Almighty God, Creator and Sustainer of all things, we thank You for this day, we thank You for being with us in this very moment and most of all we thank You for the institution of Government, that which You created in order for mankind to live in harmony with one another.

As we are assembled here today, we first ask that You would continue to bless and protect members of our armed forces, those that fight for and defend our freedom, both domestically and throughout the world.

God, I ask You now, that You would bless our elected officials here today who represent the people of various localities across our state. I pray that the decisions that are made today and in the future are not necessarily made according to partisan points of view, but they are made in accordance to Your will. I pray that the decisions made will be a blessing to the people of this great Commonwealth, ones that will reduce the pressures and struggles that our families face on a daily basis.

God, I thank You now in advance for hearing and answering all of these prayer requests in Your own way. In the name of the God that we may serve, which for me personally is Jesus Christ. Amen.

The individualized program of services and housing supports shall be developed as described in Report Document 30 (2008) - "Auxiliary Grant Portability: A Report on the Feasibility of Restructuring Auxiliary Grants for Certain CSB Case Management Consumers." Eligibility criteria shall include Assisted Living Facility (ALF) residents displaced from AG-funded beds that close and may also include those for whom the services and housing supports would lead to reductions in higher-cost institutional care, and (i) whose needs are not being met by their current living arrangement, or (ii) who are living in localities without ALFs, or (iii) who are ready for discharge from a state hospital and are without access to an ALF placement. Applications for consumers not currently receiving auxiliary grants shall identify reductions in higher-cost institutional care that offset the cost of the portable auxiliary grant. The Secretary shall provide a report on the progress and outcomes of the program, including such cost offsets, to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, and the Joint Commission on Health Care, by October 1, 2009."

Almighty and eternal God we thank You for Your loving care and friendship. You have revealed Your glory to all nations and through You comes all wisdom and power. We praise You for the gift of life and the freedom that we share.

Bless and strengthen America and make our nation a beacon of liberty and justice to the world. Assist with Your spirit of counsel and fortitude our President and all world leaders, that their efforts for peace may be realized. We remember in prayer the men and women serving our military, protect them and let them be true peacemakers.

We pray for the Governor of the Commonwealth of Virginia, for the members of the legislature, and this Senate as they begin their deliberations today. May they discharge their duties with honesty, equality and respect for virtue. Let the light of Your divine wisdom shine forth in their efforts and abilities. Sustain them in their dedication to building a more human world, a world soothed by the balm of Your love. Make them champions of justice and compassion. May the poor, sick, disabled and those who serve them be blessed and may they not be forgotten in our work. May the sanctity of life and human dignity be safeguarded and cherished in every moment.

We likewise commend to Your unbounded mercy all citizens of Virginia that we may be blessed in the knowledge and observance of Your holy law and be preserved in unity, happiness, and that peace (shalom) which the world cannot give. Chaplain Lynn Litchfield, Fluvanna Correctional Center for Women, Troy, Virginia, offered the following prayer:

We come before You this day, O God, to invite Your presence into this place knowing that You are already here. We draw our attention to You because we want to feel Your presence in our lives. We need Your guidance as we seek the way ahead.

As we come to serve, help us to set aside the concerns that don't need our attention in these moments. Help us lay these into Your capable hands that we may focus on the tasks ahead. We ask Your tender care for our families, friends and colleagues.

Thank You for the gift of this day – for its possibilities and its necessities. Thank You for the opportunity to be of service to the Commonwealth of Virginia and her people. And in those moments when the rich blessings of this service can become routine, we ask that You grant us passion for this day; passion that we may be Your instruments of healing and hope in this place.

We pray together, celebrating our unity as Your beloved children, Amen.

Guide our hearts, so that we may be able to disagree without being disagreeable.

Guide our speech, so that we may speak genuinely without bitterness and to make decisions without conflict.

May whatever is said and done, esteem You, and compact subjects of concern, and not emotional responses.

Bless the women and men of this Senate, and all who work within this community, with an exceptional portion of strength, as You congeal their convictions, for the challenging schedule ahead.

