth for use in its operations either within or without the Commonwealth and upon which the motor fuel, diesel fuel or liquefied gases tax imposed by the laws of the Commonwealth has been paid by such carrier. Evidence of the payment of such tax in such form as may be required by, or is satisfactory to, the Department shall be furnished by each carrier claiming the credit herein allowed.

B. When the amount of the credit to which any motor carrier is entitled for any quarter exceeds the amount of the tax for which such carrier is liable for the same quarter, the excess may: (i) be allowed as a credit on the tax for which such carrier would be otherwise liable for any of the eight succeeding quarters or (ii) be refunded, upon application, duly verified and presented and supported by such evidence as may be satisfactory to the Department.

C. The Department may allow a refund upon receipt of proper application and review. It shall be at the discretion of the Department to determine whether an audit is required.

D. The refund may be allowed without a formal hearing if the amount of refund is agreed to by the applicant. Otherwise, a formal hearing on the application shall be held by the Department after notice of not less than ten days to the applicant and the Attorney General.

E. Whenever any refund is ordered it shall be paid out of the Highway Maintenance and Construction Fund.

F. Whenever a person operating under lease to a motor carrier to perform transport services on behalf of the carrier purchases motor fuel, diesel fuel or liquefied gases relating to such services, such payments or purchases may, at the discretion of the Department, be considered payment or purchases by the carrier.

4. That for purposes of the tax imposed under Article 8.1 (§ 58.1-2288.1) of Chapter 22 of Title 58.1 of the Code of Virginia pursuant to the third enactment of this act, the period October 1, 2005, through March 31, 2006, shall be the base period used by the Commissioner of the Department of Motor Vehicles for purposes of determining the additional cents per gallon taxes to be imposed under such Article on the effective date of this act. In addition, the Commissioner shall periodically publish the rates of taxes on fuels taxable under Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1 of the Code of Virginia.

5. That no city or county shall use the additional revenues returned to the locality pursuant to § 58.1-802 for transportation purposes or authorized to be collected by the locality pursuant to § 58.1-802.1 (pursuant to the third enactment of this act) to reduce its local appropriation for transportation purposes below the amount it appropriated for transportation purposes in its fiscal year beginning on July 1, 2005.

6. That, for purposes of the third enactment of this act, no city or county shall use revenues received for mass transit pursuant to subdivision B 2 a of § 33.1-23.03:2 of the Code of Virginia to reduce its local appropriation for transportation purposes below the amount it appropriated for transportation purposes in its fiscal year beginning on July 1, 2005.

7. That §§ 58.1-901 and 58.1-902 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-901. Definitions.

As used in this chapter, unless the context clearly shows otherwise, the term or phrase:

“Decedent” means a deceased person.

“Federal credit” means the maximum amount of the credit for state death taxes allowable by § 2011 of the United States Internal Revenue Code of 1954, as amended or renumbered, or successor provision, in respect to a decedent’s taxable estate. The term “maximum amount” shall be construed as to take full advantage of such credit as the laws of the United States may allow. In no event, however, shall such
amount be less than the federal credit allowable by § 2011 of the Internal Revenue Code as it existed on January 1, 1978.

“Gross estate” means “gross estate” as defined in § 2031 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

“Interest in a closely held business” means an “interest in a closely held business” as defined in § 6166 of the United States Internal Revenue Code of 1986, as amended or renumbered, or the successor provision of the laws of the United States.

“Nonresident” means a decedent who was domiciled outside of the Commonwealth of Virginia at his death.

“Personal representative” means the personal representative of the estate of the decedent, appointed, qualified and acting within the Commonwealth, or, if there is no personal representative appointed, qualified and acting within the Commonwealth, then any person in actual or constructive possession of the Virginia gross estate of the decedent.

“Resident” means a decedent who was domiciled in the Commonwealth of Virginia at his death.

“State” means any state, territory or possession of the United States and the District of Columbia.

“Taxable estate” means “taxable estate” as defined in § 2051 of the United States Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States.

“Value” means “value” as finally determined for federal estate tax purposes under the laws of the United States relating to federal estate and gift taxes.

“Working farm” means an interest in a closely held business that operates as an active trade or business for agricultural purposes.

Any reference in this chapter to the laws of the United States relating to federal estate and gift taxes means the provisions of the Internal Revenue Code of 1954, and amendments thereto, and other provisions of the laws of the United States relating to federal estate and gift taxes, as the same may be or become effective at any time or from time to time.

§ 58.1-902. Tax on transfer of taxable estate of residents; amounts; credit; property of resident defined.

A. 1. A For deaths occurring before December 31, 2006, a tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident, subject, where applicable, to the credit provided for in subsection B.

2. For deaths occurring on or after December 31, 2006, a tax in the amount of the federal credit is imposed on the transfer of the taxable estate of every resident whose gross estate exceeds $10 million, subject, where applicable, to the credit provided for in subsection B. However, no tax shall be imposed on a gross estate if the majority of the assets of the total estate are an interest in a closely held business or a working farm.

B. If the real and tangible personal property of a resident is located outside of the Commonwealth and is subject to a death tax imposed by another state for which a credit is allowed under § 2011 of the Internal Revenue Code of 1954, as amended or renumbered, or the successor provision of the laws of the United States relating to federal estate taxes, the amount of tax due under this section shall be credited with the lesser of:

1. The amount of the death tax paid the other state and credited against the federal estate tax; or
2. An amount computed by multiplying the federal credit by a fraction, the numerator of which is the value of that part of the gross estate over which another state or states have jurisdiction to the same extent to which Virginia would exert jurisdiction under this chapter with respect to the residents of such other state or states and the denominator of which is the value of the decedent's gross estate.

C. Property of a resident includes:

1. Real property situated in the Commonwealth of Virginia;
2. Tangible personal property having an actual situs in the Commonwealth of Virginia; and
3. Intangible personal property owned by the resident regardless of where it is located.

8. That §§ 58.1-512 and 58.1-513 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-512. Land preservation tax credits for individuals and corporations.
A. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, and in limited circumstances against the tax liability imposed pursuant to Chapter 9 (§ 58.1-900 et seq.) as such circumstances are provided in subsection D of § 58.1-513, an aggregate amount equal to the lesser of $600,000 or 50 percent of the fair market value of any land or interest in land located in Virginia which is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation in perpetuity by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes.