When this day is over, may we praise You for being our Lord and Savior. Amen.

O Lord, Our Lord, how excellent is Thy name in all the earth, so Your word declares, he that ruleth over men must be just, ruling in the fear of God.

We pray this day, O God, that all that is said, all that is done, reflects Your just rule. That all will reflect an awesome fear of Your glory and Your might. And that every single thought might be pleasing in Your sight.

Bless these, Your children who have responded to Your call to serve, saying "Here Am I Lord, Send Me." And cause them to ever recognize that with Your watchful eye and caring presence, You neither slumber nor sleep.

Lastly, Lord, bless our Commonwealth from the mountain to the shore, that this might be a place with which You are pleased; a place which shows forth Your goodness.

O Lord, Our Lord, how excellent is thy name in all the earth, Amen and Amen.

### SENATE BILLS VETOED BY THE GOVERNOR

**S.B. 436** (four hundred thirty-six) was returned by the Governor with the following communication:

#### COMMONWEALTH OF VIRGINIA

Office of the Governor

March 3, 2008

TO THE SENATE OF VIRGINIA:

SENATE BILL NO. 436

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 436, which would allow persons without concealed weapon permits to store firearms in locked compartments in their vehicles.

I have the same concerns with this legislation today as when I vetoed a similar bill two years ago.

This measure runs contrary to existing state law regarding concealed weapon permits, allowing persons who have not completed a criminal background check, and who are untrained with a handgun, to possess a firearm in a concealed manner within a locked compartment in their automobiles.

It also presents a danger to our law enforcement officers, who risk their lives for Virginians on a daily basis while patrolling our Commonwealth's roads and highways. The objections of law enforcement to this measure are compelling.

Accordingly, I veto this bill.

/s/ Timothy M. Kaine  
Governor

The reading of the communication was waived.

Senator Vogel moved that **S.B. 436** be passed in the enrolled form, notwithstanding the objections of the Governor.

COMMONWEALTH OF VIRGINIA  
Office of the Governor

March 3, 2008

TO THE SENATE OF VIRGINIA:

SENATE BILL NO. 476

Pursuant to Article V, Section 6, of the Constitution of Virginia, I veto Senate Bill 476, which would allow persons to carry concealed weapons into restaurants or clubs that serve alcoholic beverages.

Allowing concealed weapons into restaurants and bars that serve alcohol puts the public, the employees, and our public safety officers at risk. I take seriously the objections of law enforcement to this measure.

Accordingly, I veto this bill.

Today, Lord, we stop to thank You.  
For the beauty of the day.  
For the blessings of good friends and colleagues.  
For the wealth and opportunity of this Commonwealth of Virginia.  
For the success of Your dreams and our dreams in this place.  
Today, Lord, we present to You ourselves.  
Give us humility.  
Give us patience.  
Give us a willingness to put the common good above all.  
Give us a mind to protect those who have no power.  
Give us a heart to help those who cannot effectively represent themselves.  
Give us a commitment to right wrongs, to establish justice, and to live mercy.  
Give us a spirit of honest cooperation for Your own sake.  
Today, Lord, we are thankful for this moment of silence and prayer.  
Help us to breathe, before we begin again.  
Help us to be all that we can be, to be more than we hoped we'd be.  
Help us not to give up on the possibility that we all can succeed together, for the benefit of Your people, for the good of humanity, for the sake of what is good, and right, and wholesome. Amen.

The Reverend Dr. Clint Hopkins, Stuart Baptist Church, Stuart, Virginia, offered the following prayer:

God of many names and one Spirit:

We look past our horizons for what is beautiful; we would see with Your eyes.

We have seen enough of Your spirit to know what is good. Teach us justice and mercy and faithfulness, so that the deeds of our hands will help those who need us most.

God of many names and one Spirit:

Place before us the faces of those whose lives we will change by our deeds. Give us discernment about who should increase and who should decrease.

We wish for a spirit of generosity and a spirit of unity that all Your creatures may thrive.

Accept our pledge, O Creator, to join in affection for Your whole creation. Amen.

O God, here we are again! Hopefully, this was supposed to be the last day of the Session. Now, it looks like overtime for the play-offs, but that's the way the ball bounces!

Renew us! Refresh us! Refaith us! You are our light and our salvation. You are the strength of our life. Of whom shall we be afraid?

With Your help we will not be consumed by the day's pressures and stresses. May good ideas, helpful words, patience, and consideration for each other, help us to do our best. Remind us to always engage the brain before opening the mouth!

O God, give wisdom and understanding, and care and compassion, that our endeavors in Richmond this Winter will bring life, justice, and hope to the People of Virginia. Give Your rich blessing to the men and women of the Senate, to the President, to the Clerk, and to the Staff.

May God make you steadfast in faith, joyfully in hope, untiring in love, and strong in heart and mind!

Peace! Shalom! Salaam! Amen.

"a.1) It is the intent of the General Assembly that a payment estimated at \$59,911,534 the first year and \$68,117,517 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These grants shall be used to provide programs for at-risk four-year-old children which include quality preschool education, health services, social services, parental involvement and transportation. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4)a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. Programs operating half-day shall receive state funds based on a fractional basis determined by the pro-rata portion of a full-day, school year program provided. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000 the second year.

b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department and other groups identified by the lead agency.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is prohibited from continuing the previous level of support to programs for at-risk four-year-olds from

Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such prohibition may occur due to amendments to the allocation formula in the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage reduction in a locality’s Title I allocation in 2007-2008 or 2008-2009. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

- 1) “Wraparound Services” -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.
- 2) “Wrapout Services” -- methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.
- 3) “Expansion of Service” -- methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.

Local plans must indicate the number of at-risk four-year-old children to be served, and the criteria by which they will be determined to be at risk.

d.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

e. The Department of Education is authorized to expend unobligated balances out of the Lottery Proceeds Fund if participation in the Virginia Preschool Initiative is greater than projected. The Department is also authorized to expend unobligated balances in this program’s adopted budget allocations for grants to qualifying school divisions for one-time expenses, other than capital, related to start-up or expansion of programs.”

- 1) For the second year, the state share of a payment equivalent to a 2.0 percent salary increase effective July 1, 2009, for all funded positions.

2) It is the intent of the General Assembly that the average instructional position salaries be improved throughout the state by at least 2.0 percent the second year. Sufficient funds are appropriated in this act to finance, on a statewide basis, the state share of a 2.0 percent salary increase for all funded positions effective July 1, 2009, to school divisions which certify to the Department of Education that equivalent increases have been granted in the second year.

b. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

2. Allocations listed in paragraph A.1. of this item shall be granted to public colleges and universities in a fiscal year so long as they limit the increase to tuition and mandatory Educational and General (E & G) fees for in-state undergraduate students to not more than three percent in that fiscal year.

3. Institutions that contribute nongeneral funds to ensure access and affordability to higher education for Virginia students shall be permitted to exceed the limit for increases in tuition and mandatory E&G fees for in-state undergraduate students stated in paragraph A.2. by one percent provided that any revenue generated by an increase in tuition and E&G fees beyond the limit stated in paragraph A.2. be used only to increase the level of financial aid for in-state students.

4. The State Council of Higher Education for Virginia (SCHEV), in conjunction with the Department of Planning and Budget (DPB), shall determine whether each public college and university has met the tuition requirements of this fund. SCHEV shall report its findings to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director of the Department of Planning and Budget by August 15 of each fiscal year.

5. Upon certification by SCHEV and DPB that the requirements in paragraph A.2. and A.3. have been met, the Director, Department of Planning and Budget, shall transfer the amounts listed above to each of the certified institutions.

6. In each year, any funds in paragraph A.1. not allocated pursuant to the requirements of paragraphs A.2., A.3 and A.4. shall be distributed as follows: (a) 50 percent shall be redistributed proportionally among the institutions that have met the requirements of paragraphs A.2., A.3. and A.4. and (b) 50 percent shall be reverted to the general fund.

7. If an institution increases tuition and mandatory E & G fees for in-state undergraduate students in fiscal year 2009 greater than 12 percent, the institution shall not be eligible for an allocation from the fund in either fiscal year.