In determining the fair market value of any land, or any interest therein, so conveyed, for purposes of the credit under this article, no value shall be included for any structures or other improvements to land.

The maximum annual amount of credit that may be claimed under this article for such conveyances shall be as provided in subdivision C 1.

B. The fair market value of qualified donations made under this section shall be substantiated by a “qualified appraisal” prepared by a “qualified appraiser,” as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by U.S. Internal Revenue Code § 170 (e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to, revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

The appraisal estimating the value of any donation upon which credits are to be based shall employ proper methodology and be appropriately supported by market evidence. The Department of Taxation shall establish and make publicly available guidelines that incorporate, as applicable (without limitation), requirements under § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended, and the Uniform Standards of Professional Appraisal Practice (USPAP). The Department shall update the guidelines as necessary as determined by the Tax Commissioner. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

Notwithstanding any other provision of law, the fair market value of a qualified donation shall not exceed the value for the highest and best use for which the property is adaptable and needed or likely to be needed in the reasonably near future. In any review or appeal before the Tax Commissioner or in any court of the Commonwealth in which the fair market value is being contested, the burden of proof shall be on the taxpayer to show there is a reasonable probability that (i) the property is physically adaptable for the highest and best use that is proposed in the appraisal and (ii) there is a need or demand for such use in the reasonably near future in the immediate area in which the property is located.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed $50,000 for 2000 taxable years, $75,000 for 2001 taxable years, and $100,000 for 2002 taxable years and thereafter. In addition, for each taxpayer; in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit which is unused in any one taxable year may be carried over for a maximum of five consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance in perpetuity of a fee interest in real property or a less-than-fee interest in real property, such as a conservation restriction, preservation restriction,
agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended. Qualified donations shall not include the conveyance of a fee interest, or a less than fee interest, in real property that has been dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits.

3. a. Notwithstanding any other provision under this article, credit against the tax liability imposed by § 58.1-320 or 58.1-400 shall be allowed only for land or an interest in land that (i) meets guidelines of objective criteria established by the Virginia Land Conservation Foundation or (ii) the Secretary of Natural Resources has otherwise determined provides exceptional benefit to the Commonwealth in cases in which any land or interest therein does not meet the objective criteria established by the Virginia Land Conservation Foundation. Prior to making the determination described in clause (ii), the Secretary shall provide written notice (describing in detail the exceptional benefit to the Commonwealth of the land that is the subject of the donation) to the Chairmen of the Senate Committee on Finance and the House Committee on Appropriations for their review. After the expiration of 30 days from the date of such notice, the Secretary may make the determination described under clause (ii).

b. The objective criteria established by the Virginia Land Conservation Foundation shall describe (i) the objective characteristics of land that has important conservation values including but not limited to land that is located within the Chesapeake Bay watershed or that is “real estate devoted to open-space use“ as defined in § 58.1-3230 but not including clause (vii) of such definition; (ii) the objective attributes of a donee with a commitment to preserving the conservation values of land; and (iii) the terms of donations that are required for different types of land in order to provide an appropriate level of protection for the conservation values of land, including reasonable agricultural best management practices and appropriate forest management plans. Such criteria shall incorporate, as applicable (without limitation), requirements under the Open-Space Land Act (§ 10.1-1700 et seq.), the Virginia Conservation Easement Act (§ 10.1-1009 et seq.), and § 170 (h) of the U.S. Internal Revenue Code of 1986, as amended.

4. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

In addition, if credit under this article is allowed for a portion of a recorded parcel of land, no credit shall be allowed for any other portion of such parcel until at least 15 years have elapsed from the time of donation. This prohibition shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

Pursuant to the criteria set forth in this subdivision, the Department of Taxation shall establish and make publicly available guidelines that describe the property and the circumstances under which donations of such property shall not be qualified donations. The Department shall update the guidelines as necessary as determined by the Tax Commissioner. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501 (c) (3) of the U.S. Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509 (a) (2) or (ii) meets the requirements of § 509 (a) (3) and is controlled by an organization described in § 509 (a) (2).

The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity.

§ 58.1-513. Limitations; transfer of credit; gain or loss from tax credit.
A. Any taxpayer claiming a tax credit under this article shall not claim a credit under any similar Virginia law for costs related to the same project. To the extent a credit is taken in accordance with this article, no subtraction allowed for the gain on the sale of (i) land dedicated to open-space use or (ii) an easement dedicated to open-space use under subsection C of § 58.1-322 shall be allowed for three years following the year in which the credit is taken.

B. Any tax credits that arise under this article from the donation of land or an interest in land made by a pass-through tax entity such as a trust, estate, partnership, limited liability company or partnership, limited partnership, subchapter S corporation or other fiduciary shall be used either by such entity if it is the taxpayer on behalf of such entity or by the member, manager, partner, shareholder or beneficiary, as the case may be, in proportion to their interest in such entity in the event that income, deductions and tax liability pass through such entity to such member, manager, partner, shareholder or beneficiary or as set forth in the agreement of said entity. Such tax credits shall not be claimed by both the entity and the member, manager, partner, shareholder or beneficiary for the same donation.

C. Any taxpayer holding a credit person or entity making a qualified donation under this article may transfer any unused but otherwise allowable credit that relates to such qualified donation for use by another taxpayer on Virginia income tax returns. However, any organization described under § 501(c) of the U.S. Internal Revenue Code of 1986, as amended, shall not be allowed to transfer any credit under this article. A taxpayer person or entity who transfers any amount of credit under this article shall file a notification of such transfer to the Department in accordance with procedures and forms prescribed by the Tax Commissioner.

For purposes of this article, the aggregate amount of unused but otherwise allowable credit that may be transferred and claimed as credit by all taxpayers for any qualified donation means (i) the lesser of $600,000 or 50% of the qualified donation minus (ii) the amount claimed as credit by the person or entity who made such qualified donation.

D. Any unused credit held by an individual at the time of his death may be used by the estate of such person as credit against the tax liability imposed pursuant to Chapter 9 (§ 58.1-900 et seq.) provided that the five-year carryover period described under subdivision C 1 of § 58.1-512 had not elapsed prior to the date of such individual's death. No estate, however, may transfer any unused credit described in this subsection. The use by an estate of any unused credit held by the decedent of the estate shall not be considered a transfer for purposes of this article.

E. To the extent included in and not otherwise subtracted from federal adjusted gross income pursuant to § 58.1-900 or federal taxable income pursuant to § 58.1-402, there shall be subtracted any amount of gain or income recognized by a taxpayer on the application of a tax credit under this article against a Virginia income tax liability.

F. The transfer of the credit and its application against a tax liability shall not create gain or loss for the transferor or the transferee of such credit.

G. A pass-through tax entity, such as a partnership, limited liability company or Subchapter S corporation, may appoint a tax matters representative, who shall be a general partner, member/manager or shareholder, and register that representative with the Tax Commissioner. The Tax Commissioner shall be entitled to deal with the tax matters representative as representative of the taxpayers to whom credits have been allocated or transferred by the entity under this article with respect to those credits. In the event a pass-through tax entity allocates or transfers tax credits arising under this article to its partners, members or shareholders and the allocated or transferred credits shall be disallowed, in whole or in part, such that an assessment of additional tax against a taxpayer shall be made, the Tax Commissioner shall first make written demand for payment of any additional tax, together with interest and penalties, from the tax matters representative. In the event such payment demand is not satisfied, the Tax Commissioner shall proceed to collection against the taxpayers in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.) of this title.

9. That the amendments provided in the eighth enactment of this act shall be applicable to any conveyance of property (or the conveyance of any interest in property) under the Virginia Land Conservation Incentives Act of 1999 (§ 58.1-510 et seq. of the Code of Virginia) that is made on or after July 1, 2006, except that (i) the amendments to subsection B of § 58.1-512 of the Code of Virginia shall
be applicable to all conveyances, regardless of the date of conveyance, (ii) the amendments to subdivision C 3 of § 58.1-512 of the Code of Virginia shall be applicable to any conveyance of property made on or after January 1, 2007, (iii) the amendments to subdivision C 1 of § 58.1-512 of the Code of Virginia shall be applicable for taxable years beginning on or after January 1, 2006, and (iv) the amendments to subsection D of § 58.1-513 of the Code of Virginia shall be applicable to estates of persons who die on or after January 1, 2006.

11. That, for purposes of the eighth enactment of this act, the guidelines required under subdivision C 4 of § 58.1-512 of the Code of Virginia shall first be made publicly available no later than October 1, 2006.

12. That §§ 58.1-603, 58.1-604, 58.1-614, and 58.1-638 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-603. Imposition of sales tax.
A. There is hereby levied and imposed, in addition to all other taxes and fees of every kind now imposed by law, a license or privilege tax upon every person who engages in the business of selling at retail or distributing tangible personal property in this Commonwealth, or who rents or furnishes any of the things or services taxable under this chapter, or who stores for use or consumption in this Commonwealth any item or article of tangible personal property as defined in this chapter, or who leases or rents such property within this Commonwealth, in the amount of three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004:
1. Of the gross sales price of each item or article of tangible personal property when sold at retail or distributed in this Commonwealth.
2. Of the gross proceeds derived from the lease or rental of tangible personal property, where the lease or rental of such property is an established business, or part of an established business, or the same is incidental or germane to such business.
3. Of the cost price of each item or article of tangible personal property stored in this Commonwealth for use or consumption in this Commonwealth.
4. Of the gross proceeds derived from the sale or charges for rooms, lodgings or accommodations furnished to transients as set out in the definition of “retail sale” in § 58.1-602.
5. Of the gross sales of any services which are expressly stated as taxable within this chapter.
B. An additional sales tax of 0.25% is hereby levied and imposed in Arlington County, Fairfax County, the City of Alexandria, the City of Fairfax, and the City of Falls Church. All revenues collected pursuant to this subsection shall be distributed and used as set forth in subsection G of § 58.1-638.

§ 58.1-604. Imposition of use tax.
A. There is hereby levied and imposed, in addition to all other taxes and fees now imposed by law, a tax upon the use or consumption of tangible personal property in this Commonwealth, or the storage of such property outside the Commonwealth for use or consumption in this Commonwealth, in the amount of three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004:
1. Of the cost price of each item or article of tangible personal property used or consumed in this Commonwealth. Tangible personal property which has been acquired for use outside this Commonwealth and subsequently becomes subject to the tax imposed hereunder shall be taxed on the basis of its cost price if such property is brought within this Commonwealth for use within six months of its acquisition; but if so brought within this Commonwealth six months or more after its acquisition, such property shall be taxed on the basis of the current market value (but not in excess of its cost price) of such property at the time of its first use within this Commonwealth. Such tax shall be based on such proportion of the cost price or current market value as the duration of time of use within this Commonwealth bears to the total useful life of such property (but it shall be presumed in all cases that such property will remain within this
Commonwealth for the remainder of its useful life unless convincing evidence is provided to the contrary).

2. Of the cost price of each item or article of tangible personal property stored outside this Commonwealth for use or consumption in this Commonwealth.

3. A transaction taxed under § 58.1-603 shall not also be taxed under this section, nor shall the same transaction be taxed more than once under either section.

4. The use tax shall not apply with respect to the use of any article of tangible personal property brought into this Commonwealth by a nonresident individual, visiting in Virginia, for his personal use, while within this Commonwealth.

5. The use tax shall not apply to out-of-state mail order catalog purchases totaling $100 or less during any calendar year.

B. An additional use tax of 0.25% is hereby levied and imposed in Arlington County, Fairfax County, the City of Alexandria, the City of Fairfax, the City of Falls Church. All revenues collected pursuant to this subsection shall be distributed and used as set forth in subsection G of § 58.1-638.

§ 58.1-614. Vending machine sales.

A. Notwithstanding the provisions of §§ 58.1-603 and 58.1-604, whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, as determined by the Tax Commissioner, such dealer shall be required to report his wholesale purchases for sale at retail from vending machines and shall be required to remit an amount based on four and one-half percent through midnight on July 31, 2004, and five percent beginning on and after August 1, 2004, of such wholesale purchases, except that such wholesale purchases shall be taxed at a rate of 5.25% in the localities set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 at any time that the tax set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 is imposed.