8. SCHEV shall evaluate the nongeneral fund component of educational and general program in this budget. The intent of the General Assembly is that nongeneral fund appropriations in the educational and general program approximate actual revenue collections for that fiscal year. SCHEV shall report its findings and recommendations for adjustments to the nongeneral fund educational and general program appropriation to meet the legislative intent by October 1, 2008.

9. The Director, Department of Planning and Budget, shall report quarterly on all requested and recommended adjustments to nongeneral fund appropriations in the educational and general program to the Chairman of the House Appropriations and Senate Finance Committees.”

Authority: Discretionary Inclusion.

A.1. The head of each agency in the Executive Department, except for the institutions of higher education, shall develop a plan for achieving increased productivity or budgetary savings during the 2008-2010 biennium to be submitted to the Governor no later than August 1, 2008. Such plans shall not include savings based on reductions in the nonpersonal service appropriations for transfer payments (aid to localities) subject to budget reductions in Item 475.1 of this act. The plan shall be in such form as prescribed by the Governor.

2. Upon approval of the plan by the Governor, general fund savings identified by these plans estimated at \$17,500,000 the first year and \$17,500,000 the second year shall be transferred to this item by the Director, Department of Planning and Budget. Any agency general fund appropriations unexpended on June 30, 2008, that state agencies identify to the Director, Department of Planning and Budget, prior to June 2, 2008, may be reappropriated to state agencies for use to offset these savings. To qualify for this purpose, such unexpended appropriations identified by state agencies must be discretionary in nature and cannot result from unexpended pass through funding to entities outside of state government, including aid to local government payments.”

-----------------------	----------------	------------------

A. The purpose of this item is to capture savings in state aid to local government programs in a manner that provides localities flexibility in how such savings are implemented. This reversion is necessary as a result of the downward adjustment in general fund revenues caused by the slowing of the Virginia economy.

B. Within 30 days after enactment of this act, the Director of the Department of Planning and Budget, shall provide the chief operating officer of each city and county in the Commonwealth a list of certain state aid to local government programs along with an estimate of the general fund amount for each program that each county and city could expect to receive from the state during each year of the biennium. The total amount listed for these programs will serve as the basis for calculating the savings apportioned to each city and county for this item. The savings apportionment will be equal to the percentage of the aggregate general fund amount for all of these state aid programs in each city and county totaling \$50,000,000 in each year.

C. Each city and county in the Commonwealth shall have flexibility in determining how it will implement the savings apportioned to it. Each city or county can choose to (1) take the total savings out of one program included on the list provided by the Department of Planning and Budget, (2) reduce multiple state aid programs on a proportional basis or by a specified percentage reduction, or (3) reimburse the Commonwealth in aggregate for their share of the savings, thereby keeping the state aid programs at an unreduced level. Each locality may also use number 3 above in combination with 1 or 2. The governing body of each city or county shall make its selection and certify its choice to the Director, Department of Planning and Budget, by August 30, 2008. Within 10 days of receipt, the Director, Department of Planning and Budget, shall review such certification for accuracy to ascertain that the required savings apportioned to the city or county are obtainable using the selection(s) submitted on the certification. Unless, the Director, Department of Planning and Budget, finds a certification to include savings that are not obtainable or sustainable, the certification shall be approved and implemented without further delay. In the event that a city or county has not submitted or obtained an approved certification by October 1, 2008, the Director, Department of Planning and Budget, is hereby authorized to withhold an amount equivalent to the savings apportioned to the affected city or county from the aid to local government programs that the Director determines are most discretionary and represent general purpose aid to the local government in question before he begins to withhold any funds from categorical grants serving a particular functional area or public service. The Director, Department of Planning and Budget, shall notify the affected locality of his decision in this regard and such decision shall remain in force unless it is superseded by the subsequent approval of a certification for the affected city or county after October 1, 2008.