B. Notwithstanding the provisions of §§ 58.1-605 and 58.1-606, dealers making sales of tangible personal property through vending machines shall report and remit the one percent local sales and use tax computed as provided in subsection A of this section.

C. The provisions of subsections A and B of this section shall not be applicable to vending machine operators all of whose machines are under contract to nonprofit organizations. Such operators shall report only the gross receipts from machines selling items for more than 10 cents and shall be required to remit an amount based on a percentage of their remaining gross sales established by the Tax Commissioner to take into account the inclusion of sales tax.

D. Notwithstanding any other provisions in this section, when the Tax Commissioner determines that it is impractical to collect the tax in the manner provided by those sections, such dealer shall be required to remit an amount based on a percentage of gross receipts which takes into account the inclusion of the sales tax.

E. The provisions of this section shall not be applicable to any dealer who fails to maintain records satisfactory to the Tax Commissioner. A dealer making sales of tangible personal property through vending machines shall obtain a certificate of registration under § 58.1-613 in relevant form for each county or city in which he has machines.

§ 58.1-638. Disposition of state sales and use tax revenue; localities' share; Game Protection Fund.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.1-23.03:1. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.5 percent in fiscal year 1998-1999 and 14.7 percent in fiscal year 1999-2000 and thereafter shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be
adjusted for the actual net revenue received in the preceding month. All payments shall be made to the
Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.
   a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds
      remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in
      the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid
to any authority, locality or commission for the purposes hereinafter specified.
   b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth
      Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support
      port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports
      within the Commonwealth.
   c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the
      Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports
      of Virginia, including but not limited to the ports of Richmond, Hopewell and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund.
The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds
remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in
the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be
allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be
allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a
governmental subdivision thereof, or a private entity to which the public has access for the purposes
enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority
(MWAA), as follows:

   Any new funds in excess of $12.1 million which are available for allocation by the Virginia Aviation
   Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA,
   up to a maximum annual amount of $2 million, and 40 percent to air carrier airports as provided in
   subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport
   sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in

   Of the remaining amount:
   a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased
      by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air
      carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall
      receive less than $50,000 nor more than $2 million per year from this provision.
   b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever
      airports on a discretionary basis, except airports owned or leased by MWAA.
   c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports
      on a discretionary basis.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit
Fund.

   a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and
      any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall
      remain in the Fund. Interest earned on such funds shall be credited to the Fund. Funds may be paid to any
      local governing body, transportation district commission, or public service corporation for the purposes
      hereinafter specified.
   b. The amounts allocated pursuant to this section shall be used to support the public transportation
      administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and
      maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95
      percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the local
or nonfederal share of capital project costs for public transportation and ridesharing equipment, facilities, and associated costs. Capital costs may include debt service payments on local or agency transit bonds. The term “borne by the locality” means the local share eligible for state assistance consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance received by the locality.

c. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth Transportation Board as follows:

1. Funds for special programs, which shall include ridesharing, experimental transit, and technical assistance, shall not exceed 1.5 percent of the Fund.

2. The Board may allocate these funds to any locality or planning district commission to finance up to 80 percent of the local share of all costs associated with the development, implementation, and continuation of ridesharing programs.

3. Funds allocated for experimental transit projects may be paid to any local governing body, transportation district commission, or public corporation or may be used directly by the Department of Rail and Public Transportation for the following purposes:
   a. To finance up to 95 percent of the capital costs related to the development, implementation and promotion of experimental public transportation and ridesharing projects approved by the Board.
   b. To finance up to 95 percent of the operating costs of experimental mass transportation and ridesharing projects approved by the Board for a period of time not to exceed 12 months.
   c. To finance up to 95 percent of the cost of the development and implementation of any other project designated by the Board where the purpose of such project is to enhance the provision and use of public transportation services.

d. Funds allocated for public transportation promotion and operation studies may be paid to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes:

   1. At the approval of the Board to finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.
   2. To finance up to 50 percent of the local share of public transportation operations planning and technical study projects approved by the Board.

e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for the purposes specified in subdivision 4b.

f. The remaining 25 percent shall be distributed for capital purposes on the basis of 95 percent of the nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the event that total capital funds available under this subdivision are insufficient to fund the complete list of eligible projects, the funds shall be distributed to each transit property in the same proportion that such capital expenditure bears to the statewide total of capital projects.

g. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 56-557 and for purposes as enumerated in subdivision 4c of § 33.1-269 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the
establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. Projects financed by the Commonwealth Transit Capital Fund shall receive local, regional or private funding for at least 20 percent of the nonfederal share of the total project cost.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of this Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis as certified to the Comptroller by the Department of Education, of the number of children in each county and city according to the most recent statewide census of school population taken by the Department of Education pursuant to § 22.1-284, as adjusted in the manner hereinafter provided. No special school population census, other than a statewide census, shall be used as the basis of apportionment and distribution except that in any calendar year in which a statewide census is not reported, the Department of Education shall adjust such school population figures by the same percent of annual change in total population estimated for each locality by The Center for Public Service. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last preceding school population census, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such census and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of $13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the
Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.1, is equal to or in excess of $35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than $35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. For the purposes of the Comptroller making the required transfers under subdivision 1, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

G. The gross sales and use tax revenue generated and collected pursuant to subsection B of § 58.1-603 and subsection B of § 58.1-604, less the applicable portion of any refunds to taxpayers, shall be deposited into the state treasury into a special fund entitled “Special Sales and Use Tax Fund Account of the Northern Virginia Transportation Commission,” with the amount attributable to each locality set forth in subsection B of § 58.1-603 and subsection B of § 58.1-604 accounted for by point-of-sale collections. The amounts deposited in the special fund shall be distributed monthly to the Northern Virginia Transportation Commission to be applied by the Commission to each locality's obligations to the operating deficit, capital, and debt service of the Washington Metropolitan Area Transit Authority.

H. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.

13. That the additional state sales and use tax provided in subsection B of § 58.1-603 and subsection B of § 58.1-604 pursuant to the twelfth enactment of this act shall be levied and imposed only if approved by ordinance by the governing bodies of those localities set forth in subsection B of § 58.1-603 (as provided in the twelfth enactment of this act) whose population comprise at least 90% of the population in all of such localities. The tax provided in subsection B of § 58.1-603 and subsection B of § 58.1-604 pursuant to the twelfth enactment of this act shall be levied and imposed on the first day of the next month following 60 days from the date that the provision in the first sentence of this enactment is satisfied. However, in no case shall such tax be imposed unless and until matching federal funds are appropriated and distributed to the Washington Metropolitan Area Transit Authority.

14. That the Department of Taxation shall promulgate all necessary and reasonable regulations to govern the administration of the taxes created pursuant to the twelfth enactment of this act.

15. That, for purposes of the twelfth enactment of this act, the revenues dedicated to transportation purposes pursuant to subsection G of § 58.1-638 shall not be used to calculate or reduce the share of local, federal, and state revenues otherwise available to participating jurisdictions, or to the Northern Virginia Transportation District. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.
16. That if any clause, sentence, paragraph, section, or part of the twelfth, thirteenth, fourteenth, or fifteenth enactments of this act or the application thereof to any person, entity, or circumstance is adjudged invalid by any court of competent jurisdiction, such judgment shall not affect the validity of the remainder of such enactments but shall be confined to the clause, sentence, paragraph, section, or part of such enactments directly involved in the controversy in which such judgment shall have been rendered, and to this end the provisions of such enactments are severable.

17. That §§ 58.1-625 and 58.1-626 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 58.1-611.2 as follows:

§ 58.1-611.2. Limited exemption for certain school supplies, clothing, and footwear.

Beginning in 2006, for a three-day period that begins each year on the first Friday in August and ends at midnight on the first Sunday in August, the tax imposed by this chapter or pursuant to the authority granted in § 58.1-605 or 58.1-606 shall not apply to certain (i) school supplies including, but not limited to, dictionaries, notebooks, pens, pencils, notebook paper, and calculators, and (ii) clothing and footwear designed to be worn on or about the human body. The tax exemption shall apply to each article of school supplies with a selling price of $20 or less, and each article of clothing or footwear with a selling price of $100 or less. Any discount, coupon, or other credit offered either by the retailer or by a vendor of the retailer to reduce the final price to the customer shall be taken into account in determining the selling price for purposes of this exemption.

The Department shall develop guidelines that describe the items of merchandise that qualify for the exemption and make such guidelines available, both electronically and in hard copy, no later than July 15 of each year.

The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer who is not registered under § 58.1-613 or is delinquent in the payment of the taxes imposed under this chapter.

Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until he can affirmatively show that the tax has since been refunded to the purchaser or credited to his account.

Any dealer who neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by him, his agents, or employees shall be liable for and pay the tax himself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer who neglects, fails, or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, shall be guilty of a Class 1 misdemeanor.

All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in § 58.1-611.2 not to collect the tax levied by this chapter or levied under the authority granted in §§ 58.1-605 and 58.1-606 from the purchaser, and to absorb such tax himself. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner in the same manner as he is for tax collected from a purchaser pursuant to this section.

§ 58.1-626. Absorption of tax prohibited.

No person shall advertise or hold out to the public, directly or indirectly, that he will absorb all or any part of the sales or use tax, or that he will relieve the purchaser, consumer, or lessee of the payment of all or any part of such tax. Any person who violates this section shall be guilty of a Class 2 misdemeanor.
The prohibitions contained in this section shall not apply during the time period set out in § 58.1-611.2 or during the 14 days immediately preceding such time period for advertisements relating to sales to be made during the time period set out in § 58.1-611.2.

18. That the second enactment of Chapter 940 of the Acts of Assembly of 2005 is repealed.

19. That the tenth enactment clauses of Chapter 1019 and Chapter 1044 of the Acts of Assembly of 2000 are repealed.

20. That the provisions of the first enactment of this act shall expire at midnight on June 30, 2008, pursuant to § 4-12.00 of this act. The provisions of the second through nineteenth enactments of this act, inclusive, shall have no expiration date.

21. That this act is effective on July 1, 2006, pursuant to § 4-13.00 of this act.

President of the Senate

Susan Clarke Schaar
Clerk of the Senate
THURSDAY, MARCH 2, 2006

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

Rabbi Michael Panitz, Temple Israel, Norfolk, Virginia, offered the following prayer:

Dear God, Source of wisdom:

As we prepare for the work of democracy, help us to recall that our chosen form of government is not in itself a cure for all that ails the human spirit, but rather a structure resting on a base of values.

We look around the world, and see countries that proclaim themselves democratic, but are in fact indifferent to the majority of their citizens. Their democracy is hypocrisy, because their values are anti-humane.

We see other countries, struggling to reach democracy, and careful to write into their constitutions that their states will in effect remain theocracies. That would leave only second-class status for the large majority of the senators assembled in this chamber, were we citizens of those countries. Let us acknowledge the wisdom of our own Virginian ancestor, Thomas Jefferson, whose 1786 statute of religious freedom gave us, in all our religious diversity, the standing to participate fully in our democracy.

Yes, LORD, democracy rests upon a base of values. Let us do the work of our democracy while attending to the values that underlie it. In the Bible, You have told us, “love your neighbor as yourself”, and also, “justice, justice shall you pursue”; You have commanded us to “know the heart of the disenfranchised”, and enjoined that “the executive shall not grow haughty, but remain within the law”. Mindful of Your commandments, let us recommit to values of love and justice, of caring and responsibility, so that the values that generate our votes will in fact make our exercise of democracy good. In the words of the Psalmist, O God, “establish Thou the work of our hands.” Amen.

The roll was called and the following Senators answered to their names:

A quorum was present.

After the roll call, Senators Cuccinelli, Edwards, Hawkins, Norment, and Stolle notified the Clerk of their presence.

On motion of Senator Marsh, the reading of the Journal was waived.

FRIDAY, MARCH 3, 2006

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Daniel A. Goodall, Sr., Antioch Baptist Church, Essex County, Virginia, offered the following prayer:

Father God, we thank You for Your goodness and Your kindness and for Your loving care. Lord, we thank You because, morning by morning, new mercies we see. We thank You, Lord, because You looked beyond our faults and saw our needs. We thank You, Lord, because You are God all by Yourself and above You, there is no other. Lord, we recognize that all things good and wonderful come from You, and if we trust in You, Lord, and lean not to our own understanding but acknowledge that through You all things are possible.