D. The savings in state aid to local government programs identified by each city or county on their approved certification (or by the Director, Department of Planning and Budget, in absence of an approved certification) shall be transferred from the other items where such amounts are appropriated in this act to offset the reversion amount listed in this item. Payments from local governments electing to use option (3) above in paragraph C shall be deposited to a suspense account which shall be administered pursuant to §3-1.03 Y. of this act.”

**COMMUNICATION  
SUBSEQUENT TO ADJOURNMENT SINE DIE**

Subsequent to adjournment sine die of the 2008 Regular Session, the following communication was received:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

March 13, 2008

TO THE VIRGINIA GENERAL ASSEMBLY:

Over the past two months, we have addressed important issues and faced the daunting task of developing a balanced budget during challenging economic times. I am pleased that, through hard work, we have much to celebrate at the end of this session of the General Assembly. I thank you for advancing so many critical policy initiatives despite the difficult budgetary realities.

As you came together this year, we were all living with raw memories of the tragedy at Virginia Tech last April. We recognized that significant changes to our mental health system were needed, and working together, we have made those changes, providing better guidelines for involuntary commitment and patient monitoring. We also took steps to ensure that people adjudicated mentally ill and dangerous cannot legally buy guns, and we now will require college campuses to develop security plans. These were central pieces of my legislative proposals this session.

I asked you to significantly expand access to pre-kindergarten for at-risk children this year. While economic realities limited the expansion of this important program, you agreed that high-quality pre-kindergarten was a good investment. Because members of the General Assembly saw the value of early childhood education, Virginia will enroll more at-risk children in the Virginia Preschool Initiative in coming years. And you agreed to a substantial increase in funding for K-12 education, ensuring that our students will have the support they need to move from competence to excellence.

Working together, we also made significant improvements to our campaign and election laws. Our military women and men can now receive absentee ballots electronically when they are serving outside of the country. And donations made to political action committees and designated for a particular candidate will now meet the same standard of transparency that other political donations in Virginia must meet.

You approved legislation to protect consumers from identity theft. Individuals, corporations and the government will be required to notify the Attorney General and any affected resident when personal information has been accessed by an unauthorized person, and consumers will be able to freeze their credit reports, preventing anyone from applying for credit in their names. You also approved my proposed legislation aimed at helping homeowners with sub-prime loans overcome pending foreclosure before they lose their home.

The budget also includes significant money to increase payments to foster parents and improvements to recruitment and retention of foster and adoptive parents. The First Lady's "For Keeps" initiative will strengthen permanent family connections for older children in foster care.

We also invested in preserving and protecting our environment. The budget includes money to begin identifying and correcting non-point source pollution of the Chesapeake Bay and its tributaries, and it sets aside money to increase the amount of conserved open space for current and future Virginians.

Much has been accomplished, but hard work remains.

I am pleased that you have committed to continue working in special session to advance capital construction on university and community college campuses around the state. The important priority, shared by both houses, will ensure that our schools have the capacity to educate more Virginians, train a 21st century workforce and conduct important research.

Last year, we passed House Bill 3202, to address our transportation funding needs. With the repeal of the abusive driver fees and the Supreme Court's ruling nullifying the regional plans that last year's compromise put in place, we are once again faced with the challenge of adequately funding transportation.

Over the coming weeks, I will meet with citizens across Virginia, legislators from both houses and both parties, as well as local officials and other stakeholders to seek a funding solution for transportation, so that the issue can be addressed during a special session. I look forward to working with members of the General Assembly to craft a real solution and keep Virginia moving forward.

Governor

## WEDNESDAY, APRIL 23, 2008

The Senate met at 12 m. in Reconvened Session of the 2008 Regular Session and was called to order by Lieutenant Governor William T. Bolling.

The Reverend David R. Stokes, Fair Oaks Church, Fairfax, Virginia, offered the following prayer:

Almighty God,

We come before You today in this place dedicated to the people's work, to ask for Your guidance and grace.

And we ask, also, that You would guard our hearts. Guard them from unbridled personal ambition. Guard them from myopic self-interest. And guard them from the extremes of mean-spirited and polarizing partisanship, as well as the seductive, yet equally destructive "me-to-ism" of group think.