We recognize and accept this great responsibility that You have placed on these elected officials to lead this great Commonwealth. We recognize the responsibility to be about the business of our great state and to provide for the common good of all the citizens of Virginia.

From the Blue Ridge Mountains to the shores of the Atlantic Ocean, stretch forth Your hands and bless the citizens, bless the representatives, bless the Senate leaders, bless our Governor, and bless the President of this nation and keep each of them in Your care.

Now, Lord, as these leaders continue to do the work entrusted in them, give them the Wisdom to look beyond party loyalty and to do what is necessary to support all the people of the Commonwealth of Virginia. Give them the Courage to make the Right Decisions, based on Sound Judgment and Informed Opinions. Give them a Sense of Justice that embodies the needs of all the people in the Commonwealth, no matter where they reside. Build them up, Father God, on every leaning side and let not hurt, harm or danger come against them. Incline their hearts to hear Your voice and submit to Your will, O Lord.

And we give Your name, Father God, the praise, the honor, and all the glory because You are worthy to be praised. And, when it is all said and done, I pray that they will be able to hear You say, Lord: “Well done my good and faithful servants”. This is my prayer for these, Your children. Now unto the only wise God, the author and finisher of our faith, unto He Who orders our steps and causes the sun to shine in the morning, unto He Who is able to bring us peace, in Your precious name, we pray. Amen.

Re: Eighth Judicial Circuit

Dear Ms. Schaar:

You will find enclosed herewith, in duplicate, a copy of the report of this Court and the order entered on March 7, 2006 in the matter of the vacancy in the office of judge of the Eighth Judicial Circuit.

Copies of this report and order are being sent to Governor Kaine, Mr. Bruce F. Jamerson and the Chairs of the Courts of Justice Committees of the House and Senate.

Sincerely yours,

/s/ Patricia L. Harrington

VIRGINIA:

In the Supreme Court of Virginia held at the Supreme Court Building in the City of Richmond on Tuesday the 7th day of March, 2006.
A vacancy having occurred in the office of judge of the Eighth Judicial Circuit by the expiration of
the term of Judge William Chapman Andrews, III, and the Court, pursuant to section 17.1-511 of the Code
of Virginia, as amended, having secured information concerning the volume of business in the said circuit,
is of opinion, for reasons stated in writing in the form of a report to the Governor and to the General
Assembly of Virginia and filed herewith, that the amount of business of the Eighth Judicial Circuit makes
the filling of the vacancy necessary. Accordingly, the Court doth certify that there is a necessity for filling
the vacancy in the manner provided by law.

And it is ordered that a copy of this order, together with a copy of the report referred to above, be
certified to the Governor of Virginia and to the General Assembly of Virginia.

SUPREME COURT OF VIRGINIA
Supreme Court Building
Richmond, Virginia 23219

March 7, 2006

Honorable Susan Clarke Schaar
Clerk of the Senate of Virginia
Patrick Henry Building, Room 2010
Richmond, VA 23219

Dear Ms. Schaar:

Section 17.1-511 of the Code of Virginia, as amended, provides that whenever a vacancy occurs in
the office of a judge of any court of record, the vacancy shall not be filled until, after investigation, the
Supreme Court of Virginia certifies that the filling of the vacancy is or is not necessary. The term of Judge
William Chapman Andrews, III, Judge of the Eighth Judicial Circuit, expired on February 9, 2006, thereby
creating a vacancy in the office of judge of that circuit.

The Eighth Judicial Circuit serves the city of Hampton. The General Assembly has authorized four
circuit court judgeships for that circuit. The 2004 population of the circuit was 145,951. Based on the
information contained in the enclosed report, the Supreme Court of Virginia is of the opinion that the
vacancy created by the expiration of the term of Judge Andrews should be filled in the manner prescribed
by law.

Respectfully submitted,

/s/ Leroy Rountree Hassell, Sr.

The reading of the communications was waived.

The communications were referred to the Committee for Courts of Justice.

The Senate met at 10:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Guy Hunt, Lebanon Presbyterian Church, Lebanon, Virginia, offered the following prayer:

Almighty God, our continued source of strength for all those who seek to serve You. We praise You for that second wind of Your power that comes when we feel pressure or stress. You have promised this strength for each day we live and work. Well, Lord, You know what these days just before the Senate session ends are like. These Senators and all who work with them feel the pressure of so much work and so little time to accomplish it. In days like these, stress mounts and our reserves are drained. Physical tiredness invades our effectiveness and relationships are strained. In this prayerful moment, we open ourselves to the infilling of Your strength and Your calm. We admit our dependence on You, submit to Your guidance, and commit our work to You. Grant, O God, Your wisdom and foresight to each Senator, to rightly lead and govern our citizens of this beautiful state of Virginia with integrity and fairness. Give us that blessed healing assurance that You will always provide enough time to do what is right in Your sight. In Your all-powerful name. Amen.

The roll was called and the following Senators answered to their names:

On motion of Senator Hawkins, the reading of the Journal was waived.

The Senate met at 10:00 am. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend William K. Frasnelli, Jubilee Christian Center, Fairfax, Virginia, offered the following prayer:

Most High God, I come to You on behalf of this Legislative Body whom the people of Virginia have chosen as their representatives to ensure their well-being and safety.

My prayer is that Your voice would be heard by each one here who is charged with directing the course of this great Commonwealth.

I ask that wisdom be granted to each lawmaker to the end, that Thy will be done in truth and righteousness and that personal agendas would have no place in decision making this day. For it is You we are to please and serve.

May a reverent fear of God, which is the beginning of wisdom, guide each person to please God and not man, for every person shall stand before Thee and give an account of his work on the Day of Judgement.

Grant Thy servants the grace and strength necessary to fulfill Your purpose and lovingly watch over their families as they watch out for ours. I pray respectfully in the Name of Jesus Christ Our Lord. Amen!

SATURDAY, MARCH 11, 2006

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend George A. Williams, Retired Chief Deputy Clerk of the House of Delegates, Mechanicsville, Virginia, offered the following prayer:

O God, our Creator and Sustainer, who calls us to faith, love, and action in this life.
Here we are again—on what is supposed to be the last day of the session. We have traveled a long and difficult legislative road with many potholes and detours, and it seems we may be “on the road again!”
We depend on You, O God. Comfort us and confront us with Your love and grace. We need Your help and Your strength. We may also need some prodding; and if You prod us, please remember the other legislative body as well!
Forgive us for the things that spoil our life together. We are tired, and we may be moody and irritable, insensitive to the feelings of others. May the wounds we have inflicted and the wounds we have received be healed by Your grace and mercy.
O God, help us on the legislative road. Bless all the travelers: the President, the Clerk, the Senators, the staff, and the pages and messengers. May bodies, minds, and spirits come together to faithfully and effectively serve our people.
Grace this Chamber with Your presence this day. Be with us on the road of life!
Peace, Shalom, Salaam! Amen.

HOUSE JOINT RESOLUTION NO. 556

Adjournment Sine Die.

WHEREAS, the House of Delegates and the Senate are ready to adjourn sine die; now, therefore, be it RESOLVED by the House of Delegates, the Senate concurring. That a committee of six on the part of the House of Delegates and four on the part of the Senate, be appointed to inform the Governor that the Regular Session of the 2006 General Assembly is ready to adjourn sine die and to inquire if he has any communication to make.

H.J.R. 556, being of a purely procedural nature, was taken up for immediate consideration and agreed to.
Senator Norment was ordered to inform the House of Delegates thereof.

The President appointed Senators Chichester, Stosch, Norment, and Saslaw, the committee on the part of the Senate to inform the Governor that the General Assembly was ready to adjourn sine die and to inquire if he had any communication to make.

Subsequently, Senator Chichester, from the committee to inform the Governor that the General Assembly was ready to adjourn sine die and to inquire if he had any communication to make, reported that the committee had performed that duty and presented the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 11, 2006

TO THE MEMBERS OF THE GENERAL ASSEMBLY OF VIRGINIA:

Eight weeks ago, I began this first General Assembly session of my term with a pledge to reform Virginia’s transportation system: to protect the taxpayer dollars we spend for transportation, to change the way we plan so that people and goods can move more freely without increasing sprawl, to invest in overdue repairs to roads and bridges, and to provide new infrastructure for roads, rails and public transit.

While there is still important work to do, I am pleased by the many areas in which we have found agreement.

We are all committed to protecting transportation dollars for transportation. During my term, I will prevent raids on transportation dollars with my line-item veto authority. I will never sign a bill increasing a transportation revenue source without a condition that the revenue would sunset if used for non-transportation purposes. This year, the Senate approved budget language to lock up the transportation trust fund, and I hope to see that language approved in the final budget bill. We continue to work together to craft a permanent lock on the transportation trust fund through a constitutional amendment. The Senate approved such an amendment this year for the first time, and I applaud that commitment to fiscal integrity. The House, which has long supported such an amendment, declined to do so this year. I am confident that we will have such an amendment approved by Virginia citizens during my term as Governor.

We are all committed to getting the most for our transportation dollars. You passed a number of important reforms of the Virginia Department of Transportation this year, many of them suggested by the House of Delegates. I have also begun a professional, bipartisan search process for the next Commissioner of the Virginia Department of Transportation, who will be an agent of change in that Department. Further, I announced an initiative to set measurable performance standards—beyond just on-time and on-budget—that would allow us to compare the effectiveness of proposed transportation projects and choose the transportation investments that move people and goods in the most efficient way.

We also made unprecedented progress on better linking land use and transportation planning. You approved important pieces of legislation, requiring traffic impact statements and allowing transfer of development rights, that begin to better connect roads and development, and a number of my proposed uses of new transportation investments reflect a new way of doing business in transportation planning. I will continue to pursue legislative and administrative actions throughout my term that help us meet the goals of both providing an effective transportation network and protecting the character of our homes and communities.
We are also in agreement that a strong transportation system requires new investments. I proposed a series of measures that would have provided significant statewide funds for transportation without a general tax increase, and without harming our existing general fund commitments to education, health care, and public safety. While the Senate proposed different sources of revenue for transportation, it shares my commitment to the principle of a reliable, sustainable, statewide solution that does not take money from schools, health care, public safety, or the environment. While the House has identified the need for new investments, it unfortunately has chosen to use general fund dollars putting transportation in direct competition with education for scarce funds.

While we have accomplished much together, Virginia needs a transportation solution, and local governments, colleges, and a host of other important service providers need a state budget. I am disappointed that for the third time in six years, you will adjourn sine die without completing an appropriations bill. Accordingly, I have issued a call for a special session of the General Assembly to begin Monday, March 27 for you to complete your work on transportation and the Budget Bills. I have been assured that the budget conferees will continue to meet in the interim, and I am hopeful that we can bring this special session to a swift conclusion.

This has been an exciting and productive first two months of my administration, with many bipartisan legislative accomplishments. We have worked to strengthen the economies of our rural communities, increase educational opportunity and accountability, provide more information to homeowners’ taxpayers, help faith-based organizations work with government, and make our communities safer.

I look forward to continuing to work with you over the next four years.

Sincerely,

/s/ Timothy M. Kaine
Governor of Virginia

Senator Chichester moved that the Senate adjourn sine die.

The motion was agreed to.

The President declared the Senate adjourned sine die.

The Senate met at 12 m. in Reconvened Session of the 2006 Regular Session and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Pendleton B. Peery, Second Presbyterian Church, Richmond, Virginia, offered the following prayer:

Almighty God, author of all things:

For the beauty of this day—and for the promise of new life seen in the blossom of spring; for the vitality of this commonwealth—seen in the faces of its citizens; for Your gift of government—and those whom You call to govern—for all of this, O God, we give You thanks.

Be with this body as they go about the business of decision making. Grant them a spirit of cooperation and discernment—that they might govern with wisdom, responsibility, and humility. Strengthen them with the assurance of Your sovereignty—that they may be freed to use the gifts You have bestowed upon them.

We pray for those who make decisions, as well as those who are affected by decisions made. Be with all citizens of this commonwealth—particularly with those who are vulnerable—the elderly, the mentally ill, the poor, and the children.

In Your ineffable wisdom—continue to steer the course of this body in line with the vision of what You would have us be as Your creation.

We ask it in the confidence of Your power, Amen.