We ask for Your wisdom that we might have a constructive debate and a spirit of cooperation. And help us to be mindful of ancient words, those from a prophet named Micah, who long ago proclaimed:

"He hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?" (Micah 6:8 KJV)

May these values be true of us this day, Dear Lord—Amen.

  4. That the third enactment of Chapter 888 of the Acts of Assembly of 2007 is amended and reenacted as follows:
  3. That it is in the public interest, and is consistent with the energy policy goals in § 67-102 of the Code of Virginia, to promote cost-effective conservation of energy through fair and effective demand side management, conservation, energy efficiency, and load management programs, including consumer education. These programs may include activities by electric utilities, public or private organizations, or both electric utilities and public or private organizations. The Commonwealth shall have a stated goal of reducing ~~the consumption of electric energy by retail customers through the implementation of such programs by the year 2022 by an amount equal to ten percent of the amount of electric energy consumed by retail customers in 2006~~ by 2023 the 2008-2023 growth rate by 40 percent of (i) the summer peak load measured in megawatts and (ii) the annual net energy measured in gigawatt hours in the Virginia portion of each investor-owned public utility's PJM geographic zone, as reported in the PJM Interconnection's January, 2008, PJM Peak Load Forecast Report, Tables B-1 and E-1. ~~The State Corporation Commission shall conduct a proceeding to (i) determine whether the ten percent electric energy consumption reduction goal can be achieved cost effectively through the operation of such programs, and if not, determine the appropriate goal for the year 2022 relative to base year of 2006, (ii) identify the mix of programs that~~

should be implemented in the Commonwealth to cost effectively achieve the defined electric energy consumption reduction goal by 2022, including but not limited to demand side management, conservation, energy efficiency, load management, real time pricing, and consumer education, (iii) develop a plan for the development and implementation of recommended programs, with incentives and alternative means of compliance to achieve such goals, (iv) determine the entity or entities that could most efficiently deploy and administer various elements of the plan, and (v) estimate the cost of attaining the energy consumption reduction goal. The Commission shall, on or before December 15, 2007, submit its findings and recommendations to the Governor and General Assembly, which shall include recommendations for any additional legislation necessary to implement the plan to meet the energy consumption reduction goal. In developing a plan to meet the goal, the Commission may consider providing for a public benefit fund and shall consider the fair and reasonable allocation by customer class of the incremental costs of meeting the goal that are recovered in accordance with subdivision A 5 b of § 56-585.1 of the Code of Virginia. When considering an application filed by an investor-owned incumbent electric utility or electrical cooperative for a certificate of public convenience and necessity to construct a new generation facility or for approval and certification of electric transmission facilities, and when assessing the need for such facility or facilities, the State Corporation Commission shall consider only the peak load reductions and net energy usage reductions reasonably expected to be achieved by utility-sponsored or supported demand side management and energy efficiency programs based on actual measured and verified reductions previously achieved, or on such other evidence that the Commission finds justifies such reasonable expectations.

5. That the third enactment of Chapter 933 of the Acts of Assembly of 2007 is amended and reenacted as follows:

H.B. 30 (thirty) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA  
Office of the Governor

April 11, 2008

TO THE HOUSE OF DELEGATES

HOUSE BILL 30

I approve the general purpose of this bill, but I am returning it without my signature with the request that 41 amendments be adopted. I am grateful to all members of the House of Delegates and the Senate for the quality of the budget amendments contained in House Bill 30. I believe that they achieve several notable objectives that will move Virginia forward. The House and Senate are to be commended also for addressing the long-term fiscal balance of the Commonwealth by avoiding one-time actions that would call into question our ability to sustain the budget over the long haul. With a similar sentiment, I am signing House Bill 29 as presented to me so that we may begin to execute the actions it requires in the current fiscal year.

I appreciate funding to expand the Virginia Preschool Initiative so that additional students can be served. The authorizing language will allow local school divisions the opportunity to increase the number of at-risk students served through additional funding to the Virginia Preschool Initiative. An increase in per pupil spending from \$5,700 to \$6,000 and 0.5000 cap on the local ability-to-pay reasserts Virginia's commitment to establishing a foundation for lifelong learning, especially for those at-risk students.