SENATE BILL VETOED BY THE GOVERNOR

S.B. 304 was returned by the Governor with the following communication:
TO THE SENATE OF VIRGINIA:

SENATE BILL 304

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 304, which would allow the General Assembly to elect the nine citizen members of the Commonwealth Transportation Board who do not serve at large.

During my first three months in office, my top priority has been working in a bipartisan manner to find a long-term, fiscally responsible approach to fix our transportation problems and change the way Virginia approaches these issues.

This bill only serves to fragment the Commonwealth’s transportation planning process at a time when we should instead be coming together to make the tough decisions that the people of Virginia demand and our transportation problems require.

Furthermore, no reason exists for the executive branch to cede this appointment power to the legislative branch at this point. Any shift in the balance of power should occur in conjunction with a broader review of issues including the merits of a two-term governor.

ADJOURNMENT SINE DIE
MESSAGE FROM THE HOUSE

A message was received from the House of Delegates by Delegate Griffith, who informed the Senate that the House had agreed to H.J.R. 557 (five hundred fifty-seven), as follows; in which it requested the concurrence of the Senate:

HOUSE JOINT RESOLUTION NO. 557

Adjournment Sine Die.

WHEREAS, the House of Delegates and the Senate are ready to adjourn sine die; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That a committee of eight on the part of the House of Delegates and four on the part of the Senate, be appointed to inform the Governor that the Reconvened Session of the 2006 General Assembly is ready to adjourn sine die and to inquire if he has any communication to make.

H.J.R. 557, being of a purely procedural nature, was taken up for immediate consideration and agreed to.

Senator Norment was ordered to inform the House of Delegates thereof.

The President appointed Senators Chichester, Norment, Stolle, and Whipple, the committee on the part of the Senate to inform the Governor that the General Assembly was ready to adjourn sine die.

Subsequently, Senator Chichester, from the committee to inform the Governor that the General Assembly was ready to adjourn sine die, reported that the committee had performed that duty.

Senator Chichester moved that the Senate adjourn sine die.

The motion was agreed to.
The President declared the Senate adjourned sine die.

SENATE BILLS VETOED BY GOVERNOR
SUBSEQUENT TO ADJOURNMENT SINE DIE

S.B. 260 (two hundred sixty), subsequent to adjournment sine die of the Reconvened Session of the 2006 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

May 18, 2006

TO THE SENATE OF VIRGINIA:
SENATE BILL 260

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 260, which would have addressed machinery and tools taxation of manufacturers by local governments.

The issue of taxation of idle machinery and tools is a complex one and is the subject of more than a half century of decisions by the tax commissioner. This legislation has positive features, which is why I submitted amendments to correct the part of the bill I find objectionable—a new definition of idle machinery and tools.

The previous standard required that machinery and tools must have been idle for 12 months in order to be exempt from taxation, but this bill establishes a much shorter standard of three months. I am concerned that this significant change will have a revenue impact on localities. For this reason, local governments oppose this bill.

The bill also calls for a working group on machinery and tools taxation. While I am vetoing this legislation, I will convene a working group, to be co-chaired by the Secretary of Commerce and the Commissioner of the Department of Taxation, and to include members of the manufacturing community as well as local government, that can address this and other issues.

Governor

S.B. 429 (four hundred twenty-nine), subsequent to adjournment sine die of the Reconvened Session of the 2006 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

May 18, 2006

TO THE SENATE OF VIRGINIA:
SENATE BILL 429

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 429, which would remove from the Governor the authority to appoint the Secretary of the Board of Elections.
I support the patron’s stated intent of ensuring that the Board of Elections conducts elections in the most efficient and even-handed manner. While I do not believe that this bill is needed to accomplish that result, I will work with the patron and all interested parties to accomplish that goal.

/s/ Timothy M. Kaine

S.B. 676 (six hundred seventy-six), subsequent to adjournment sine die of the Reconvened Session of the 2006 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

May 18, 2006

TO THE SENATE OF VIRGINIA:

SENATE BILL 676

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 676, which would consolidate the two Schools for the Deaf and Blind into one school in Staunton, provide for a continuing regional program in Hampton, and convey the existing Hampton property to a specific nonprofit entity.

The issue of consolidation has been debated for a number of years. Unfortunately, the conference report on the two bills concerning this issue resulted in a very divided vote in both the House of Delegates and the Senate. While a consensus exists on consolidation at Staunton, there is disagreement on the appropriate approach going forward for the Hampton property. My amendments sought to provide greater consensus by moving forward on consolidation in Staunton while leaving additional options open for use of the Hampton Campus. My amendments had the full support of the Hampton legislative delegation and the Senate. Unfortunately, the House of Delegates narrowly defeated those amendments.

The enrolled bill, while a good faith effort, does not achieve the necessary consensus about future use of the Hampton school and associated programs. Thus, I am vetoing this legislation, but I will continue to work with the patrons and all stakeholders to craft a consensus during the ongoing budget discussions and in the future.

S.B. 689 (six hundred eighty-nine), subsequent to adjournment sine die of the Reconvened Session of the 2006 Regular Session, was returned by the Governor with the following communication:

COMMONWEALTH OF VIRGINIA
Office of the Governor

May 18, 2006

TO THE SENATE OF VIRGINIA:

SENATE BILL 689

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 689, which would reduce the membership of the Virginia Workforce Council by four members and the number of Governor’s appointees to the Council by eight.
Our global economy demands that we dedicate significant resources to educating and training our present and future workforce. I am committed to working with the General Assembly during my term to give this important issue the attention that it deserves.

However, I do not believe that this bill, in its present form, advances that goal. As a result, I offered an amendment that would have restored to the Council two additional members. Moreover, I restored some measure of gubernatorial appointment authority by requiring that four other members be appointed in consultation with the General Assembly leadership, rather than from a list provided by the General Assembly.

The patron of this measure and his colleagues in the Senate unanimously agreed to that compromise. Unfortunately, the House of Delegates chose to reject the amendment, stating that language requiring consultation with the Speaker of the House was taking power away from the Speaker. In fact, these appointments are currently made by the Governor, and the bill is taking appointment power away from the Governor. My amendments were a good faith effort at compromise on this issue.

Without this compromise, no reason exists for the executive branch to cede appointment power at this point. Accordingly, I am vetoing this legislation.