In the health and human resources area, I applaud the General Assembly's agreement to respond in the strongest terms to the need for more widely available mental health care. By ensuring that those citizens who are troubled or mentally ill have access to needed services, we are demonstrating our commitment to the welfare and safety of everyone in our schools, workplaces, and communities. I am also encouraged by the steps we have taken to bolster our foster care and child welfare programs through increased foster care rates and additional training funds for caseworkers and other child welfare professionals. The progress on this front will help ensure that these most vulnerable children are able to live in safe and supportive environments while, wherever possible, avoiding more expensive group home settings.

The military, as one of the largest employers in the Commonwealth, helps sustain economic development as well as Virginia's budget. To help ensure the long-term federal military contribution to Virginia's economy, specific actions to enhance economic development impacted by the military's changes in the Commonwealth included full funding of \$10 million for the retention of DARPA and an additional \$2 million for the expansion of Fort Lee.

I am disappointed, however, that the General Assembly removed the increased funding that I recommended for prisoner reentry. Our growing inmate population creates the need for additional expensive prison space. Most inmates released from prison who commit new crimes do so during their first months after release. More closely overseeing their transition to society and enhancing their ability to function in it would help reduce recidivism rates slowing our need for additional prisons and, most importantly, keep our communities safer.

Although the enrolled bill addresses most of my concerns, I am returning it with 41 amendments. Only six of my amendments to House Bill 30 require increased state spending and these spending amendments total \$8.9 million. In addition, I am offering an amendment to the Medicaid program that will result in \$1.5 million in savings over the biennium. Most of the remaining amendments are technical changes or address necessary language revisions that do not change the intent of the General Assembly.

The budget you presented me left \$9.1 million unallocated. My proposed amendments will leave a total uncommitted, unappropriated balance of approximately \$5.2 million to provide a reserve for unforeseen circumstances (such as a natural disaster). This is in line with previous unappropriated balances.

The more significant spending amendments are concentrated in a few areas: preservation of our natural resources and enhancing economic development opportunities for the Commonwealth. I am offering an amendment to provide \$5.0 million to the Civil War Historic Site Preservation Fund. The Department of Historic Resources will use these funds to make grants to private, non-profit organizations to match federal and other monies for preservation of endangered Virginia Civil War historic sites. Eligibility for these grants will require recipient non-profit organizations to provide at least \$2 in matching funds for each \$1 received from the Civil War Historic Site Preservation Fund. Sites identified that are eligible for funding include, but are not limited to: Appomattox in Appomattox County, Brandy Station in Culpeper County, Chancellorsville in Spotsylvania County, Cold Harbor in Hanover County, Fredericksburg in the City of Fredericksburg and Spotsylvania County, Glendale in Henrico County, New Market in Shenandoah County, and Petersburg in the City of Petersburg and Dinwiddie County. I have also included an amendment for \$525,000 each year to provide enhanced operational support for the Virginia Outdoors Foundation to respond to requests for assistance from landowners so that they may put their land under conservation easement in a timely manner.

My other major funding amendment provides \$2.0 million each year for the continuation of incentive payments to SRI International. This funding is vital to the establishment of the SRI projects. The dollars will be used to recruit the researchers needed to keep this project on target.

In consultation with your conferees working on the proposed capital bond package, one of my amendments supplants general fund support for existing capital projects with bond funding, freeing up \$50 million for a proposed new project planning fund. From this planning fund, resources can be provided for preplanning and more detailed planning of proposed capital projects to generate more accurate cost estimates. This should reduce project cost overruns in the future. It is anticipated that, when construction funding is provided for a capital project based on the estimates generated by detailed plans, the planning fund can be replenished to be used for new projects. Through this approach, our capital outlay process will be enhanced and we can have greater faith in the true costs of new capital projects.

Attached to this letter are my proposed amendments. In reading these proposals, I think you will find they are necessary and will make the good budget enacted by the General Assembly even better.

Accordingly, I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2008-2010 biennium.

Respectfully submitted,

/s/ Timothy M. Kaine
